**15 - 25 Ton General**

The units shall be dedicated downflow or horizontal airflow. The operating range shall be between 115°F and 40°F in cooling as standard from the factory for all units. Cooling performance shall be rated in accordance with AHRI testing procedures. All units shall be factory assembled, internally wired, fully charged with R-454B, and 100 percent run tested to check cooling operation, fan and blower rotation and control sequence, before leaving the factory. Wiring internal to the unit shall be colored and numbered for simplified identification. Units shall be UL listed and labeled, classified in accordance to UL 1995/C 22.2, 236-05 5rd Edition. Unit shall be furnished with a leak detection system from the factory. The leak detection system shall consist of one or more refrigerant detection sensors. When the system detects a leak, the unit controller shall initiate mitigation actions.

15 - 25 Ton Casing

Unit casing shall be constructed of zinc coated, heavy gauge, galvanized steel. Exterior surfaces shall be cleaned, phosphatized, and finished with a weather-resistant baked enamel finish. Unit's surface shall be tested 672 hours in a salt spray test in compliance with ASTM B117. Cabinet construction shall allow for all maintenance on one side of the unit. In order to ensure a water and air tight seal, service panels shall have lifting handles and no more than three screws to remove. All exposed vertical panels and top covers in the indoor air section shall be insulated with a 1/2", 1.0 lbdensity foil-faced, fire-resistant, permanent, odorless, glass fiber material. The base of the downflow unit shall be insulated with 1/2", 1.0 lbdensity foil-faced, closed-cell material. The downflow unit base pan shall have no penetrations within the perimeter of the curb other than the raised 1 1/8"high supply/return openings to provide an added water integrity precaution, if the condensate drain backs up. The base of the unit shall have provisions for forklift and crane lifting.

15 - 25 Ton Compressors

All units shall have direct-drive, hermetic, scroll type compressors with centrifugal type oil pumps. Motor shall be suction gas-cooled and shall have a voltage utilization range of plus or minus 10 percent of nameplate voltage. Internal overloads shall be provided with the scroll compressors. All models shall have phase monitors and low and high pressure control as standard.

15 - 25 Ton Controls

Unit shall be completely factory wired with necessary controls and contactor pressure lugs or terminal block for power wiring. Unit shall provide an external location for mounting a fused disconnect device.

15 - 25 Ton Discharge Line Thermostat

A bi-metal element discharge line thermostat is installed as a standard option on the discharge line of each system. This standard option provides extra protection to the compressors against high discharge temperatures in case of loss of charge, extremely high ambient and other conditions which could drive the discharge temperature higher. Discharge line thermostat is wired in series with high pressure control. When the discharge temperature rises above the protection limit, the bi-metal disc in the thermostat switches to the off position, opening the 24 Vac circuit. When the temperature on the discharge line cools down, the bi-metal disc closes the contactor circuit, providing power to the compressor.

15 - 25 Ton Evaporator and Condenser Coils

Microchannel coils will be burst tested by the manufacturer. Internally finned, 5/16" copper tubes mechanically bonded to a configured aluminum plate fin shall be standard for evaporator coils. Microchannel condenser coils shall be standard on all units. Coils shall be leak tested to ensure the pressure integrity. The evaporator coil and condenser coil shall be leak tested to 225 psig and pressure tested to 450 psig. Sloped condensate drain pans are standard.

15 - 25 Ton Filters

2" standard filters shall be factory supplied on all units.

15 - 25 Ton High Pressure Control

All units include High Pressure Cutout as standard.

**15 - 25 Ton Indoor Fan**

Units above shall have belt driven, FC centrifugal fans with adjustable motor sheaves. Units with standard motors shall have an adjustable idler-arm assembly for quick-adjustment of fan belts and motor sheaves. All motors shall be thermally protected. Oversized motors shall be available for high static application. All indoor fan motors meet the U.S. Energy Policy Act of 1992 (EPACT).

15 - 25 Ton Low Pressure Control

All units include Low Pressure Cutout as standard.

15 - 25 Ton Outdoor Fans

The outdoor fan shall be direct-drive, statically and dynamically balanced, draw-through in the vertical discharge position. The fan motor(s) shall be permanently lubricated and shall have builtin thermal overload protection.

15 - 25 Ton Phase Monitor

The Phase Monitor is a three-phase line monitor module that protects against phase loss, phase reversal and phase unbalance. It is intended to protect compressors from reverse rotation. It has an operating input voltage range of 190-600 Vac, and LED indicators for ON and FAULT. There are no field adjustments and the module will automatically reset from a fault condition.

15 - 25 Ton Refrigerant Circuits

Each refrigerant circuit shall have independent fixed orifice, service pressure ports, and refrigerant line filter driers factory installed as standard. An area shall be provided for replacement suction line driers.

15 - 25 Ton Unit Top

The top cover shall be double hemmed and gasket sealed to prevent water leakage.

15 - 25 Ton Multi-Speed Indoor Fan System

Multi-speed indoor fan system is designed for use in applications for meeting the minimum requirement of CA Title 24. This system incorporates a multi-speed fan control to change the speed of the fan to 66% of full airflow based off of compressor stages.

15 - 25 Ton Barometric Relief

Designed to be used on downflow units, barometric relief is an unpowered means of relieving excess building pressure.

79-724. Committee on American civics; created; duties; school board, State Board of Education, and superintendent; duties.

It is the responsibility of society to ensure that youth are given the opportunity to become competent, responsible, patriotic, and civil citizens to ensure a strong, stable, just, and prosperous America. Such a citizenry necessitates that every member thereof be knowledgeable of our nation's history, government, geography, and economic system. The youth in our state should be committed to the ideals and values of our country's democracy and the constitutional republic established by the people. Schools should help prepare our youth to make informed and reasoned decisions for the public good. Civic competence is necessary to sustain and improve our democratic way of life and must be taught in all public, private, denominational, and parochial schools. A central role of schools is to impart civic knowledge and skills that help our youth to see the relevance of a civic dimension for their lives. Students should be made fully aware of the liberties, opportunities, and advantages we possess and the sacrifices and struggles of those through whose efforts these benefits were gained. Since young people are most susceptible to the acceptance of principles and doctrines that will influence them throughout their lives, it is one of the first duties of our educational system to conduct its activities, choose its textbooks, and arrange its curriculum in such a way that the youth of our state have the opportunity to become competent, responsible, patriotic, and civil American citizens.

(1) The school board of each school district shall, at the beginning of each calendar year, appoint from its members a committee of three, to be known as the committee on American civics, which shall:

(a) Hold no fewer than two public meetings annually, at least one when public testimony is accepted;

(b) Keep minutes of each meeting showing the time and place of the meeting, which members were present or absent, and the substance and details of all matters discussed;

(c) Examine and ensure that the social studies curriculum used in the district is aligned with the social studies standards adopted pursuant to section 79-760.01 and teaches foundational knowledge in civics, history, economics, financial literacy, and geography;

Nebraska State Social Studies Standards were approved by the state board November, 2019. We are working on 6-12 alignment to standards- have asked teachers to map current curriculum to new standards. February 14, during district PD, 6-8 and 9-12 will meet to look at their current courses and determine missing standards, then will meet 6-12 to look at alignment and suggest any necessary changes.

K-5 chose to renew previously used materials for an additional year to allow more time (given school closure in March 2020) to find materials more closely aligned to NE state standards. K-5 S.S. curriculum review committee has met and have begun to narrow options to do a more in depth review of beginning in January.

6-8 is also reviewing new materials. They have identified instructional shifts that need to take place to be inline with standards (ex. 8th has to get to gilded age in US history, etc) Will begin an in depth review in January.

Both K-5 and 6-8 will purchase materials for implementation in fall 2021

9-12 identified econ and geography standards not fully met in the new standards and have considered some course changes for 2021-22 to address those standards.

K-1 Social studies standards will be met through our CKLA materials.

2-5 will be implementing HMH Into Social Studies materials Fall 2021.

6-8 will be implementing TCI materials Fall 2021.

9th grade will be using HMH materials beginning Fall 2021. Beginning in the 2022 school year, Economics and Geography (semester each). An additional 5 semesters of credits will be required for graduation.

All curriculum materials have been reviewed and mapped to ensure that all standards are being covered. Personal Finance/Economics and Geography were taught during the 2022-23 school year and all students graduating this next year will have completed these requirements.

All curriculum is being taught following the district curriculum maps covering all standards.

New Social Studies standards will come from NDE this Fall. We will be reviewing curriculum and materials at this time.

(d) Review and approve the social studies curriculum to ensure that it stresses the services of the men and women who played a crucial role in the achievement of national independence, establishment of our constitutional government, and preservation of the union and includes the incorporation of multicultural education as set forth in sections 79-719 to 79-723 in order to instill a pride and respect for the nation's institutions and not be merely a recital of events and dates;

6-12 curriculum will be recorded on common templates and will include a column to show connections to this statute. This curriculum will be shared with this committee when completed.

6-12 are working on the templates using the new materials. They will be shared with the committee when completed.

6-12 have completed all curriculum templates.

All curriculum is being taught following the district curriculum maps covering all standards.

(e) Ensure that any curriculum recommended or approved by the committee on American civics is made readily accessible to the public and contains a reference to this section;

See above; curriculum templates will be placed on the district website for public access.

Curriculum templates will be added to the website this summer.

Curriculum templates have been added to the website.

(f) Ensure that the district develops and utilizes formative, interim, and summative assessments to measure student mastery of the social studies standards adopted pursuant to section 79-760.01;

Once the K-8 materials have been selected, an assessment plan will be developed.

Assessment plans for K-8 will be developed this year.

Assessments have been developed at every grade level and are noted on the curriculum templates and pacing guides.

Developed assessments plans are being followed.

(g) Ensure that the social studies curriculum in the district incorporates one or more of the following for each student:

6-12 Social Studies departments have chosen option 1. All students in Government at the high school took this assessment this semester or will take next semester. All 8th grade students will take this assessment prior to the end of the year. Scores on the test will be recorded in Power School, but will not be counted in a students' grade.

Lex's option: (i) Administration of a written test that is identical to the entire civics portion of the naturalization test used by United States Citizenship and Immigration Services prior to the completion of eighth grade and again prior to the completion of twelfth grade with the individual score from each test for each student made available to a parent or guardian of such student;

All 8th grade and 12th grade students took this assessment this year and scores were recorded in Power School.

All 8th grade and 12th grade students took this assessment this year and scores were recorded in Power School.

(ii) Attendance or participation between the commencement of eighth grade and completion of twelfth grade in a meeting of a public body as defined by section 84-1409 followed by the completion of a project or paper in which each student demonstrates or discusses the personal learning experience of such student related to such attendance or participation; or

(iii) Completion of a project or paper and a class presentation between the commencement of eighth grade and the completion of twelfth grade on a person or persons or an event commemorated by a holiday listed in subdivision (6) of this section or on a topic related to such person or persons or event; and

(h) Take all such other steps as will assure the carrying out of the provisions of this section and provide a report to the school board regarding the committee's findings and recommendations.

(2) All social studies courses approved for grade levels as provided by this section shall include and adequately stress contributions of all ethnic groups to (a) the development and growth of America into a great nation, (b) art, music, education, medicine, literature, science, politics, and government, and (c) the military in all of this nation's wars.

This will be reflected in curriculum templates created for each 6-12 course.

These topics are reflected in the curriculum templates.

(3) All grades of all public, private, denominational, and parochial schools, below the sixth grade, shall devote at least one hour per week to exercises or teaching periods for the following purpose:

(a) The discussion of noteworthy events pertaining to American history or the exceptional acts of individuals and groups of Americans;

These topics are covered in Wonders materials and writing time for K-5. In addition, K-1 students are scheduled for 90 minutes of social studies time per week, 2-3 students are scheduled 140 minutes per week and 4-5 are scheduled for 150 minutes per week.

These topics are covered in CKLA units for K-5. In addition, K-1 students are scheduled for 90 minutes of social studies time per week, 2-3

students are scheduled 140 minutes per week and 4-5 are scheduled for 150 minutes per week.

(b) The historical background, memorization, and singing of patriotic songs such as the Star-Spangled Banner and America the Beautiful;

School Wellness Policy

The school district is committed to providing a school environment that enhances learning and the development of lifelong wellness. The goals outlined in this policy were determined and selected after reviewing and considering evidence-based strategies.*

1. Goals for Nutrition Promotion and Education

- a. The district will promote healthy food and beverage choices for all students, as well as encourage participation in school meal programs by such methods as implementing evidence-based healthy food promotion techniques through the school meal programs and promoting foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards.
- b. The health curriculum will include information on good nutrition and healthy living habits.
- c. Teachers will incorporate information on nutrition and wellness into the classroom curriculum as appropriate.
- d. The district will collaborate with public and private entities to promote student wellness.
- e. Water will be made available to students throughout the school day.

2. Goals for Physical Activity

- a. The school district's curriculums shall include instruction on physical activity and habits for healthy living.
- b. Students will be encouraged to engage in physical activities throughout the school day and will be provided with opportunities to do so.
- c. The district encourages parents and guardians to support their children's participation in physical activity, to be physically active role models, and to include physical activity in family events.

3. Goals for Other School-Based Activities Designed to Promote Student Wellness

- a. The district will participate in state and federal child nutrition programs as appropriate.
- b. The district will provide professional development, support, and resources for staff about student wellness.
- c. Students will be provided sufficient time in which to eat school-provided meals.
- d. The district's lunchrooms will be attractive and well-lighted.
- e. The district will allow other health-related entities to use school facilities for activities such as health clinics and screenings so long as the activities meet the district's requirements and criteria for the use of facilities.
- f. The district may partner with other individuals or entities in the community to support the implementation of this policy.
- g. The district will strive to provide physical activity breaks for all students, recess for elementary students, and before and after school activities, as well as encourage students to use active transport (walking, biking, etc.)
- h. The district will use evidence-based strategies to develop, structure, and support student wellness.

4. Standards and Nutrition Guidelines for All Foods and Beverages Sold to Students on the School Campus and During the School Day

- a. The district will ensure that student access to foods and beverages meet federal, state and local laws and guidelines including, but not limited to:
 - i. USDA National School Lunch and School Breakfast nutrition standards
 - ii. USDA Smart Snacks in School nutrition standards.

-
- b. The district will offer students a variety of age-appropriate, healthy food and beverage selections with plenty of fruits, vegetables, and whole grains aimed at meeting the nutrition needs of students within their calorie requirements in order to promote student health and reduce childhood obesity.

5. Standards for All Foods and Beverages Provided, But Not Sold to Students During the School Day

The district may provide a list of healthy party ideas or food and beverage alternatives to parents, teachers, and students for classroom parties, rewards and incentives, or classroom snacks. The district discourages the use of food and beverages as a reward or incentive for performance or behavior.

6. Food and Beverage Marketing

Marketing and advertising is only allowed on school grounds or at school activities for foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards, except as follows:

- a. This requirement does not apply to marketing that occurs at events outside of school hours such as after school sporting or any other events, including school fundraising events.
- b. The district will not immediately replace menu boards, coolers, tray liners, beverage cups, and other food service equipment with depictions of noncompliant products or logos to comply with the new USDA Smart Snacks in Schools nutrition requirements. All previously purchased products will be used, and all existing contracts honored.
- c. All equipment that currently displays noncompliant marketing materials will not be removed or replaced (e.g., a score board with a Coca-Cola logo). However, as the district reviews and considers new contracts, and as scoreboards or other such durable equipment are replaced or updated over time, any products that are marketed and advertised will meet or exceed the USDA Smart Snacks in School nutrition standards

7. Public Participation

~~Parents, students, representatives of the school food authority,~~
teachers, school health professionals, board members, school administrators, and members of the general public shall be allowed to provide their input to the school district during the wellness policy adoption and review process.

8. Competitive Foods (Includes Food and Beverages Sold in Vending Machines, School Stores, Fundraisers or in Competition with the National School Lunch and Breakfast Programs)

- a. Except as otherwise allowed by the Nebraska Department of Education (NDE), all foods and beverages sold during the school day as part of a fundraiser or for any other purpose in competition with the National School Lunch and Breakfast Programs must meet the nutrition standards of those programs.
- b. Fundraiser food or beverages are NOT exempt from the USDA Smart Snacks in School nutrition standards. Therefore, if food is sold as a fundraiser:
 - (1) It shall not be sold in competition with school meals in the food service area during the meal service.
 - (2) It shall not be sold or otherwise made available to students anywhere on school premises during the period beginning one half hour prior to the serving period for breakfast and/or lunch and lasting until one half hour after the serving of breakfast and/or lunch.
 - (3) The sale of food items during the school day shall meet the USDA Smart Snacks in School nutrition requirements
 - (4) This restriction does not apply to food sold during non-school hours, weekends, and off-campus fundraising events such as concessions during after-school sporting events, school plays or concerts; or to bulk food items that are sold for consumption at home. (Ex: frozen pizzas, cookie dough tubs, etc.)

9. Triennial Assessment

~~The school board shall assess and review this policy at least every three years to determine:~~

- a. Compliance with this policy;
- b. How this policy compares to NDE model wellness policies;
- c. Progress made in attaining the goals of this policy.

The school board will update or modify this policy as appropriate.

10. Public Notice

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of this policy at least annually to the public and other stakeholders identified in this policy by one or more of the following methods: on its webpage, in its newsletter, in the student and employee handbooks, newspaper advertisements, direct mailings, electronic mail, and public postings.
