Any additional unused vacation days above 25 will be added to the 12-month administrator's sick leave. All vacation days require approval by the Superintendent. Administrators may use no more than five (5) consecutive vacation days during the instructional year when students are in session, and no more than ten (10) cumulative vacation days during the instructional year when students are in session.

Approval will be based on the operational needs of the district and the availability of appropriate administrative coverage. The Superintendent reserves the right to deny vacation requests during critical instructional periods, including but not limited to the opening and closing of the school year, state testing windows, holidays, and other key operational times.

10. Extended Sick Leave – If an administrator/school psychologist with eight (8) or more years of continuous service with the Derry Area School District is unable to work due to an extended illness or disability, and has exhausted all sick leave, he/she may be granted extended sick leave with no benefits

and no salary subject to Board approval.

- a. Extended illness benefits shall not begin unless absence has kept the administrator/school psychologist from working a minimum of thirty (30) continuous school days.
 - b. A written doctor's excuse must be provided indicating the nature of the illness and the anticipated length of convalescence. If convalescence is for ninety (90) days or more, a sabbatical leave must be utilized, if available.
11. The administrator/school psychologist granted extended sick leave must notify the School District of the expected date of return and letter of approval from the physician at least thirty (30) calendar days before return to employment.
 - a. Extended sick leave shall not be granted more often than once every seven (7) years.
 - b. This leave shall not be used for child-bearing purposes or child-rearing purposes.
12. Loyalty Incentive Bonus – the loyalty incentive provides administrative employees with a bonus of \$1,000.00 after 5, 10, 15, 20, and 25 years of administrative service in the Derry Area School District. Newly hired administrative personnel will be included in this loyalty incentive based upon years of service from date of hire as an administrative employee with DASD.
13. Children of active Derry Area School District employees who are residents of other school districts are eligible to attend the Derry Area School District tuition-free in accordance with the district's board-approved policies.
14. Doctoral Degree Stipend - An administrator who has earned a doctoral degree (Ph.D. or Ed.D.) from an accredited institution prior to employment with the Derry Area School District shall be eligible to receive an annual stipend in the amount of \$1,000. Eligibility for the stipend shall be contingent upon submission of official documentation verifying conferral of the doctoral degree. The stipend shall be paid annually and shall not be considered part of the administrator's base salary for purposes of calculating retirement, overtime, or any other benefits unless otherwise required by law. Only one doctoral stipend shall be awarded per administrator. Administrators who obtain a doctoral degree after initial employment with the Derry Area School District shall not be eligible for this stipend due to Section B.4, unless otherwise approved by the Board.
15. Loyalty Incentive – 403(b) Contribution - Administrators who have completed ten (10) years of continuous service with the Derry Area School District shall be eligible for an annual loyalty incentive in the form of a District contribution

to a qualified 403(b) retirement plan. The Derry Area School District shall match the administrator's voluntary 403(b) contributions on a dollar-for-dollar basis, up to a maximum of \$1,200 per plan year.

Eligibility for the match is contingent upon:

- The administrator's active employment status at the time of the contribution.
- The administrator making a qualifying contribution to an approved 403(b) plan during the plan year.

The Derry Area School District's contribution shall be made in accordance with applicable IRS regulations and Derry Area School District procedures governing 403(b) plans. This contribution shall not be considered part of the administrator's base salary for purposes of calculating retirement benefits, salary increases, or other forms of compensation, except as required by law.

In the event of separation from employment prior to completion of the plan year, the Derry Area School District contribution shall be prorated or forfeited in accordance with Derry Area School District procedures.

D. Beneficiary Benefits

1. Pay for Unused Sick Days – The School District will pay sixty (\$60.00) a day up to 325 days to the beneficiary of any administrator/school psychologist who dies while in active service. This benefit is applicable only after the administrator/school psychologist has completed five (5) consecutive years of service in the School District.
2. The District will pay \$125.00 for each year of service to the beneficiary of any administrative employee who dies while in active service. This benefit is applicable only after the employee has completed five (5) consecutive years in the Derry Area School District.

E. Retirement Benefits

1. Pay For Unused Sick Days – The School District will pay sixty (\$60.00) a day up to 325 days in a single payment upon retirement. Said payments shall not be reportable for retirement credit.
2. *Years of Service – The School District will pay One Hundred Twenty-five dollars (\$125.00) for each year of service upon retirement. This benefit is applicable only after the employee has completed seven (7) years of service as a teacher/administrator in the Derry Area School District. Said payments shall not be reportable for retirement credit.
3. Hospitalization – Upon retirement of the employee (thirty [30] years or more

of service, or ten [10] year or more of service and sixty-two [62] years of age or older) the school district will pay the applicable cost of the Board's funded hospitalization less the co-premium at a rate not to exceed the rate paid at the time of retirement until age sixty-five (65). This rate shall not exceed \$1,200.00 per month for any level of coverage, for ten (10) years or until the member reaches age sixty-five (65), whichever comes first. The employee must submit his/her resignation for the purposes of retirement to the Superintendent sixty (60) days prior to the required preliminary budget adoption for any retirements that will become effective at the end of the current school year or during the first semester of the subsequent school year. For any retirement that will become effective during the second semester of the subsequent school year, notice must be given to the Superintendent no later than May 31st of the current school year. The Superintendent may grant exceptionality to the aforementioned conditions in case of extenuating circumstances. Proof of retirement under PSERS must be provided to the district at least ninety (90) days after the effective date of retirement for these benefits to continue. The employee must have completed a minimum of ten (10) years of service in the Derry Area and sign the agreed upon waiver immediately prior to retirement to be eligible.

If any provision of Article XII, Section C, of the contract with Derry Area Education Association is ruled to be illegal or discriminatory by a Federal, State, or Local Court or by a Federal or State Administrative Agency with decision or rule-making authority, then this section of the present contract shall be deemed null and void, and employees who have retired under this section shall be entitled to benefit payments for a period of ten (10) years. Payments hereunder shall be calculated as of the employee's date of retirement, and giving allowance and credit to the school district for all previous payments made hereunder on behalf of said employees.

* Years of service shall be defined as years served as a Teacher or Administrator/school psychologist in a public school in the state of Pennsylvania.

Retirement definition – Retirement under this agreement shall be as defined in the School Code of 1949 as amended and all applicable provisions thereof.

- F. All severance pay and unused sick days will be paid out through a 403(b) TSA until the yearly limit has been reached, then the balance will be paid through a 457(b) Plan. The current 403(b) plan will be modified to eliminate the fifteen (15) years of service catch-up contributions.
- G. Coaching and Supplementals - Effective upon adoption of this Agreement, administrators covered under this Act 93 Compensation Plan shall not be permitted to hold any coaching positions, whether paid or volunteer, nor shall they accept or perform any supplemental positions within the Derry Area School District. Administrators currently serving in such roles as of the effective date of this Agreement may continue in those roles until position is open or resignation occurs. No new appointments to coaching or supplemental positions shall be permitted thereafter.

This restriction is intended to ensure that administrative personnel remain fully available to fulfill their primary leadership responsibilities and to avoid conflicts of interest, time constraints, and/or supervisory complications. The Superintendent reserves the right, in extraordinary circumstances and in the best interest of the Derry Area School District, to grant a limited, temporary exception to this provision with the approval of the Board of School Directors. Any such exception must be approved in writing and shall not establish precedent.

- H. The employee/administrator acknowledges that the District is committed to maintaining a safe, healthy, and drug-free workplace. The employee/administrator agrees to be subject to unannounced random drug testing conducted pursuant to District policy and/or procedures. Random selections shall be made through a scientifically valid, neutral, and nondiscriminatory process administered by an independent third party. Testing shall be conducted in accordance with applicable federal and state laws and regulations.

Refusal to submit to a required test, adulteration or substitution of a specimen, or a confirmed positive test result may constitute grounds for disciplinary action, up to and including termination of employment, subject to applicable law, Board policy, and the Employee's contractual due process rights.

All testing shall be conducted using certified laboratories, and employees shall be afforded any rights to confirmation testing, review, and confidentiality required by law. Test results shall be maintained as confidential medical records and disclosed only as permitted by law.

Subject: Westmoreland County Student Assistance Program (SAP): 2026–2027 School Year Documents

Dear Educational Leaders,

As we prepare for the upcoming 2026–2027 school year, Westmoreland County Behavioral Health/Developmental Services (BH/DS) is committed to supporting your district's Student Assistance Program (SAP) efforts in partnership with our contracted agencies. Enclosed you will find important documents related to SAP services for your review and records.

Included in this packet:

- **Letter of Agreement** – Three (3) copies are enclosed. Please sign and return two (2) copies in the provided self-addressed stamped envelope. The third copy is for your records.
- **SAP Liaison Responsibilities** – Clarifies the roles of liaisons in collaboration with school staff.
- **School District Responsibilities** – Please pay special attention to this document. In exchange for providing your district with a dedicated SAP liaison, we ask that each liaison be provided with a **private, dedicated workspace within the school district** to maintain confidentiality and allow for effective support of students. During the 2025–2026 school year, several liaisons reported challenges due to a lack of private workspace, including having to hold sensitive meetings or phone calls outside of the school building. If your school is unable to provide such a space, we request a meeting between Westmoreland County BH/DS, WCSI (liaison provider), and your district to identify a suitable alternative.
- **Outpatient Mental Health and Substance Use Disorder Treatment Services in Schools** – This PowerPoint is provided for reference and outlines guidance related to the delivery of outpatient mental health and substance use disorder treatment services within school buildings. It serves as a companion document to the *School District Responsibilities* form and includes specific directions and considerations districts should review.
- **Student Assistance Program Best Practice Guidelines for Single County Authorities** – A resource outlining expectations and standards for SAP implementation, updated September 2025
- **Available Trainings** – This flyer outlines the SAP-related trainings available to school districts and is provided in support of the requirement in the *School District Responsibilities* document (Bullet #7), which requires school districts to participate in annual Core Team maintenance and refresher training.

We deeply value the strong partnerships that have been developed with each of your districts and remain committed to working collaboratively to ensure the continued success of SAP. If you have any questions or require assistance with the documents or program details, please do not hesitate to contact me directly.

Thank you for your continued support and dedication to the students and families of Westmoreland County.

Sincerely,

Haley Brothers

Policy: Westmoreland County Student Assistance Program SAP Liaison Responsibilities (Assessment Model) (Attachment A)

Revised: February 2026

Background: The Commonwealth Student Assistance Program (SAP) utilizes a systematic process involving a team composed of professionals from various disciplines within the school and liaisons from community agencies; the SAP liaisons are representatives of the community mental health system, professionally trained to provide consultation to school SAP core teams and families regarding the need for referral to community or school based services to address behavioral health and/or drug & alcohol concerns.

Purpose: This policy is to identify the roles and responsibilities and provide guidelines of the Student Assistance Program liaisons in the operation of a successful Student Assistance Program in Westmoreland County.

The SAP Behavioral Health liaison is an important member of the school SAP core team; as an ad hoc member of the core team, they may provide consultation from their area of expertise, assess for, and provide level of care recommendations to families, consult and participate in post-vention efforts following a tragic event, providing county and program updates, assisting parents in identifying and accessing appropriate services, and participating in team maintenance activities, participate in core team meetings and provide feedback and consultation to core team members.

Core Team Meeting Participation and Attendance

Attendance at core team meetings: Liaisons are to attend their identified school district's core team meetings as scheduled with a minimum of two meetings per month. A liaison is encouraged to attend additional meetings that may be scheduled. If extenuating circumstances apply that prevent the liaison from participating in person (school delay, inclement weather, transportation problems, etc.), the SAP liaison's supervisor should make alternative arrangements for liaison representation and/or participation in the core team meeting.

Attendance at team maintenance: Liaisons are to attend their identified school district's team maintenance meetings as scheduled within the school year.

Westmoreland County SAP Assessment Procedures

Following proper parental and/or youth written consent, the Westmoreland County SAP Liaison utilizes a Mental Health/Drug & Alcohol Assessment for students referred to the school's SAP core team; the following procedures apply to the SAP liaison assessment process:

Assessment: Westmoreland County SAP Liaisons are responsible for completing a Mental Health/Drug & Alcohol SAP Assessment; this is a face-to-face interview between the referred student and the SAP liaison; the parent/guardian is included in the interview process but not required by the state SAP guidelines. Parent participation is at the final discretion of the assessment provider. The Mental Health/Drug & Alcohol SAP Assessment and interview is conducted at the school setting during regular school hours unless other arrangements and/or accommodations have been made. The purpose of the assessment process and interview is to gather information from the student and parent/guardian (if present) related to the child's behavior, emotions, and available school-based data as well as other identified areas of concern impacting identified barriers to learning. The assessment determines the youth and family strengths and needs, recommended services and/or supports, and assists in linkage to services when appropriate. The assessment may also determine if a referral to the drug and alcohol case manager is needed for other assessment.

All liaisons are to keep completed student assessments in a secure file and/or securely located within their provider organization; liaisons will be responsible for keeping all student assessment documentation for a period of a minimum of six (6) years following the student's assessment.

Referral for assessment process: Once a SAP referral is made and a written parental consent is received by the SAP core team, the core team determines whether or not the referral meets the need for SAP liaison assessment. If a referral is determined to meet the need of liaison assessment, it will be the SAP liaison responsibility to contact the parent/guardian to provide an explanation of the assessment interview process and to answer any questions they may have, only after the SAP liaison has a signed SAP permission and completed referral form. The SAP liaison will reach out to the family within 24-48 hours to begin the process of scheduling an assessment. The SAP liaison maintains control of their schedule and will schedule the assessment at the earliest convenience of the family/guardian. If extenuating circumstances exist such as student absence, school closure, or if the parent/guardian cannot be reached by phone, the liaison shall document all attempts made to schedule the assessment. The assessment is a face-to-face interview with the youth; it is best practice to include the parent/guardian in the interview and assessment process. Exceptions can only be made with approval from a SAP Supervisor or Department Manager. Recommendations shall not be given to the core team prior to the completion of the SAP liaison assessment.

Assessment Recommendations: Following a SAP liaison assessment, the SAP liaison shall discuss the assessment results and the recommendations for behavioral health supports and services with the parent and youth; with written consent, the liaison may provide assistance in the identification and referral to community treatment and/or support services as appropriate.

The SAP liaison will then provide the assessment recommendations in writing via email or at the next core team meeting.

SAP Liaison Follow Up: Following the assessment and discussion with the parent and youth regarding the recommended services and supports the SAP liaison shall conduct a follow up phone call with the parent/guardian **within 5 days** to determine if the recommended services were accessed and to identify any barriers that may exist. Phone calls to the parent or guardian will be made again every 30 days following the assessment until the end of the school year; written communication will be acceptable if the liaison is unable to contact the family by phone in a timely manner; all attempts will be documented in the child's SAP assessment record. The goal of continued communication is to close the loop for those student awaiting services.

Postvention Assistance: The SAP liaison is available to their assigned school for the consultation and/or assistance when requested with "postvention" efforts in the event of any tragic death including the suicide of a student, teacher, or community member that would adversely affect the school community. Liaisons are also available for linking schools and/or families with community services for emergency crisis assistance as needed, including the Emergency Behavioral Health Team (EBH-formally known as Disaster Coordination Outreach and Referral Team DCORT). EBH support can be accessed by calling the Crisis Hotline at 1-800-836-6010.

To ensure a timely response for postvention and/or urgent crisis events, the SAP liaison shall provide each school district core team and school principal the SAP liaison crisis response plan by September 30th of each year; the plan shall include phone numbers to reach the liaison and their supervisor in the event of an emergency or crisis event. A copy of each plan will be provided to the Westmoreland County BH/DS office. The plan is to be reviewed verbally with each team and building administrator upon completion. A copy of the crisis plan will be kept in the school's files.

Other SAP responsibilities: All SAP liaisons will receive training by a State Approved Student Assistance Program Trainer; in addition, each liaison shall receive training in drug and alcohol confidentiality and have knowledge in substance use and addiction of drugs and alcohol. There may be additional liaison meetings scheduled according to training needs or special circumstances.

SAP Liaisons are responsible for the timely submission of data to the SAP Supervisor; the SAP supervisor will submit data to the Westmoreland County DHS and the SAP Coordinator (SVCPP). Liaisons will utilize the county approved documentation forms for the processing of assessments, session notes, tracking forms, and parent consent forms; documentation shall be legible and kept in an organized manner.

The Westmoreland County Department of Human Services Office will be responsible for the coordination of SAP liaison meetings; these meetings shall be scheduled in collaboration with SAP stakeholders and occur at least three times per year (or less at the discretion of the Westmoreland County Department of Human Services Office). All SAP liaisons and supervisors are required to participate in these liaison meetings.

On an annual basis, a meeting shall be held with agency administrators and key SAP system stakeholders for the purpose of reviewing SAP policies, procedures, data, outcomes and to determine system needs and goals; this meeting is required for SAP supervisors and agency administrative staff members.

Conflict Resolution Process and Procedures: Westmoreland County Department of Human Services Office has a Conflict Resolution Policy and Procedure in place when a conflict arises between a school district SAP team and their assigned SAP liaison and/or drug & alcohol case manager. The procedure promotes resolution of all differences through verbal communication however, when this cannot be accomplished, there is a procedure in place to address the conflict and all concerns.

Westmoreland Casemanagement (WCSI), Westmoreland Drug and Alcohol Commission (WeDAC), and Saint Vincent College Prevention Projects (SVCPP) have a conflict resolution form when a conflict arises between the SAP Liaisons, D&A Case Manager, or D&A Liaisons, and the school SAP core team. This conflict form will be filled out by the individual and shared with all SAP Stakeholders listed above. A collaborative effort will be made between all stakeholders to reach an agreeable resolution.

County Program Responsibilities: The Westmoreland County Department of Human Services Office shall conduct annual monitoring of the SAP liaison program which shall include an on-site visit and review of the SAP liaison personnel file, training records, and all child assessment documentation. The SAP provider agency shall receive advance written notification of the annual monitoring visit at least two weeks prior to the on-site review.

On an annual basis, the Westmoreland County Department of Human Services – Behavioral Health Office shall develop Letters of Agreement that outline the provision of services that will be provided to the school building/district; each agreement shall be signed annually by the school administrator and a copy shall be kept at the Westmoreland County Department of Human Services Office. Westmoreland County Department of Human Services will share these signed agreements with Westmoreland Drug and Alcohol Commission Inc.

Additional SAP Services Available to Participating School Buildings

Check and Connect (WCSI)

Through Check and Connect, SAP Liaisons ensure that students have a safe and confidential space to discuss any challenges they may be facing, whether academic, social or personal. These individual check-ins are tailored to the unique needs of each student and are determined by the student or parent during the time of assessment and as part of the SAP Liaison recommendations. These check-ins help identify early signs of distress, and allow for timely interventions and the provision of appropriate resources and support. Through their compassionate engagement, SAP Liaisons will foster a positive school relationship, promote resilience and help students navigate their educational journey with the tools needed to do so with ease.

Westmoreland Drug and Alcohol SAP Liaison Procedures (SVCPP)

The of Drug and Alcohol SAP Liaison services will be determined between Saint Vincent College Prevention Projects and Westmoreland County School Districts. The Drug and Alcohol SAP Liaison is an ad hoc member of the SAP core team who is able to assist in appropriate linkage to intervention or drug and alcohol assessment. Following proper written parental consent, the Saint Vincent College Prevention Projects Drug and Alcohol SAP Liaison utilizes a drug and alcohol screening for students referred to the SAP core team; the following procedures apply to the Drug and Alcohol SAP liaison screening process:

Screening: The Drug and Alcohol SAP Liaison is responsible for completing a Drug and Alcohol screening; this is a brief, face-to-face interface with the goal of evaluating the possible presence of a particular problem or problems. This process adheres to all state SAP guidelines and creates a safe, confidential space for the student to share. The screening is conducted at the school during school hours unless other arrangements or accommodations have been made. screening will determine if no support is needed or if linkage to prevention, intervention or a drug and alcohol assessment is appropriate.

Attendance at meetings: The Drug and Alcohol SAP Liaison will be present at all core team meetings and all team maintenance trainings, as schedule permits.
