Weeping Water Honor Wall

Guidelines for Nomination and Selection

Purpose

The purpose of the Weeping Water Public Schools Honor Wall is to recognize and honor those Weeping Water individuals, alumni, teams, and groups who helped to bring honor, recognition, distinction and excellence to Weeping Water Public Schools and the larger community. This recognition will help maintain the spirit, pride, and sense of community as well as serving as a historical account of the great traditions of Weeping Water.

Eligibility for Nomination

Nomination is open to individuals, teams, and groups who have participated with distinction, won state-wide championships, and/or made significant contributions to Weeping Water Public Schools or the larger community. Nomination is also open to alumni whose outstanding post high school achievements have brought honor upon Weeping Water Public Schools and the community.

Nomination Process

Step 1

A candidate may be nominated for Honor Wall membership by any member of the community. Formal nomination shall be made using the nomination form prescribed for such purpose and made available to the public. The nomination form must be received by the school by October 1st.

Step 2

Application packets will be sent to the nominee by the school district. All applications are to remain confidential, to be shared among the members of the Advisory Board only. Information relating to a nominee's career statistics, records, achievements, etc. must be supported by accompanying documentation or sources cited so that the information may be verified independently. All application packets from the nominee must be received by the school district by December 31st of the nominating year, in order to be considered for induction at the end of year awards convocation. Both the nomination form and the application packet will be available through the school district or on the web site.

Advisory Board

The Advisory Board Members shall be comprised of people from the following list:

- The WWPS Board of Education President or their designee. Any designee must be a Board of Education Member. This individual serve as a standing Board Member and Chairperson
- Current WWPS Building Administrator
- Current WWPS Activities Director
- Current WWPS Certified Faculty Member
- Retired or former WWPS Certified Faculty Member
- Current WWPS Foundation Member
- WW Booster Club Member
- Local business owner/community leader

All Advisory Board Members shall be appointed by the WWPS Superintendent. At any time, there shall be no fewer than 8 members and no more than 12 members.

Election Process

All nominations will be reviewed by a committee of three Weeping Water Board of Education Members and the WWPS Superintendent. This initial review is to ensure the nominations meet the basic criteria for the Honor Wall. Those nominations will be advanced to the Advisory Board for consideration. The advancement of nominations should not be considered an endorsement of any application. It ensures the application meets the board of education's minimum standards of bring honor, recognition, distinction and excellence to Weeping Water Public Schools and the larger community. Rejected applications will be informed in writing that their application did not meet the minimum standards. The advancement of applications must be completed no later than February 1st.

The Advisory Board Members shall meet at a time determined by the Chairman in order to nominate, review, and elect candidates. All applications must be considered and voted on prior to April 1st. The quorum for any meeting at which selection of candidates shall take place shall be a majority of members. Background information on each nominee should be distributed to Advisory Board Members prior to the meeting and members should familiarize themselves with the nominees prior to voting. Each Advisory Board Member shall have one vote and all votes shall carry equal weight. In order to gain election, a candidate is required to receive a number of votes equal to 75% of those members present at the meeting.

Discussions and the individual votes of the Advisory Board are confidential. Any questions about the discussion or the outcome of the vote must be directed to the chairman. The chairman can provide a broad overview of the discussion that led to the approval or rejection of the application.

If, in the opinion of the Advisory Board Members (as evidenced by failure to obtain the 75% threshold described above), no candidate nominated in a particular year is worthy of election to the Hall, so be it; it is not necessary to induct new members each year. At the same time, there shall be no limit on the number of members who may gain admission in a given year.

Induction Ceremony

The induction ceremony shall take place at the school's end of year awards convocation. If the awards convocation does not occur, the school may consider alternatives for the ceremony.

Prairie Mechanical Corporation would like to thank you for the opportunity to provide you with the following maintenance program.

Proper maintenance can save an estimated 12-18% of your operating budget compared to a run-to-fail approach. This service agreement is structured to assist you in capturing those savings. Our primary goal is to help you control your overall maintenance costs via an optimum blend of predictive, diagnostic, and scheduled maintenance services.

Routinely maintaining your mechanical equipment improves equipment reliability, extends equipment life, and reduces energy consumption. Prairie Mechanical works with our clients to create a maintenance plan that is specific to their operational constraints and/or needs.

Many of our technicians hold MSCA Star Certifications through the Mechanical Service Contractors of America. Continuously trained through our United Association affiliation, they stay current on the most advanced technologies. To further develop our service technicians and provide value to our clients, many technicians are sent to manufacturer specific equipment training to provide factory authorized start-up and warranty services.

Weeping Water Public School will be assigned a Primary Service Technician. This technician will be performing the service and repair functions on all of your HVAC equipment whenever possible. In the event the primary technician is not available, we will assign a secondary technician. Shannon Hershey is your dispatcher.

To the Weeping Water School and Community:

It is with deep sadness that I announce I will be resigning my positions as volleyball coach and elementary school teacher effective at the end of my 20-21 contract.

This school and this town are truly special places, full of people who want the best and are constantly looking for the ways to improve themselves and their environment. I am leaving this place exclusively to spend more time with my family.

Thank you for welcoming me into your town and your lives. I will miss being here day-to-day, but you'll still see me supporting the students and athletes from the sideline.

In gratitude:

Ty Peteranetz
