**BOARD OF EDUCATION MEETING
PUBLIC PARTICIPATION**

The purpose of a Board meeting is for the Board to conduct the District's business and to deliberate and act upon matters before the Board unless the Board is specifically conducting a public forum. The public is encouraged to attend and to observe meetings of the Board and to participate whenever a public forum is being held for the purpose of receiving public input.

During portions of the Board's regular business meetings an opportunity shall be provided for members of the public to make comments regarding school related matters that appear as an action item on the posted agenda. To make such comments, members of the public are to complete the required form and submit it to the Clerk of the Board no less than 15 minutes before the meeting is called to order. Individuals or groups wishing to speak during the public comment period must provide the following information, in writing on the form provided, in order to speak before the board:

- Name of the individual;
- The agenda action item(s) the individual wishes to address;
- The organization the individual represents or is affiliated with, if applicable.

Persons addressing the Board during the "Public Comments" portion of a regular meeting Board meeting shall be allowed three (3) minutes to address the Board. If a group has requested to address the Board on a particular subject, the group will select one representative speaker for the group and will be allowed ten (10) minutes to speak collectively on behalf of the group's members. Groups consisting of three (3) or more persons shall designate a spokesperson who shall speak for and represent the group. Generally, a maximum of fifteen (15) minutes will be allowed for the public comment period. If an extremely large number of requests to speak are received, the Board President may extend the total time limit for comments.

The District provides various grievance and complaint procedures for addressing concerns and complaints. Therefore, to avoid circumvention of those procedures and ensure fairness to all parties, no person will be allowed to place an item on the agenda or speak on the following matters:

1. Any issue involved in pending litigation or any investigation filed with an outside agency wherein the District, any employee, or the Board is a party;
2. Any pending grievances or complaints involving employees or students;
3. An employee disciplinary action, including suspension, demotion, non-reemployment or termination;
4. Any student suspension or appeal of a student suspension.

Persons addressing the Board shall not be permitted to engage in defamatory conduct or criticize individuals and shall not engage in disruptive behavior.

Board members and the District's administrative staff shall not respond to questions or comments from the public since doing so could be in violation of the Oklahoma Open Meeting Act. The Board will not take any action on an item addressed by the public unless such item is properly on the agenda as an action item or is properly considered new business as defined by law.

Oakdale Public School:

Safe Return and Continuity of Services Plan

Revised: August 3, 2021

Our Safe Return & Continuity of Services Plan addresses the nine components as required in the OSDE guidance.

The Oakdale Public Health Advisory Team met multiple times during the FY21 school year to review, modify, and offer additional feedback to the school. Additionally, each plan revision was presented publicly to the Board of Education at a regularly scheduled meeting that included the opportunity for public comment.

The advisory committee met again before school started and reviewed the plan in light of current circumstances.

Oakdale School very successfully navigated 2020-21 while keeping school open five days per week!

The administrators and faculty persevered through many changes while learning new skills and protocols.

For 2021-22, we we will build upon best practices from last year and continue using common sense, multi-layered precautions while encouraging wearing masks.

Finally, we will continue to monitor data and our prevention strategies over the course of this school year. We ask for your support and cooperation as we modify plans and perhaps progressively increase (or decrease) layered procedures as permitted by state law, health department regulations, and/or other state & local guidelines.

Dr. Joe Pierce, Superintendent

Introduction & Review

During the most recent 2020-21 legislative session, a new state law (SB 658) was created that will influence our plans in succeeding school years. We acknowledge our duty to comply with state law and will modify our plan as necessary.

The following slides outline our 2021-22 Safe Return Plan. The plan has been revised based on current data, our experiences, and best practices learned during the global pandemic.

Oakdale Public Health Advisory Team

The Oakdale Public Health Advisory Team is a group of parents and medical and/or public health experts. The team is advisory in nature and does not make policy. It responds to specific questions posed by the Board or by the Administration and reviews, from time to time, particular matters as are helpful to the conducting of school business.

- **Paul Dasari, MD, MPH:** Pediatric endocrinologist at Oklahoma City Indian Clinic
- **Jennifer Lepard, PhD, MPH:** With a doctorate in Public Health, Jennifer is the Chief Operating Officer at the Oklahoma State Department of Health
- **Lynn Mitchell, MD, MPH:** Chief Medical Officer, Chief Wellness Officer, OU Physicians Associate Dean for Clinical Practice, OU Health Sciences Center. Dr. Mitchell is the former Prevention and Preparedness Director for the Oklahoma State Department of Health
- **Brian Plaxico, DO:** Emergency Medicine physician at Oklahoma ER & Hospital

Masks

The 2021-22 school year will begin with no masks mandated, but they are *strongly encouraged*.

- Mask mandates may only be enacted under certain conditions as provided in [SB 658](#)
- We *encourage* students and employees to wear masks
- If a mask is worn, students must provide their own clean mask each day and must be able to use it appropriately and independently
- Teachers will have the discretion to take mask breaks as needed

School Nurse

- Our new full-time school nurse is **Mrs. Peggy Cain, RN.**
- She is the point of contact for all health-related issues at Oakdale.
- Mrs. Cain will maintain data/documentation related to all contract tracing, in combination with isolation and quarantine, in cooperation with the OCCHD.
- As in previous years, on-site vaccination clinics (e.g. flu shots) for staff and community may be coordinated by the nurse.
- The nurse has numerous resources posted on our website, including information about diagnostic and screening testing.
- Nurse Cain may be reached at [**pcain@oakdale.org**](mailto:pcain@oakdale.org)

Social-Emotional Health

Oakdale has two main points of contact for assistance with students' social-emotional learning, mental health assistance, as well as other needs such as health and/or food services.

- **Counselor:** **Ms. Gina McCarty, LPC** gmccarty@oakdale.org
- **Dean of Students:** **Mr. Charles Burns** cburns@oakdale.org

The Dean is a new part-time position designed to address student's SE health and foster relationships at school. These two educators work together on a variety of projects and services to benefit all students and staff:

- Cohort "Crew Time" (gr. 4-8)
- Monthly themes, events, and activities

Oakdale's Safe Return Plan:

Updated: August 3, 2021

Risk Levels

What will happen if there is another increase in COVID-19, or a variant?

Our decision-making framework includes consideration of state law, input from our Oakdale Public Health Advisory Team, the epidemiologist assigned to Oakdale from the OKC-County Health Department, as well as any current guidance from the CDC, the State Department of Education, and other state/local government orders. Data trends, patterns of community spread, and school transmission rates collectively influence our future plans and procedures.

- The success of our framework is contingent on the degree to which our community complies with the layered precautions outlined in the plan.
- In each case, we will take extra steps to learn about the timeframe, the context, the type of contacts, etc. which will inform our next steps.
- Full consideration is given to our ability to have adequate staff and employees at the school.
- Teacher availability and our ability to secure substitute teachers, bus drivers, and other personnel is critical if school is to remain open.

GREEN LEVEL

Risk alert level recommendation
< 1.43 cases per 100k population

This risk phase means positive cases are presently at a manageable level.

All students attend school in-person 5 day/week as normal.

Masks are not mandated, but encouraged.

Physical distancing requirements will be relaxed.

YELLOW LEVEL

All students attend school in-person with added precautions:

- Masks are highly encouraged & physical distancing implemented indoors.
- Teachers teach in-person in their classrooms.

RED LEVEL

Risk alert level recommendation
> 50.0 cases per 100k population

School closed. Students switch to Distance Learning:

- All students pivot to Distance Learning using Google Classroom or SeeSaw.
- Teachers report to school for Distance Learning and provide instruction.
- Limited special needs populations may attend in-person on campus.
- No extra curricular activities or athletics.

Classrooms & Hallways

- Teachers will physically distance classroom seating/desks and face them in the same direction as much as feasible and practical.
- Students will refrain from sharing common school supplies.
- Until class begins, classroom doors will remain open to minimize touching handles and door knobs.
- Students will clean/wipe off their own desks and chairs before leaving a classroom.
- Amplification systems are available in every classroom.

Faculty & Staff Face Coverings & Masks:

Will teachers wear a face covering?

Staff members are *strongly encouraged* to wear masks indoors. Under certain conditions (SB658), masks may be required.

Any student or employee may wear a mask, and we will respect the choice of every individual.

Will teachers wear a badge to identify themselves?

All teachers and staff have an Oakdale School badge to identify themselves.

Can teachers wear something other than a mask?

Face shields WITH a mask are acceptable. See [CDC guidelines for masks](#).

All classrooms have a sound amplification device, so that teachers may be more easily heard through a mask.

Keeping with state law, **IF** a mask mandate is made...

What does teacher discretion mean?

At the teacher's discretion, they may give students a mask "break," if conditions make it safe.

All teachers will require students to wear masks at school, under certain circumstances; most classrooms have adequate room to physically distance.

What about recess and lunch?

Students will not be required to wear masks on the playground, if they are physically distanced or while eating.

They are encouraged to wear them indoors especially in common or congested spaces.

What if my child does not want to? Or I don't want them to?

In order to attend school, students are expected to comply with school policy. They will not be "shamed" or punished for not wearing a mask, but will be provided with one and educated about the importance of wearing masks. The principals will handle repeated violations.

Health Screenings:

Why isn't Oakdale checking student temps?

As always, parents are to monitor their child's health symptoms and should check temperatures at home each day before children are sent to school.

Are teachers required to check their temperature?

Staff members are expected to self-monitor their health symptoms and take temperatures at home before coming to work.

What is the temperature limit?

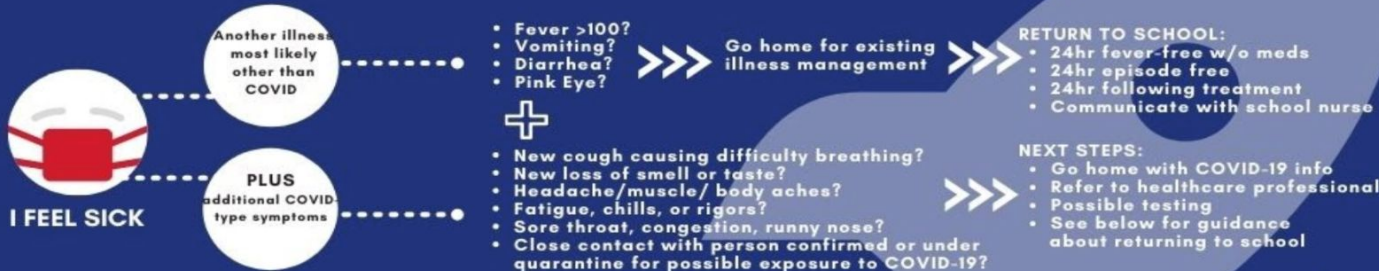

100 degrees fahrenheit

Students or teachers with 100 or higher will be referred to the school nurse and sent home with an information flowchart of steps to take prior to returning to the school.

- Procedures are in place when there are confirmed exposures or a positive COVID test.
- Various parent communication letters are created and ready to use if/when an exposure or quarantine occurs.
- While we recognize that keeping a student out of school can mean a change in routine, please keep your child at home to help them improve as well as to prevent spreading illness here.

Entry to School

Temperature checks will not be required for students to enter the school building. We must balance the practicality of performing these checks for large numbers of students and staff with the information known about how children manifest COVID-19 infection, the risk of transmission in schools, and the possible lost instructional time to conduct the screenings.

- Students will enter through the usual entrances.
- Administrators and staff will be on duty at the exterior doors.

 - Walking to/from the bus
 - Riding the bus
 - Exiting the school
 - Waiting for a car in the parent pick-up line

Extra-curricular & Athletics

- We will encourage student participation in extracurricular activities.
- Specific guidelines have been written to align with our color-coded plan levels.
- Participation in activities is *voluntary*; we want parents and students to be informed of the risk associated with choosing to participate in these activities.
- A waiver regarding COVID will be added to athletic permission forms.
- We will follow the guidance from athletic conferences and other organizations.
- If on level **Orange 2**, only practices are permitted and only within cohort groups plus additional screenings. No competitions played. No spectators (allow 50% capacity if on Yellow Level).

- **Contests** will be determined by color level status. We will also consider guidance from the advisory team and the host.
- **Assemblies:** We will not host large gatherings or assemblies on Orange-1 or above.
- **Events:** Some events may be rescheduled, modified, or held in other creative ways.
- **Field Trips:** We will not take field trips until on yellow or green levels.
- **Class Parties:** We will use alternatives such as going outdoors and involve only a limited number of homeroom parents to help organize.
- **Snacks & Treats:** Classroom snacks must be individually purchased and brought from home, no group snacks or treats from parents or teachers.

Co-Curricular Classes

- Specials classes teachers (band, music, art, etc.) have created their own [protocols](#).
- Curriculum may need to be modified to lessen risks.

ELECTRONIC SIGNATURES

The Board recognizes the effective and efficient use of electronic communications to conduct business. Under certain conditions electronic signatures satisfy the requirements of a written signature when transacting business. Although all electronic signatures are represented digitally, they can take many forms and can be created using many different types of technology. The authenticity and reliability of electronic signatures relating to transactions are dependent on the accompanying processes, supplemental records and the overall context in which records are created, transferred, signed, and stored.

Definitions

Attribution - an electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic signature was attributable.

Electronic Signature - an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

Electronic Record - any record created, generated, sent, communicated, received or stored by electronic means.

An electronic signature may be used if the law requires a signature unless there is a specific law, regulation, or order that requires records to be signed in nonelectronic form. The issuance and/or acceptance of an electronic signature by the District shall be permitted in accordance with the provisions of this policy and all applicable state and federal laws. Such electronic signature shall have the full force and effect of the manual signature only if the electronic signature satisfies all of the following requirements:

1. The electronic signature identifies the individual signing the document by his/her name and title;
2. The identity of the individual signing with an electronic signature is capable of being validated through the use of an audit trail;
3. The electronic signature and the document to which it is affixed cannot be altered once the electronic signature has been affixed; and
4. The electronic signature conforms to all other provisions of this policy.

Acceptance, Use and Issuance of Electronic Records and Signatures

The District may utilize electronic recordkeeping systems that can receive, store, and reproduce electronic records and signatures relating to transactions in their original form. Such system shall include security procedures whereby the District can:

1. Verify the attribution of a signature to a specific individual;
2. Detect changes or errors in the information contained in a record submitted electronically;
3. Protect and prevent access, alteration, manipulation or use by an unauthorized person; and
4. Provide for nonreproduction through strong and substantial evidence that will make it difficult for the signer to claim that the electronic representation is not valid.

ELECTRONIC SIGNATURES CON'T

The District shall ensure that all electronic signatures are capable of being accurately reproduced for later reference and retained until such time as all legally mandated retention requirements are satisfied.

The District may elect to receive and accept as original, electronic records and signatures so long as the communication, on this face, appears to be authentic, and conforms to all other provisions of this policy.

The District will retain in its records this policy and all statements of exclusive use, until such time as all legally mandated retention requirements are satisfied.

The District will not accept electronic signatures on student records including, but not limited to, absence excuses from parents/guardians, educational trip requests, and certain documents related to the Individuals with Disabilities Education Act.

STUDENT CLUBS AND ORGANIZATIONS SPONSORS

The Oakdale Board of Education believes that certain extracurricular and social activities can enhance the learning environment of our schools. The board of education shall annually notify parents or guardians of students about clubs and organizations sponsored by or under the direct control and supervision of the school district. The rules for establishing any curricular club or organization within the district are as follows:

1. A certified teacher must agree to sponsor the organization.
2. The objectives of the organization must be consistent with the district's mission or goals. ~~CLEP.~~
3. The Board of Education must sanction each organization.
4. Facility use must be granted according to district policy.
5. Assurance must be given that no discrimination exists in regard to national origin, sex or religious creed.

Annual notification for each curricular club or organization will be given to parents through:

1. Student handbook if known at the time of publication.
2. District website

District notification will include at least the following information:

1. Name of club or organization;
2. Mission or purpose; and
3. Name of certified teacher(s) serving as the sponsor(s).

If there is an opportunity for a student to participate in a district approved curricular club or organization but parents or guardians of the student do not wish for the student to participate, it is the parent's responsibility to notify the organization's sponsor that they are withholding permission and it is the parents or legal guardian's responsibility to prevent participation. Parents or guardians are also responsible for retrieving their child(ren) from attendance at a club or organization in which participation is withheld.

If clubs or organizations are created or formed after the annual notification is distributed, the school district shall send additional notification to the parents or guardians containing the above-listed information regarding the additional clubs or organizations by way of a message added to the school district's website.

LEGAL REFERENCE: 70 O.S. § 24-105

A POLICY ON THIS ISSUE IS REQUIRED BY LAW

OPEN RECORDS ACT

It is the policy of the Oakdale Board of Education to recognize and facilitate the public's right of access to and review of public records. The district is not required to release information contained in its education records except in conformity with the provisions of the Open Records Act, Title 51, Oklahoma Statutes, Section 24 A.1. and only to the extent that said act does not violate federal law. (See GBA-R.)

The superintendent's secretary shall be the district's custodian of public records and shall be responsible for the preservation and care of those public records. At least one person shall be available at all times to release records during the regular business hours of the school district. Additionally, the superintendent may establish reasonable rules of procedure by which public records may be inspected.

The superintendent shall charge a fee to recover the reasonable direct costs of copying district records. The superintendent shall also charge a fee for the direct costs of searching for district records sought for solely commercial purposes or for searches that cause excessive disruption to the district's essential functions. In no case shall a search fee be charged for records sought in the public interest including, but not limited to, releases to the news media, scholars, authors, and taxpayers seeking to determine whether officials of the district are honestly, faithfully, and competently performing their duties as public servants. Fees for copies shall be paid in advance before the copies are made. A deposit may be required for search fees. The fee schedule for searching for and copying of district records shall be as follows:

Copies:		Research:
8 1/2" X 11" or		\$25.00 per hour

LEA PARENT & FAMILY ENGAGEMENT

In support of strengthening student academic achievement, Oakdale School receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116(a)(2) of the Every Student Succeeds Act (ESSA). The policy establishes the LEA's expectations and objectives for meaningful parent and family engagement activities.

Oakdale School is committed to creating and promoting a "Great Culture" by partnering with families, communities, and the schools to support the academic success of all children by strengthening the engagement of families. Programs and practices will be established to meet the diverse needs, languages, and cultures of children and families. Oakdale School recognizes the word "parent" also includes guardians and other family members that engaged in the child's educational process.

Oakdale School will put into operation programs, activities, and procedures for the engagement of parents and family members in all of its schools with Title I, Part A programs. These programs, activities, and procedures will be planned and operated with meaningful consultation with parents and family members of participating children. Consistent with Section 1116, the district will work with its schools to ensure that the required school-level parent and family engagement policies meet the requirements of Section 1116(b) of the ESSA, and each include as a component a school-parent compact consistent with Section 1116(d) of the ESEA.

In carrying out the Title I, Part A parent and family engagement requirements to the extent practicable, Oakdale School and its schools will provide full opportunities for the participation of parents with limited English proficiency, limited literacy, disabilities, who are economically disadvantaged, or are of any racial or ethnic minority background, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format including alternative formats upon request and, to the extent practicable, in a language parents understand.

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

1. Parents participate in assisting their child's learning;
2. Parents are encouraged to be actively involved in their child's education at school;
3. Parents are partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child;
4. Other activities are carried out, such as those described in Section 1116 of the ESEA.

Oakdale School will coordinate and integrate parent and family engagement strategies to the extent feasible and appropriate, with other relevant Federal, State, and local laws and programs.

Oakdale School will conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of all schools served under the part, including identifying:

1. Barriers to greater participation by parents/families in activities authorized by this (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background);
2. The needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and
3. Strategies to support successful school and family engagement.

Oakdale School will use the findings of such evaluation to design evidence-based strategies for more effective parental and family engagement, and to revise, if necessary, the parent and family engagement policies Section 1116(a)(2).

Oakdale School promotes and supports developing lasting partnerships with families, the community, and local businesses to build capacity for practices and activities that nurture student success. Which strengthens the families' access to resources; businesses/community organizations partner with schools to create programs that connect to the workplace; and students serve and learn beyond their school environment.

Oakdale School recognizes the importance of administrative leadership in setting expectations and creating a climate conducive to parent involvement. Oakdale School is committed to providing professional development opportunities and training for parents and staff throughout the year to enhance understanding of effective parent involvement strategies.
