Background: Texas Education Agency recently conducted an Intruder Detection Audit at one of our campuses which resulted in findings. The audits test whether a campus is accessible to an unauthorized individual. This audit, conducted as a part of Governor Abbott’s school safety directives for all school systems following the tragedy in Uvalde, seeks to help districts identify how campuses can improve safety for students, such as ensuring exterior doors are locked and the door check is logged. Specific details of the Intruder Detection Audit will be shared in closed session with the board and with the district’s Safety and Security Committee.
