East Tennessee Foundation Proposal – Per Solomon Fund Advisory Board

26-27 G. Wayne and Margaret S. Solomon Funding Proposal

Renaissance Foundation (10,000.00) – The Renaissance Program at WCHS strives to incentivize student achievement and classroom engagement. This is an opportunity to enhance teachers' capacities to teach by providing them with more motivated and focused students. Teachers also provide non-traditional class opportunities by getting graduating seniors to College Campuses they have applied to attend. This further extends the immediate importance of our Career Exploration and Work-Based Learning Classes. Renaissance also provides teacher appreciation opportunities, including, but not limited to, Faculty Breakfast/Lunch and Teacher of the Month/Year Celebrations. It is a vital part of our School and Culture.

Beta Club (10,000) - The Beta Club at WCHS works with the National Beta Society to provide opportunities for our students and teachers to gain recognition that can lead to scholarships and stipends for both. Last year, WCHS had students recognized in the State Beta Convention for excellence. This program allows teachers to maintain student engagement, with real-world benefits for both teachers and students.

Department Budgets (16,500.00) – We have money left from last year; in accordance with our past agreement, these budgets will be reduced to reflect the current balance in the teacher's accounts.

Departments WCHS

1. ELA	2000.00
• Drama	1000.00
• Library / Media Specialist	1,000.00
2. Math	2000.00
3. Science	2000.00
4. Social Studies	1000.00
5. Wellness / PE	1000.00
6. Foreign Language	500.00
7. Business and Marketing	2000.00
8. Attendance	2000.00
9. Special Education	2000.00
10. Music / Band	2000.00
11. Guidance / Office	2000.00

Total	18500.00
-------	----------

Safety / Security (15,000.00) - This total includes signs and displays that provide emergency service notification to our school and community in case the need arises. It also addresses the lighting issues identified in our safety audit by our SRO and Homeland Security. This year we will also be adding window coverings for security in classrooms located on the student parking side of the building. (We began this last year and will continue)

Outdoor Classroom / Amphitheater (20,000.00) - This money is to be used to continue upkeep and maintenance on our two outdoor areas. While both provide tremendous opportunities to expand our teachers' capacity to teach, the outdoor areas require extensive upkeep to ensure student safety and security in the outdoor learning spaces. We require gravel, bush hogging, pest removal, and facility upgrades/upkeep.

Campus Transportation Materials, Students, and Supplies (20,000.00) – Science Teachers have requested a “Gator Type” Vehicle to handle transportation of students to restroom facilities and outdoor areas otherwise not accessible to them. We may be able to partner with MCCTC on this purchase. I will contact Mr. Shannon to discuss on approval.

Teacher Academic Awards / Student Incentive Program (20,000.00) – Refer to the document outlining this program. To date, it has made a great difference in student engagement, and teachers report students are much more focused, and classroom disruptions are down almost 50% year over year.

CTE Positions (115,000.00) – This position has been outlined in the Criminal Justice Document. However, we are changing the main elective offerings for this course to modernize our classroom for the new economy through our Graphic Design/Web Design classes, with a strong emphasis on using Artificial Intelligence as a tool to enhance productivity. With the committee’s approval, we will make this change to reflect the changes in economic opportunities for our students. It will provide a more motivated student and allow the teacher to have a more meaningful real-world experience. / JAG Program from 25-26

Teacher Training and Travel (15,000.00) - This will include our teacher and administrative training related to our Responsibility Centered Discipline program, as well as our School Safety Conferences for our Security Team scheduled for the Fall Semester. We also

After School Salaries (25,000.00) - Our after-school program is growing, and we are working to continue expanding it to provide improved incentives for our teachers to promote student success, especially in EOC-tested areas. The program includes Math Department Tutoring, English Department Tutoring, open Wellness facilities, and our discipline/detention program.

STEM Supplies (5,000.00) - This includes the materials for our STEM materials related to our 3D printer and teacher presentation tools

Club Enhancements (10,000.00) - This includes our Travel Club (Trip to Italy), History Club, Pathfinder Club, Art Club, Drama Club (Trips Only), and Broadcast Journalism Club.

Educator Development and Support (50,000.00) – See attached job description

New Sign for School (20,000.00) – The sign will be placed on the front lawn to improve communication for students and the community at large; it will also work with our Student/Teacher Recognitions. We will replace the existing sign with a design approved by the Solomon Committee once all samples are complete and artwork is returned.

Total Request for 25-26 (353,500)

Funds Carried from 24-25 (as of May 28, 2026): 179,360.00.

I will include a breakdown of what those are and how we plan to utilize them moving forward, in accordance with the East TN Foundation/Solomon rules and regulations, in an attached document.

Paxton/Patterson learning systems offer a comprehensive solution for Career and Technical Education (CTE) programs in schools. By providing industry-aligned curriculum, authentic tools and equipment, lab design services, furniture, storage, delivery, installation, teacher training, and technical support, we ensure districts can offer a consistent, high-quality educational experience to all students. This not only fosters equity by providing access to CTE education but also ensures that all students receive training that aligns with industry standards, preparing them for future careers.

Paxton Patterson has 50+ learning college and career learning modules/labs to select, and each school can design learning experiences to align to their existing pathways, surrounding workforce needs, and student interest. Each learning system is customizable and flexible to meet the needs of the school district, workforce needs, and student interest.

1.1 Career Exploration Modules

Paxton Patterson is the sole providers of all Paxton/Patterson Learning Systems, including College & Career Ready Labs, Career Discovery Labs, Future Ready Labs, Health Science Careers, and Construction Career Labs.

Paxton/Patterson developed these learning systems with the written curriculum, interactive multimedia, and proprietary Learning Management System, along with the necessary components to bring to your school a complete program for College & Career Readiness. Our programs are fully and exclusively supported by our educational consultants, professional development team, implementation specialists, and customer service teams. All curriculum is copyrighted and the exclusive properties of Paxton/Patterson LLC.

Below are Paxton Patterson's current learning systems and module selection. All are available to customize and meet the needs of a school district. Levels II and III can be blended to build a comprehensive middle school and/or high school hands-on learning lab, stem lab, or college and career exploratory course.

F. Warranty

WARRANTY

Thank you for purchasing a Paxton/Patterson learning system. Your purchase includes warranty protection from defects in materials and workmanship when the learning system is used under appropriate educational conditions.

Key aspects of the warranty are:

- Your warranty period starts when your lab is delivered and ends one year later.
- Equipment which does not perform properly will be repaired or replaced with a new or remanufactured product. The replacement or repaired equipment remains under warranty for the balance of the original warranty period.

G. Technical Support

Technical Support :

- Your lab instructor will participate in our four-step professional development program, Register, Complete Online Lessons, 4 hour On-Site Support Session and Attend Regional Workshop(optional).
- Should your instructor have questions about the learning system after completing professional development, our technical support staff is available Monday – Friday 7:00am to 5:00pm central time. If needed our staff can also be available by appointment at other times to provide technical support to your instructor. Except in unusual situations, technical support can be quickly and conveniently accessed via telephone, email and use of our “desktop streaming” support technology.
- We have consistently found that when an additional instructor is assigned to a lab or a new instructor is hired to replace the instructor who had completed professional development, the new instructor definitely needs to complete professional development just as your first instructor did. New instructors need considerably more formal training to effectively use the learning system lab than our tech support staff can provide via telephone.

**Exclusions to this warranty include: (a) consumable materials like paints and finishes, batteries, sanding materials and worksheets, (b) failure caused by misuse or accidents, (c) theft or “mysterious” disappearance, (d) normal wear and tear on guidebooks, textbooks, videos and other printed materials, and (e) damaged or lost computer software – CDs and diskettes. In conformity with your district’s copyright law compliance policy we*

recommend that back-up copies be made of all computer software (CDs) exclusively for use in the learning system covered by this warranty.

1.2 Installation of Equipment

Our installation team are highly trained and will unpack, inventory, and “install” all modules and student stations as designed by the Paxton learning system.

Once the lab design is approved, we will deliver, install, and set up all equipment and supplies required for the Career Lab. This will include onsite teacher orientation to familiarize educators with the lab's layout and functionality. Installation of equipment will be in accordance with Manufacturer's installation instructions and recognized by industry practices to ensure intended function. Paxton's learning modules use basic electric within a given classroom and will not require any mechanical connections.

WARRANTY

Thank you for purchasing a Paxton/Patterson learning system. Your purchase includes warranty protection from defects in materials and workmanship when the learning system is used under appropriate educational conditions.

Key aspects of the warranty are:

- Your warranty period starts when your lab is delivered and ends one year later.
- Equipment which does not perform properly will be repaired or replaced with a new or remanufactured product. The replacement or repaired equipment remains under warranty for the balance of the original warranty period.

Technical Support:

- Your lab instructor will participate in our four step professional development program, Register, Complete Online Lessons, 4 hour On-Site Support Session and Attend Regional Workshop(optional).
- Should your instructor have questions about the learning system after completing professional development, our technical support staff is available Monday – Friday 7:00am to 5:00pm central time. If needed our staff can also be available by appointment at other times to provide technical support to your instructor. Except in unusual situations, technical support can be quickly and conveniently accessed via telephone, email and use of our “desktop streaming” support technology.
- We have consistently found that when an additional instructor is assigned to a lab or a new instructor is hired to replace the instructor who had completed professional development, the new instructor definitely needs to complete professional development just as your first instructor did. New instructors need considerably more formal training to effectively use the learning system lab than our tech support staff can provide via telephone.

**Exclusions to this warranty include: (a) consumable materials like paints and finishes, batteries, sanding materials and worksheets, (b) failure caused by misuse or accidents, (c) theft or “mysterious” disappearance, (d) normal wear and tear on guidebooks, textbooks, videos and other printed materials, and (e) damaged or lost computer software – CDs and diskettes. In conformity with your district’s copyright law compliance policy we recommend that back-up copies be made of all computer software (CDs) exclusively for use in the learning system covered by this warranty.*

PAXTON/PATTERSON (PP) LEARNING SYSTEMS CONTENT DELIVERY

PP will provide the Paxton Content Learning Management System for 60 months with a service start date to be set after installation by PP.

During the 60 months PP will:

- Provide access to Learning System content from modern browsers.
- Provide updates to Learning System content and to the Paxton Content Learning Management System.

During the 60 months it is likely that some 3rd party providers of equipment, software, and licensed assets included in your original purchase will upgrade their products. It is impossible to predict the scope of these potential future upgrades by 3rd party sources, therefore PP has not "built in" any costs for those items in the original purchase prices.

PP will advise you well in advance of the upgrade potentials being available, advising you of how the upgrade will enhance student learning and the costs of the upgraded equipment, software and/or licensed assets.

Most importantly, no purchase of upgraded equipment, software or licensed assets will be required at any time during the 60 months – because the PP learning system originally purchased will be supported during the entire 60 months.

The only time that it may be necessary to upgrade equipment, software or licensed assets is if your school chooses to upgrade to a newer operating system that is not compatible with the originally purchased 3rd party equipment, software, or licensed assets.

Bid Due Date: August 31st, 2026

Paxton/Patterson learning systems offer a comprehensive solution for Career and Technical Education (CTE) programs in schools. By providing industry-aligned curriculum, authentic tools and equipment, lab design services, furniture, storage, delivery, installation, teacher training, and technical support, we ensure districts can offer a consistent, high-quality educational experience to all students. This not only fosters equity by providing access to CTE education but also ensures that all students receive training that aligns with industry standards, preparing them for future careers.

Paxton Patterson has 50+ learning college and career learning modules/labs to select, and each school can design learning experiences to align to their existing pathways, surrounding workforce needs, and student interest. Each learning system is customizable and flexible to meet the needs of the school district, workforce needs, and student interest.

1.1 Career Exploration Modules

Paxton Patterson is the sole providers of all Paxton/Patterson Learning Systems, including College & Career Ready Labs, Career Discovery Labs, Future Ready Labs, Health Science Careers, and Construction Career Labs.

Paxton/Patterson developed these learning systems with the written curriculum, interactive multimedia, and proprietary Learning Management System, along with the necessary components to bring to your school a complete program for College & Career Readiness. Our programs are fully and exclusively supported by our educational consultants, professional development team, implementation specialists, and customer service teams. All curriculum is copyrighted and the exclusive properties of Paxton/Patterson LLC.

Below are Paxton Patterson's current learning systems and module selection. All are available to customize and meet the needs of a school district. Levels II and III can be blended to build a comprehensive middle school and/or high school hands-on learning lab, stem lab, or college and career exploratory course.

1.2 Installation of Equipment

Our installation team are highly trained and will unpack, inventory, and “install” all modules and student stations as designed by the Paxton learning system.

Once the lab design is approved, we will deliver, install, and set up all equipment and supplies required for the Career Lab. This will include onsite teacher orientation to familiarize educators with the lab's layout and functionality. Installation of equipment will be in accordance with Manufacturer’s installation instructions and recognized by industry practices to ensure intended function. Paxton’s learning modules use basic electric within a given classroom and will not require any mechanical connections.

SCHOOL PERSONNEL

All travel requires advanced authorization of the appropriate supervisor before any arrangements are made. Travel arrangements should be made for the most economical rate/fare available, consistent with circumstances.

TRAVEL RELATED EXPENDITURES

Morgan County Schools will pay a per diem of \$59.00 per full day for meals for conferences, conventions or any other approved travel. \$44.25 per diem will be paid on travel days and for single day travel for training outside of the district. Mileage will be paid at the current rate set by the state of Tennessee per mile and based on Google Maps. Request for per diem must be submitted on a form provided by the central office of Morgan County Schools and signed by the employee and appropriate supervisor.

One (1) week notice is required to receive a check if needed prior to travel. Holidays and school closings dates can affect this schedule. If for any reason travel is cancelled or employee fails to attend the employee is responsible for making a full refund to Morgan County Schools

Request for per diem and mileage must include:

1. A copy of the approved travel request signed by the appropriate supervisor
2. Number of days per diem is requested.
3. If mileage is requested documentation must be attached. Mileage is determined by using Google Maps. Expenses are paid for the shortest distance of travel.

Reimbursements

If for any reason a reimbursement is necessary the following is required:

1. A copy of the approved Travel Request signed by the Director of Schools
2. Proof of registration of conference, convention etc.
3. Itemized receipts
4. If mileage is requested documentation must be attached. Mileage is determined by using Google Maps. Expenses are paid for the shortest distance of travel.

HOTEL ACCOMODATIONS

- Hotel reservations shall be made by the individual employee.
- Central Office employees only may check out the credit card to pay for the hotel accommodations

- A detailed receipt from the hotel is required upon return along with the requisition to pay for the stay.
- The traveler must retain their itemized hotel receipt and submit them along with a completed requisition for payment to the secretary of the Director

BOARD MEMBERS

The members of the Board shall be paid for transportation, lodging, meals, and other pertinent expenses when traveling on business for the Board. Salary and other benefits shall be determined by the local funding body. Attendance at conventions or other educational meetings or travel for other school purposes shall be authorized in advance by the Board.²

Expenses shall be submitted to the director of schools' office within thirty (30) days of the date of completion of such travel. The rate of payment shall be the same as the rate for members of the professional staff. Expenses will be paid after completion of travel.

Monitoring: Review: Annually, in September	Descriptor Term: Surplus Property Sales	Descriptor Code: 2.403	Issued Date: 10/14/25
		Rescinds: 2.403	Issued: 06/06/94

The Director of Schools shall prepare a list of unusable items for board approval.¹ The list shall contain the following information: name of item, date of purchase, and reason for disposal.

All unusable items shall be sold to the highest bidder after advertising in a newspaper of general circulation at least seven (7) days prior to the sale.² Notice shall also be published on a news and information website in accordance with state law.³

Surplus property which has no value or has a value of less than five hundred dollars (\$500) may be disposed of without the necessity of bids. In order for such disposal without bids, the Director of Schools and the Board Chair shall agree in written form that the property is of no value or is of less value than five hundred dollars (\$500).⁴

If reasonable attempts to dispose of surplus properties fail to produce monetary return to the district, the Board shall approve other methods of disposal.⁵

Surplus equipment will be auctioned off by the district at the end of the school year. The Board shall approve all surplus equipment prior to the materials being disposed of at the end of the school year.

The board of education may also transfer surplus real or personal school property to the county or to any municipality within the county for public use, without the requirement of competitive bidding or sale.

DISPOSITION OF EQUIPMENT PURCHASED WITH FEDERAL DOLLARS⁶

When equipment that was purchased with federal dollars is no longer needed for the original project or program or for other activities currently or previously supported by a federal agency, disposition of the equipment shall be made as follows:

1. Items of equipment with a current per-unit fair market value of \$10,000 or less may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency; or
2. Items of equipment with a current per unit fair market value in excess of \$10,000 may be retained or sold, and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

Work Based Learning Program

Descriptor Code:

4.211

Issued Date:

01/09/18

Rescinds:

Issued:

Credit-bearing work-based learning activities are intended to serve as a capstone experience by which students can pursue the goals laid out in the required Plan of Study. Students practice and demonstrate the professional skills that are most valued by employers and postsecondary institutions and compile a portfolio of work samples and references that serve as evidence of their abilities. The Tennessee Department of Education (TDOE) policies address stand-alone credit-bearing experiences such as, but not limited to Apprenticeships, Clinical Internships, Service Learning classes, and Supervised Agriculture Experience.

Morgan County Schools will follow all TDOE General Policies for Credit-Bearing Work-Based Learning. (WBL). The policies establish minimum general requirements for any credit-bearing work-based learning opportunity.

Relation to Student's Plan of Study and Graduation Requirements:

Capstone WBL experiences and training must be aligned with the student's updated Plan of Study as required in State Board of Education (SBE) High School Policy, equate to a full-time equivalent credit, meet the standards of the Career Practicum or other WBL course in which they are enrolled, and facilitate intentional progress toward the attainment of knowledge and skills necessary to pursue the student's postsecondary and career goals.

Participating students must be on track to meet the requirements for graduation or program completion as adopted by the State Board and may earn WBL credit over the summer term as long as all WBL program requirements are met.

Students participating in WBL activities must be at least 16 years of age.

Students must demonstrate a 90% attendance rate unless otherwise agreed upon prior to the start of the WBL experience and deemed acceptable to the workplace mentor and WBL Coordinator.

Students must exhibit work readiness attitudes and skills as determined by the teacher and employer and consistent with the Tennessee Department of Education WBL Policy and Implementation Guides before beginning a WBL experience (SBE High School Policy 2.103).

1 If a student is enrolled in a capstone WBL placement for credit, the time spent at the WBL placement
2 may be considered school enrollment time as outlined in the TDOE Student Membership Procedures
3 Manual.

4 The capstone WBL course, Work-Based Learning: Career Practicum, may be used as the second, third,
5 or fourth course for any Career and Technical Education (CTE) Program of Study or area of focus, but
6 it does not count toward CTE Concentrator status. Students may earn up to six (^) credits per school year
7 in Work-Based Learning: Career Practicum during their junior and senior years. At least one (1) credit
8 must be earned through related classroom experience, which must include a minimum of two (2) hours
9 per week of classroom instruction. A minimum of 5 and one half (5.5) hours per week of supervised
10 work experience is required for one (1) additional credit, and a minimum of ten (10) hours per week for
11 two (2) additional credits. Students in capstone WBL experiences should earn credit through the Career
12 Practicum course or another appropriate WBL clinical or practicum course code. 1

13 Students earning credits for work experience must be supervised by a certified work-based learning
14 coordinator. Work-based learning programs must adhere to all state and federal child labor laws.

15 Prior approval must be obtained by the CTE Director or Special Education Director, respectively, before
16 students can be placed in occupations that require the use of Hazardous Occupations Exemption Form.

17 Morgan County Schools will follow the Work-Based Learning Policy Guide established by the
18 Tennessee Department of Education (TDOE) which includes the policies for the implementation of
19 credit-bearing work-based learning experiences.

Morgan County Board of Education

Monitoring: Review: Annually, in November	Descriptor Term: Technology Acceptable Use and Internet Safety Guidelines	Descriptor Code: 4.406	Issued Date: 09/07/21
		Rescinds: 4.406	Issued: 09/03/19

PURPOSE

Morgan County Schools provides students access to electronic resources that promote educational excellence, sharing of information, innovative instruction, and online communication to enhance learners' ability to live and work in the 21st century.

- The purpose of these guidelines is to ensure that users recognize the procedures which the school imposes on their use of the MCS network (wired and wireless), MCS PODNet, the Internet, e-mail, and release of student information.
- They are provided to help understand what constitutes acceptable behavior with the use of technology.
- These rules and guidelines detail acceptable use of the networks, the Internet, use of Artificial Intelligence (AI) and electronic information resources anywhere. All members of the MCS community (students and staff) are expected to comply with these standards.
- Due to the dynamic nature of technology, it is recommended that these guidelines be reviewed annually.

ELECTRONIC RESOURCES:

These procedures are written to promote positive and effective digital citizenship among students and staff and are based on the four guiding principles of the Children's Internet Protection Act (CIPA): respect, privacy, sharing, and safety.

Digital citizenship represents more than technology literacy. Successful, technologically fluent digital citizens live safely and civilly in an increasingly digital world. They recognize that information posted on the Internet is public and permanent and can have a long-term impact on an individual's life and career. They also recognize that expectations for student and staff behavior online are no different than face-to-face interactions.

STUDENT COMPLIANCE

All students must comply with all MCS Board of Education policies. Students shall only attempt to make use of material or attempt to locate material which would be acceptable in a school setting.

1 ACCESSING THE MCS NETWORK

2 MCS NETWORK ACCEPTABLE USE

3 Acceptable network use by district students and staff includes:

- 4 • Creation of files, projects, videos, web pages and podcasts using network resources in support of
5 educational research; sources outside the classroom or school must be cited appropriately.
- 6 • Student participation in blogs, wikis, collaboration groups and the creation of content for
7 podcasts, e-mail, and web pages that support educational research.

8 Unacceptable network use by district students and staff includes but is not limited to:¹

- 9 • The attempt of gaining access to websites that are normally blocked by the MCS filter with the
10 intent to gain access to these blocked websites by using or installing programs not installed by
11 MCS Tech Dept. Ex. Proxy, vpn, or unblocking programs, apps, or extensions;
- 12 • Accessing, uploading, downloading, storage and distribution of obscene, pornographic or
13 sexually explicit material;
- 14 • Attaching unauthorized equipment to the district network;
- 15 • Cyberbullying, insulting, hate mail, defamation, harassment of any kind, discriminatory jokes,
16 and remarks;
- 17 • Damaging computers, computer systems, computer networks or any device on the network;
- 18 • Downloading, installation and use of games, audio files video files or other applications
19 (including shareware or freeware) without permission or approval from the Morgan County
20 Schools Technology Coordinator;
- 21 • Hacking, cracking, vandalizing, the introduction of viruses, worms, Trojan horses, time bombs
22 and changes to hardware, software, and monitoring tools;
- 23 • Information posted, sent or stored online that could endanger others (e.g., bomb construction,
24 drug manufacture);
- 25 • Intentional misuse of resources;
- 26 • Liability or cost incurred by the district;
- 27 • Personal gain, commercial solicitation and compensation of any kind;
- 28 • Trespassing in another's folders, work, or files;
- 29 • Unauthorized access to other district computers, networks and information systems;

- Use of the network for commercial purposes;
- Using another's password or other identifier (impersonation);
- Using obscene or abusive language; and
- Violation of copyright laws.

USE OF PERSONALLY OWNED DEVICES (PODS) IN SCHOOL

Refer to MCS Board Policy 6.312

USE OF STUDENT ASSIGNED CHROMENOOKS

Refer to MCS Board Policy 4.409 (Chromebook Policy)

MCS WIRELESS NETWORK

Morgan County Schools offers wireless Internet access for personally owned devices (PODs) on all campuses within the district. This MCS PODNet Wireless Network operates alongside the MCS Wireless School Network and allows anyone with a wireless device to access the Internet on school grounds. The only difference between the two networks is that the MCS Wireless School Network allows access to all peripherals (including printers) and to files stored on network drives; MCS PODNet Wireless Network does not.

Each time a user accesses the MCS PODNet Wireless Network, that user agrees to the terms listed below:

1. Students and staff are expected to connect their PODs to the Internet via the MCS PODNet Wireless Network.
2. The MCS PODNet Wireless Network will provide filtered Internet access and related web-based services in compliance with the Children's Internet Protection Act (CIPA).
3. MCS will not be held liable for any damage that may occur as a result of connecting to the MCS PODNet Wireless Network or any electrical power source.
4. MCS will not be held responsible for any physical damage, loss or theft of the POD.
5. PODs brought on school property may be subject to search.
6. PODs will only be allowed at designated locations and/or times.
7. MCS will not be obligated to provide support, maintenance, or repair of any POD.
8. Student use of PODs in the classroom setting will be at the discretion of the principal or teacher.
9. Persons connecting PODs to the MCS PODNet Wireless Network must have a compatible network card configured properly, and agree to maintain current anti-virus software enabled on their devices.

10. All activities while accessing the MCS Wireless School Network and the MCS PODNet Wireless Network are governed by the guidelines set forth in this policy.

11. MCS will not be obligated to supply electrical power access to power PODs where such access does not already exist.

12. Anyone bringing personal technology to school agrees to be responsible for and to reimburse MCS for any damage that they may cause arising out of and relating to the use of the MCS PODNet Wireless Network and his/her POD.

INTERNET SAFETY: STUDENT INSTRUCTION AND SUPERVISION^{4,2}

- All students will participate in Internet safety instruction integrated into the district's instructional program in grades K thru 12.
- Staff members who supervise students, control electronic equipment, or have occasion to observe student use of said equipment online, must make a reasonable effort to monitor the use of this equipment to assure that student use conforms to the mission and goals of the district; and
- Staff must make a reasonable effort to become familiar with the Internet and to monitor, instruct and assist effectively.
- Although teachers will monitor student activity online² and filtering software is in place in accordance with Children's Internet Protection Act (CIPA) regulations, it is the direct responsibility of students to comply with this acceptable use policy.

INTERNET SAFETY: PERSONAL INFORMATION AND INAPPROPRIATE CONTENT

- Students and staff should not reveal personal information, including a home address and phone number, on web sites, blogs, podcasts, videos, wikis, e-mail or as content on any other electronic medium.
- Students and staff should not reveal personal information about another individual on any electronic medium.
- No student pictures or names can be published on any class, school or district web site unless the appropriate permission has been verified according to district policy.
- If users encounter dangerous or inappropriate information or messages, they should notify the appropriate school authority or IT staff member immediately.

NETWORK SECURITY

These procedures are designed to safeguard network user accounts:

- Change passwords according to district policy;
- Do not use another user's account;

- 1 • Do not allow other user's access to your account;
- 2 • Keep your network password and other network account information confidential;
- 3 • Do not insert passwords into e-mail or other communications;
- 4 • If you write down your account password, keep it out of sight;
- 5 • Do not store passwords in a file without encryption;
- 6 • The "remember password" feature of Internet browsers and other password-protected websites
- 7 is a dangerous feature to use and should be avoided; and
- 8 • Lock the screen or log off, if leaving the computer.

9 Any student who suspects that someone has discovered his/her password should notify his/her
10 administrator or teacher who will then notify the network administrator to change it.

11 All network users may be monitored at any time by authorized personnel to assure compliance with these
12 guidelines.

13 **SAVING DOCUMENTS**

14 Students should save all documents to the cloud media in their individual user's folder. Do not save any
15 applications to the network any applications or executable files residing in your user directory will be
16 deleted.

17 Any documents residing solely on your local computer are at risk. It is your responsibility to make sure
18 important documents and data are saved to the network. All personal files on your computer(s) are solely
19 your responsibility. This includes, but is not limited to: stored passwords, pictures, documents, or
20 applications. In the event of a reload of the machine, either intentional or inadvertent, any locally stored
21 data may be irretrievably lost. You are strongly encouraged to make and maintain regular backups of
22 any data you choose not to store on your network drive.

23 Use of portable media devices (including mass storage devices) to save class assignments given by a
24 classroom teacher requires prior approval from the classroom teacher. Prior approval is needed for every
25 use, on every occasion. Only data files may be transferred. Execution of programs from the portable
26 media device is prohibited. In addition, portable media devices may not be used as bootable media.
27 Portable media devices brought on school grounds may be subject to search.

28 **E-MAIL³**

- 29 • As part of the technology curriculum, students may be issued an e-mail account for the purpose
30 of completing school work.
- 31 • Students should have no expectation of privacy with regard to the content of data contained in
32 the e-mail account.

- 1 • Student e-mail accounts are filtered for content and monitored by authorized personnel.
- 2 ○ Students must use appropriate language in all communications.
- 3 ○ The use of profanity, obscenity, and offensive or inflammatory language is strictly
- 4 prohibited and will result in disciplinary action.
- 5 • Student-teacher relationships, exchanges, interactions, information, or behaviors on e-mail
- 6 should follow acceptable practices. Anything that would be unacceptable in a non-technological
- 7 medium is unacceptable when done through the use of technology.

8 **SOCIAL NETWORKING/MEDIA**

- 9 • Students who have a presence on social networking/media websites are prohibited from posting
- 10 data, documents, photographs or inappropriate information that is likely to create a material and
- 11 substantial disruption of school activities (Ex.: fight videos, parent letters, obscene photos).
- 12 • Students are prohibited from accessing personal social networking/media sites on school
- 13 computers or during school hours.
- 14 • Students can access only assigned educational social networking/media sites Student-teacher
- 15 relationships, exchanges, interactions, information, or behaviors on these sites should follow
- 16 acceptable practices. Anything that would be unacceptable in a non-technological medium is
- 17 unacceptable when done through the use of technology.
- 18 • Accounts may include access to various social networking/media sites, including (but not limited
- 19 to) blogs, chats, collaborative groups, social/media networking walls, and digital lockers.
- 20 • Instruction on safe and appropriate use will accompany the issuance of accounts and use of the
- 21 educational social networking/media
- 22 • Students should have no expectation of privacy with regard to the content of data contained in
- 23 an educational social networking/media account.

24 **VIRUSES AND VIRUS PROTECTION**

25 MCS IT Department will provide virus protection and related software for all workstations and servers.
26 Virus protection and related software will be installed by authorized IT personnel unless otherwise
27 approved by the IT Department.

28 These procedures are designed to safeguard e-mail accounts:

- 29 • Open e-mail attachments ONLY from individuals you know.
- 30 • If you suspect an e-mail message may contain a virus, do not send that message to anyone.
- 31 • The intentional spreading of messages or files containing damaging or destructive programs or
- 32 data is against federal law. Violators will be prosecuted.

- If you feel your computer may contain a virus, contact the IT Department immediately.
- There are many virus hoaxes. Never delete system files from a computer in order to remove a potential virus without first checking with the IT Department to make sure the virus is valid and not a hoax.
- Before forwarding reported virus “warnings,” first check with the IT Department to make sure the virus is valid and not a hoax itself.
- Do not open any e-mail attachments from anyone you do not know.

COPYRIGHT

Downloading, copying, duplicating, and distributing software, music, sound files, movies, images or other copyrighted materials without the specific written permission of the copyright owner is generally prohibited. However, the duplication and distribution of materials for educational purposes are permitted when such duplication and distribution fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC) and content is cited appropriately.

All student work is copyrighted. Permission to publish any student work requires permission from the parent or guardian.

Artificial Intelligence (AI) Guidelines

The following procedures govern the use of Artificial Intelligence (AI) tools by students within the Morgan County Schools (MCS) network and on personally owned devices used for school-related purposes:

- **Teacher Discretion and Approval:** Similar to the use of personally owned devices (PODs), student’s use of AI tools in the classroom setting is at the sole discretion of the principal or teacher. Students must only use AI platforms and applications that have been approved by the Morgan County Schools Technology Department
- **Academic Integrity and Citation:** AI tools should be used to enhance educational research and innovative instruction. However, students must cite AI-generated content appropriately. Representing AI-generated work as one’s own original work is a violation of academic integrity and falls under the unauthorized use of electronic resources.
- **Data Privacy and Security:** In accordance with network security and personal information guidelines, students must not reveal personal information (such as home address, phone numbers, or passwords) to AI platforms. Students should have no expectation of privacy regarding their interactions with AI tools on the MCS network, as all network activities are subject to monitoring.
- **Acceptable AI Use:**
 - Using AI for brainstorming, outlining, or clarifying complex concepts when authorized by a teacher.
 - Utilizing AI-powered accessibility tools to support individual learning needs.
- **Unacceptable Use:**
 - Using AI to generate obscene, pornographic, or sexually explicit material.

- Employing AI to facilitate cyberbullying, harassment, or the creation of defamatory content (e.g., “deepfakes” or manipulated media).
- Attempting to use AI tools to bypass MCS web filters or gain unauthorized access to restricted information.
- Using AI for commercial gain or personal solicitation.
- **Compliance:** All students are responsible for complying with these AI guidelines. Any misuse of AI technology will be handled in accordance with the existing disciplinary procedures of the District. More information regarding use of Artificial Intelligence (AI) can be found by referencing Board Policy 4.214. A detailed list of approved AI programs can also be found on our district website: www.mcsed.net under Family Resources.

VIOLATIONS

Violations of this policy or a procedure promulgated under its authority shall be handled in accordance with the existing disciplinary procedures of this District.

Monitoring: Review: Annually, in January	Descriptor Term: Sick Leave	Descriptor Code: 5.302	Issued Date:
		Rescinds:	Issued:

PROFESSIONAL PERSONNEL

Professional personnel shall earn sick leave as outlined below and these days shall accumulate for an unlimited number of days.¹

- 10-month contract = 8 sick days earned per year
- 11-month contract = 9 sick days earned per year
- 12-month contract = 10 sick days earned per year

Sick leave shall be defined as: illness of a teacher from natural causes or accident, quarantine, or illness or death of a member of the immediate family of a teacher, including the teacher's wife or husband, parents, grandparents, children, grandchildren, brothers, sisters, mother-in-law, father-in-law, daughter-in-law, son-in-law, brother-in-law, and sister-in-law.²

A signed statement listing the cause of absence shall be provided by the employee on forms furnished by the Director of Schools and shall promptly be given to the immediate supervisor in support of all claims for sick leave pay. A falsified statement shall be grounds for dismissal. An employee absent for five (5) consecutive working days shall submit a doctor's statement verifying illness or injury of the employee or immediate family member.

Frequent use and/or suspected misuse of sick leave by an employee are sufficient grounds for requiring a physician's certificate stating the reason for absence.

Documentation from a physician may be required in support of any claim for sick leave pay.

The principal shall notify the Director of Schools' office at once if an employee is sick beyond the limit of his/her sick leave accumulation.

Permanent, cumulative sick leave records for each active professional employee shall be kept in the Director of Schools' office.

A teacher, upon employment, may transfer his/her accumulated sick leave from another Tennessee school district, provided that the Director of Schools of the district in which the accumulated leave was held provides notarized verification.³

SUPPORT PERSONNEL

Support personnel shall earn one (1) day of sick leave for each month an employee is employed.

At the termination of the employment of any employee, all unused sick leave accumulated by the employee shall be forfeited.

The immediate supervisor may require documentation from a physician stating the reason for absence.

SICK LEAVE BANK

The purpose of the sick leave bank is to provide sick leave to all employees⁴ who have suffered an unplanned personal illness, injury, disability, or quarantine and whose personal sick leave is exhausted.

To form a sick leave bank, a minimum of twenty (20) employees from the school district shall petition the Board for permission to establish a sick leave bank.⁵ Upon approval, sick leave bank trustees shall be appointed and shall operate as the governing body of the sick leave bank and shall enact rules and regulations consistent with state law.⁶ Employees wishing to participate shall initially give a maximum of three (3) days of sick leave. These days are to be deducted from the employee's personal accumulation and donated to the sick leave bank. Donations of sick leave to the bank are nonrefundable and nontransferable.⁷

At any time the number of days in the sick leave bank is less than twenty (20), or one (1) per employee if there are more than twenty (20) members, or at any time deemed advisable, the trustees shall assess each member one (1) or more days of accumulated sick leave. If an employee has no accumulated sick leave at the time of assessment, the first earned days shall be donated as they are accrued by the employee.⁷

An employee who is a member of the sick leave bank may request an allotment of days (for the employee's personal illness or on account of an illness of his/her minor child) in the manner designated by the trustees. The need for these days shall be verified by a statement from a physician.⁸

By written notice to the trustees, an employee may withdraw from bank participation on June 30th of any year.⁹ Membership withdrawal results in forfeiture of all days contributed.

The sick leave bank shall be operated in accordance with state law.¹⁰

Monitoring: Review: Annually, in January	Descriptor Term: Personal and Professional Leave	Descriptor Code: 5.303	Issued Date:
		Rescinds:	Issued:

Professional employees shall earn personal and professional leave at the rate of two (2) days for each half-year employed for a total of four (4) days per year. Any personal and professional leave remaining unused at the end of a year shall be credited to sick leave.¹

If, at the termination of services, any employee has been absent for more days than leave has been earned, an amount sufficient to cover the excess days used shall be deducted from the employee's final salary payment.²

PERSONAL LEAVE

Subject to the following conditions, personal leave may be taken at the discretion of the employee:

1. Except in an emergency, each employee shall give the principal at least five (5) days' notice in writing of intent to take leave;
2. The approval of the principal of the school shall be required:³
 - a. If more than ten percent (10%) of the teachers in any given school request its use on the same day;
 - b. If requested during any prior established student examination period;
 - c. If requested on the day immediately preceding or following a holiday or vacation period;
 - d. If personal leave is requested for days scheduled for professional development or in-service training, according to a school calendar adopted by the Board prior to the commencement of the school year; or
 - e. If personal leave is requested for days scheduled for parent-teacher conferences, according to a school calendar adopted by the Board prior to the commencement of the school year.

PROFESSIONAL LEAVE

Professional leave is a short, temporary absence for the purpose of attending workshops and other meetings relating to school business or serving on boards and commissions which meet during daytime hours when appointed by a mayor, city council, county executive, or county commission.⁴
