**Comments:**

District 1- Angela Durham	This strategic planning process was extremely well orchestrated and thorough. The result is a comprehensive, challenging and robust plan with input from all stakeholders, where successful execution will position WCS well ahead of neighboring districts and at a competitive advantage as a district, offering our students greater opportunity and our teachers and staff more rewarding experiences.
District 2- Dan Cash	Time line has been presented.
District 4 Josh Brown	Mr. Golden brought together a diverse group of stakeholders and convened multiple community meetings to effectively form and kickoff the strategic plan process. He and his team have made significant progress in developing a framework for implementing each piece of the plan, which covers the priority areas laid out by the board and highlighted as important by many in our community.

District 5 Jen Aprea	It has been exciting to watch this Strategic Plan start to take shape, and based on the timeline that has been shared I'm optimistic about what this will mean for WCS's future.
District 6 Jay Galbreath	Strategic plan is in place, but the Board just received plan by the end of Spring 2024. Below my expectations, specially on the school start times discussion, which wasn't addressed at all this school year and delayed until Fall 20245
District 7 Sheila Cleveland	Mr. Golden executed the Strategic Plan, showing 28 Strategic Plan objectives, exceeding the minimum of 15 outlined in the Annual Goal and Objective.
District 9 Rick Wimberly	One of the most thorough and smooth developments of a strategic plan I've ever seen. Community collaboration was exceptional.
District 10 Eric Welch	Superintendent Golden has done a great job in keeping the "first things first" by keeping the District's Strategic Plan on track and in the conversation to WCS can lead both today and into the future.
District 11 KC Haugh	A thorough planning process was established with all stakeholders, including a series of community meetings with strong participation and engagement. The team facilitating the plan did a great job, and the Strategic Plan was completed well ahead of schedule with great collaboration from all parties.
District 12 Drason Beasley	This has been the most informative and well-planned presentation of a strategic plan that I have ever been a part of. The collaboration between the community and staff/stakeholders was impressive, which was all spearheaded by Mr. Golden.

**Comments:**

District 1 Angela Durham	Jason responded well to the board's request for swift action and results related to this pilot. The result is an actionable plan for the year, demonstrating that a time limited test and tangible goals can truly bring us forward in improving our service delivery and performance as a district.
District 4 Josh Brown	Mr. Golden and his team were responsive to the concerns being raised by the board and families regarding recurring issues with transportation reliability and the length of time students were having to ride the bus. This pilot was implemented thoughtfully, and valuable information was gained to inform a more comprehensive transportation plan to be rolled out throughout the 2024-25 school year. The unknown is whether these modifications will result in any cost savings, but there is evidence from the pilot that time can be saved for students and families and our bus routes can be run more efficiently.

District 5 Jen Aperia	While it didn't free up additional drivers like we had hoped, implementing this bus pilot in Nolensville brought about a lot of positive changes in our area's transportation. Thank you for your outside the box planning on this!
District 6 Jay Galbreath	I am pleased that we are finally reviewing steps to reduce the time and number of routes. I haven't seen time and delivery metrics, but we did receive a report at a recent work session regarding the results of the pilot and the plan to expand. Would like to see more metrics regarding average time on bus and # of routes reduced.
District 9 Rick Wimberly	Again, community collaboration was exceptional. The Pilot was well-planned and conducted in appropriate places. It resulted in meaningful results/lessons learned that can be applied.
District 10 Eric Welch	The plan to consolidate and eliminate bus routes was bold action that had the potential to be divisive in the community and create hard pushback by those directly impacted. The thoughtful roll-out, community discussions, and plan adjustments avoided that as parents felt like stakeholders in the decision-making process. In addition, the implementation was handled smoothly and the results speak for themselves. This was an excellent operation from start-to-finish by the Superintendent and his staff.
District 11 KC Haugh	The pilot program was very well communicated and thoroughly reviewed and completed with an ambitious schedule. The approach for this project has been very thoughtful and appropriately reliant on significant community input with favorable results.
District 12 Drason Beasley	This was and is a major obstacle to overcome for our county. Once again, Mr. Golden and his staff set the bar high by coordinating transparent meetings in the community to ensure accurate communication with families and gather their input.

District 1 Angela Durham	WCS in in a much stronger position now and has an adequate plan in place for addressing this ongoing challenge.
District 2 Dan Cash	Doing the best we can.
District 4 Josh Brown	The plan that was presented is well conceived and well informed by the pilot that was done in the Nolensville area. It was presented to the board by Mr. Golden at our May work session and sets and ambitious rollout for the 2024-25 school year. It's unclear at this time how engagement with external stakeholders will take shape and how bus driver shortages will be positively impacted by this plan. Clearly this will require a tremendous amount of proactive communication to families in order to be successful.
District 5 Jen Aprea	Really excited to see the results of the feasibility studies related to school start times.

District 6 Jay Galbreath	I'm sure this is a next step in the plan, outside the pilot and plan to expand the pilot, I don't see any progress on a plan to remedy driver shortage, receive stakeholder feedback, or changing start times. Goal state that these would be for Immediate Action and this has been pushed to Fall 2024
District 7 Sheila Cleveland	Implemented a successful bus stop "hub" pilot program in Nolensville during the 2023-24 school year, saving time by allowing buses to arrive at schools later in the morning and earlier in the afternoon. The selection of pilot location was based on community meetings and parent feedback. Future district-wide hub implementation has been drafted and will involve community engagement. Changing school start times are being considered and the research on the impact of this change is ongoing.
District 9 Rick Wimberly	The Transportation Strategy is particularly comprehensive with solid action steps in a wide range of areas.
District 11 KC Haugh	It was exciting to hear the results of the transportation pilot program being applied to a plan for the 24-25 school year. The stated plans and timeline to review school start times is ambitious and shows the Superintendent is willing to evaluate new ideas for continuous improvement and optimization of the educational environment.

District 2 Dan Cash	We have continually improving on safety for years. I would suggest we take our training to the next level by replacing ALICE with the DEFEND training. Brink Fiddler has a more in depth course which includes much more first aid training in case of a school shooter.
District 4 Josh Brown	This plan was presented to the board as described in the goal, and clearly there is funding requested in the 2024-25 budget and through capital requests to address these needs. To the extent appropriate, I would have liked to see a little more detail in the plan as this is such a top of mind issue for families and staff. However, directionally the plan is what we need and the team is clearly prioritizing the safety and security of our students and our buildings.

District 7 Sheila Cleveland	Mr. Golden and his security team have done an amazing job developing and executing a Safety and Security plan. This plan is detailed and goes beyond State requirements. The following are a few examples of the security team's involvement and operations. WCS has a Threat Assessment team who works with WCSO, DA's office, Juvenile Services, and TN Department of Homeland Security. WCS has Life and Fire Safety Inspections performed by both State and Local fire inspectors. They do annual staff training on security, safety and cyber security training. The security team is continually adding and improving the physical safety and security at all schools, within the approved funding.
-----------------------------	---

District 9 Rick Wimberly	Another comprehensive, professional plan covering many elements. Reflects the District's emphasis on safety and security.
--------------------------	---

District 10 Eric Welch	Student and staff safety remains a WCS priority in a constantly changing environment of on-campus and online threats. WCS remains a state leader in adjusting to these threats while retaining an environment of welcoming to our students and community.
------------------------	---

District 11 KC Haugh	The safety planning presentation provided a comprehensive overview of current protocols and a solid plan for the future. As one example, the WCS cybersecurity is very effective and relevant. Additionally, the partnership with Perry Weather is impressive and takes the district to a new level of weather preparedness. It was great to see WCS' safety team sharing the successes and best practices at a TSBA session last November.
----------------------	---

District 12 Drason Beasley	Mr. Golden does an excellent job ensuring that safety and security are at the forefront of every decision he makes. He is intentional about addressing all elements of safety planning openly with staff and our Board.

District 2 Dan Cash	<p>We are in the 2nd year of the State retention plan. The feed back from parents is not good. Problem, parents get reports from schools Aims Webb that their student is on track. Then we have TCAP and the student fails both the test and retest Notification is another issue with parents. Testing is crammed into an already packed schedule in the last week of school. Children are retesting the day before they get out of school. TCAP test results are very poor. This all needs more attention. Our ELA program is based on History books that are way over our children's heads, they can't comprehend much of what they are trying to learn. Many of the words they are expected to know are not even on their spelling list Learning needs to be fun for students especially in K-3. In my opinion we need to let our Teachers teach the basics of the reading, writing and arithmetic. Elementary should be teaching the fundamental of learning with out the incorporation of social emotional learning. Get back to basics there is plenty of time in middle school at an age they can comprehend and reason through some of the instruction. Students in Middle and High Schools are more apt to ask parents about an issue than elementary children.</p>
District 4 Josh Brown	<p>Mr. Golden continues to meet the high expectations of the board and our community when it comes to offering a robust curriculum and analytics of student performance. To say that this has come to expected means that a standard of excellence has been set, but it may call for a review of how to better explain and communicate more about how the curriculum and theories used by WCS are determined so that families and stakeholders are more connected to the “why” behind what we do and not just the “what.” Also, I think there is an opportunity to do and say more about what WCS is offering in the way of CTE and “non-traditional” pathways for students post graduation.</p>
District 5 Jen Aprea	<p>Would love to see a report on student growth over time.</p>

District 8 Donna Clements	Would like to see more data and studies on learning styles to ensure that we are providing the best learning environment for our younger students. Should we encourage them to use screens for learning? Are we embracing all learning styles? Are we allowing them options to choose to write free hand or always use Chromebooks?
District 9 Rick Wimberly	WCS continues to excel, and that doesn't happen without superior leadership.
District 10 Eric Welch	WCS remains the standard by which other districts strive for and our students have a wide range of educational opportunities available to them as best suits their wants and needs.
District 11 KC Haugh	WCS continues to excel in this area, thanks to the Superintendent, staff, teachers, parents and especially our students, who understand and rise to meet the high expectations placed on them.

District 1 Angela Durham	<p>Jason has the most difficult subordinate/supervisor relationship of all, with 12 “bosses”. Despite 12 distinct opinions and personalities, he keeps each board member informed and engaged and proactively reaches out to explain matters that may be of interest, keeping board members up to date and in the know. He adapts as necessary to board member wishes and recommendations and takes board member feedback to heart, making changes and being open to hearing varying perspectives. He is a complete professional with all members of the board and respectful even in difficult discussions.</p>
--------------------------	--

District 2 Dan Cash	<p>I feel and this is my opinion, that Jason has a few board members that he confides in that fits what works for him. Example I have spoken to Jason about a situation at some of our elementary schools for a least two years, I have shared emails from many parents of examples of what is happening in different areas of the school. These emails are from parents that are volunteers that I have never had complaints about over the years. At one point I believe last August I was making a point about the diverse work force we have and I was accused of going after teachers by Jason and another Board member and told that if I had any questions legally that I should call the county attorney. That is what I have done up until just recently when all the issues at the school came to a head. There was a time when I felt free to call a Superintendent of primary and secondary schools about issues and have dialog, but I don't feel free to do so now. I truly want Jason to be a leader and not use every legal outlet to keep from leading. I believe a Superintendent should also defend his board when the opportunity arises for example during public comment many times the board has been attacked for different reasons personally and as a board, I feel it is his place to comment and defend his board. We have different groups at public speaking time with different complaints but we never hear about what's being done about it.</p>
---------------------	---

District 4 Josh Brown	Jason does an excellent job of communicating with the board on both important developments and regular items that are coming before the board. Jason is fair and professional in how he conducts himself when engaging with the board and with me as an individual board member. His staff is responsive and accessible to the board and seems to work together cohesively and respectfully.
-----------------------	--

District 5 Jen Aprea	Always appreciate your professional, level headed guidance.
----------------------	---

District 9 Rick Wimberly	Mr. Golden has done well in all respects above, which is expected.
--------------------------	--

District 10 Eric Welch	As a Board member, I never feel blindsided by an occurrence within the district or that any questions I have in order to do my job effectively go unanswered. Superintendent Golden is both proactive and reactive in this regard and his information is thoroughly prepared and timely.
------------------------	--

District 11 KC Haugh	Superintendent Golden does an exceptional job of soliciting and accepting Board feedback and is very receptive to new ideas and suggestions. His demeanor is incredibly well-suited for this role.
----------------------	--

District 12 Drason Beasley	Mr. Golden has the respect of all board members on WCS Board. Each member knows he will support our board policy and is never critical.

District 1 Angela Durham	<p style="text-align: center;">Jason is highly engaged outside of his day to day work and involved with other districts, the mayor, the commissioners, union agents, government officials, etc. to keep informed, keep others informed, and share his own perspectives. He is 100% professional in his interactions, even when others are not. He could expand community engagement and offer more consistent town halls throughout the county, but to do so, he would need to cut back on other commitments to preserve work/life balance, as he is already stretched thin and works much too many hours. As a board, we should help find ways to delegate to staff to preserve Jason's time and keep him from spending the majority of his nights committed to school functions.</p>
District 2 Dan Cash	<p style="text-align: center;">Parents email and come to public speaking on many issues. I feel much of this goes by the wayside. I feel the attitude from Central office is Parents will get tired of this and quit complaining. This opinion is from many phone calls and emails.</p>
District 4 Josh Brown	<p style="text-align: center;">Mr. Golden is highly respected by key stakeholders in the community including local elected officials and civic/business leaders. I have witnessed first hand his engagement with these key stakeholders and know that he is seen as a good partner and resource. Opportunities for parental involvement have improved during my time on the board, and I have seen him make time to listen to parents' concerns and input on both isolated and more system-wide issues.</p>
District 5 Jen Aprea	<p style="text-align: center;">Always appreciate hearing Superintendent Golden speak at the Nolensville Annual Address and the State of the Schools events.</p>

District 6 Jay Galbreath	Overall, Jason epitomizes the effective spokesman of the district and modeling the highest professional and ethical standards, as well as his work with public and private agencies. I would have chosen a 5 except I think there is plenty of room for improvement with regards to engaging parents.
District 7 Sheila Cleveland	Mr. Golden has a very good professional relationship with the Williamson County Chamber CEO, County Mayor, local fire departments, law enforcement agencies, local businesses and other superintendents around the state. He has arranged numerous public meetings to solicit parent engagement and input. He has spoken at several public events and attended numerous school events throughout the year.
District 8 Donna Clements	Appreciative of Mr. Golden's professional and effective communication with the community. As far as the funds go, I am also appreciative that he found extra 2.7m funds to help bridge the funding gap. I would prefer Mr. Golden to refrain from suggesting that teacher raises will need to be cut as a negotiating tactic as it reduces teacher morale.
District 9 Rick Wimberly	These are all exceptional areas of performance for Mr. Golden. He consistently learns and improves in all 6 areas.
District 10 Eric Welch	Superintendent Golden is responsive to community questions and concerns while maintaining positive relationships with our business community and others. One item I would encourage him to consider is pushing back harder on attacks on the system by outside groups.
District 11 KC Haugh	I continue to be impressed with working relationships Superintendent Golden fosters and maintains with many stakeholders in our community. I think it would be additionally instructive for the Board to see some of this detailed in a periodic report.
District 12 Drason Beasley	Mr. Golden is an excellent communicator. He does a wonderful job modelling the highest of professional standards. He ensures that there is always transparent communication with parents and families in our school system.

District 1 Angela Durham	Jason is highly engaging with his staff. I would like to see even more delegation and see Jason pulled out of some of the commitments that take him away from home life. He works long hours and could benefit from more balance.
District 2 Dan Cash	Principals should have more control over their schools.
District 4 Josh Brown	Based on my observation in meetings and through other communications, Mr. Golden delegates authority appropriately and leverages the strengths and talents of his team. Based on the number of professional development days built into the calendar, it would seem there is an adequate emphasis here. My caution would be that we continue focusing on striking the right balance between professional development and classroom time, and that an appropriate assessment be done regarding the use of technology so that it is focused where most needed (both in terms of subject matter and grade level) and not overused.
District 5 Jen Aprea	It is clear to me that Jason Golden treats his staff well and respects their professionalism.
District 6 Jay Galbreath	Jason seems to be a great leader to work for, as his team respects him as a leader and he delegates work decisions to appropriate level. He is not a micro-manager and gives his senior staff autonomy to do their jobs. I'm not sure about #3 as a positive, and would consider removing that item from this section as I'm not sure how it's relevant to Staff and Personnel Relationships.

District 9 Rick Wimberly	Based on my observations, he has excelled in all areas, which is expected.
--------------------------	--

District 10 Eric Welch	The WCS central office is a team of capable professionals that work well together both collaboratively and separately within their assigned roles.
------------------------	--

District 11 KC Haugh	I've observed consistently strong collaboration between the Superintendent and staff, highlighted regularly with excellent presentations at our Work Sessions.

### **Comments:**

District 1 Angela Durham	Jason's top skill is operations management. He fully understands the operation of the district and is an expert in this area.
District 2 Dan Cash	I feel he can do more about more ways to raise funds for schools. We have discussed alternative funding other than PTOs for fees and for that matter funding for the Arts and other issues for the schools. We have had suggestions to go to business world d giving tax deductions for donations. Seems like there has been no movement.
District 4 Josh Brown	Mr. Golden and team continue to do a good job of managing a system that encompasses a budget of over a half billion dollars and more than 50 schools. The board is regularly updated on the status of projects, the deliberation around the WCS budget (both internally and externally), and details regarding the development and ongoing management of the budget. My observation is that overall our buildings are well managed and maintained, and I feel well informed regarding matters relating to our budget. I have been more involved in the budget process this year than in previous years, including attending multiple county commission budget meetings. It's clear that our team has a handle on what is required to effectively manage the WCS finances and accounting and uses the resources as directed by the board. One opportunity for improvement regarding the budget would be to incorporate occasional "deeper dives" into different aspects of the budget throughout the course of the year so that all budget related matters and discussion aren't confined to a two month period in March and April. This would provide the opportunity for more analysis by the board and possibly more thoughtful discussion with other stakeholders (county commission, citizens, etc.) on allocation of resources and opportunities for potential modifications in areas not mandated or required by state or federal law.

District 6 Jay Galbreath	Jason has a great handle on the finances and operations of the district. Our facility and financial forecasting is excellent and is updated accordingly annually based on new information on growth and cost. I would like to see a deeper look into the long-term technology plans, including of 1:1 computers, as well as the software we need and use, as well as evaluating the amount of time that is appropriate for student use of the computer.
--------------------------	---

District 8 Donna Clements	As mentioned at recent budget meetings, I do think there are ways we could be more cost effective and be better stewards of our tax dollars. I am thankful that we have recently found almost 3M that will go towards the funding gap. In the future, I would like us to see more of the budget process. We need to see the budget sooner than a couple of weeks before we pass it. I recently learned that MNPS provides multiple community wide meetings to inform taxpayers how the budget is coming along. It would better demonstrate fiduciary responsibility if the Superintendent could more specifically provide detailed reasons for the very significant budget increases over the last 3 years. Simply saying it's due to "the people" doesn't allow any meaningful analysis of specific administrative payroll and teacher payroll. Also, I would like to see less screens for educational moments, especially for the younger students.
---------------------------	---

District 9 Rick Wimberly	This has been a challenging year on these five areas. Mr. Golden and his team have done exceptionally well given the resources they've been provided.
--------------------------	---

District 10 Eric Welch	Superintendent Golden has been a exemplary steward of the taxpayer's money while also advocating for WCS students and staff to have appropriate facilities to educate in and fighting teacher pay in our woefully underfunded education system in Tennessee.
------------------------	--

District 11 KC Haugh	In an exceptionally challenging budget year, Superintendent Golden and staff have kept the Board, County Commissioners, and Mayor apprised regularly of WCS needs and challenges. The finance department led by Rachel Farmer has done an outstanding job of providing information and transparency throughout the year and particularly during the planning process, even giving the Board a high-level summary a full month prior to the budget review. When revenue uncertainty was realized, responsible adjustments were made, delivering a lean budget that covers essentials while still allowing for a much-needed pay increase for staff. Given the competitive climate and staffing shortages, we cannot cut support services and hope to attract and retain the top quality candidates our WCS families rightfully expect. Kudos to Superintendent Golden and staff for making tough decisions and presenting a fiscally sound budget.

RE: Proposed Budget Amendment for the 2024-2025 Budget for General Purpose School Fund

Date: June 13, 2024

**The following budget amendment requires both Board and Commission approval.**

**GENERAL PURPOSE SCHOOL FUND:**

**Amendment:**

Budget Amendment to reduce Board approved 24-25 General Purpose Fund Budget to **\$548,617,028** from the originally approved balance of \$566,960,603 (**\$18,313,575** total reduction). As a reminder the budget was reduced by a total of \$11,900,374 last month with an approved budget of \$555,060,228. After increasing our Fund Balance because of cutting off the current year's spending and better projections for final year-end total expenses and working with the Commission we have found a way to balance the budget by cutting another \$6,443,201. This is being done by the following steps:

1. Dependent on the Commission forgiving our current year ESCO debt payment for improving our fund balance by an additional **\$1,141,922**.
2. Removing the remainder of the high school Chromebook purchase from GP with a plan to pay from existing contingency capital funds totaling **\$3,999,800**.
3. Removing the 5 high school computer science teachers that were added due to lower demand. This is a new State graduation requirement, but now that student schedules have been mapped there is not as big of a need as we thought there could be the first year of this new requirement. **\$423,645**
4. Removing 5.5 new secretary positions that were added this year. **\$454,445**
5. Removing some of the costs of the science textbook adoption and coming back later as needed to get the funding from our fund balance. **\$1,565,311**

With the reduction of the 10.5 total staff positions, that would mean we would be net zero for added new funded positions in this year's PCR.

**Staff recommends approval of the above noted budget amendment.**

- a. "Grievance" shall mean a claim by an educator that there has been a violation, misrepresentation, or misapplication of the terms of this MOU.
- b. The term "days" shall mean any and all days. In the event the final day of any time limit described in this article falls on a weekend or system holiday, the deadline day shall be the next day the system is open.

### **Section 4.2 General Provisions**

- a. The grievant(s) may submit a copy of the written grievance to the Association prior to proceeding to Step 2 of the grievance procedure described in Section 4.3 below. The Association may determine whether to participate in said grievance. In such event, the Association shall name an Association Designee in the written Grievance Form, attached hereto as Appendix B. A grievance that does not meet the time limits outlined in the procedures listed in Section 4.3 shall not be accepted.
- b. Grievances by two or more educators alleging the same violation, misrepresentation, or misapplication of the terms of this MOU may, upon agreement of the grievant(s) and the Board or representative, be joined together under the general provisions and procedures of the article.
- c. Failure by the designated supervisor at any step of the procedure to communicate the decision on the grievance within the specified time limit shall permit the aggrieved party to proceed to the next step.
- d. Failure by the grievant(s) to appeal to the next step within the prescribed time limits shall result in a withdrawal of the grievance.

- f. No reprisals shall be taken by the Board or the Administration against an educator because of participation in a grievance.
- g. A grievance may be withdrawn at any level without establishing a precedent, except that if a grievance is withdrawn, the grievant(s) shall be prohibited from refileing a grievance based upon the same incident as the withdrawn grievance.

- h. All parties involved in a grievance may have a representative(s) of their choosing present at all steps of the procedure.
- i. The Board and the Administration shall cooperate in the investigation of any grievance.
- j. Neither the grievant(s) nor the Board shall be permitted to assert any grounds or evidence before the arbitrator which were not previously disclosed to the other party.

### **Section 4.3 Procedures**

**Step 1:** The parties hereto acknowledge that it is most desirable for an educator and the administrator involved to resolve problems through free and informal communications. No later than 35 days after the event giving rise to the grievance or 35 days after the educator should reasonably have learned of the event giving rise to the grievance, whichever is later, the educator must discuss the grievance with the immediately involved supervisor. If this informal process fails to satisfy the educator, a formal written grievance may be processed as outlined below. See form, Appendix B.

**Step 2:** If the grievant(s) is not satisfied with the disposition of the grievance in Step 1, the educator may present the written grievance to the immediately involved supervisor no later than 15 days after the informal meeting. The administrator involved will arrange for a meeting to take place within ten (10) days after the receipt of the written grievance. The grievant(s) must specify the section of this MOU that is alleged to have been violated and shall state the specific redress sought. Within five (5) days after the meeting, the grievant(s) shall be provided with the administrator's written response, including the reasons for the decision.

**Step 3:** If the grievant(s) is not satisfied with the disposition of the grievance in Step 2, the grievant(s) may refer the grievance to the Superintendent of Schools within ten (10) days after the receipt of the Step 2 written decision. The Superintendent of Schools shall arrange for an appeal hearing to take place within 15 days of the Superintendent of Schools' receipt of the appeal. Within ten (10) days after completion of the appeal hearing, the grievant(s) shall be provided with the Superintendent of Schools' written response, including the reasons for the decision.

**Step 4:** If the grievant(s) is not satisfied with the disposition of the grievance in Step 3, the grievant(s) may within 35 days after receipt of the Step 3 written decision, notify the Superintendent of Schools the grievant wishes to mediate the grievance before an impartial hearing officer. The mutually agreed upon impartial hearing officer will limit the mediation to the grievance as stated in Step 1. If the parties reach a mutually agreed upon resolution, the terms of the agreement must be in writing, and the terms of the agreement cannot be appealed to the Board by either party. All costs for the mediation shall be borne by the two parties equally. Alternatively, the Grievant, at his or her sole discretion, may waive this step within 35 days after receipt of the Step 3 written decision.

**Step 5:** If the mediation of the grievant(s) is waived, and if the grievant(s) is not satisfied with the disposition of the grievance in Step 3, the grievant(s) may request a review of the decision by the Board within 35 days after the educator received the Step 3 written decision or within 35 days after the time limits for Step 3 have expired. The request shall be made in writing through the Superintendent of Schools, who shall attach all related documents and forward the request within seven (7) days to the Board. The Board shall review the grievance and shall schedule a Board hearing, pursuant to WCSB policy 1.401, within 25 days after the receipt of the Board hearing request. The grievant(s) shall receive a copy of the Board's decision within ten (10) days after the Board hearing.

No decisions made through this process shall be precedential for any grievance submitted by any subsequent grievant. However, in the event a grievance reaches Step 5 above, the parties to this MOU shall discuss the grievance decision at their next PECCA meeting to determine if a change in the terms of the MOU is appropriate.

Any personal leave remaining unused after the end of the year shall be credited to that educator as sick leave.

Thereafter, each said educator will accrue one (1) additional such day per year, except that the total available days may not at any point exceed a maximum of three (3) available days. The employee will have the cost of the substitute deducted from their paycheck during the pay period the leave was used.   2. If personal leave is requested during any prior established examination period.

in an effort to find alternatives and to propose solutions to the Superintendent of Schools.

#### **Section 9.4 Duty-Free Lunch**

- a. Included in the seven and a half (7 ½) hours workday, all educators shall have duty-free lunch time during the regular school day, equal to the amount of time given to their students for lunch. This lunch period shall be a minimum of 25 minutes. For schools with extended lunch/remediation periods during which actual lunch period has not been fully defined, educators must have a minimum of 25 minutes duty free lunch period per day.
- b. Educators may be required to escort their students to and from the dining area.
- c. Educators will be assigned no other duties during this time.

#### **Section 9.5 Meetings**

- a. Educators may be required to arrive before the start or remain after the end of the regular school day, without additional compensation, for the purpose of attending faculty or other school level professional meetings, no more than one (1) day each week.
- b. A maximum of three (3) hours per month may be allocated for before and/or after school professional staff meetings. At the beginning of each semester, the administrator shall decide whether to schedule 45-minute, one (1) hour, or one and a half (1 ½) hours professional staff meetings in order to allow for adequate planning time for teachers to arrange their schedules.
- c. Every effort shall be made not to call such meetings on Friday, or any other day immediately preceding a holiday, vacation or other day, upon which educator attendance is not required at school.
- d. The notice of such meetings shall be given to educators involved prior to the meeting, except in cases of emergency. Educators shall have the opportunity to suggest items for the agenda.
- e. Every effort shall be made to conduct Individual Education Plan / RTI / 504 meetings during the school day. When it is necessary to hold said meetings outside of the workday educators shall be paid according to Article V - Section 5.4.
- f. Principals should work to distribute IEP and 504 meetings among teachers to ensure all teachers receive their required 150 minutes of duty-free individual planning per week. Principals should reach out to their assistant superintendents as needed for methods to support the need of student meetings and teacher planning periods (i.e., use of substitutes, administrative days, flexible scheduling, etc.).

## **Section 9.6 Faculty Advisory Committee**

- a. Nothing in this MOU shall be construed as prohibiting the principal from establishing a faculty advisory committee.
- b. This committee shall be advisory only, and no action, resolution, or vote of said committee shall be binding.

## **Section. 9.7 Other Professional Responsibilities**

All educators shall make every effort to volunteer for up to four (4) extra-curricular and/or after school activities that occur in the day-to-day operation of the school, whether on or off campus. The list(s) shall be posted by secondary school principals in the fall, winter, and/or spring. Elementary events should be shared with as much notice as possible. If necessary, the principal shall equitably distribute the assignments among all faculty based upon the educator's preferences and will consider excusing those with exigent circumstances. Faculty members are expected to sign up or volunteer when requested, except when they are excused after discussion with the principal. Activities that are extraordinarily time intensive (over three (3) hours) may be counted as two (2) or more activities and shall be designated as such by the principal on the listing. Principals may not require participation beyond the maximum four (4) activities outside of Parent Teacher Conferences as scheduled by the calendar committee and one (1) Open House as scheduled by the building principal. Participation in promotion and graduation ceremonies outside of the school day shall count as one (1) of the four (4) extra-curricular and/or after school activities. A time exemption will be granted for graduation events to extend beyond the three (3) hour limit as required by the event size.

# **ARTICLE X: EDUCATOR CONDUCT AND DISCIPLINARY PROCEDURES**

## **Section 10.1 Definitions**

Educators may be disciplined under the terms of this article for insubordination, unprofessional conduct, incompetence, inefficiency, conduct unbecoming to a member of the teaching profession, and/or neglect of duty, including but not limited to tardiness or absenteeism. Allegations of incompetence or inefficiency will most frequently be governed by the “Evaluation” article of this Contract.

Disciplinary action shall be for just cause and may include the following:

1. Oral reprimand (documented but not placed in the personnel file)
2. Written reprimand
3. Suspension
4. Dismissal of an educator, which is governed by T.C.A. §49-5-501 et.seq.

The type of discipline administered above shall be determined based upon consideration of the seriousness of the offense and the educator’s employment record. For minor infractions, an oral reprimand will be given to an educator before a written reprimand is issued. The immediately involved supervisor determines what constitutes a minor infraction. Disciplinary action shall be conducted at the lowest supervisory level whenever reasonably possible.

## **Section 10.2 Notification**

An investigation of the actions which may be the basis for discipline shall be conducted and shall include a conference with the educator prior to any implementation of discipline, except that the Superintendent of Schools may suspend an educator at any time that may seem necessary, pending investigation as described in T.C.A. §49-5-511. Every reasonable effort shall be made to complete an investigation within one (1) pay period. However, the parties hereto recognize that some investigations cannot be completed within that time, whether due to scheduling issues, involvement of the Tennessee Department of Children’s Services, involvement of law enforcement agencies, or otherwise. In the event a suspension pending investigation without pay extends for more than one (1) pay period, the Human Resources Department shall notify the employee and the appropriate representative of said event and the reason(s) for it. Each such suspension shall be reviewed each pay period, and the continuation of the suspension of pay shall be reconsidered at that time. In the event of a suspension without pay that extends beyond one (1) pay period, a suspended teacher may request early payment of summer income which has already been earned prior to the date of suspension. The Human Resources Department will inform employees if they are at risk of an impact on employee benefits due to a suspension pending investigation that extends beyond one (1) pay period.

The educator shall be given at least 24 hours’ notice of the said conference, and the educator shall have the right to have an Association representative or a personal attorney present during the said conference, provided the Educator agrees to a scheduled meeting within three (3)

business days of said notice. An educator who disagrees with the allegations presented may respond in writing within two (2) days of that conference. In the event the second day falls on a weekend or other day in which the central office is closed, the response may be made on the next day the central office is open. After investigation and the opportunity to respond, the supervisor shall give the educator notice of what discipline, if any, will be administered.

### **Section 10.3 Review and Appeal**

For discipline more severe than a written reprimand, the Superintendent of Schools shall review the supervisor's proposal and accompanying records and may uphold, modify, or set aside the proposed disciplinary articles.

Suspension of three (3) days or less may be appealed to the Superintendent of Schools at a recorded conference, if requested within five (5) days of receiving the written notice of suspension. Both parties may be represented by counsel at the conference, which shall be recorded.

If a non-tenured teacher is dismissed or suspended for more than three (3) days, then the Superintendent shall follow the separation practice for non-tenured teachers set out in Tennessee state law and WCSB policy 5.201.

If a tenured teacher is dismissed or suspended for more than three (3) days, then the Superintendent shall follow the separation practice for tenured teachers set out in Tennessee state law and WCSB policy 5.200.

### **Section 10.4 Notice of Deficiencies**

In addition to the progressive discipline described in Section 10.1 above, the Board recognizes the concept of progressive improvement. In the event an administrator determines that an educator has deficiencies in his or her work, that administrator may, outside the evaluation process, notify the educator in writing of any alleged deficiencies, indicate expected correction, propose an improvement plan specifying necessary improvements or needed actions, and indicate a reasonable period of time for correction. That time period shall in no event be less than 20 work days.

### **Section 10.5 Employee Rights**

Nothing contained herein shall act to limit an educator's rights under the Grievance Procedure of this Contract. Nothing contained herein shall be construed to limit the rights and obligations of the educators and the Superintendent of Schools under the dismissal procedures of T.C.A. §§495-511, 49-5-512 and related law. The provisions of this article do not apply to investigations under Board Policy 5.500, Discrimination, Harassment of Employees.

## ARTICLE XI: COMPLAINTS

### Section 11.1 Complaints

Any written complaint regarding an educator made to any member of the administration by a parent, student, or other person shall be investigated by the administrator and the following steps shall be taken:

- a. A copy of the written complaint shall be made by the recipient of the complaint and sent to the affected educator with five (5) days of its receipt.
- b. The educator shall acknowledge the opportunity to review such complaint by signing the filed complaint with expressed understanding that such signature in no way indicates agreement with the contents thereof.
- c. The investigation of such complaints shall begin as soon as possible, but in no event shall the investigation start later than ten (10) days from its receipt.
- d. The educator shall be given an opportunity to respond to the complaint and meet with the complainant and the immediate supervisor upon educator request, in order for the educator to rebut the complaint. It shall be the responsibility of the immediate supervisor to schedule such a meeting.
- e. If the person making the complaint refuses to participate in this procedure within 15 days of the educator's notification to the complainant of a request for a meeting, the complaint will be designated as unsubstantiated and any and all references to the complaint shall not be included in the educator's personnel file.
- f. The educator shall have the right to submit a written answer to such complaint to the supervisor conducting the investigation for review. The supervisor conducting the investigation may request the educator to provide a written response to the complaint. If the educator does not provide or refuses to provide a requested written response, the supervisor conducting the investigation may include such a statement with the complaint.
- g. If the educator or the complainant finds the resolution to be unsatisfactory, an appeal may be made to the Superintendent of Schools, within ten (10) days after receipt of the supervisor's response. The Superintendent of Schools will schedule a meeting with the educator and the complainant within ten (10) days of the written request.
- h. Any substantiated complaint, as determined by the immediately involved supervisor, may be used to evaluate an educator. Unsubstantiated complaints shall not be maintained as part of an educator's file.

- i. A complaint arising from supplemented activities or potential violation of state or federal laws or Board policy shall not be investigated under the procedures and steps under this Article XI.

## **ARTICLE XII: NOTICE OF VACANCIES**

### **Section 12.1 Notice of Vacancies**

- a. A current register of educator vacancies shall be readily accessible and posted online.
- b. Such notification of educator vacancies shall not prevent the Superintendent of Schools from filling a position if desirable applicants are available.
- c. Such vacancy notice shall contain the date of issue, the available position, and the location of the vacancy.
- d. Current educators may apply for a voluntary transfer between schools and may apply for all vacant educator positions in accordance with the SOP 5.113p, provided they make written application to the Human Resources Department, and they are licensed for the vacant position.
- e. If an involuntary transfer occurs after the beginning of the school year, the school system shall transport the educator's materials/equipment to the new work location. A substitute shall be provided for one (1) day to allow the educator preparation time for the new assignment.

### **Section 12.2 Reassignment Within the School**

Reassignments within the school shall not be made for arbitrary or capricious reasons.

## **ARTICLE XIII: SCHOOL CALENDAR**

### **Section 13.1 Responsibility**

It is the responsibility of the Board to establish and implement the school calendar.

### **Section 13.2 School Calendar Committee**

- a. The proposed school calendar shall be developed by the School Calendar Committee. The committee will be composed of not more than five (5) members appointed by the Association and not more than five (5) members recommended by the Superintendent of Schools and approved by the Board.
  1. The Association recommends that the Board consider not scheduling more than one (1) parent-teacher conference after the workday in the same school week.
- b. The Board shall designate one of its appointees as chairman who shall initiate the first meeting.
- c. In alignment with the annual Board Agenda, the School Calendar Committee shall submit a written proposed calendar for the subsequent school year to the Superintendent of Schools.
- d. If the Board sends back a proposed calendar for revision, the Board representative shall make every effort to reconvene the school calendar committee to discuss options the Board leaves open in their requirements.

### **Section 13.3 School Calendar Changes**

- a. In the event that the Board determines a need to change the school calendar due to the exhaustion of all available stockpiled days, the Calendar Committee will submit to the Superintendent of Schools, within ten (10) days, written recommendations for making up days missed.
- b. Any calendar which would result in the loss of a pay period for employees shall be approved by the Board a minimum of six (6) months in advance per pay period lost.

## ARTICLE XIV: CLASS SIZE

### Section 14.1 Class Size

- a. Because the class size is an important aspect of an effective educational program, the Board and the educator representatives to PECCA agree that class size should be lowered whenever possible.
- b. Every effort will be made not to exceed the maximum standards as established by the Tennessee State Board of Education Rules, Regulations, and Minimum Standards and the State Board for Vocational/Technical Education, except in large group instruction or experimental classes.

## **ARTICLE XV: DURATION**

### **Section 15.1 Three Year MOU**

The provision of this revised MOU will be effective as of July 1, 2022, and except as otherwise provided herein, will continue, and remain in full force until June 30, 2025.

Approved by the Board of Education on the 9th day of June 2022.
