Jessica Dominy, Principal
Seward Elementary School

Enrollment: as of September 3, 2019

- Preschool: 52
- Kindergarten: 86
- 1st Grade: 96
- 2nd Grade: 86
- 3rd Grade: 109
- 4th Grade: 97
- Total: 526

Upcoming Seward Elementary Events:

- September 4th - September 13th: NWEA Testing (grades 2-4)
- September 12th: Kindergarten AIMSWEB
- September 13th: Bulldog Buddies (Concordia football players coming to read)
- September 16th: No School - Staff Development Day
- September 19th: Plum Creek Literacy Festival
- September 23rd: PTO Meeting @ 5:30 PM
- September 25th: PLC Data Team Meetings all day

Plum Creek Literacy Festival:

Seward Elementary is extremely fortunate to have two famous authors visit our school on September 19th, thanks to Concordia University's Plum Creek Literacy Festival. Our students will be listening to two authors this year: Ben Clanton and Lita Judge! Both of these authors have written amazing children's books that are an absolute hit with our students. A HUGE thank you goes out to Concordia University for planning this special event for our students. We are so excited to meet these famous authors! Last year, we did our All Bluejays Read Together program with one of Ben Clanton's books, so we are looking forward to see all the connections being made by our students.

BIST (Behavior Intervention Support Team):

The Seward Elementary Strategic Plan includes a goal that allows us to continue implementation of a school-wide behavior program, called BIST (Behavior Intervention Support Team). Over the summer, 4 SES teachers went to the 3 day Basic BIST training in Lincoln, including our 2 new teachers. We have a BIST consultant, Jacquie Winbolt, who comes to our school every other month to meet with teachers about student behavior. Jacquie will be starting her fourth year at SES and we feel very lucky she is our consultant again this year. Our students have done an excellent job this year with following our building Common Expectations and are beginning to show more

ownership in their behavior. Our goal is that our students are able to learn in a calm, positive environment.

PLC (Professional Learning Communities):

Our PLC's are up and running for the 19-20 school year. Each certified teacher belongs to a PLC at our school. Every other week throughout the school year, we will meet to have professional conversations about mental health needs of students and how these needs connect to our instructional model, problem solve instructional issues/interventions/enrichments, as well as analyze data (both behavioral and academic). From my perspective, PLC meetings are wonderful times to work closely with each grade level team and the specials team. The conversations about instruction and student growth are very productive and worthwhile.

Nebraska Reads:

In 2018, the Nebraska Legislature passed a bill called Nebraska Reads that helps ensure schools are using intervention and a solid core curriculum to meet the reading needs of students from Kindergarten to 3rd grade. The goal of this program is to have all children reading on grade level by the end of 3rd grade, unless the child has an IEP (special education individualized plan) and is working on their own reading goals. Seward Elementary is meeting the requirements of Nebraska Reads by giving AIMSWEB (our literacy screener) three times a year, communicating with parents about their child's reading progress after the screeners are given (those students not meeting grade level benchmarks), providing a research-based intervention (we use Leveled Literacy Intervention) to students who do not meet these benchmarks, and progress monitoring students during intervention time to ensure growth. Seward Elementary already does nearly all of the requirements for Nebraska Reads, and has been for the past 6 years. We only had to add a letter that specifically sites Nebraska Reads and its requirements that is mailed home to parents when their child does not meet the benchmarks set for each grade level and develop an individual reading intervention plan for each child. We will also need to provide some form of summer programming for students who do not finish the school year meeting their grade level benchmarks. This will be decided as the year continues. We already used AIMSWEB, used a research-based intervention (LLI), progress monitored students, and communicated with parents. Just FYI, we sent out 9 letters this fall to students in 1st - 3rd grade who are not currently meeting grade level benchmarks.

Character Recognition Program:

Because we have a circus theme this year, our character award for students is called "Bluejays in the Center Ring." We will focus on one character trait a month, beginning in September with respect. Teachers are working with students to teach them what it means to be respectful. As the month progresses, adults at SES will watch for students who are demonstrating respect and students will be recognized at the end of the month. Students who are recognized will have their picture in the paper, in our trophy case, and be given a small prize. Our hope is that students will learn character development skills at an early age and understand the importance of demonstrating these skills their whole lives. Skills being taught include respect, kindness, effort, integrity, cooperation, responsibility, encouragement, and perseverance.

Total 424	Total 434	Total 418	Total 415

4. Parent Teacher Conferences. Monday, 30 September, from 1600 to 2000 hrs. (4:00-8:00 pm). Our 5th grade teachers will continue to have both of their conferences in the fall semester with their additional conference for parents on Thursday, 26 Sept., which is the week prior.

5. Student Wellness Day. Scheduled for Friday, 4 October. This is a full day of activities with our entire student body. Students will walk from our building along the Plum Creek trail then back to Plum Creek Park for wellness clinics with CU coaches and students. Mr. Makey coordinates this activity and does a very nice job organizing everything. This day is designed to bring awareness of the importance for adolescents to establish healthy lifestyles.

6. Plum Creek Literacy Festival. This is the annual opportunity for our M.S. kids to meet the authors of children's books and hear them talk about a variety of literacy topics. Our students travel to the H.S. in two different shifts (5/6 grade, 7/8 grade) to listen to the authors present. This event is scheduled for Thursday, 19 September.

7. MAP (NWEA) Testing. These assessments will take place between 4-12 September with make-up tests being administered the following week. We test every student in the middle school with students missing less than one day of instruction during the testing period.

8. Happenings at the Middle School.

1. After School Programs. Quilts for Valor Club. Group will be sewing a quilt for a local veteran.

9. Open House. We continue to have great attendance at our beginning of the school year Open House. Our registered attendance (those who signed in) for each grade is as follows: 5th graders-96, 6th graders-88, 7th graders-71 and 8th graders-60, which is 76% of our students attending. This has become a very well attended event.

10. Student Council. Our Student Council sponsor, Mrs. Wehrbein, organized the election process having students who were interested in student council apply to be put on the ballot, needing a recommendation from a staff member. Students only vote for those in their own grade. Our student council representatives for this year are...

8th Grade: Sjoen Munk, Rachel Kuss, Layla Sugden, Kreyton Roth

7th Grade: Holden Bremer, Abby Covalt, Esten Johnsen, Olivia Delcamp,

6th Grade: Rilynn Hiser, Ethan Boggs, Isaac VanBeek, Kaleigh Penas

5th Grade: Lexi Solano, Lexi Collings, Kennedy Dominy, Keeley Kouma

11. Strategic Plan Update. Our School Improvement action teams met during our staff development days in August for to start making plans for our new five year plan. Action teams usually meet monthly to make progress towards their goals. Our new middle school improvement goals are for the next five years are:

- 1. We will address the physical, emotional, mental and social health needs of our students by implementing programs that support the student and cultivate healthy, supportive relationships between students and staff.*
- 2. We will provide a streamlined yet effective system of communication.*
- 3. We will optimize staffing, scheduling, instruction and grading to meet the needs of the whole child.*
- 4. We will expose and guide students in exploring, connecting with and learning more about the variety of business and career opportunities in the community and beyond.*

**Board of Education Report
September 2019
Seward High School
Scott Axt-Jill Johnson-John Moody**

The 2019-2020 is off to a great start! Students and teachers are getting settled into their schedules, fall sports are in full swing, and we are really excited about the direction the school year. We would encourage any and all board members to stop in at the High School to see some of the exciting things going on in our classrooms or in our extracurricular activities.

Safety Drills:

We have completed two fire drills. We will be holding a tornado and lockdown drill later this month.

Parent Teacher Conferences: We hosted our first parent/teacher conference for the 2019-2020 school year on Tuesday, September 3rd. Overall our numbers were down a little but we still thought we had a good turnout even though we had many activities going on Tuesday evening.

Homecoming Week: Homecoming week will be Monday, October through Friday, October 4th. The parade will start at the HS on Friday, October 4th at 1:45 p.m. and go to the Elementary school then back to HS Football Field for a pep rally. The Homecoming dance will be held at Seward High School following the football game on Friday. The dance will start at approximately 9:30 (doors close at 10:30 due to the football game) and will conclude at midnight.

Freshman Orientation: We had an extremely well attended Freshman Orientation Event. Feedback from parents and students indicated that the information and experiences provided as part of this orientation were helpful but we also had some feedback about some things that we could improve.

NWEA Testing/ACT : We will begin with fall NWEA testing the week of September 3th for students in grades 9-10. While 11th grade will be completing a practice ACT test. Students will be tested in math, reading, science, and language usage. The results of these assessments will be used to guide our instruction, intervention practices, and provide students and parents an indication of their growth and progress. NWEA assessment results serve as an important barometer within our comprehensive assessment system.

School District of Seward Board Report
Connie Biaggio, Director of Special Services

September 3rd, 2019

Here's a quick outline of what's been occurring district wide since the first day of school that has to do with special services provision.

Students, teachers, and para educators have been settling into the 19-20 academic year. It takes time to set support service schedules and for new staff to get to know the specific students they may be working with but progress has been made and services have certainly begun being delivered.

Determining Title One service needs includes a needs assessment requirement and most of that testing has been completed. As of today's date, the plan for delivering Title One services at all three parochial schools has been determined and there is a change from last year in that at Our Redeemer, it has been determined that one of their part time teachers will provide the services through a third party contract with us. This means less travel for Mrs. Scheiber and more service time for their students. Once all of the needs assessments for all students in grades K-4 have been reviewed at each building the schedules for Mrs. Scheiber and Mrs., Gray, Title One teachers, can be finalized.

The annual High Ability Learner report is the first major report due to NDE each academic year and it was submitted two weeks ago. By September 15th, all beginning of the year HAL letters will be sent out to the parents of each eligible student. Included will be the appropriate grade level HALP (high ability learning plan) for math, language arts and science depending on the eligible subject areas that the student qualified in. This process was new last year and up dates from grade level teams to their subject area plans are currently being collected.

Speaking of NDE, it should be noted that this week a team of 5 teachers and administrators will be attending the third annual NDE MTSS conference in Kearney September 4th, 5th and 6th. The team members will hear national speakers and Nebraska school presenters outline the positive benefits of collaborating at all levels to support each and every student academically and emotionally. The need for focusing on the quality of the core curriculum, and Tier II interventions first and foremost was the overarching theme. Work on a Blue Jay MTSS template began last spring and the core team continued that work on two separate occasions during this past summer. The team will meet again soon after the conference. Through the continued work on the template the team is outlining all of the learning initiatives that Seward Schools already utilizes, what we may be missing such a social emotional learning initiatives and if there are initiatives that may not be producing

the results we had hoped for. Direct connection to our new District Strategic Plan is also being highlighted.

Below are the latest numbers for special programs within the District. As of today there have been 15 students who have moved in with a special education verification and we have had 17 special education students move out of the district. One student has moved in with HAL identification and two students are being evaluated for ELL identification. Given that our enrollment numbers are on the rise it is not surprising that the total of 320 special education students ages birth to 21 indicated below is the highest number shared across the past 10 plus years.

September 2019 Board Report for Curriculum and Staff Development

Board Members,

It is good to be back into the school year and school is always more fun when the students are back in school! We had a great Fall Workshop filled with learning, planning, and preparing for a successful school year. Enclosed with this report you will find some data related to Fall workshop that includes perceptions from our staff regarding this professional development. We did also collect a number of anecdotal notes from teachers about the presentations if you have any questions about the data.

SCHOOL DISTRICT OF SEWARD

410 South Street

Seward, NE 68434

Curriculum

This is the time of year that we ensure all of our high school and middle school students have access to their e-books as well as their traditional textbooks. The new Health materials have arrived and are in place for our Health teachers. The new health materials give our students and teachers options for learning in print and digitally.

Instruction

The beginning of the year marks the time where our teachers are setting their professional growth goals. Each teacher selects two goals to work on throughout the school year. The first goal is a goal based on our district strategic plan. Teachers select a goal that is focused on one of our 5 district strategies. The second goal is a personal growth goal and this is most often selected after reviewing the teacher-self audit of the instructional model. The teacher selects an area that they self-rated as lower to work on during the school year. Throughout the year the teachers then implement the strategies they selected and collect evidence regarding their goal completion.

Staff Development

We had a great Fall workshop to start the school year. We were able to work in our strategic planning groups, department and grade levels, and completed a presentation on the connection between mental health and instruction. At the bottom of this report I will work to share with you data that we have collected from our staff regarding professional development.

Assessment

We have been receiving preliminary data back from the department of education. Fortunately, we have been able to use some of this data to help us with decisions regarding intervention and student grouping. The NSCAS data and ACT data is currently embargoed, but we are working on charts, reports, and correlations to share when we are able to.

Food Service/Wellness

In the Spring of 2019, the wellness committee was able to get Dave Ellis to come to our high school and share some of the “Food for Performance” strategies that they use at the University of Nebraska. One of the ideas that he suggested that we felt we could do at a school level, was to provide chocolate milk after practice. Mr. Ellis share with us that high school athletes should not be taking supplements, etc. and the best thing they could do to assist with recovery and build muscle mass is to drink chocolate milk. Our milk distributor, Dean Foods, provided us an additional cooler at no cost and we are working on getting grants and donations to cover the cost of the milk so that there is no cost to the athlete or unnecessary additional work for office staff and coaches.

Thank you for your support!

Dr. Matt Dominy

How satisfied were you with the Fall Workshop Schedule?

56 responses

Please rate the "Kick-Off Celebration" (Breakfast, Dr. Fields, EAP, Dr. Dominy)

56 responses

Please rate the "Connecting the dots between mental health and instruction" presentation.

56 responses

*Please note- Participants were asked to rate their level of understanding of the connection between mental health and instruction based on the presentation that I did. Based on individual feedback some teachers may have been confused and rated the EAP presentation rather than the presentation on "Connecting the Dots Between Mental Health and Instruction."

September Staff Development

A newsletter by Dr. Dominy

September

Staff,

What a great start to the year! I am so thankful to each of you and the role that you play to ensure that each child experiences success. This year I will feature mental health and instruction in my monthly newsletter. It is critical that we dive into this important topic of mental health, understand it more deeply, and provide strategies that help students be available for learning. We also must do this through the lens of instruction which is why we are all here! My hope is that you will see the connections between mental health and instruction through not only this newsletter but your PLC's and other staff development opportunities. I look forward to working by your side as we get to understand this topic more deeply.

Thank you for all that you do!

Matt

Instructional Model and Mental Health Framework- Why?

We have shared the "why" several times regarding why we are embarking on the Social-Emotional health journey. I was reviewing our professional development book of the year, All Learning is Social and Emotional, and I found a section that struck me as the biggest why yet.

"It's important to stress that social and emotional learning is about much more than developing kids who are nice to one another, cooperative in class, and civically engaged. SEL is also an equity issue. Students who lack the communication and regulation skills needed to navigate a complex societal landscape are vulnerable to becoming victims or perpetrators (and sometimes both). These students are often marginalized to the fringes of school and community life, and endure pity, shame, humiliation, and punishment. It is crucial for schools to implement systems that develop students' social and emotional skills so that they can

Social-Emotional Learning Vocabulary

Part of this journey is becoming familiar with the vocabulary of social-emotional learning. Our book provides a framework for helping us understand social-emotional learning and they break it down into 5 areas. We will take time during our 2nd PLC to talk more about the 5 areas of social-emotional learning.

Identity and Agency- the way they see themselves and their belief in their ability to influence the world around them.

Emotional Regulation- Being able to accurately identify and describe emotions, manage impulses and delay gratification.

Cognitive Regulation- Metacognition, goal setting, decision making, resolving problems.

Social Skills- Tools to foster, maintain, and repair relationships.

Public Spirit- People are valued and treated fairly.

At the first Bluejay Leadership meeting of the year (August 27th) the team discussed several topics regarding the upcoming school year. We brought attention to the approaching election for our freshmen members and homecoming week.

We were asked to encourage our fellow freshmen to pick up an application for the Bluejay Leadership Team. Once they apply, a ballot goes out to the class of 2023 with each of the applicants' names along with a short explanation of what leadership means to them. Students are advised to pick four students that they believe will represent their values the most. After the results for the first round come back, we narrow it down to about half, taking out those who didn't receive as many votes, and send out another ballot with the revised list. The students once again pick their top four, and when we get the results back, we announce the newest members of our team.

Our second topic of discussion was homecoming week. We sent out a survey to the entire school so that individual students can submit their ideas for a homecoming theme. In the past, themes have included board games, the different decades, and most recently, "Destined for Greatness." Once ideas are submitted the leadership team votes until we agree on one theme. From there we discuss the different dress-up days as well as how each hallway will be decorated. The decorations and music for the dance itself were also brought up. This past year we purchased equipment that will make it possible for us to provide our music for dances. We are still discussing how we are planning to go about that. A new plan for this year is to incorporate the city into the week of homecoming a little more. Emma Kuss, a junior member of the leadership team, and I are planning to visit the courthouse and discuss putting signs on each of the four corners of the courthouse square. Each sign would be representative of a graduating class and would be decorated with the theme decided upon.

The students are also extremely grateful for the upgrading of the school. I have had a lot of positive feedback regarding the addition of carpet in different areas of the school. Overall, our building looks great and we can't wait for the remodeling of the lobbies.

NASB Monthly Update for Board Meetings - Agenda Item: SEPTEMBER 2019

"NASB Update"

As a board, some items to be focused on during September include:

- Monitor progress of district goals, link goals to discussion and action items
- Review your Strategic Plan Progress Report
- Review your Summer School Programs, ACT Results & School Improvement Plan
- Negotiations contract dispute decision (year of contract, if needed), due September 15
- Personnel Report to the Department of Education, due September 15
- Negotiations board must respond to agent request, due October 1
- Review and adopt policy updates
- School District Membership Report; due October 15
- Adopt the Annual Emergency Safety Plan; Annual District Report
- Tax Request Hearing for Fund Levies; due October 13
- Poverty Plan; due October 15
- Limited English Proficiency Plan; due October 15
- Elementary Site Allowance; due October 15

Networking & Events

August began NASB's annual tour of the state for nine **Area Membership Meetings**. We have already been to Valentine, Fremont, La Vista, Gering, Kearney, and North Platte. September will see us in:

- York on September 4th
- Nebraska City on September 18th
- Norfolk on September 25th.

It has been great seeing so many of you to this point and look forward to those we've yet to see at the remaining locations. This year we are working to change the narrative that says the schools are at fault for our property tax burdens is failing everyone. To register for a remaining meeting, visit <http://members.nasbonline.org/index.php/area-membership-meetings>

State Conference registration opens September 11. The full event schedule and session descriptions have been mailed out and are online at <http://members.nasbonline.org/index.php/state-education-conference>

Labor Relations Conference will be September 11-12 in Lincoln. Learn more and register at <https://www.ncsa.org/events/nasa-and-nasb-labor-relations>

NASB is a partner for the **Thriving Children, Families, and Communities Conference**, September 16 in Kearney. This is a free event, but you must register to attend. Learn more and register at:

School Board Member of the Year Nominations are due September 27 ... you can nominate a deserving candidate at <http://members.nasbonline.org/index.php/ann-mactier-school-board-member-of-the-year-award>

Advocacy/Interim Studies:

Some of the key Interim Studies are starting to be scheduled for later this Fall. We will be asking (needing!) school board members to speak up on a few of these items to educate your Senators on just how these items would impact your districts and community between now and the hearings.

- **LR63 - Interim study to examine ESUs**
 - **Friday, October 4, 8:30 a.m. – Room 1510, State Capitol**
- LR151 - Interim study to examine the financing of public education and develop recommendations for improving school funding
- LR152 - Interim study to examine issues under the jurisdiction of the Education Committee
- **LR153 - Interim study to examine the administrative costs of local school systems and school districts**
 - **Friday, September 27, 9:30 a.m. – Warner Chamber, State Capitol**
- LR157 - Interim study to conduct an in-depth review of the financing of the public elementary and secondary schools
- LR208 - Interim study to examine state and school district policies that relate to maintaining a safe and positive school learning environment
- LR214 - Interim study to examine issues that surround the engagement, attraction, and retention of youth in Nebraska
- LR242 - Interim study to examine the replacement of Native American mascots in Nebraska at nontribal schools

Annual Sparq Data Solutions Tailgate!

Join Sparq and NASB on Saturday, September 28, as Nebraska faces Ohio State. The Sparq team will be set up in the north parking lot of Haymarket Park (403 Line Drive Circle) with food, prizes and games. RSVP to Nicole Kobus at nkobus@sparqdata.com

Introduction and Overview

This report summarizes the findings from the 2018 Nebraska Risk and Protective Factor Student Survey (NRPFSS). The 2018 survey represents the eighth implementation of the NRPFSS and the fifth implementation of the survey under the Nebraska Student Health and Risk Prevention (SHARP) Surveillance System. SHARP consists of the coordinated administration of three school-based student health surveys in Nebraska, including the NRPFSS, the Youth Risk Behavior Survey (YRBS), and the Youth Tobacco Survey (YTS). The Nebraska SHARP Surveillance System is administered by the Nebraska Department of Health and Human Services and the Nebraska Department of Education through a contract with the Bureau of Sociological Research at the University of Nebraska-Lincoln. For more information on the Nebraska SHARP Surveillance System please visit <http://bosr.unl.edu/sharp>.

As a result of the creation of SHARP and its inclusion of the NRPFSS, the administration schedule shifted from the fall of odd calendar years to the fall of even calendar years. The first three administrations of the NRPFSS occurred during the fall of 2003, 2005, and 2007, while the fourth administration occurred during the fall of 2010, leaving a three-year gap (rather than the usual two-year gap) between the most recent administrations. The 2012, 2014, 2016, and 2018 administrations also occurred during the fall, as will future administrations, taking place during even calendar years (i.e., every two years).

The NRPFSS targets Nebraska students in grades 8, 10, and 12 with a goal of providing schools and communities with local-level data. As a result, the NRPFSS is implemented as a census survey, meaning that every public and non-public school with an eligible grade can choose to participate. Therefore, data presented in this report are not to be considered a representative statewide sample. The survey is designed to assess adolescent substance use, delinquent behavior, and many of the risk and protective measures that predict adolescent problem behaviors. The NRPFSS is adapted from national, scientifically-validated surveys and contains information on risk and protective measures that are locally actionable. These risk and protective measures are also highly correlated with substance abuse as well as delinquency, teen pregnancy, school dropout, and violence. Along with other locally attainable sources of information, the information from the NRPFSS can aid schools and community groups in planning and implementing local prevention initiatives to improve the health and academic performance of their youth.

Table 1.1 provides information on the student participation rate for Seward Public Schools. The participation rate represents the percentage of all eligible students who took the survey. If 60 percent or more of the students participated, the report is generally a good indicator of the levels of substance use, risk, protection, and delinquent behavior in Seward Public Schools. If fewer than 60.0 percent participated, a review of who participated should be completed prior to generalizing the results to the entire student population.

2018 NRPFSS Sponsored by:

The 2018 NRPFSS is sponsored by Grant #5U79SP020162-05 and #1H79SP080988-01 under the Strategic Prevention Framework Partnerships for Success Grant for the Substance Abuse and Mental Health Services Administration Center for Substance Abuse Prevention through the Nebraska Department of Health and Human Services Division of Behavioral Health.

The Bureau of Sociological Research (BOSR) at the University of Nebraska – Lincoln (UNL) collected the NRPFSS data for this administration as well as the 2010, 2012, 2014, and 2016 administrations. As part of BOSR’s commitment to high quality data, BOSR is a member of the American Association for Public Opinion Research (AAPOR) Transparency Initiative. As part of this initiative, BOSR pledges to provide certain methodological information whenever data are collected. This information as it relates to the NRPFSS is available on BOSR’s website (www.bosr.unl.edu/sharp).

Table 1.1. Survey Participation Rates, 2018

Grade	Seward Public Schools 2018			State 2018		
	Number Participated	Number Enrolled	Percent Participated	Number Participated	Number Enrolled	Percent Participated
8th	99	99	100.0%	10270	26257	39.1%
10th	95	124	76.6%	7437	25634	29.0%
12th	67	103	65.0%	6378	26155	24.4%
Total	261	326	80.1%	24085	78046	30.9%

Note. The grade-specific participation rates presented within this table consist of the number of students who completed the NRPFSS divided by the total number of students enrolled within the participating schools. For schools that were also selected to participate in the YRBS or YTS, the participation rate may be adjusted if students were only allowed to participate in one survey. In these cases, the number of students who completed the NRPFSS is divided by the total number of students enrolled that were not eligible to participate in the YRBS or YTS.

Again, the goal of the NRPFSS is to collect school district and community-level data and not to collect representative state data. However, state data provide insight into the levels of substance use, risk, protection, and delinquent behavior among all students in Nebraska. In 2018, 30.9 percent of the eligible Nebraska students in grades 8, 10, and 12 participated in the NRPFSS.

The 2018 participation rate for the state as a whole remains lower than the 60.0 percent level recommended for representing students statewide, so the state-level results should be interpreted with some caution. Failure to obtain a high participation rate statewide is, in part, due to low levels of participation within Douglas and Sarpy Counties, which combined had an 11.2% participation rate in 2018 compared to 44.4% for the remainder of the state.

Table 1.2 provides an overview of the characteristics of the students who completed the 2018 survey within Seward Public Schools.

Overview of Report Contents

The report is divided into the following five sections: (1) substance use; (2) transportation safety; (3) violence, bullying, and mental health; (4) nutrition and physical activity; and (5) feelings and experiences at home, school, and in the community. Within each section, highlights of the 2018 survey data for Seward Public Schools are presented along with national estimates, when available.

When there are less than 10 survey respondents for a particular grade, their responses are not presented in order to protect the confidentiality of individual student participants. However, those respondents are included in regional- and state-level results. Furthermore, if a grade level has 10 or more respondents but an individual question or sub-group presented in this report has less than 10 respondents then results for the individual item or sub-group are not reported.

A number of honesty measures were also created to remove students who may not have given the most honest answers. These measures included reporting use of a fictitious drug, using a substance during the past 30 days more than in one's lifetime, answering that the student was not at all honest when filling out the survey, and providing an age and grade combination that are highly unlikely. Students whose answers were in question for any one of these reasons were excluded from reporting. For Seward Public Schools, eight students met these criteria.

Substance Use

This section contains information on the use of alcohol, tobacco, and other drugs among 8th, 10th, and 12th grade students in Nebraska. In addition, there is information on attitudes and perceptions, the sources of substances, and other substance-related topics. To provide greater context for the results from Seward Public Schools, overall state and national results are presented when available. As discussed earlier, the state results are not to be considered a representative statewide sample. The national data source is the Monitoring the Future survey, administered by the Institute for Social Research at the University of Michigan and sponsored by the National Institute on Drug Abuse and National Institutes of Health.

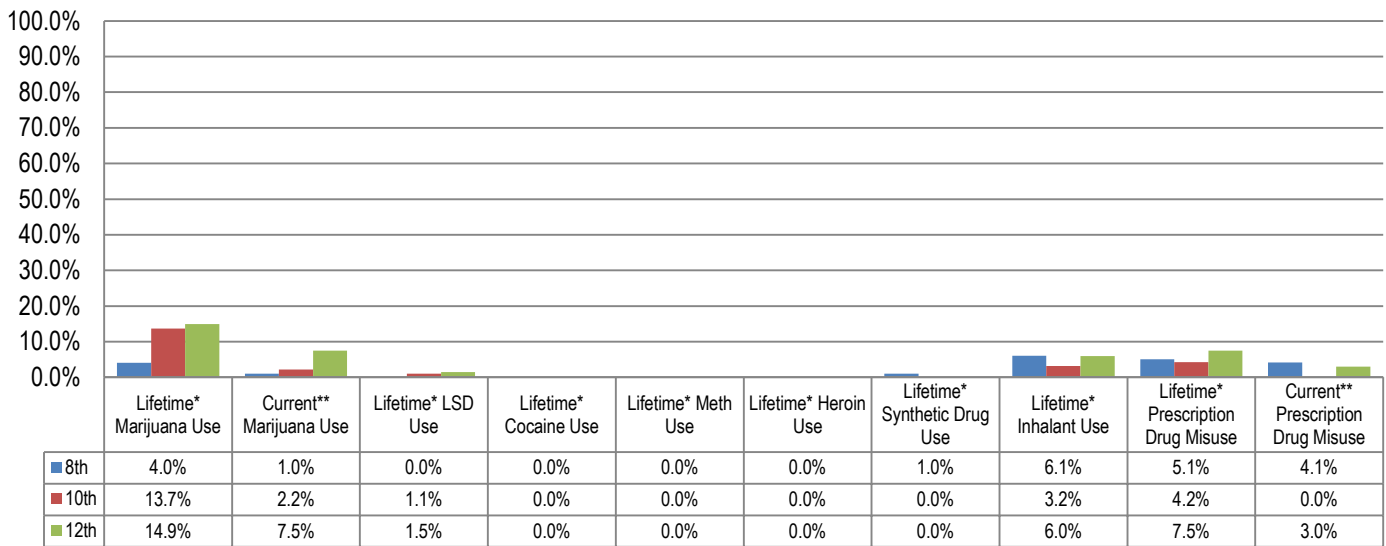

Substance Use

Substance Use: Alcohol and Tobacco, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days. ^APercentage who reported having five or more drinks of alcohol in a row, within a couple of hours. ^{^^}Tobacco use includes cigarettes and smokeless tobacco. Individual results for each can be found in Appendix A.

Substance Use: Other Drugs, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days.

8th Grade Substance Use: Alcohol and Tobacco, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days. ^Percentage who reported having five or more drinks of alcohol in a row, within a couple of hours. ^^Tobacco use includes cigarettes and smokeless tobacco. Individual results for each can be found in Appendix A.

8th Grade Substance Use: Other Drugs, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days.

10th Grade Substance Use: Alcohol and Tobacco, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days. ^Percentage who reported having five or more drinks of alcohol in a row, within a couple of hours. ^^Tobacco use includes cigarettes and smokeless tobacco. 10th Grade Substance Use: Other Drugs, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days.

12th Grade Substance Use: Alcohol and Tobacco, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days. ^Percentage who reported having five or more drinks of alcohol in a row, within a couple of hours. ^^Tobacco use includes cigarettes and smokeless tobacco. Individual results for each can be found in Appendix A.

12th Grade Substance Use: Other Drugs, 2018

Notes. *Percentage who reported using the named substance one or more times in his or her lifetime. **Percentage who reported using the named substance one or more times during the past 30 days.

Percentage Reporting Drinking Alcohol to Increase Effect of Some Other Drug, among Students who Reported Drinking in the Past 30 Days*, 2018

Notes. *Among past 30 day alcohol users, the percentage who reported drinking alcohol one or more times to increase the effect of some of other drug or drugs during the past 30 days.

Type of Mist Inhaled in Electronic Vaporizer, among Students who Reported Using an E-cigarette or Vaping Device*, 2018

Notes. *Based on the question "The last time you used an electronic vaporizer such as an e-cigarette, what was in the mist you inhaled?" **The n-size displayed is the same for all types of mist given that type of mist inhaled in an electronic vaporizer is asked as one question.

Percentage Reporting Using Pain Medication Prescribed by a Doctor during the Past 12 Months*, 2018

Notes. *Percentage who reported "Yes" to the question "During the past 12 months, did you use pain medications that a doctor prescribed for you?"

Other Pain Medication Topics, among Students who Reported Receiving Prescription Pain Medication from a Doctor, 2018

Notes. *Percentage who reported "Yes" to the question "The last time a doctor prescribed a pain medication for you, did you use any of the pain medication more frequently or in higher doses than directed by a doctor?" ^Percentage who reported "Yes" to the question "The last time a doctor prescribed a pain medication for you, did anyone ask you about borrowing or buying some of your medication?" **The n-size displayed is the largest n-size across these questions. Because each question is asked individually, the n-size may vary.

Attitudes toward Substance Use

Percentage Reporting Wrong or Very Wrong to Substance Use Behavior*, 2018

Note. *Percentage who reported how wrong they think different substance behaviors are based on the following scale: Very wrong, Wrong, A little bit wrong, Not wrong at all.

Percentage Reporting Peer Wrong or Very Wrong to Substance Use Behavior*, 2018

Note. *Percentage who reported how wrong their friends would think different substance behaviors are based on the following scale: Very wrong, Wrong, A little bit wrong, Not wrong at all.

Percentage Reporting Parent Wrong or Very Wrong to Substance Use Behavior*, 2018

Note. *Percentage who reported how wrong their parents would think different substance behaviors are based on the following scale: Very wrong, Wrong, A little bit wrong, Not wrong at all.

Percentage Reporting Adults in Neighborhood Wrong or Very Wrong to Substance Use Behavior*, 2018

Note. *Percentage who reported how wrong adults in their neighborhood would think different substance behaviors are based on the following scale: Very wrong, Wrong, A little bit wrong, Not wrong at all.

Perceptions of Substance Use

Percentage Reporting that the Following Substances are Sort of Easy or Very Easy to Obtain*, 2018

Note. *Percentage who reported it is sort of or very easy to obtain each substances based on the following scale: Very hard, Sort of hard, Sort of easy, Very easy. Based on the question "If you wanted to, how easy would it be for you to get: <insert substance use behavior>."

Sources of Substances

Sources for Obtaining Alcohol during the Past 30 Days, among Students who Reported Drinking during the Past 30 Days*, 2018

Notes. *Among past 30 day alcohol users, the percentage who reported obtaining alcohol in each manner during the past 30 days. **The n-size displayed is the largest n-size across these questions. Because each source is asked individually, the n-size may vary across sources.

Sources for Obtaining Cigarettes during the Past 30 Days, among Students who Reported Smoking during the Past 30 Days*, 2018

Notes. *Among past 30 day cigarette users, the percentage who reported obtaining cigarettes in each manner during the past 30 days. These scores may include students 18 and older.**The n-size displayed is the largest n-size across these questions. Because each source is asked individually, the n-size may vary across sources.

Sources for Obtaining Prescription Drugs during the Past 30 Days, among Students who Reported Taking Prescription Drugs during the Past 30 Days*, 2018

Notes. *Among past 30 day prescription drug users, the percentage who reported obtaining prescription drugs in each manner during the past 30 days.

Tips for Using the NRPFSS Results

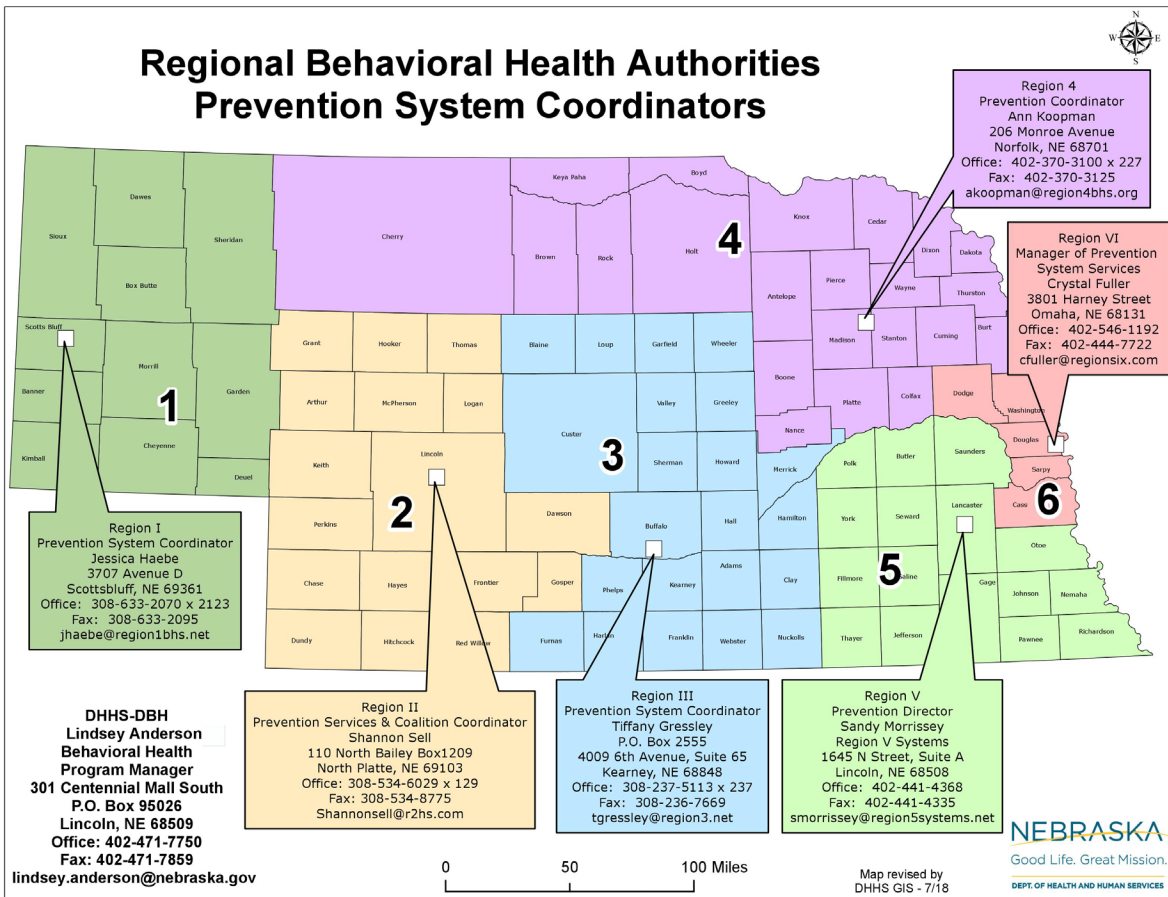

As educators, you play an important role in prevention by teaching skills, imparting knowledge, and in helping to establish a strong foundation of character and values based on wellness, including prevention of substance use, suicide, and other risky behaviors.

There are a variety of strategies (or interventions) that can be used to increase protective factors and reduce the impact of risk factors. Prevention in schools is often completed through educational programs and school policies and procedures that contribute to the achievement of broader health goals and prevent problem behavior.

Prevention strategies typically fall into two categories:

- **Environmental Strategies**
 - These strategies effect the entire school environment and the youth within it.
 - An example of an environmental strategy would be changing school policy to not allow athletes to play if they are caught using substances.
- **Individual Strategies**
 - These strategies target individual youth to help them build knowledge, wellness, and resiliency.
 - An example of an individual strategy would be providing a curriculum as part of a health class about the harms of substances.

If you would like to implement strategies in your school, please contact your regional representative as shown on the map below.

You may also wish to do your own research. The following websites provide listings of evidence-based practices:

- **The Evidence-Based Practices Resource Center**
 - This is a searchable online evidence-based repository and review system designed to provide the public with reliable information on mental health and substance use interventions that are available for implementation.
 - **Website:** <https://www.samhsa.gov/ebp-resource-center>
- **The Office of Juvenile Justice and Delinquency Prevention's (OJJDP's) Model Programs Guide (MPG)**
 - This contains information about evidence-based juvenile justice and youth prevention, intervention, and reentry programs. It is a resource for practitioners and communities about what works, what is promising, and what does not work in juvenile justice, delinquency prevention, and child protection and safety.
 - **Website:** <https://www.ojjdp.gov/mpg/>
- **The Suicide Prevention Resource Center**
 - This has a variety of suicide prevention resources available.
 - **Website:** <http://www.sprc.org/>

In accordance with LB923, public school staff in Nebraska are required to complete at least 1 hour of suicide awareness and prevention training each year. To learn more, visit the Nebraska Department of Education website at <https://www.education.ne.gov/Safety/index.html>. Resources on Bullying Prevention and Suicide Prevention are listed.

A variety of print materials on behavioral health topics including depression, trauma, anxiety, and suicide are available from the Substance Abuse and Mental Health Services Administration (SAMHSA). Materials include toolkits for school personnel, educational fact sheets for parents and caregivers, wallet cards and magnets with the National Suicide Prevention Lifeline. The direct link to the SAMHSA store is <https://store.samhsa.gov/>.

Another resource for kids, teens, and young adults is the **Boys Town National Hotline**, specifically the **Your Life Your Voice campaign**. Wallet cards and other promotional materials are available at no cost for distribution to students, school staff, parents, etc. <http://www.yourlifeyourvoice.org/Pages/home.aspx>. Remember, talking about suicide with a student does not put an idea of attempting suicide in a student's mind.

Employment of Classified Staff

The superintendent or designee shall hire classified staff to meet personnel needs consistent with the district's budget, instructional needs, and non-instructional operations. The superintendent or designee shall obtain a criminal history record that includes information from the Nebraska State Patrol for all individuals that are to be employed as pupil transportation vehicle drivers (except certificated Nebraska school administrators or teachers) and keep a copy of that record on file and shall update it during the calendar year that coincides with the expiration of the driver's motor vehicle operator's license. Otherwise, the superintendent or designee may, but is not required to, conduct a criminal background check on any classified staff applicant. Criminal history or background checks shall occur only after the school district has determined that the applicant meets the minimum employment qualifications. This policy shall not prevent the school district from requiring an applicant to disclose his or her criminal record or history relating to sexual or physical abuse prior to any minimum employment qualification determination.

The superintendent or designee shall discipline and discharge classified staff as appropriate.

Safe Pupil Transportation Plan
and
Pupil Transportation Vehicle Driver Satisfactory Driving Criteria

It is the goal of the school district to provide safe, comfortable and reliable transportation for bus-riding school children.

1. Emergency Procedures

a) Mechanical breakdown

In the event of a mechanical breakdown, the driver will:

- 1)** Stop the vehicle in a safe location
- 2)** Keep passengers in the vehicle, if it is safe to do so
- 3)** Take steps to warn motorists, by activating hazard lights and placing emergency triangles
- 4)** Radio or call for assistance

b) Injuries/Medical Emergencies

If a student is seriously injured or suffers from a medical emergency, the driver will stop the vehicle at the first safe opportunity. The driver will provide emergency medical assistance in accordance with the driver's first aid training. The driver will notify the school district of the emergency using the radio or other communication equipment. The district will then summon emergency medical services by immediately calling 911 and notify administrative personnel.

c) Severe Weather

1) Tornadoes.

If the driver determines that there is likelihood that a tornado will hit the vehicle, and there is not an escape route available or time to drive to a safe location, the driver will evacuate the vehicle, taking only the first aid kit. The driver will take the students to the basement of a nearby building or to the nearest depression or ditch upwind (toward the storm) of the vehicle far enough away from the vehicle so that it will not roll over on the students. The driver should instruct students to cover their heads with their arms. If the students are wearing coats or jackets, they can be used to provide additional protection for their heads and bodies. If there is no time

to evacuate the students after stopping the vehicle, the driver should have the students remain in their seats and assume a protective position with their heads below window level.

2) Winter Weather

If the school district or driver determines that a trip is too dangerous to drive due to winter weather conditions, the district will cancel the trip.

Parents should ensure that students are appropriately dressed for winter conditions.

3) Floods or Standing Water

It is generally appropriate to drive through a small or regular amount of water that has accumulated from a normal or typical rainfall. However, drivers should not drive through water on the road if: the water is moving or has a current; there is dangerous debris in the water; the driver cannot determine the depth of the water or there is a known dip in the road which would create a deeper section of water; or if there is any other water condition that the driver determines is unsafe to drive through.

d) Weapons, Hazardous Materials and Dangerous Contraband

If a driver discovers that a passenger may have a weapon, hazardous materials or other dangerous contraband on the vehicle, he or she should remain calm and call for assistance. The driver should not inform passengers of the presence of the weapon or other contraband.

e) Unattended Items on or Near Pupil Transportation Vehicle

The driver shall check for unattended items on or near the vehicle as part of the exterior and interior pre-trip inspections. If circumstances make an item suspicious (because it is out of context, makes a noise, has visible wires, placement was witnessed, was hidden, has unidentified powders or putty-like substances, etc.), the driver shall not inspect, move, or otherwise touch the item. School staff will evacuate the area, then immediately report the item to the staff member's direct supervisor, a principal, or the superintendent. If the unattended item is not suspicious (it has the

characteristics of lost or misplaced property or of discarded trash, etc.), the driver may examine the item more closely. This may include looking inside the item, attempting to identify the owner, reviewing security camera footage, or talking to those nearby, and then taking appropriate action.

f) Terroristic Threat

If a driver receives a terroristic threat that he or she deems credible, he or she will notify the school district of the threat using the radio or other communication equipment. After consulting with school officials, the driver will determine whether the threat requires evacuation of the bus. The school will promptly notify the authorities of the threat.

For purposes of this policy, a terroristic threat is a threat to commit any crime of violence or to burn or damage property with the purpose of terrorizing another or of causing the evacuation of the bus or in reckless disregard of causing such terror or inconvenience

g) Emergency Incident Reports

Drivers will provide written documentation of any of the emergency events specified in this policy by completing the incident form attached hereto. This documentation must be submitted to the school administration within 24 hours of the event.

2. Drop-off

Drivers will drop students off at a location pre-determined through communication between the school district and parents/guardians. In the event the drop-off location is uncertain or appears to be unsafe, the driver will communicate with school staff in the building to seek additional guidance.

In no event will a driver drop a student off in a location which in the reasonable judgment of the driver appears to be unsafe. Drivers who believe the drop-off location to be unsafe shall release students directly into the custody of a parent/guardian or shall return students to their school building.

3. Evacuation of Students With Disabilities

The transportation supervisor, in consultation with bus drivers and members of the administrative team, shall develop a written

emergency evacuation plan for each bus route. The plan shall include an assessment of each student's ability to evacuate himself or herself as well as his or her ability to assist others. Disabled students should practice their evacuation skills as required of their non-disabled peers if possible during evacuation drills. Students or other individuals who will be assisting disabled students evacuate during emergencies should practice this skill during evacuation drills. Drivers or students who will be assisting with the evacuation process should be familiar with any equipment on the bus that would aid in the actual evacuation.

4. Student Behavior on School Vehicles

Riding school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles.

a) Rules of Conduct on School Vehicles:

- 1)** Students must obey the driver promptly.
- 2)** Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3)** Students are prohibited from fighting, engaging in bullying, harassment or horseplay.
- 4)** Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5)** Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6)** Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7)** Students may not use profane language, obscene gestures, tobacco, alcohol, drugs or any other controlled substance on the vehicles.
- 8)** Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items or animals onto the vehicle.
- 9)** Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in

motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.

- 10)** Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11)** Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12)** Student must respect the rights and safety of others at all times.
- 13)** Students must help keep the vehicle clean, sanitary and orderly. Students must remove all personal items and trash upon exiting.
- 14)** Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15)** Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) Consequences

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include:

- 1)** Note home to parents
- 2)** Suspension of bus riding privileges
- 3)** Exclusion from extracurricular activities
- 4)** In-school suspension
- 5)** Short term or long term suspension from school
- 6)** Expulsion

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) Records

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

5. Functional Capacity of the Driver

The superintendent or designee shall confirm a pupil transportation driver's functional capacity and ability to conduct the daily tasks and emergency evacuations required of such a driver by:

- Observing the driver complete the required daily tasks and emergency evacuations;
- Observing, questioning, and/or directing the driver to perform tasks in a manner that measures the basic visual, cognitive, and physical abilities to complete the required daily tasks and emergency evacuation; or
- Directing the driver to complete a functional capacity evaluation or assessment conducted by a qualified professional.

The superintendent or designee will remove the driver from duties as a pupil transportation driver if he or she determines that a pupil transportation driver is not functionally capable or able to conduct the daily tasks and emergency evacuations required of such a driver.

6. Satisfactory Driving Criteria.

The superintendent or designee shall annually review every pupil transportation vehicle driver's Nebraska Department of Motor Vehicles driving record before such a driver operates a pupil transportation vehicle.

Individuals who have been convicted of any of the following or who meet any of the following conditions will not be allowed to serve as a pupil vehicle transportation driver:

- If the citation or conviction occurred at any time:
 - Motor vehicle homicide; or
 - Driving under the influence – 3rd or subsequent offense.
- If the citation or conviction occurred within the last 10 years:
 - Driving under the influence of drugs or alcohol;

- Refusal to submit to a chemical test;
- Failure to render aid in accident the driver was involved in;
- Speeding 15 miles per hour or more above the posted speed limit;
- Reckless driving (willful or otherwise);
- Careless driving;
- Negligent driving;
- Leaving the scene of an accident; or
- Failure to yield to a pedestrian with bodily injury to the pedestrian.
- If the driver has accumulated **5** points or more under an operator's license point system within the last **4** years.

The superintendent designee has the discretion to prohibit school personnel from driving a school vehicle for a citation or arrest for the above offenses or any other offense or reason. The superintendent or designee will make the final determination about the ability of an individual to serve as a pupil vehicle transportation driver.

Pupil vehicle transportation drivers must inform the superintendent or designee of any citation or conviction related to their driving within 24 hours of its occurrence or at the beginning of the next school day, whichever is earlier.

7. Emergency Evacuation Drill Procedures for Students Who Ride in Small Vehicles.

For purposes of this policy, "small vehicle" shall have the same meaning as in Rule 91 from the Nebraska Department of Education.

In a small vehicle accident or emergency situation, the driver must use his other best judgment to decide what action shall be taken. The primary responsibility is pupil safety. In an emergency it may be necessary that the vehicle be evacuated.

Students who are transported in a Small Vehicle shall be instructed in safe riding practices and participate in emergency evacuation drills at least twice during each school year. These drills shall be conducted in an appropriate location.

Drills shall be conducted to address each of the following reasons that an emergency evacuation may be required:

- The vehicle is on fire, in danger of catching fire, or is close to an existing fire or highly combustible material. Passengers shall be evacuated at least 100 feet or more upwind from the vehicle.
- The vehicle is stopped at an unsafe location and unable to move. The driver shall use his or her judgment regarding the need to evacuate and the distance of the evacuation.
- The vehicle's final stopping position: is in the path of any train or adjacent to railroad tracks; could change and increase danger; or is such that there is danger of collision. The driver shall evacuate the vehicle and use his or her judgment regarding the distance of the evacuation.

The safety of students is of utmost importance and must be given first consideration. Absent extenuating circumstance, the driver will place the transmission in park, activate the hazard warning lights, set the emergency brake, turn the ignition off, and remove the ignition key prior to evacuation.

If possible, students should exit the vehicle on the side away from any roadway.

During an evacuation, students should generally be led to a safe place at least 100 feet off the road in the direction of oncoming traffic. If there is a risk from spilled hazardous materials, lead the students upwind of the vehicle at least 300 feet.

After evacuation, the driver should address any injured students and call 911, law enforcement, or other authorities or service providers as the situation dictates. The driver shall then promptly inform the school district about the emergency situation.

Drivers shall not leave the scene until appropriate transportation arrangements have been made for all students and he/she has been instructed by a member of the administrative team that he/she may leave.

The school may select, train, and prepare students to assist in evacuation in the event that the driver is incapacitated or

otherwise unable to direct the evacuation. Such training can include, but need not be limited to, turning off ignition switches; setting emergency brakes; summoning help; using windows for evacuation in emergencies; setting flags and reflectors or reflective triangles; directing the evacuation; and training with evacuation equipment.

Evacuation of Students with Disabilities

Drivers should assess each student's ability to evacuate himself or herself from a Small Vehicle as well as his or her ability to assist others. Disabled students should practice their evacuation skills as required of their non-disabled peers if possible during evacuation drills. Students or other individuals who will be assisting disabled students evacuate during emergencies should practice this skill during evacuation drills. Drivers or students who will be assisting with the evacuation process should be familiar with any specialized equipment in the vehicle and used by disabled students that would aid in the actual evacuation.

Emergency Equipment. Emergency equipment may include first aid kits, fire extinguishers, reflectors, flags, vehicle hazard lights, and other similar equipment. Drivers and students (as appropriate) should be made familiar with the purpose and use of this equipment during drills.
