This motion, made by Ms. Barbara Long and seconded by Mr. Butch Campbell, passed. Yea: 7, Nay: 0 Board Member Barbara Long moved to amend the motion to increase attendance secretary pay by up to 10% of the hourly rate, in order to more closely align their compensation with that of school bookkeepers. The motion was seconded by Vice Chair Butch Campbell. Board Member David Settles inquired about the total cost associated with the proposed increase. Dr. Duke responded that the adjustment would result in an estimated additional expenditure of approximately \$40,000. Following discussion, Board Member Jimmy Richardson expressed concern regarding the amendment, noting the difficulty in reconciling the loss of a social worker position and a \$30,000 reduction in professional development funding while proposing an increase for a single position. He stated that, although the employees are deserving, he believed the increase to be fiscally irresponsible given recent reductions by the county commission and increased financial pressures from the state, including unfunded mandates. Mr. Richardson stated he could not support the amendment. Board Member David Settles concurred. Vice Chair Butch Campbell stated his support for the amendment, noting that he had received feedback from all principals in favor of the adjustment. Prior to the vote, Attorney Lauren Bush clarified the amended motion to read: "I move to amend the motion approving the certified/classified salary scale to reflect adjustments to the hourly rate for attendance secretaries on an individualized basis in accordance with the salary schedule, for the purpose of more closely aligning their compensation with that of school bookkeepers, not to exceed 10% of the hourly rate." Board Member Jimmy Richardson moved to approve the amended language, and Board Member David Settles seconded. The motion to amend the language carried unanimously. Board Member David Settles called for the question. No second was required, and there were no objections. F. Approval of 2026-2027 Differentiated Pay Plan

Action Item

Motion to approve 2026-2027 Differentiated Pay Plan amend prov a one-time stipend of 500 to those that remain in the position. This motion, made by Ms. Barbara Long and seconded by Mr. David Settles, passed.

Yea: 7, Nay: 0

Motion to approve 2026-2027 Differentiated Pay Plan amend prov a one-time stipend of 500 to those that remain in the position. This motion, made by Ms. Karen Dodd and seconded by Mrs. Jeanette Price, passed.

Yea: 7, Nay: 0

Karen Dodd moved to amend the motion regarding the differentiated pay plan to add that, because sixth grade has been removed from the differentiated pay plan beginning in the 2027-2028 school year after having been included for several years, the Board will provide a one-time stipend of five hundred dollars (\$500) to current sixth grade teachers who remain in a sixth grade teaching position during the 2026-2027 school year. This stipend shall be provided for one year only and shall not be considered recurring compensation.

She further encouraged district staff to ensure that all teachers whose positions are included in the differentiated pay plan receive annual notification explicitly stating whether or not their position is included for that school year, and clarifying that any differentiated pay stipend is approved on a year-to-year basis and applies only to that school year unless the Board continues to deem the position hard to fill.

There was discussion on the amended motion.

Board Member Jimmy Richardson inquired whether other positions had been afforded the opportunity to receive a phase-out stipend once the position was no longer considered hard to fill. Dr. Duke stated that, to his knowledge, no such extensions had been offered during his tenure. Mr. Richardson stated that he could not support the amendment.

Board Member David Settles asked for clarification regarding the payment of the stipend. Dr. Duke explained that the one-time phase-out stipend would be issued at the end of the 2026-2027 school year as a single payment of \$500, contingent upon the employee completing the year in a 6th grade teaching position.

<p>G. Approval of FY27 General Purpose Budget Action Item Motion to approve FY27 General Purpose Budget-Budget D. This motion, made by Mr. David Settles and seconded by Mr. Butch Campbell, passed. Yea: 7, Nay: 0 Dr. Duke presented Budget D to the Board for approval, noting that this version included the previously approved amendments for increased attendance pay and the 6th grade stipend. Following discussion and questions regarding Budget D, Mr. Jimmy Richardson made a motion to approve an amended version of Budget D to include funding for an additional mental health counselor at an approximate cost of \$90,000, stating that he believed there is no better use of resources than supporting students' needs. The motion was seconded by Mr. David Settles. Ms. Barbara Long inquired about the impact of the proposed amendment on fund balance reserves. Dr. Duke responded that the amendment would require utilizing 4.727% of reserves, leaving a remaining fund balance of just under \$19.9 million. Ms. Jeanette Price asked about the current caseloads for mental health counselors. Dr. Duke indicated that he did not have the exact figures at that time but estimated that counselors currently serve approximately 34 students each and stated that he would provide updated data. Ms. Price also inquired about the existence of a waitlist, and Dr. Duke confirmed he would follow up with that information as well. Dr. Duke assured the Board that mental health services would remain in place despite a reduction from five to four therapists, noting that he had worked with Ms. Amanda Adams and Mr. Ken Rocha to develop a plan. Mr. Rocha addressed the Board to further explain the service delivery model and staffing plan for four therapists. Dr. Duke acknowledged the challenges of the current budget year and stated that he would take full responsibility for the recommendation to reduce to four mental health therapists. He further explained that, based on feedback from principals, calm coaches were reassigned to the general purpose budget, as this was identified as a top priority. Mr. Richardson emphasized the importance of distinguishing between programs the district values and those it must prioritize, stating that while he supports current services, he would prefer to retain the fifth mental health therapist, which prompted his motion. Mr. Settles called for the question. With no opposition, Mr. Richardson withdrew his motion to amend Budget D. Mr. Settles seconded the withdrawal. Motion to withdraw passed with no opposition.</p>	<p>Dr. Trey Duke</p>

He recognized Dr. Chris George and all assistant principals for their leadership and support during testing. Dr. Duke shared that feedback from an experienced teacher indicated it was the smoothest testing year to date. Dr. Duke stated that district leadership will now shift focus to third-grade promotion and retention. He reported that TCAP scores are expected during the last full week of May, at which time communication to parents—including letters, phone calls, and virtual meetings—will be initiated. He further noted that third-grade TCAP scores are anticipated to be returned on the afternoon of May 20, with retesting for non-exempt students scoring "approaching" or "below" scheduled for Thursday, May 21, due to the final day of school being Friday, May 22. <p>REPORTS AND INFORMATION Information Item</p>	<p>Chair Amanda Moore</p>
<p>Discussion of Federal Programs Budget Information Item 2026-2027 Federal Budgets Dr. Duke presented the proposed 2026-2027 Federal Budget to the Board. Federal Programs Coordinator, Dr. Maryam Hill, was present to address any questions from Board members. Dr. Duke reported that Congress has approved FY26 funding, which corresponds to the District’s FY27 allocation; therefore, no further federal action is required for the District to receive these funds. He noted a slight increase in funding for Title I and IDEA, while Title II, Title III, and Title IV remain level funded. Funds will be allocated to eight high-need schools. Dr. Duke also explained that the District currently operates two McKinney-Vento vans, with one driver funded through district set-aside funds and the other through general purpose funds. Dr. Duke reviewed Title II, Title III, IDEA Part B, and Pre-K budgets with the Board. He further noted that the final component of federal funding is the 21st Century Community Learning Centers grant. Ms. Hopkins reported that 381 students receive free tuition for the ESP program through this grant. Dr. Duke added that the District is currently in the fifth and final year of the grant and, due to uncertainty regarding its continuation, he will closely monitor any developments.</p>	<p>Dr. Trey Duke</p>
<p>Discussion of General Purpose Budget Information Item General Purpose Revenue Projections Dr. Duke reviewed the 2026-2027 revenue projections with the Board. He reported that projected state funding is approximately \$1.3 million less than the previous year. Dr. Duke stated that he will continue to monitor the proposed amendment to the hold harmless bill and may need to adjust the budget upon receipt of the next TISA estimate, particularly if the House version of the bill is adopted as final. Dr. Duke reviewed anticipated district donations, including the contribution from the City, which will remain at its current level after this contribution due to maintenance of effort requirements. He also asked that Board members express their appreciation to City Council members following approval of the increase in allocation. Dr. Duke reported that the District’s contribution to the Debt Service budget has increased by \$22 compared to the previous year, reflecting minimal change. He explained that this amount is associated with energy loan repayments and is calculated on a percentage basis. At the Board’s request from the April 7 meeting, Dr. Duke reviewed the Board’s budget line item to determine if any reductions could be made. He noted that the budget is already very tight, as Board members do not attend national conferences, with the primary expense being attendance at the TSBA Summer Law Conference in Gatlinburg. Following questions raised by the Board at the April 7 meeting, Dr. Duke reviewed the Differentiated Pay Plan, including potential options related to sixth grade positions. Board member Barbara Long inquired how many teachers would continue to receive the stipend if it remained in place. Dr. Duke estimated that approximately 12 current teachers</p>	<p>Dr. Trey Duke</p>

would be eligible. He noted that continuing the stipend may set a precedent, particularly as other positions may no longer qualify as hard-to-fill in the future. He also reminded the Board that the Differentiated Pay Plan is approved annually.

Board Chair Amanda Moore expressed concern regarding the accuracy of reporting to the state if the stipend continued. Board member Jimmy Richardson stated that maintaining the stipend could set a concerning precedent and lead to non-formula-based budgeting practices, emphasizing that the Differentiated Pay Plan is intended to address specific staffing needs. HR Director Maria Johnson reported that, in previous years, sixth grade teaching positions remained unfilled into July; however, she is currently seeing increased interest and is not experiencing the same level of difficulty filling those roles, indicating improvement in the teacher shortage.

Board member Karen Dodd expressed support for continuing the stipend, noting that teachers have come to expect it and suggesting it could naturally phase out over time as staff turnover occurs. The Board Vice Chair indicated support for maintaining the stipend for current sixth grade teachers as long as they remain in those roles.

Following discussion, Board Chair Amanda Moore asked Dr. Duke what direction he needed from the Board prior to budget approval on April 28. Dr. Duke stated that the Differentiated Pay Plan, as originally presented, would be included as an action item on the April 28 agenda, along with all four proposed options, allowing the Board to approve or amend as needed. Board member Barbara Long reiterated concern that any decision made would establish a precedent for future stipends and asked the Board to consider how similar stipends would be phased out for other positions, particularly those involving many employees. Board Chair Amanda Moore added that continuing a stipend for a position that is no longer hard to fill could be perceived as inconsistent.

Board member Jeanette Price suggested the possibility of implementing the stipend as a one-time measure with a clear phase-out timeline. Board member Karen Dodd asked whether formal communication had been provided to affected staff regarding stipends. Ms. Johnson indicated that communication had been informal. Dr. Duke stated that, moving forward, formal communication will be provided outlining stipend details and phase-out expectations.

Dr. Duke informed the Board that he will include an additional option for sixth grade positions that incorporates a phase-out after the 2026-2027 school year. He further stated that he will work with Human Resources to implement improved communication practices, including annual notifications to affected staff and inclusion of stipend and phase-out information in teacher contracts.

Dr. Duke recapped the previous week's budget meeting, noting that the proposed reductions at that time would have required utilizing \$5.2 million from fund balance. He reported that he subsequently implemented additional cuts which were presented to the Board, including the elimination of the 10th pay lane for classified staff. This adjustment reduced the fund balance usage to \$4.8 million. He further explained that, despite the removal of the 10th pay lane, classified staff would still receive a minimum 2% salary increase, with longevity pay applied in addition, and some employees receiving up to a 4.33% increase. This specific reduction accounted for approximately \$280,000. Dr. Duke also informed the Board that salary charts for the 2026-2027 school year will be presented for approval at the April 28 Board meeting.

Dr. Duke reviewed proposed changes to the certified staff salary scale, emphasizing that communication to staff would clearly indicate a total increase of 3.3%, inclusive of step increases with the dynamic raise. He noted that should the Board choose to do so, implementing a flat 2% raise across the board would result in an additional cost of approximately \$90,000. Board members expressed general support for the 3.3% dynamic raise as a reasonable approach.

Following the additional budget adjustments made after the April 7 meeting, Dr. Duke reported that the projected use of fund balance has been reduced to \$4.5 million, which he indicated is a more sustainable level. He also highlighted that overall expenditures are increasing by less than

\$1 million, while the cost of salary increases totals approximately \$1.8 million, reflecting significant fiscal efficiency.

Dr. Duke concluded by reviewing the impact on fund balance, stating that maintaining an unassigned fund balance of approximately \$20 million places the district in a stronger financial position that should sustain us through 2030.

Board Chair Amanda Moore said that several members of the Board received an email today asking about attendance secretary pay. We have 13 attendance secretaries in the district. They were hoping to see an increase in pay that would reflect the additional duties over the past few years that the state has added to their job to help with school funding. Dr. Duke had prepared a chart showing their hourly pay in 2024-2025, the 11% increase that they received in 2025-2026, and a chart showing what it would take to get them to bookkeeper pay in 2026-2027. He explained that attendance secretaries are compensated at less than a bookkeeper, but more than an EA. He told the Board that they work a total of 210 days, which is the same number of days as the principal. Bookkeepers work a total of 220 days. He noted that there was discussion last year during the original proposal of the budget process to move attendance secretaries to bookkeeper pay, but after realizing the restrictions to that budget, the Board settled on an 11% pay increase, while the rest of the district received a 2% increase.

Dr. Duke explained that, if the Board chose to move attendance secretaries to the bookkeeper pay scale during an already tight budget year, some employees would receive increases of approximately 20-25% while maintaining their current 210-day work schedule. He noted that 8 of the 13 attendance secretaries are currently at the top of their pay range and that the total cost of such an adjustment would be approximately \$102,000.

The Board discussed prior budget conversations, with Board Member Barbara Long recalling that while there had been discussion about potentially increasing pay for attendance secretaries, no commitments were made. She also emphasized the critical role attendance plays in securing district funding.

Dr. Duke reminded the Board of the upcoming implementation of a new Student Information System but urged consideration of the district's financial limitations. He cautioned against approving significant increases for one group while recent budget reductions included the elimination of the 10th pay lane, impacting approximately 300 employees.

Assistant Superintendent of Student Services Ken Rocha shared feedback from attendance secretaries, noting a slight increase in turnover, with some employees moving into bookkeeper or educational assistant positions, and others considering leaving the role altogether.

Dr. Duke further clarified that bookkeepers operate under an additional level of accountability, as their work is subject to external audits with publicly released reports.

Board Vice Chair Butch Campbell suggested considering a one-time bonus for attendance secretaries, with the possibility of revisiting an hourly increase in the future. Assistant City Attorney Lauren Bush encouraged the Board to carefully consider how a significant raise could be justified in a tight budget year, particularly in response to a late request.

Dr. Duke offered an alternative recommendation of a percentage-based salary increase for attendance secretaries in lieu of a bonus. Board Member Karen Dodd supported providing an increase, but not to the level of bookkeeper pay, suggesting that approximately \$50,000 be distributed proportionally among attendance secretaries. Dr. Duke noted that bringing an attendance secretary with nine years of experience to bookkeeper's pay would require an increase of approximately 25%, but a capped increase—such as up to 10%—could be considered, particularly beginning at year four of experience.

Board Chair Amanda Moore acknowledged the distinction between the roles of attendance secretaries and bookkeepers, including the higher level of financial accountability required of bookkeepers. She also recognized the evolving responsibilities of attendance secretaries and suggested considering an increase that reflects those added duties, rather than aligning pay fully with bookkeepers.

<p>The Board expressed general support for a percentage-based increase and the possibility of revisiting the issue in a future year with greater financial flexibility. Board Member Jimmy Richardson stated that he did not believe this was the appropriate year to implement such changes.</p> <p>Mr. Owens shared a neutral perspective, noting his respect for bookkeepers and cautioning against setting a precedent based on a vocal group. He recommended that the Board seek input from principals, who work closely with both attendance secretaries and bookkeepers, to inform future decisions.</p> <p>Board Chair Moore agreed that the request came late in the budget process and expressed interest in reviewing prior discussions to ensure clarity and avoid unintended commitments in future budget sessions.</p> <p>Dr. Duke summarized the discussion and asked whether the Board wished him to include both the continuation of 6th grade funding for one additional year and potential options for attendance secretary salary adjustments in the upcoming budget proposal. He explained that these items could be presented for separate consideration. Board Chair Moore indicated that, following individual discussions with Board members, if there was no support for these items, they would not be included on the April 28 agenda.</p> <p>Dr. Duke stated that he would work with Daniel Owens and Beth Prater to develop multiple budget scenarios, including the impact on fund balance, and would communicate these options to Board members prior to the April 28 meeting. Board Member Jeanette Price requested that each option clearly reflect its impact on fund balance.</p> <p>Dr. Duke concluded that, in the April 28 budget presentation, he would emphasize that this budget year focuses on maintaining current resources rather than adding new expenditures. Maria Johnson noted that information regarding hard-to-fill positions is available to employees through the State Department of Education website.</p> <p>To conclude the budget discussion, Dr. Duke reviewed each line of the budget, explaining the changes, and also presented the staffing standards document, outlining the distribution of positions across the district.</p> <p>Board Chair Amanda Moore thanked the Board for a robust and spirited discussion.</p>	
<p>Director's Update Information Item</p> <p>Dr. Duke informed the Board that second grade testing has begun across the District, with testing for grades three through six scheduled to begin on Monday, April 20. Make-up testing will continue through May 4.</p> <p>Lisa Trail invited Board members to attend the Volunteer Luncheon on Wednesday, April 22, at 12:00 p.m. at the Maintenance/Transportation Building, located at 910 Ridgely Road. She also requested that Board members notify her of any spring events they plan to attend so that appropriate preparations can be made.</p>	<p>Dr. Trey Duke</p>

Attached is a surplus disposal form to have a white board removed from Scales. It's been on a wall and in great shape, the teacher was just able to get a smart board for this particular location.

End-of-Life iPad models

Hi Kelsi,

I have identified the below devices at your school that are end-of-life. The devices in blue will need to be disposed of by the end of the school year. The devices in red will need to be disposed of ASAP. They have apparently slipped through the cracks.

The reason for this is these devices will not update to the latest iOS versions needed to ensure they are compliant with our security policies. I have copied the tech at your school to make them aware as well. If there is anything you have any questions or need some assistance on getting these devices pulled, please let me know.

If the products or services furnished under this Contract are likely to, or do become, the subject of such a claim of infringement, then without diminishing Contractor's obligation to satisfy the final award, Contractor may, at its option and expense:

- 7.15.1. Procure for MNPS the right to continue using the products or services, or

Contractor shall have no liability to MNPS, however, if any such infringement or claim thereof is based upon or arises out of:

- 7.15.4. The use of the products or services in combination with apparatus or devices not supplied or else approved by Contractor, or
- 7.15.5. The use of the products or services in a manner for which the products or services were neither designated nor contemplated, or
- 7.15.6. The claimed infringement in which MNPS has any direct or indirect interest by license or otherwise, separate from that granted herein.

7.16. Confidentiality, Student Records

Contractor shall keep in strict confidence as required and to the fullest extent required by any Applicable Law, including but not limited to the Family Educational Rights and Privacy Act (FERPA) 20 U.S.C. § 1232g and the Children's Online Privacy Protection Act of 1998 (COPPA) 15 U.S.C. § 6501-6506, any and all records and information, in whatever form or format received, pertaining to MNPS's individual students and children, including but not limited to any academic or grade information, attendance, truancy, discipline, receipt of special education services or supplemental educational services, social security or public benefits, or information as to race, ethnicity, or disability.

With regard to any reports, studies, or other works developed in the course of this Contract, or as a result thereof, Contractor shall not publish Confidential Information or any other information which identifies students, employees, or officers of MNPS by full name without first obtaining written consent from such individuals, or in the case of a student, his or her parent or legal guardian. Contractor shall provide to MNPS for its review any proposed publication, brochure, or advertisement in which MNPS is named not less than thirty (30) calendar days prior to submission for publication and Contractor shall remove MNPS's name or information identifying MNPS from the publication if MNPS requests removal. Contractor shall not issue, publish, or divulge any materials developed or used in the performance of this Contract or make any statement to the media relating to this Contract without the prior consent of MNPS.

7.17. Waiver

No waiver of any provision of this Contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.

7.18. Contingent Fees

Contractor hereby represents that Contractor has not been retained, nor has retained any persons, to solicit or secure a MNPS contract upon an agreement or understanding for a contingent commission, percentage, or brokerage fee, except for retention of bona fide employees or bona fide established commercial selling agencies for the purpose of securing business. Agenda Item Title: Audio Enhancement Classroom Systems Purchase from Beacon Technologies

Board Meeting Date: April 28, 2026

Department: Student Support Services

Presented by: Trey Duke

Board Agenda Category:

Consent Agenda

Action Item

Reports and Information

Requires City Council Approval: Yes No

Summary

MCS is requesting approval to purchase classroom audio enhancement systems to support instructional access and translation services in Title I schools. Those schools include: Black Fox, Hobgood, Northfield, Scales, and central office. The proposal from Beacon Technologies includes 44 Audio Enhancement BEAM classroom audio units, microphones, and XD Clear Bridge systems. The purchase will be made through the TIPS cooperative purchasing contract.

Implementation of these systems will be aligned with Tennessee English-only instructional expectations. Translation-related supports can be used for parent trainings and as a temporary supplemental aid, when appropriate, to support access to instruction without replacing meaningful engagement with English language input.

Staff Recommendation: Approval of Audio Enhancement Classroom Systems Purchase from Beacon Technologies

Fiscal Impact

The total cost of the project is \$77,987.69 and will be funded through Title I federal funds.

Connection to MCS's Five-Year Strategic Plan

- Known:** Every student will be *known* through whole-child programs and support.
- Safe:** Every student will be *safe* through equitable access to buildings, facilities, and infrastructure that meets their needs.
- Challenged:** Every student will be *challenged* by learning from highly effective educators and employees.

Summary

Administration is requesting Board approval of the 2026–2027 certified and classified salary schedules. The proposed classified salary schedule reflects a 2% increase across all ten established pay lanes.
