OKLAHOMA STRONG READERS ACT

The Oklahoma Strong Readers Act (formerly the Reading Sufficiency Act) is a comprehensive reading program that promotes proficiency among students, particularly by focusing on the "science of reading." Every student enrolled in kindergarten, first, second, third, fourth, and fifth grades shall be assessed at the beginning, middle, and end of each school year using a screening instrument approved by the State Board of Education for the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension. Any student who is assessed and found to not be meeting grade level targets before the close of each school year shall be provided a program of reading instruction designed to provide intervention and support to the student to acquire basic grade level reading skills. The program of reading instruction required shall align with the subject matter standards adopted by the State Board of Education. A program of reading shall also include, but not be limited to:

1. Sufficient additional in-school instructional time for the acquisition of phonemic awareness, phonics, spelling, reading fluency, vocabulary, and comprehension;

2. If necessary, tutorial instruction outside the traditional school day and/or during the summer; however, such instruction may not be counted toward the 181 day or 1086 hour school year required by law;

3. Assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction.

The program will be continued until the student is determined by the results of approved reading assessments to be meeting basic grade level targets in reading. The program of reading instruction for each student shall be developed by a Student Reading Proficiency Team and shall include supplemental instructional services and support in reading until the student is determined by the results of a screening instrument to be meeting grade level targets in reading. Each team for a first, second, third, fourth, or fifth grade student shall be composed of:

a. The parent(s) or guardian of the student,
b. The teacher assigned to the student who had responsibility for reading instruction in that academic year,
c. A teacher who is responsible for reading instruction and is assigned to teach in the next grade level of the student, and
d. A certified reading specialist, if one is available.

In alignment with the Strong Readers Act and pursuant to Section 1210.508C of this title and students who are not meeting grade-level targets in reading after the beginning-of-the-year assessment shall be screened for dyslexia. Screening also may be requested for a student by his or her parent or legal guardian, teacher, counselor, speech-language pathologist, or school psychologist.

The Oklahoma Strong Readers Act plan shall be adopted and annually updated, with input from school administrators, teachers, and parents, and if possible a reading specialist, and which shall be submitted to and approved by the State Board of Education. This plan shall include a plan for each site that includes an analysis of the data provided by the Oklahoma School Testing Program and other reading assessments utilized which outlines how each school site shall comply with the provision of the Oklahoma Strong Readers Act plan.

PERSONNEL LEAVE PROGRAM

The Yukon Board of Education recognizes that district employees must occasionally be absent from work. Therefore, leave time in different categories as required by law will be provided for employees to be absent when necessary. Leave categories will include sick leave, personal business leave, emergency leave, jury duty leave, and military leave.

It is also important for district employees to understand that the continuity of education services is best served when the regularly assigned employee is at work. Therefore, employees should use the leaves provided in a prudent and judicious manner. The abuse of leave by employees will not be tolerated and any employee abusing leave policies will be subject to disciplinary action up to and including termination of employment.

Deductions For Unpaid Authorized Absences

If a district employee believes there is a need to be absent from work for any reason not covered in the approved leave policies, the employee may request, in writing, unpaid leave for that purpose from the immediate supervisor.

If unpaid leave is granted by the immediate supervisor, an amount equal to one day's pay will be deducted from the employee's salary for each day of such approved absence.

If an employee is absent without securing approval for an unpaid absence, the employee shall be denied the salary for such absence and will be considered to be engaging in willful neglect of duty and, therefore, subject to disciplinary action up to and including termination of employment.

Notification Of Leave Accumulation

During the first two weeks of the school year, the board will update the balances representing employees leave days accumulated as of July 1 of that year. After July 1, an employee may get updated information on leave accumulation from the superintendent's office at a time mutually agreed upon by the employee and the superintendent or the superintendent's designee.

Sick Leave: Sick leave shall be provided to all employees according to the provisions of this policy. In addition, teachers may receive up to 20 days of paid sick leave, minus the current certified substitute rate, in the event all sick leave is exhausted and an employee is absent from duty because of personal illness, injury, or pregnancy. Documentation is required to use this extended twenty day leave to show personal use /medical necessity.

Sick leave, with the exception of the aforementioned twenty (20) days provided for personal accidental injury, illness, or pregnancy, can be taken for personal accidental injury, illness or pregnancy, or accidental injury or illness in the immediate family. Immediate family includes the employee’s spouse, parents, grandparents, children, grandchildren, step-children, step-parent(s), corresponding in-laws, and legal guardian of the employee. Sick leave may be used for dental and/or medical appointments. Hours per day of paid sick leave shall not exceed the number of hours per day for which the employee is regularly employed. Sick leave for part-time employees shall be proportionate to the hours worked by the employee. The following accrual rates will apply to employees:

Certified Employees

10 month contract (200 contract days or less) = 10 days per school year
11 month contract (201-230 contract days) = 11 days per school year
12 month contract (237 contract days or more) = 12 days per school year

[1] This benefit is limited by statute to “teacher”.

According to applicable law, accrued but unused sick leave may be transferred to another school district or may be used for service credit with the Oklahoma Teachers’ Retirement System. Unused sick leave shall be cumulative and is transferable to any other school district in Oklahoma. Sick leave so transferred must be certified by the sending district.

The employee shall utilize sick leave granted by the district prior to utilizing any transferred sick leave.

When an employee is unable to work due to personal illness, injury, or pregnancy, or serious illness in the immediate family, the employee or employee's designee will notify his/her immediate supervisor or designee at the work site at a time as established by existing District/department policy/practice, unless extenuating circumstances preclude this notification.

Any employee who attempts to take unfair advantage of sick leave benefits shall be subject to dismissal or other disciplinary action as provided by contract and/or state law. Any employee may be required to submit appropriate evidence concerning the cause of his absence in order to qualify for sick leave benefits. Claiming sick leave on unusual or inclement weather days, claiming excessive sick leave during the last two months of employment, claiming sick leave on days immediately preceding or immediately following holidays or non-work days other than weekends, absences exceeding five (5) consecutive days or more, or presenting behaviors and/or patterns creating a reasonable suspicion that sick leave is occurring are all situations in which appropriate evidence may be requested from the employee by a supervisor. Appropriate evidence may include:

1. Medical professional's statement endorsed by the employee
2. Employee statement endorsed by the principal or immediate supervisor
3. Copies of claim submitted for insurance benefits
4. Other information, to include District form(s), as may be indicated by the circumstances.

Sick Leave Incentive: The district shall not compensate an employee for any accrued, unused sick leave, except in the case of employees declaring full retirement. Full retirement is defined as an employee meeting OTRS guidelines for full retirement, declaring and subsequently beginning withdrawals from OTRS, and resigning employment from his or her current position with Yukon Public Schools. Employees who meet the criteria for full retirement will be paid a maximum lifetime benefit of thirty ($30.00) per day reimbursement for any unused sick leave days (excluding Extended Sick Leave Days and unused Sick Leave Sharing Days) accumulated while employed with Yukon Public Schools, up to a maximum of 120 days. The maximum lifetime benefit shall not exceed thirty-six hundred dollars ($3,600) dollars. Unused sick leave days from other agencies or districts are not eligible for reimbursement.

Employees age 55 or older on or before July 31st leaving the school district for reasons of retirement or general separation of service, who are eligible to receive taxable compensation in an amount greater than a gross amount of $1,000 for unused Sick Leave (subject to meeting District retirement stipulation), unused Vacation Leave, unused Extended Vacation Leave, and/or severance benefit, will have the gross amount of the payment permanently tax sheltered from employee Social Security and Medicare tax. Due to IRS regulations, this is a Non-Elective Contribution and employees must participate in the plan if they meet the eligibility requirements; there is no process of opting out of this special retirement plan. The employee is responsible for a one-time account set-up fee.

The special pay incentive plan enables the employee to defer federal and state income tax on both the contribution and earnings until the funds are withdrawn from the retirement account. The compensation is deposited into a guaranteed interest-bearing annuity contract with a provider under the 403(b) plan to be designated by the district. The funds can be rolled over into another qualified retirement account or can be withdrawn at any time by the owner of the account. The minimum amount of compensation an employee must receive to be eligible to participate in the 403(b) employer paid retirement plan will be set at $1,000 per employee. The amount of the gross pay tax sheltered under this plan will not be included in the employee's end of year W2 statement.

Sick Leave Sharing: The District hereby adopts a Sick Leave Sharing program to be administered in accordance with the applicable law and District Regulation and Regulation DEC-R1.

The plan will permit the use of donated sick leave by a district employee who is pregnant or recovering from childbirth or who is suffering from or who has a relative or household member who is suffering from an extraordinary or severe illness, injury, impairment, or physical or mental condition which has caused or is likely to cause the

employee to take leave without pay or to terminate employment.

Personal Leave: Full-time employees shall be entitled to three (3) days for personal leave. Personal leave is not cumulative, and employees shall not be compensated for such leave if not used. Unused personal leave shall be converted to sick leave at the end of the fiscal year. Personal leave includes any personal matters that must be conducted during normal school hours but shall not be used for:

1. Performing services for compensation;

Except in situations which are beyond the control of the employee, personal leave may not be taken during the following periods of time:

1. The first five (5) student days or the last five (5) student days.
2. The two (2) days prior to students starting the school year
3. The day preceding or following a holiday or vacation period.
4. Parent Teacher conference days

Annual Leave: Each full-time employee shall be granted three (3) days annual leave each year. Such leave shall be used at the discretion of the employee with the exception of the first five (5) student days of school, the last five (5) student days of school, on Parent/Teacher conference days, and the two(s) days prior to students starting the school year. Certified employees will be charged the current rate for a certified substitute, while Classified/Support employees will be charged ½ of their daily rate of pay not to exceed the current rate for a certified substitute. Employees with contracts exceeding 236 days need prior approval from the Director of Human Resources to take Annual Leave after May 30th. Upon approval, the Director of Human Resources may allow usage after May 30th, but the employee must agree to reimburse the district for the cost of the leave before June 30th of that year.

Emergency Leave: Full-time employees, upon application and prior approval by the Superintendent or designee may be granted three (3) days of emergency leave without loss of pay. Emergency leave may be granted for emergency situations affecting the employee or the employee's siblings or the employee's immediate family defined as spouse, parents, grandparents, children, grandchildren, step-children, step-parents, corresponding in-laws, legal guardian of the certified employee. Emergency leave may be granted for emergency situations such as, but not limited to:

1. Incidents of circumstances which result in significant damage by unexpected forces or acts (e.g. fire, tornado, flood);
2. Illness or injury pertaining to substantial likelihood of loss of time, limb, or significant bodily function to self and/or members of the immediate family and siblings. The Superintendent or his designee will determine whether a request for emergency leave meets the requirements of this section. Emergency leave is not cumulative, and employees shall not be compensated for such leave if not used.

Bereavement Leave: The District will provide up to five (5) days of bereavement leave each year in the event of the death of one of the following relatives of a full-time employee: spouse, parents, grandparents, children, grandchildren, step children, step parents, corresponding in-laws, legal guardian of the employee and siblings. An employee may use up to two (2) of the five (5) days of bereavement leave for persons not listed above. Bereavement leave must be approved by the employee's supervisor. Bereavement leave is not cumulative, and employees shall not be compensated for such leave if not used.

Jury or Witness Leave: All employees shall be excused from employment without loss of pay when summoned for jury service or when subpoenaed in a criminal or civil proceeding.

Military Leave: Employees who are members of the Reserve Forces of the Army, the Navy, the Marine Corps, the Coast Guard, the Air Force, or any other component of the Armed Forces of the United States, including members of the Air or Army National Guard, shall, when ordered by the proper authority to active duty or service, be entitled to a

leave of absence from such civil employment for the period of such active service without the loss of status or seniority and without loss of pay during the first thirty (30) regularly scheduled work days of such leave of absence. All employees shall be excused from employment for military leave according to applicable law.

Family Medical Leave: Pursuant to the Family and Medical Leave Act of 1993 ("FMLA"), an employee who has worked at least one thousand two hundred fifty (1250) hours during the previous twelve (12) month period shall be allowed up to twelve (12) weeks of unpaid leave for the following reasons: 1) the birth or adoption of a child; 2) because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty or has been notified of an impending call to active duty status in support of a contingency operation; 3) for the employee's own serious health condition; or, 4) to care for the employee's spouse, child, or parent who has a serious health condition.
In addition, an eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty is entitled to up to 26 weeks of leave in a single 12-month period to care for the service member. The single 12-month period for military caregiver leave begins on the first day the employee takes leave for this reason and ends 12 months later. An eligible employee is limited to a combined total of 26 workweeks of leave for any FMLA qualifying reason during the 12-month period. Up to 12 of the 26 weeks may be for an FMLA qualifying reason other than military caregiver leave. Military caregiver leave is available to an eligible employee once per veteran, per serious injury or illness.

FMLA runs concurrently with paid time off. Before an employee will be placed on unpaid family leave, the employee must first exhaust any accumulated sick leave and maternity leave. Such sick leave, maternity leave, personal leave, and vacation time will be deducted from the 12 workweeks of eligibility. If both spouses are employees of this district, their total leave in any 12-month period will be limited to 12 weeks if the leave is taken (1) for the birth or adoption of a child or (2) to care for a sick parent. The right to take leave for the birth or placement of a son or daughter expires 12 months after the birth or placement with the employee. Eligible employees who are family members of covered service members with a serious illness or injury incurred in the line of duty on active duty will be able to take up to 26 work weeks of leave in a single 12-month period. Sick leave, personal leave, and vacation leave will be deducted from the 26 workweeks of eligibility.

If the superintendent or designee deems it necessary or desirable, an employee may be required to provide certification from a physician of the necessity of any leave requested. The superintendent or designee may require certification as to the date the medical condition began, the anticipated duration and prognosis, and medical facts about the medical condition and treatment.

If the superintendent or designee deems it necessary or desirable, the superintendent may require a second opinion by a physician selected and paid for by the district. If the original opinion and the second opinion conflict, the district may require a third opinion at the district's expense. The conclusion of the third opinion will be final and binding upon the employee and the superintendent of the district.

Intermittent leave may be taken in lieu of continuous leave for the birth or adoption of a child only with the concurrence of the district. The employee must provide 30 days of advance notice or as many days of advance notice as are practical. Leave taken for serious health conditions of the employee or an eligible member of the employee's family may be taken intermittently without district concurrence. However, the employee may be transferred to another position that can better accommodate the employee's recurring absences. Such transfer will not reduce the employee's pay and benefits.

With the exception of leave approved for military caregivers, Yukon Public Schools will abide by the Rolling 12-Month Period. The 12-month period is to be measured backward from the date an employee uses any FMLA Leave. Under the Rolling 12-Month Period, each time an employee takes FMLA leave, the remaining leave entitlement would be the balance of the 12 weeks which has not been used during the immediately preceding 12 months.

Certified employees who have not worked 1250 hours during the prior year, and therefore do not qualify for leave under the Family Medical Act, are eligible for six (6) weeks off from work, non-intermittent, for the birth of a child of the employee or to care for such child, or for the placement of a child with the employee for adoption or foster care.

Leave of Absence: Any certified employee who has been employed full-time for at least three (3) consecutive years with the District may request an unpaid leave of absence for a period which shall not exceed one (1) school year in duration. Requests for such leave must be made in writing, submitted to the superintendent, and contain sufficient detail as to the reasons for the leave so that a decision may be made based on the merits of the request. Requests for an initial Leave of Absence must be submitted no later than March 1st, and be for an approved reason. Emergency requests for a year's leave of absence or requests for a leave of absence for the remainder of the contractual year may be made at any time. As a condition of approval, the employee must state that the reason for the leave is not for the purpose of accepting other employment or other activities for direct personal financial gains. A leave of absence may be used when all other applicable leave has been exhausted and the employee is unable to return to work. The Board shall determine if an employee's request for a leave of absence is to be approved, and approval of a leave of absence is contingent upon the needs of the District. An employee who returns to work after an approved leave of absence shall be returned to the position previously held or to another comparable position for which the employee is qualified. Employees on an approved leave of absence may participate in and pay for continued insurance coverage or professional memberships, however, sick leave, personal business leave, and vacation leave shall not accrue for the period of time the employee is on an approved leave of absence. Certified employees returning from a leave of absence will be reinstated at the same career status and the proper step on the salary schedule. Salary increments or years of experience will not increase and/or accumulate during a Leave of Absence except in those cases involving military leave and/or teaching assignments that qualify as teaching experience according to the regulations of the Oklahoma State Department of Education, provided said teaching experience is not a paid position.

Employees who are on an approved Leave of Absence must submit a written request for reinstatement or request an extension of the approved Leave of Absence by certified mail to the Superintendent on or before March 1st prior to the contractual year in which the employee wishes to return. An employee who is on an approved Leave of Absence who fails to submit a request for reinstatement or a request for extension of the approved Leave of Absence shall be considered to have resigned his/her employment with the District. A Leave of Absence may only be extended one time, except in the case of an elected/appointed officer.

Leaves of absence may be granted for the following reasons:

1. Parental Leave: Parental leave may be granted for the purpose of child rearing
2. Illness: Personal illness or caring for a sick member of the immediate family. Requests for such leave must follow District procedures. Immediate family is defined as spouse, parents, grandparents, children, grandchildren, step-children, step-parent(s), corresponding in-laws, and legal guardian of the employee.
3. Educational Leave: Employees pursuing the completion of an advanced degree or additional certification from an institute of higher learning. Proof of satisfactory completion of at least six (6) hours per semester will be required.
4. Election/Appointed Officer: Employees serving as a full-time elected/appointed officer of a professional organization at the state or national level for the duration of the term.

The Board will base its decision on:

1. The benefit of the employee,
2. The benefit of the District,
3. The availability of a replacement teacher who is willing to sign a Duration of Need contract. This does not apply to parental leave requested prior to March 1st.

Vacation Leave: The Yukon Board of Education will provide annual vacation with pay to those employees assigned to positions with 237 day contracts or longer.

Vacation days are cumulative, up to a maximum balance of 25 days. It is the employee's responsibility to monitor his or her vacation balances. No employee will be credited any days of vacation that result in the balance exceeding the maximum allowance of 25 days.

Rate of Accrual

A full year of service is measured from July 1st to June 30th. Vacation time will be accumulated only for months during which the employee works the majority of the month. Absences of an employee on sick leave, vacation leave, or other paid approved leave are considered days worked for the purpose of vacation time accrual. Paid vacation leave will not be accrued for leave taken for unapproved reasons, or for reasons that result in unpaid leave. Employees may accumulate a maximum of 25 days of vacation leave. On July 1st of each year, employees eligible for vacation leave will accrue that year's allotment of vacation days, based on the number of full, consecutive, and complete years of service in the District in a vacation eligible position. If an employee's vacation leave balance exceeds 25 as a result of such accrual, any day (s) in excess of 25 will automatically be converted to Extended Sick Leave. Donated leave, sick leave that accrued during non-creditable service, Extended Sick Leave, or sick leave accrual in excess of 15 days per year will not count toward sick leave service credit for Oklahoma Teachers Retirement. Extended Sick Leave is not eligible for the district's Incentive Pay for unused sick leave. The following accrual rates, **based on full, consecutive, and complete years of service in a vacation eligible position with Yukon Public Schools**, will apply to those employees eligible for paid vacation days:

0-4 consecutive years 10 days per year (max carryover of 15) 5 completed consecutive years 11 days per year beginning July 1 of Year 6 (max carryover of 14) 6 completed consecutive years 12 days per year beginning July 1 of Year 7 (max carryover of 13) 7 completed consecutive years 13 days per year beginning July 1 of Year 8 (max carryover of 12) 8 completed consecutive years 14 days per year beginning July 1 of Year 9 (max carryover of 11) 9 or more completed consecutive years 15 days per year beginning July 1 of Year 10 (max carryover of 10)

Vacation will be prorated for those employees serving less than a full year, however new employees must have worked for 6 months before being eligible to use paid vacation time. Should an employee be terminated, or otherwise leave the district without completing a full year of service, the employee will be required to compensate the district, based on the employee's daily rate of pay, for any vacation leave used in excess of the number of days earned.

Provided an employee leaves the district in good standing, the employee may be compensated at the employee's daily rate of pay for any accrued, unused vacation leave, up to a maximum of 25 days.

Approval

Both the supervisor and the employee should strive to arrange vacation times during periods that are the least disruptive to the mission of the District.

Extended Vacation Leave: Yukon Public Schools enacted a maximum accumulation of 25 days for vacation leave on July 1st, 2014. The leave for any employee with greater than 25 vacation days as of July 1st, 2014 was placed in an Extended Vacation Leave bank for each employee. Effective July 1st, 2021, the employee's daily rate of pay used to determine compensation at the time of separation for any unused Extended Vacation Leave will be based on the employee's daily rate of pay in the 2020-2021 (FY21) school year.

Employees with Extended Vacation balances may use Extended Vacation Leave after exhausting all other vacation leave, but may not at any time add to or increase the number of leave days in the Extended Vacation Leave bank.

Approval

Both the supervisor and the employee should strive to arrange vacation times during periods that are the least disruptive to the mission of the District.

Vacation Leave Incentive:

Employees age 55 or older at the time of separation of service (last day employed) who are leaving the school district for reasons of retirement or general separation of service, who are eligible to receive taxable compensation in an amount greater than a gross amount of $1,000 for unused Sick Leave (subject to meeting District retirement stipulation), unused Vacation Leave, unused Extended Vacation Leave, and/or severance benefit, will have the gross amount of the payment permanently tax sheltered from employee Social Security and Medicare tax. Due to IRS regulations, this is a Non-Elective Contribution and employees must participate in the plan if they meet the eligibility requirements; there is no process of opting out of this special retirement plan. The employee is responsible for a one-time account set-up fee.

The special pay incentive plan enables the employee to defer federal and state income tax on both the contribution and earnings until the funds are withdrawn from the retirement account. The compensation is deposited into a guaranteed interest-bearing annuity contract with a provider under the 403(b) plan to be designated by the district. The funds can be rolled over into another qualified retirement account or can be withdrawn at any time by the owner of the account. The minimum amount of compensation an employee must receive to be eligible to participate in the 403(b) employer paid retirement plan will be set at $1,000 per employee. The amount of the gross pay tax sheltered under this plan will not be included in the employee's end of year W2 statement.

Professional Leave: The Board may authorize leave for certified employees to attend professional conferences, conventions, and/or meetings which contribute to the basic functioning of the certified employee's assignment in accordance with District Regulation.

Holidays: The District shall provide those holidays which are set forth on a school calendar and those which are specified by the Superintendent.
Association Leave: The Board shall provide the Association with a minimum of twelve (12) days for Association leave without loss of salary. The Association shall reimburse the District for the cost of the substitutes for any aggregate number of days over and above the minimum of twelve (12) days to a maximum of twenty-five (25) days. The Association will provide the Administration a summary of days used under the agreement upon request. Requests for additional days at the Association's expense may be made to the Superintendent.

Incentive Pay: The Board shall pay each certified and classified/support (minimum of 6 hours per day, 172 days per year) employee two hundred and seventy five ($275.00) for perfect attendance, two hundred and twenty five dollars ($225.00) for one (1) day absent, one hundred dollars ($100.00) for two (2) days absent, and fifty dollars ($50.00) for three (3) days missed per semester. Fall Semester (July - December) will be paid on the February 10th pay date and Spring Semester (January - June) will be paid on the July 10th pay date.. Perfect attendance is calculated per semester and resets each semester. Perfect attendance is defined as any unused sick (including Extended Sick Leave and Sick Leave Sharing), personal business, annual, bereavement and/or emergency leave (not including emergency leave such as for inclement weather or other leave designated at the District level). (Amended 2012, 2015, 2016, 2018, 2025)

Unpaid Authorized Absences: If a district employee believes there is a need to be absent from work for any reason not covered in the approved leave policies, the employee may request, in writing, unpaid leave or that purpose from the Superintendent or his designee. If unpaid leave is granted, an amount equal to one day's pay will be deducted from the employee's salary for each day of approved absence.

If an employee is absent without securing approval for the unpaid absence, the employee shall be denied the salary of such absence and will be considered to be engaging in willful neglect of duty, and therefore, subject to disciplinary action up to and including termination of employment.

Unauthorized Deductions: If at any time you believe that an improper deduction has been made to your salary, you should immediately report this information to your direct supervisor, or to human resources. Reports of improper deductions will be promptly investigated. If it is determined that an improper deduction has occurred, you will be promptly reimbursed for any improper deduction made.

Emergency School Closings/Inclement Weather: Three levels of school/District closure are established to communicate work arrangements in the event of emergency school closings due to inclement weather or other emergency events. The criteria below describe the work requirements for each employee. No employee shall exceed five (5) Emergency Leave days due to emergency school closings, inclement weather closings, or any other reason.

Level I – Level I is defined by conditions that allow all employees to safely report to work. Mild weather conditions, or isolated maintenance conditions, may result in all students, or a group of students, being directed to remain at home and not report to their school sites. However, such conditions present a reasonable belief that all employees can report safely to work. All employees will be required to report to work or take accrued personal leave, annual leave, vacation leave, compensatory time, or request a full deduction based on the daily rate. Schools and the District Administration Building will be open for business.

Level II- Level II is defined by conditions that allow for employees to safely report to work. In making a Level II declaration, there should be reasonable belief that school can be resumed the following day. Schools and the District Level II employees are required to be at work. All custodians, grounds, and maintenance personnel, as well as the Director of Maintenance and the Director of Transportation are considered to be Level II employees. Level II employees will be required to work and stay only until the required tasks are completed, as defined by the Director of Maintenance and the Director of Transportation. Such tasks may include, but are not limited to: clearing sidewalks, shoveling snow, distributing ice melt, clearing parking lots, and general maintenance and restoration.

All other employees will be assigned District approved Emergency Leave, up to five days within a given school year. In the event school closings for Level II exceed five (5) days within a given school year, on the 6th day, and each day thereafter, non-essential employees will be required to report to work or take accrued personal leave, annual leave, vacation leave, compensatory time, or request a full deduction based on the daily rate. Certified teachers will not suffer any loss of pay as a result of a Level II school closing. However, at the end of the winter season, a decision will be made regarding adjusting the school calendar in regards to teacher work days and student attendance days. Such adjustments may not exceed the original amount of contracted work days during any given school year.

Level III – Level III is defined by severe weather conditions. Such conditions present a hazard for any employee who would attempt to report for work. In making a Level III declaration, there should be reasonable belief that school will be unable to open the following day, in addition to consideration of the travel hazards presented to District employees.

All employees will be assigned District approved Emergency Leave, not to exceed a total of five (5) days for any employee within a given school year, Schools and the District Administration Building will be closed for business. In the event school closings for Level III exceed five (5) days within a given school year, on the 6th day, and each day thereafter, non-exempt employees will be required take accrued personal leave, annual leave, vacation leave, compensatory time, or request a full deduction based on the daily rate. Exempt employees will not suffer any loss of pay as a result of a Level III school closing. However, at the end of the winter season, a decision will be made regarding adjusting the school calendar, corresponding work days including teacher work days, and student attendance days. Such adjustments may not exceed the original amount of contracted work days during any given school year for teachers.

1. The term of this Agreement extends from the first instructional day to the last instructional day of the 2026-2027 school year. During the term of this Agreement, either party may terminate the Agreement upon thirty (30) days' advance notice in writing to the other party. The terminating party will also notify the Student's parent(s) or guardian(s) in writing thirty (30) days in advance of the termination date.
2. During the term of this Agreement, the Receiving District will provide all special education and related services identified in the Student's then-current IEP for the purpose of providing FAPE as required by the IDEA, except as specifically set forth below in #3 of this Agreement. The parties to this Agreement understand that the Student's IEP may be amended and that a new IEP may be developed during the term of this Agreement, and the parties intend that the Receiving District implement the amended, interim or subsequent IEP as well as the IEP in place at the time this Agreement takes effect.
3. The Resident District will provide the following special education and related services to the Student as identified in the Student's then-current IEP:
   a. Transportation to and from school at the Receiving District
4. The Receiving District will issue the Student progress reports and report cards following the same procedures it applies to all other students, or as otherwise required under the Student's then-current IEP.
5. The Student will have the opportunity to participate in all educational and extracurricular programs, events and activities available to other students of the same age and grade attending the Receiving District, subject to all eligibility requirements applicable to similarly situated students residing in the Receiving District. To the extent that the Student requires accommodations in order to be provided FAPE under Section 504 of the Rehabilitation Act, or accommodations pursuant to the Americans with Disabilities Act, all such accommodations, plans and related expenses shall be responsibility of the Resident District and at the sole expense of the Resident District.
6. If the IEP team or Review of Existing Data group determines that reevaluation or further evaluation of the Student is necessary under the IDEA, the Resident and Receiving Districts will jointly determine who will administer the evaluation, how it will be administered, and who shall bear all related expenses.
7. The Resident District is legally and financially responsible for the provision of FAPE to the Student, as the term "FAPE" is defined under the IDEA and Section 504 of the Rehabilitation Act. The Resident District is responsible for the development and implementation of the Student's IEP(s) and any Section 504 Accommodation Plans. In the event a due process complaint initiated under the IDEA or Section 504 of the Rehabilitation Act ("Complaint") is filed concerning the Student, the Resident District will be legally and financially responsible for that Complaint and, to the extent permitted by law, will indemnify and hold harmless the Receiving District for any expenses the Receiving District incurs in responding to that Complaint, including but not limited to attorney's fees and costs.
8. The Receiving District will use reasonable efforts to comply with the procedural safeguards set out in the IDEA and the then-current versions of the Oklahoma Special Education Handbook and Special Education Policies promulgated by the Oklahoma State Department of Education in its delivery of special education and related services to the Student under the IDEA.
9. The Primary Contact or designee for the Receiving District will schedule IEP and IEP Review meetings for the Student. To provide the Resident District the opportunity to participate, the Primary Contact or designee for the Receiving District will provide reasonable advance notice of every such meeting to the Primary Contact at the Resident District.
10. The Primary Contact or designee at the Receiving District will promptly notify the Primary Contact at the Resident District of every proposed disciplinary removal that would constitute a change of placement for the Student under the IDEA or Section 504 before that disciplinary removal is implemented.
11. The Primary Contact or designee at the Receiving District will use reasonable efforts to advise the Primary Contact at the Resident District of concerns about the Student's special education and related services expressed by the Student's parent(s) or guardian(s). Personnel at the Resident and Receiving

Districts will use reasonable efforts to cooperate and resolve disagreements concerning appropriate special education and related services for the Student, implementation of the Student's then-current IEP, and any other issues that may arise.

12. All funds generated for the Student from local, state or federal funds will remain with the Resident District. The Resident District will include the Student on its Child Count. The Student's average daily membership will be credited to the Resident District.
13. The Resident District will pay the Receiving District tuition in the amount of $28,930.28 and payment for the Braille transcriptionist in the amount of $22,591 for a **total compensation amount of $51,521.28** for the delivery of special education to the Student provided in accordance with the requirements of the IDEA. This amount includes the cost of all educational and related services that the Receiving District could reasonably anticipate based upon review of the Student's current IEP. The Receiving District will promptly provide the Resident District a detailed breakdown of the tuition amount upon request. If the IEP team amends the Student's IEP or develops another IEP that increases the cost of services to the Receiving District, the parties to this Agreement will mutually consider and negotiate any increase in the tuition amount sought by the Receiving District to cover the increased cost of services.
14. Any amounts the Receiving District receives as the result of billing Medicaid for IDEA associated services it provides to the Student during the term of this Agreement will be credited against the Resident District's tuition obligation.
15. The parties will not identify the Student as a transfer student for student information purposes.
16. This Agreement contains the entire agreement of the parties. Any changes to this Agreement will be made in writing and signed by both parties.

ITEM FOR CONSIDERATION
Board of Education Meeting
(8/18/2026)

TOPIC: Reimbursement of General Fund for Prior Year Expenditures

RATIONALE FOR RECOMMENDATION: We made an error in spending Redbud School Building Equalization Funds in FY25. The expenditures were appropriate, but they were coded to the incorrect fund—the general fund instead of the building fund. We became aware of this mistake in closing FY26. In order to correct this, we will need to reimburse the general fund for the expenditure of $1,056,315.13 from the building fund project 318 (Redbud). We cannot correct the prior period coding because that data is locked, so this is the only way to correct the error. These funds were received into the building fund, so the money is/has been available.

FISCAL NOTE: This will increase revenue in the general fund and decrease fund balance in the building fund by the amount of the reimbursement.

Oklahoma Teacher & Leader Effectiveness

POLICIES & PROCEDURES

TLE Tulsa Model

System & State TLE Requirements

INTRODUCTION

Yukon Public Schools is committed to college and career readiness for all students. An effective teacher in every classroom is essential for us to achieve this mission. Research affirms that the quality of the teacher is the most important school-based factor in student achievement (McCaffrey, Lockwood, Koretz, & Hamilton (2003), Hanushek & Kain (2000), Rowan, Correnti & Miller (2002), Wright, Horn & Sanders (1997).

Yukon Public Schools re-conducted a selection process in the 2023-2024 school year to select the OK TLE Tulsa Evaluation Model. The selection process included teachers through the Yukon Professional Educators Association, administrators and central office staff. This evaluation system will provide clear, actionable and timely feedback to teachers plus provide the tools and supports needed to improve, practice, and increase student achievement.

Because significant changes to the evaluation have been necessary, this guide will serve to provide detailed information regarding the evaluation process as well as tips to manage the process.

THE OK TLE TULSA TEACHER EVALUATION MODEL

Benefits

The benefits of using the OK TLE Tulsa Teacher Evaluation Model include:

- Accuracy and reliability. The Model offers high levels of inter-rater agreement, providing the tools of fairness and accuracy in teacher evaluation.
- Results-oriented. Originally developed as a teacher growth framework, the model is both formative and summative.
- Data collection and observation feedback with the OKTLE platform is instant.
- Focused on student progress. The Model is validated by decades of data analysis and on-site experimental/control studies in real classrooms correlating strategies to increase student achievement. Oklahoma schools were a part of the experimental study.
- Supportive. OK TLE Consultants provide ongoing, in-depth training and scalable programs rooted in research to transform theory into practice. Professional development, self-assessment and peer collaboration are all built into the Model and available within the OK TLE platform.

Overview

The Tulsa Model is an evidence-based process of educator evaluation anchored in specific domains, dimensions and indicators reflecting national best practices and current research regarding effective instruction.. Beginning with the 2025-2026 school year and continuing each year thereafter, YPS will use the OK TLE Tulsa Teacher Evaluation Model that has a focus on instructional effectiveness. This framework outlines 20 key dimensions critical to instruction that are divided into five Domains which are connected to improving student achievement . This framework also establishes a common language and a model of instruction for our district.

TLE Tulsa Model Definitions

Career Educator & Probationary Educator

Career Educator

(In accordance with 70 O.S. § 6-101.3 (OSCN 2026)

Oklahoma law requires Career teachers to be observed twice annually with one final evaluation. If they score "highly effective" or "superior" on the TLE evaluation, their supervisor may evaluate them once every 3 years (only exempt 2 years and evaluated on 3rd year) subject to local board policy.

Probationary Educator

(In accordance with 70 O.S. § 6-101.3 (OSCN 2026)

Oklahoma law requires Probationary teachers to be observed two times annually with one final evaluation.

Teachers are probationary until they have:

a.) completed 3 consecutive complete school years in one district and achieved a district evaluation score of superior for two of the three school years.

b.) completed four consecutive complete school years in one district and achieved at least an "effective" evaluation score on the TLE for the last two years of the 4-year period, or

c.) completed four or more consecutive complete school years in one district and has not met the requirements above. The principal of the school in which the teacher is employed must submit a petition to the district superintendent requesting that the teacher be granted career status. The superintendent and local Board of Education approves the petition. The petition shall specify the facts supporting the granting of career status to the educator. These documents should be retained as part of the educator's personnel file.

OK TLE Tulsa Evaluation Score

Ineffective	Needs Improvement	Effective	Highly Effective	Superior
Less than 1.8	Equal to or greater than 1.8/Less than 2.8	Equal to or greater than 2.8/Less than 3.8	Equal to or greater than 3.8/Less than 4.8	Equal to or greater than 4.8

OK TLE Tulsa Rating Scale

The OK TLE Tulsa Focused Teacher Evaluation Model has created a 1 – 5 rating system outlined below:

Ineffective	Needs Improvement	Effective	Highly Effective	Superior
1	2	3	4	5

This scale is then transferable through the OK TLE Tulsa Model calculations into the Oklahoma five-tier rating system required by law to include the ratings of Superior, Highly Effective, Effective, Needs Improvement, and Ineffective. See 70 O.S. § 6-101.16

The OK TLE Tulsa Model Evaluation Score will then be converted to a Final Summative Evaluation

THE EVALUATION PROCESS

What Will Be Evaluated?

The fullest, most robust teacher evaluation will be derived from feedback gathered during classroom observations, reviewing student evidence, Professional Learning Community Meetings, and operational observance of professional responsibilities. In order to observe the full instructional model, YPS requires rating on all 20 dimensions by the end of the evaluation cycle which may include formal and walkthrough observations.

Who Will Be Evaluated?

All certified teachers shall use the OK TLE Tulsa Teacher Evaluation Model. A certified teacher is defined by statute as "a duly certified or licensed person who is employed to serve as a counselor, librarian, or school nurse or in any instructional capacity". 70 O.S. 6-101.3 Classroom teachers will be evaluated using the OK TLE Tulsa Model Evaluation System. Non-classroom teachers such as nurses, counselors, media specialists, speech pathologists, and literacy coaches will be evaluated using the OK TLE Tulsa Model Evaluation forms.

How Will Teachers Be Evaluated?

All teachers in the **2026-2027**school year will be evaluated on the same scale. The District will utilize two different categories of teachers- Category I (Probationary) and Category II (Career). The district recognizes that probationary teachers may come to the district with varying pedagogical backgrounds as compared to career teachers. All Probationary and Career Teachers will be evaluated in compliance with State Law that requires a Summative Evaluation once per year.

In accordance with 70 § O.S 6-101.3 (OSCN 2024), the criteria from moving from probationary teacher to career teacher is as follows:

- Complete three years of teaching with the district and score Superior on the TLE two out of three years; OR
- Complete four years of teaching with the district; average Effective over the four year period AND score Effective on the TLE in BOTH the third and the fourth year of teaching; OR
- In the event the teacher has not met either of the above criteria and has completed four or more years of teaching with the district, the principal of the school at which the teacher is employed may submit a petition to the superintendent of the school district requesting that the teacher be granted career status. If the superintendent agrees with the petition, and the school district board of education approves the petition, the teacher may receive career status.

How Will Exemptions Work?

State Law allows for teachers who have met high performance standards and summatively score in the Highly Effective (3.8-4.8) or Superior (4.8+) categories can be Exempt from formal evaluation for a period up to two years following a Summative cumulative evaluation score as outlined below in the Oklahoma Instructional Practice Score Scale of 3.8 to 5.0. The exemptions will be based on the following breakdown of complete years of teaching experience within Yukon Public Schools:

Year in YPS	One Year Exemption	Two Year Exemption
1st-4th	Not Eligible	
5th-7th	X	
8th+ year and above		X

This exemption does not mean that administrators will not be visiting the classrooms of exempt teachers and giving feedback, it just means that the marks assigned or feedback given will not be counted in creating a summative evaluation score. Where performance concerns exist, administrators will evaluate and provide feedback necessary to foster improvement.

If a teacher receives formal discipline (admonishment, suspension, verbal reprimand) during the course of the school year, they will be removed from exemption status. If the admonishment happens after the formal evaluation process has ended, the teacher will not be exempt for the coming year regardless of evaluation score.

Targeted Assistance

YPS is committed to provide a supportive and structured Professional Development Plan for teachers who are in need of assistance. If a teacher is rated as Needs Improvement (after a formal observation), then by statute, the teacher will receive a “comprehensive remediation plan and instructional coaching”. See 70 O.S. 6-101.16. The District will use Targeted Assistance Goal Setting to complete this task.

Plan for Improvement
If a teacher is rated as Ineffective after an Evaluation, then a Personal Development Plan (PDP) must be developed. The PDP shall not exceed 60 calendar days. The teacher's observer shall make a reasonable effort to assist the teacher in completing the PDP. The teacher is responsible for completing the requirements of the PDP by the Plan's end date. The observer shall provide the teacher with written notification of the outcome of the PDP within ten (10) days of Plan's ending date. The Personal Development Plan (PDP) form is a template that may be used for this process.

Steps for Completing a Personal Development Plan
If the teacher is rated as Ineffective after an Evaluation, then the observer must begin the Personal Development Plan as outlined below.

- **Step 1:** The observer must complete the PDP form prior to meeting with the teacher. The form refers to a "Targeted Dimension". A "Targeted Dimension" is an element that was consistently rated low in the teacher's observations and significantly contributed to the Ineffective rating for a particular dimension. When scheduling the meeting, it is recommended that the evaluator asks the teacher to review their past observations via iObservation and come to the meeting with suggestions on how to improve. The observer must send the PDP to HR for approval prior to the meeting.
- **Step 2:** Conduct the PDP meeting. During the meeting, the observer will review the observations that resulted in an Ineffective rating. Specifically, the observer and teacher will discuss the "OK TLE Tulsa Teacher Evaluation Targeted Domain(s)" section.
- **Step 3:** Observer will forward a signed copy of the Plan for Improvement to the Assistant Superintendent of Human Resources.
- **Step 4**: Execute the PDP and monitor for improvement.
- **Step 5**: Determine if the goals of the PDP were met at a sufficient level or if the plan should be extended or concluded. If extended, the plan should not exceed 60 calendar days unless there are extenuating circumstances. If concluded because the teacher met the goals of the plan, then close out the plan and continue to monitor performance. If the plan is concluded and performance has not improved, a decision should be reached on re-employment of the teacher.

Professional Learning Focus
The procedures for the Professional Learning Focus Plan are as follows:

- Establish an annual professional growth goal for the teacher that is developed by the teacher in collaboration with the evaluator (this should be accomplished in late August or early September),
- Tailored to address a specific area or criteria identified through the qualitative component of the TLE (can not be a dimension that was scored as superior in OK TLE Tulsa),
- Allow the teacher to actively engage with learning and practices that are evidence-based, researched practices that are correlated with increased student achievement
- Be supported by the resources that are easily available and supplied by the school district and the State Department of Education.
- A whole school, department, grade level team, Professional Learning Community (PLC), or a group of teachers may collectively decide to work on the same element(s) - the only caveat is that a teacher cannot be marked as superior in the dimension that was chosen.
- A quality check will be conducted mid-way through the school year to ensure the plan is going as originally scheduled and to see if resources are needed.

The district will monitor for compliance and completion of the Individualized Professional Learning Focus Plan. Types of professional development that may be used to satisfy the requirement include: presenter-led workshops, individual, PLC or faculty studies of books, scholarly articles and video productions, Peer Observations, committee studies to address student achievement issues, work related to a specific subject area or areas associated with obtaining an advanced degree or professional certification, action research projects designed to improve student achievement, and participation in local, regional or state initiatives associated with the development or implementation of curriculum standards. The State Board of Education will monitor compliance of this requirement.

The Professional Learning Focus Plans **do not** have an evaluative value assigned to them. The District expects each employee covered by HB 2957 to complete the individualized professional learning focus plan as required by law. Not completing the individualized professional learning focus plan will result in disciplinary action.

The OK TLE platform has an area that we will utilize to track the professional development component of TLE. The plan must be approved by the evaluator before it can be utilized by the learner.

OKLAHOMA STATE DEPARTMENT OF EDUCATION TEACHER LEADER EFFECTIVENESS (TLE)

The OSDE website has several resources available regarding TLE and can be found at OSDE Teacher Leader Effectiveness

Qualitative Components of TLE Procedures

Qualitative data is determined by the summative score a teacher receives from the adopted evaluation system, which is described in the first part of this booklet.

House Bill 2957 (Effective 7/1/2016) modifies TLE requirements by deleting mandatory quantitative measures, adding a professional development component for each teacher, modifying career/probationary status achievement, expanding who can evaluate a teacher (principal, assistant principal, designee of principal, supervisor, content expert, department chair, peer committee or other trained person or groups of persons designated by the school district board of education, and extends the option to evaluate career teachers (who score Superior or Highly Effective) to once every three (3) years (exempt for two years).

The evaluation rating of teachers will be based solely on the qualitative component of TLE. An Individualized Professional Learning Focus Plan will be developed each year as required by law.

Student Performance

Student performance, including performance on the statewide criterion-referenced tests, if available, shall be discussed with the teacher and may be one of the considerations for the teacher's district evaluation rating.

Final Note

YPS celebrates your teaching style. The OK TLE Tulsa Teacher Evaluation Model is **not** intended to be a "checklist" for every lesson segment. There are not a set number of strategies that an observer needs to see during any particular lesson segment to give a certain rating. Rather, it is the appropriateness of the strategies and the implementation quality of the strategy that is rated. Strategies are rated based on quality and appropriateness, not quantity. If a strategy is not used, but should be, the observer will provide feedback to the teacher. Several strategies should be apparent throughout a full unit of instruction. In order to observe the full instructional model, YPS requires rating on all 20 dimensions by the end of the evaluation cycle which may include formal and walkthrough observations.

PROCEDURE FOR DISPUTE RESOLUTION

Any certified teacher that receives an observation mark that they do not agree with and/or do not understand, should follow the steps below in the resolution of the disputed mark or score:

1. Schedule an appointment to meet with the observer (administrator) that conducted the observation in question to clarify the mark given and/or provide additional evidence to support disputed mark or score.

2. After meeting with the observer (administrator) and a resolution still cannot be reached, a meeting should be scheduled with the building principal. If the building principal is the observer that conducted the observation and assigned the marks on the evaluation, then contact the District TLE Administrator, Diana Lebsack at ext. 1006 or by email diana.lebsack@yukonps.com. Please provide specifics as to why the mark or score is being disputed. Provide any evidence to support the claim. If a resolution is unable to be reached, then proceed to step three.

3. The superintendent will make the final decision on whether an observation mark or score will stand as is, be modified or be deleted. He/she will consider evidence on both sides of the dispute. The teacher will be notified in writing within ten (10) days of bringing the superintendent the dispute.

CERTIFICATE OF EXCISE BOARD

State of Oklahoma, County of Canadian

We, do further certify that we have examined the statement of estimated needs for the current fiscal year ending June 30, 2026, as certified by the Board of Education of Yukon Public Schools, District Number I-27 of said County and State, and its financial statement for the preceding year, and in so doing we have diligently performed the duties imposed upon this Excise Board by 68 O. S. 2001 Section 3007, by (1) ascertaining that the financial statements, as to the statistics therein contained, reflect the true fiscal condition at the close of the fiscal year, or caused the same to be corrected so to show; (2) struck from the estimate of needs so submitted any items not authorized by law and reduced to the sum authorized by law any items restricted by statute as to the amount lawfully expendable therefor; (3) supplemented such estimate, after appropriate action, by an estimate of needs prepared by this Excise Board to make provision for mandatory functions based upon statistics authoritatively submitted; (4) computed the total means available to each fund in the manner provided, applying the Governing Board's estimate of revenue to be derived from surplus tax of the immediately preceding year and from sources other than ad valorem tax, or reduced such estimate to not less than the lawfully authorized ratio of the several sums realized from such sources during the preceding fiscal year or to such lesser sum as may reasonably be anticipated under altered law or circumstance and using for such determination the basic collections of the preceding year and the ratios on which distribution or apportionment must be made during the ensuing or current year.

To the several and specific purposes of the estimated needs as certified, we have and do hereby appropriate the surplus balances of cash on hand of the prior year, estimates of income from sources other than ad valorem taxation within the limitation fixed by law, and the proceeds of ad valorem tax levy within the number of mills authorized, either by apportionment by the Legislature, allocation by the excise board or by legal election, all of which appropriations are made in so far as the available surpluses, revenues, and levies will permit, except in that we have also provided that, after deducting items consisting of cash and the revenue from all sources other than the 2026 tax and the proceeds of the 2026 tax levy are in excess of the residue of such appropriations, by a sum included for delinquent tax, computed at 10.0% of such residue. And provided further, if said School District has been ascertained to be a well defined State Aid District, the local budget, as approved and appropriated for, has been applied wholly to its operating accounts.

We further certify that the amount required to be raised from tax, excluding Homesteads, for General Revenue Fund purposes as approved, requires a total ad valorem tax levy of 35.000 Mills. Said levy is within the statutory limit, and if in excess, is within the constitutional limit and has been authorized by a vote of the people of said district, as shown by certificate of the School Board to-wit:

To this District, with valuations shown below, the Excise Board allocated 5.000 Mills, plus 15.000 Mills authorized by the Constitution, plus an emergency levy of 5.000 Mills; plus local support levy of 10.000 Mills; for a total levy for the General Fund of 35.000 Mills.

We further certify that the amount required to be raised for building fund purposes as approved requires a tax levy of 5.000 Mills, and said levy has been certified as authorized by a vote of the people at an election held for that purpose. We further certify that Assessed Values used in computing Mill-vote levies have been applied as certified by the County Assessor.

We further certify that we have examined the within statements of account and estimated needs or requirements of the Governing Board of Yukon Public Schools, School District No. I-27 of said County and State, in relation to the Sinking Fund or Funds thereof, and after finding the same correct or having caused the same to be corrected pursuant to 68 O. S. 2001 Section 3009, have approved the requirements therefor to fulfill the conditions of Section 26 and 28 of Article 10, Oklahoma Constitution, and have made and certified a tax levy therefor to the extent of the excess of said total requirements over the total of items 2, 3, 6, and 12 of Exhibit Y and any other legal deduction, including a reserve of 10.0% for delinquent taxes.

The preferred kick-off date would be August 28, but this isn't set for approval until the September Board Meeting. That meeting will likely be postponed due to Labor Day. Approval of this fundraiser request ultimately depends on the approval, but we'd like to begin on August. 28 if at all possible. The earlier, the better. Either way, it'll run for 2 weeks. We assigned you an employer identification number (EIN)

Your EIN is **41-4381143**. The name control associated with this EIN is **YUKO**.

What you need to do

- If you did **not** apply for this EIN, visit IRS.gov/EINNotRequested.
- Use this EIN and your name exactly as they appear above when you fill out your tax returns. Otherwise, it may cause delays. Keep a copy of this notice for your records because we'll only send it to you once. You can share a copy with future officers of your organization or anyone asking for proof of your EIN. If your name or address is incorrect as shown, send the correct information to the address at the top of this notice.

What you need to know

When you applied for an EIN, you said your organization is a non-profit. Getting an EIN doesn't mean you're automatically tax-exempt. You must apply specifically for tax-exempt status. You can find more information about the application process in Publication 557, Tax-Exempt Status for Your Organization.

To apply for recognition of tax-exempt status, organizations must complete an application on one of the following forms:

- Form 1023, Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code;
- Form 1023-EZ, Streamlined Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code;
- Form 1024, Application for Recognition Under Section 501(a); or
- Form 1024-A, Application for Recognition of Exemption Under Section 501(c)(4) of the Internal Revenue Code.

Most organizations claiming tax-exempt status must file a Form 990 series annual information return (Form 990, 990-EZ, or 990-PF) or notice (Form 990-N) beginning with the year they legally form, even if they have not yet applied for or received recognition of tax-exempt status.

If you become tax-exempt, you'll lose that status if you don't file a required return or notice for three years in a row. There are some exceptions, but generally, you need to file every year. We start counting those three years from the date we gave you your EIN. If the first tax year isn't a full twelve months, you still need to file a return for that year. If your organization didn't legally form in the same tax year you received your EIN, contact us.

For the most current information on your filing requirements and other important information, visit IRS.gov/Charities.

Additional Information

- Refer to Publication 4557, Safeguarding Taxpayer Data: A Guide for Your Business, for tips on keeping your EIN safe.
- Find tax forms or publications by visiting IRS.gov/Forms or by calling 800-TAX-FORM (800-829-3676).

- Call us at 800-829-4933 if you can't find what you need online. If you prefer, you can write to the address at the top of this notice.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Purpose and Nature of the Trip required

The National Athletic Directors Conference, jointly sponsored by the NFHS and the NIAAA, is the premier professional gathering for current and retired athletic directors. This first-class event pairs an elite educational in-service program with the unparalleled perspective of the industry's most seasoned leaders. From our expansive exhibit hall featuring over 400 vendors to sessions led by proven athletic administrators, the conference is designed to support those currently in the trenches of department management while honoring and engaging the retired veterans whose expertise continues to anchor our profession.

I serve on the NIAAA Certification Committee and will attend our Annual meeting during the conference and will represent Oklahoma as a member of the OIAAA Board.

At this year's Conference, I will receive recognition during the reception for completing the NIAAA Quality Program Assessment (QPA). Yukon will become only the 3rd school in Oklahoma to receive this recognition.

----DRAFT----

COLLECTIVE BARGAINING AGREEMENT

BETWEEN

INDEPENDENT SCHOOL DISTRICT #27

AND THE

YUKON PROFESSIONAL EDUCATORS' ASSOCIATION

2026-2027

PROCEDURAL AGREEMENT FOR NEGOTIATIONS

Whereas the Board of Education of Yukon Schools, Independent School District Number 09-I027 of Canadian County, Oklahoma, hereinafter referred to as the "Board," said Board being legal representative of the electors of Independent School District Number 09-I027of Oklahoma County, Oklahoma, and the Yukon Professional Educators Association, said Association being the certified representative of the professional educators of the district as prescribed by 70 O.S. 509.2, hereby enter into the following agreements regarding negotiations:

RECOGNITION

The Board recognizes the Association in accordance with 70. OS. 509.2 as the exclusive professional negotiations representative for all employees of the Yukon Public Schools who are required by the position in which they are employed to be licensed or certified as teachers as these terms are defined in O.S. 70 1-116 and who do not hold supervisory authority with respect to other teachers in the district. Those excluded include administrators, directors, coordinators, and supervisors.

PHILOSOPHY

The Board and the Association firmly believe that the primary function of the Board and its professional staff is to assure each student attending Yukon Public Schools the highest level of educational opportunities attainable. The Board recognizes that teaching is a profession; and the board and the Association believe that the objectives of the educational program are realized to the highest degree when mutual understanding, cooperation, and effective communications exist between the Board and its professional staff.

PARTICIPATION

All professional educators under regular contract or temporary teacher contract with Yukon Public Schools have the right to join, participate in and assist the Association and the right to refrain from such activities. In accordance with 70 O.S. 509.2, any person who desires not to be represented by the Association may so state in writing to the Board of Education.

SCOPE OF BARGAINING

The Board of Education and the representatives of the Association must negotiate in good faith on wages, hours, fringe benefits, and other terms and conditions of employment. To negotiate in good faith shall mean both parties must be willing to consider proposals in an effort to find a mutually satisfactory basis for agreement and must be willing to discuss their respective contract proposals. If either party objects to the others' contract proposals, the objecting party must support its objections with rationale. Neither the Board nor the Association will purposefully use the above statements of "Scope of Bargaining" to expand on or circumvent negotiations on mandatory bargaining issues.

There shall be no negotiations on inherent managerial policy. The Board retains and reserves unto itself, without limitations, all powers, rights and authority conferred upon and vested in it by state and federal law, including the right to make policy, rules and regulations that are not inconsistent with any law or negotiated agreement.

STATUTES AND POLICIES

The Board and the Association shall abide by all applicable state and federal statutes, rules, and regulations. No agreement shall abrogate the legal rights, obligations, and power of the Board, including its power to make policy.

NEGOTIATING TEAMS

No more than ten (10) designated representatives of the Board will meet with no more than ten (10) designated representatives of the Association for the purposes of negotiations. All negotiations shall take place exclusively between the designated representatives of the parties. Only those members who comprise the negotiation teams will be present in the room during negotiations except for the OEA advocate and clerical assistance. The representatives of each party shall have the authority to make proposals and counter proposals, to compromise and to make agreements subject to ratification by the parties. However, when the head negotiator of either team elects to release information, he/she may do so, provided he/she gives to the head negotiator of the other team a written/digital copy of the information to be released.

NEGOTIATIONS PROCEDURES

INITIATING NEGOTIATIONS
Upon written request for a negotiations session by either party, an initial meeting date and place acceptable to both parties will be selected. A negotiation session is defined as that time from presentation of proposals through ratification of a negotiations agreement. The request for a negotiation session must be made on or before June 1 of each year a negotiation session is to be held. If either party makes a written request for a negotiations session on or before December 15, the initial meeting shall be within ninety (90) calendar days.

NEGOTIATIONS MEETINGS
All Board proposals and all Association proposals will be presented at the first negotiations meeting. Negotiation meetings will be held at times and places mutually acceptable to both parties. During meetings, each party is free to caucus at any time. The head negotiator for each team will be the chief spokesperson for a specific meeting. By mutual agreement at the table, any team member may speak to an issue. All designated team members are expected to be present for the entirety of any meeting they attend, unless exceptions are agreed upon by both parties. Other meetings ground rules shall be set by agreement of the team members.

EXCHANGE OF INFORMATION
Upon reasonable request, the parties shall provide each other with available information regarding negotiations.

INFORMATION RELEASES
During negotiations, releases to news media shall be by mutual agreement only.

THE AGREEMENT
All proposals and counter proposals will be presented in writing. Tentative agreements reached between representatives of the parties shall be reduced to writing and signed and dated by the spokespersons. Such tentative agreements shall then be set aside pending final approval or ratification as a package first by the Association and subsequently by the Board. Items that have received tentative agreement cannot be reconsidered, unless mutually agreed upon by both teams or unless the Board and the Association fail to ratify the agreement. Tentative agreements become final agreements and thus a part of the contract upon ratification by the Board and the Association. Upon approval and after necessary action by the Board, terms of the agreement shall be implemented. No further negotiations will take place without mutual agreement until a formal request is made the following March.

IMPASSE PROCEDURE
If negotiations representatives of the Board and the Association are unable to reach agreement on any or all negotiations items, the procedure for resolving an impasse as developed by the Board of Education and representatives of the Association shall be in effect. Said procedure includes the actions set forth in Section 715, School Laws of Oklahoma, 1986, and includes such other actions as agreed to by both parties. Time limits set forth herein may be extended by mutual agreement of the parties.

A. If negotiations are not successfully concluded by the thirtieth of July, impasse shall exist. At any earlier time, either party may declare impasse. Upon reaching of impasse the items at impasse shall be referred to a mediator mutually agreed upon by both parties for the purpose of inducing the Board and the Association to make a voluntary agreement. In the event that the parties are unable to agree on a mediator, the mediator shall be provided by the Federal Mediation and Conciliation Services. The cost of the services of the mediator, including per diem expenses, if any, and actual and necessary expenses, shall be shared equally by the Board and the Association. If the mediation process fails to resolve all issues, the parties may proceed to fact finding.
B. Fact finding shall be referred to a three member committee. The committee shall consist of the following;
    1. one member who shall be selected by the representatives of the Association within five (5) days after the reaching of impasse:
    2. one member who shall be selected by the local Board of Education within five (5) days after the reaching of impasse: and
    3. one member who shall be selected by the first two members within fifteen (15) days after selection of the other two members. The member selected by the first two members shall serve as chairman of the committee
    4. Within five (5) days after the selection of the chairman, the representatives who have been negotiating for the Board and for the Association shall meet to exchange written language on

each item at impasse. The exchanged documents shall also be furnished by each party to the chairman and other members of the committee.

C. The chairman shall convene the committee for fact finding. This committee shall meet with the representatives of both parties. Within twenty (20) days after the chairman is selected, the committee shall present written recommendations to the local Board and to the Association.
D. If either party decides it must reject one or more of the committee's recommendations, said meeting of the representatives who have been negotiating for the Board and for the Association. The parties shall meet within seven (7) days of the request, unless both parties deem it unnecessary. At such meeting, the representatives shall exchange written statements expressing each party's rationale for rejecting each recommendation found unacceptable and shall attempt to clarify any remaining differences. The representatives shall then resume good faith effort to resolve the remaining differences; provided after fourteen (14) days after the exchange of written statements, either party may discontinue such effort.

The Board shall file a copy of the fact-finding report with the office of the State Superintendent of Public Instruction. If the effort to resolve differences is successful, the parties shall draft a written agreement and present the agreement to both parties for ratification, and such agreement shall also be forwarded to the State Superintendent of Public Instruction, if the effort to resolve the differences is unsuccessful, the Board of Education shall forward to the state Superintendent of Public instruction in writing its final disposition of the negotiations impasse within thirty (30) days of the effective date of implementation.

The procedure provided herein for resolving impasses shall be the exclusive recourse of the Association. It shall be illegal for the Association to strike or threaten to strike as a means of resolving differences with the Board of Education. Any member of the Association engaging in a strike shall be denied the full amount of his wages during the period of such violation. If the Association or its members engage in a strike, then the Association shall cease to be recognized as representative of the unit and the School District shall be relieved of the duty to negotiate with the Association or its representatives.

DURATION

After ratification by the Board and by the Association, this agreement shall become effective upon the signing by the Board Chief Negotiator, President, and Members, and the YPEA Chief Negotiator, President, and YPEA negotiation representatives. This agreement shall be effective for the successive fiscal year periods unless a successor agreement is mutually agreed upon by representatives of the Association and the Board and shall be renewed automatically without modification, unless either party shall request an amendment.

This Agreement remains in effect during the time the Association continues as the exclusive negotiation representative and shall continue in effect for successive fiscal year periods. If either party desires to amend the Agreement, written notice shall be given between February 1st and March 1st. Once such notice is given, negotiations related to changes in this Agreement shall commence on a mutually agreeable date within thirty (30) days of such notice. When completed, the revised Procedural Agreement will become effective.

SAVING CLAUSE

Should any part of this agreement be declared invalid by statute or a court of final jurisdiction, said part shall be automatically deleted from the agreement to the extent that it violated the law. The remaining provisions shall remain in full force and effect for the duration of the agreement if not affected by the deleted part(s). Upon receipt of notification of the final court action, the Board and the Association shall commence negotiations within thirty (30) days for the purpose of arriving at a legally permissible replacement for the deleted part.

SIGNATURES

In witness hereof, the undersigned officers and representatives of the Board and Association do hereby affix their signatures, thereby binding the parties to the terms and provisions of this agreement.

FORWARD

This negotiated agreement is the collective bargaining agreement of all items currently agreed upon by the Yukon Professional Educators' Association and the Yukon Board of Education. The Superintendent and the Board will consider the needs of students, curriculum and instructional focus in deciding which positions to eliminate. When the decision is made to reduce staff, the Board may exclude positions to guarantee meeting the needs of the students and the needs of programs of the District. Normal attrition will always be used as the first means of reducing the certified workforce.

Once a determination has been made as to which positions should be eliminated, if an employee has an effective rating or higher on the most recent summative evaluation, the following, **in this order**, shall be considered:

In order to bump, a teacher must be certified in the position they seek to move into and must meet all state and federal requirements necessary to hold that position.

In the event a teacher eliminated through a RIF is certified to hold a position other than the one being eliminated, said teacher may bump another teacher in that position, as long as the teacher has seniority over that person and has an average District Teacher Evaluation Rating ranking score that is greater than the other teacher.

If the composite ratings of the teachers in the affected positions are the same then the following, in this order, shall control bumping:

1. Seniority in the District established from the first reporting date to work, with continuous service from that date.
2. Total years of teaching service to

Throughout the first year after reduction in force, terminated teachers who have achieved an overall rating of at least effective on the TLE on the most recently completed summative evaluation will be placed on a recall list. Teachers on this recall list will be notified by certified mail of position vacancies for which they have priority. Teachers qualified for a vacancy by certification, experience and/or continuing education equivalent shall be recalled by seniority. The teacher so notified must accept the position in writing on or before ten (10) calendar days from the date the notice was mailed to the teacher or they forfeit the position and their name is permanently removed from the recall list.

It shall be the teacher's responsibility to see that the District has his/her current address on file and the address retained on the District's records shall be the address utilized for recall purposes.

A teacher who is recalled will be given credit for all previous teaching experience approved by the State Department of Education. Any certified employee who is threatened with harm while performing his/her duties shall notify the building Principal immediately. The Principal shall notify the proper authorities and inform the employee of the communications. The certified employee will be responsible for filing charges or a police report. If a certified employee utilizes the provisions of law available to school district employees, there shall be no negative recourse or reprimand.

Any certified employee who is injured by assault from a student or student connected person, while performing his/her duties, shall suffer no loss of pay for the balance of that contracted year if the employee is unable to carry out his/her contractual responsibilities.

ARTICLE O: STAFF CONDUCT/DRESS

Teachers will maintain a standard of professional dress, appropriate to their individual teaching activities. Each building Principal shall communicate at the beginning of the new school year his/her expectations in regard to what is appropriate professional attire. Prior to school starting all Principals shall decide collectively as to these expectations of dress and grooming. If the teacher and the affected administrator cannot reach agreement on a specific case of appropriate dress, said teacher shall be notified in writing or electronically, by the affected administrator, of his/her concern and the necessity of a conference. In situations deemed emergency by the immediate administrator, the teacher may be required to change his/her attire. Supervisors are responsible for communicating the district's dress expectations, as well as ensuring employees adhere to the guidelines at all times. (Amended 2023)

As we try to consistently improve our working environment, YPS is continuing a Dress For Your Day policy (**DFYD**), Smart Casual. Staff members of YPS will be allowed to wear jeans (appropriate for a public setting, no holes, etc....) and an appropriate top (school shirts or other professional attire) on a daily basis.

Part of the **DFYD** policy means that when meeting individually with parents/guardians, community members or other outside organizations, you take that into account and dress for the occasion. For example, your day may look different than that of others and that's ok. When the teacher is meeting with a parent/guardian or community stakeholder in any capacity, the teacher's attire should be smart casual.

The Dress for Your Day Guidelines ("DFYD") allows YPS employees discretion to select appropriate dress for the business of each workday. DYFD does not replace existing dress requirements for those whose jobs specify a standard for dress for customer interaction, safety or other business reasons. It also applies to all business activity, whether you are onsite, offsite or using remote technology such as video conferencing meeting technology such as a district LMS or Google Meet.

While Dress For Your Day is intended to be relaxed when employees have a workday that does not involve meetings with parents, vendors, or the like, the expectation is that employees will nevertheless wear clothing appropriate for the nature of our business and the type of work performed.

Dress For Your Day clothing and appearance:

- Be well groomed
- Be neat, clean and professional
- Do not create a safety hazard
- Do not distract or interfere with the ability of others to work

- Be consistent with the working environment or local custom

Employees not in compliance with the Dress for Your Day guidelines are subject to disciplinary action.

If this is not feasible, the district will utilize this option minimally to ensure adequate numbers of teachers are present each day. (Amended 2019, 2020)

The district will make every effort to ensure important yearly decisions are disseminated, and adequate training provided, if needed, prior to the start of the school year, especially in regards to report cards, required curriculum, and pacing guides.
