Graduation Requirement: Extracurricular Participation

Purpose

The Board of Education believes that participation in extracurricular activities enhances students' overall educational experience by fostering personal growth, leadership, and teamwork. The Board recognizes that these activities provide valuable opportunities for students to explore interests, develop talents, and build meaningful relationships with peers and mentors. Research indicates that students engaged in extracurricular programs often achieve higher academic success, develop strong time management skills, and feel a greater sense of belonging within their school community. Furthermore, involvement in athletics, fine arts, clubs, and other school-sponsored activities helps students build resilience, responsibility, and essential life skills that prepare them for success beyond high school.

Requirement

Effective beginning with the graduating class of 2027, all students must participate in at least one extracurricular activity during their high school years as a requirement for graduation.

Definition of Extracurricular Activity

An extracurricular activity is defined as any school-sponsored club, organization, athletic team, fine arts program, or academic competition.

These activities include but are not limited to:

- FFA, FBLA, FCCLA, Student Council, Quiz Bowl, Speech, One Act, Band, Jazz Band, Choir, Show Choir, Chess Club, Yearbook, Edrising, Journalism, Digital Media, eSports, Dance, Cross Country, Softball, Volleyball, Football, Wrestling, Basketball, Unified Bowling, Track, Baseball, Golf, and other clubs that have been approved by the administration.

Participation Criteria

- Students must actively participate in at least one extracurricular activity for a full season or designated period as determined by the sponsor or coach.
 - For activities such as: FFA, FBLA, FCCLA, Student Council, Quiz Bowl, Chess Club, Yearbook, Edrising, Journalism, Digital Media, eSports, and other activities approved by administration a full season will be defined as one semester of participation.
- Students who are unable to physically participate due to injury or health conditions may still fulfill this requirement if they remain a member of the team or group, attend practices, and contribute in a meaningful way as determined by the sponsor or coach.

- Transfer students who enroll after the start of high school must meet the participation requirement to the extent feasible during their time at Centennial Public School. Reasonable adjustments will be made based on the time of enrollment and prior participation at other accredited schools.
- All activities must be approved by the school administration.

Verification of Participation

- The school administration will maintain records of student participation.
- Students must submit a verification form, signed by the activity sponsor or coach, to their school counselor by May 1st of their junior year.

Exceptions and Waivers

- Exceptions may be granted in cases of extenuating circumstances, such as medical conditions, employment obligations, or other approved reasons.
- Requests for exemptions must be submitted in writing to the school principal for review and approval.
- Students that are barred from interscholastic competitions for disciplinary reasons are still expected to participate in practices and team activities to the extent possible to meet this graduation requirement.

Implementation and Support

- School staff will provide students with information on available extracurricular opportunities.
- Accommodations will be made to ensure all students have access to participate, including students with disabilities, financial limitations, or other barriers to involvement.
- A designated staff member will be available to assist students in identifying and enrolling in suitable extracurricular activities.

Prairie Roots Child Development Center shall have no right, title, or interest therein or thereto; provided, however, the personal property belonging to Prairie Roots Child Development Center or its employees or volunteers located on the Leased Premises shall remain the property of Prairie Roots Child Development Center or the individual owner.
17. **School District's Personal Property.** Any personal property of the School District which is used by Prairie Roots Child Development Center shall remain the property of the School District.
18. **Termination and Events of Default.** Either Party will be in default under this Agreement, entitling the non-defaulting Party to terminate this Agreement, (1) if either Party breaches or otherwise fails to perform or satisfy any agreement, obligation, term, covenant, condition or provision set forth herein or arising hereunder ("Event of Default") and the Event of Default is not cured within thirty (30) days after receiving written notice from the non-defaulting Party, or (2) if such Event of Default cannot reasonably be cured within such thirty (30) day period, the defaulting Party fails to commence to cure within thirty (30) days after receiving written notice and does not fully cure within a reasonable time after commencing.

Centennial Policy Committee

2025 Updates

June 2025

KSB [Policy Memo](#)

Current Centennial Policy	Redline KSB Changes	KSB Model Policy	Summary - Notes
1002	1002	1002	Proposed Change removes the list of required policies, reviews, and hearings. These will be shared out separately to avoid continuous policy updates.
2006	2006	2006	The Biden Administration had added requirements to reference Title IX in the process. This change removes those references to Title IX rules.
3003	3003	3003	An Architect or Engineer has to design school projects, unless the project's total cost is less than \$144,000, which is an increase from the previous amount of \$119,000
3004.1	3004.1	3004.1	KSB was correcting a citation that was left off in a previous update. It now includes the full federal citation.
3023	3023	3023	New paragraph at the end of the policy to clarify record retention for federally funded awards.
3026	3026	3026	Previously, there were two separate policies governing student handbooks. Now the only policy is 3026. Handbooks once approved by the board have the same force as policy. Administration may amend the handbook as needed throughout the year, and the board can approve these changes.
3036	3036	3036	This policy eliminates a reference to a nonexistent reimbursement. Example: If a staff member uses the school credit card for a school approved use, they will never need personal reimbursement for that purchase.
3043	3043	3043	Smaller projects (Costing less than \$896,000) can have an accelerated process to hire a performance-criteria developer. This change was to assist a smaller project that may have a tight timeline needed for completion. They also changed some formatting, but the substance didn't change other than was previously described.

3047	3047	3047	Policy change encourages the school district to contact an insurance provider as part of a school district's response. KSB recommends this to be part of your school's process.
3057	3057 Slim/3057 Full	3057 Slim/3057 Full	<p>The original Trump administration had changed Title IX regulations in 2020. The Biden administration also made significant changes. A court in 2024 struck down the Biden changes. It isn't completely clear whether this court's ruling eliminated the 2020 regulations as well.</p> <p>Slim Option: Minimal requirements of Title IX are included. Full Option: Contains definitions and roles that were spelled out in the 2020 policy change. KSB will have training available on the portal for either policy option. The board needs to decide which they are most comfortable working with. We will need to remember to put a copy of the selected policy in the handbook.</p>
4051	4051	4051	KSB reviewed this policy, because it was somewhat outdated. (X was still referred to as Twitter) Policy says that comments will not be allowed on social media, unless permitted by the Superintendent. They also work to clarify staff social media use during the school day.
4057	4057	4057	Superintendent is not required to be evaluated during the open meeting. The board would have the flexibility to set up the process they desire.
4059	4059	4059	Behavioral and Mental Health Training were mandated to be an hour in length. These requirements are now removed, and can be a reasonable amount of time.
5001	5001	5001	The policy is now more clear on the procedures that should be followed to have a consistent process for absenteeism. Admin team should review this one. Any changes that are made should be communicated with the county attorney.
5015	5015	5015	Policy is revised to address notice requirements for surveys that students take in school. Link to this policy must be prominently displayed on the district website. This change is required and will take effect on July 1st. They do have a list of all website document requirements
5016	5016	5016	Clarification that student records do not generally include transitory comments, emails, text messages, and handwritten communication between school and home. Not a required update, but it could serve as a good

			reminder of the policy and review the options the board has to pick from.
5018	5018	5018	Policy is revised to address notice requirements for surveys that students take in school. Link to this policy must be prominently displayed on the district website. This change is required and will take effect on July 1st.
5031	5031	5031	This is a significant change. Schools can still prohibit dress that causes a material and substantial disruption, promotes violence, drugs, alcohol, vulgarity, sexual innuendo. Altering a student's appearance or removing or altering attire without consent of the parent is not allowed. They can be short term suspended, but they can't be forced to change without parent consent. Cultural and religious attire is allowed. Safety considerations apply but need to be the least restrictive. Staff members need to bring concerns to administrators to handle the dress code issues. Should be done before July 1st, although there are no consequences.
5034	5034	5034	This will be intentionally left blank
6025	6025	6025	KSB has now added four options for the board to consider for cell phone policy to align to the new state law. LB 140 doesn't require us at Centennial to change our policy. We had the discussion at board meetings in the summer of 2024, so this met the standard of including stakeholder participation.
6031	6031	6031	The suggested changes updated the timeline for emergency exclusions to comply with state statute. Timelines for hearings are aligned within the policy.
6034	6034	6034	NDE updated their list of approved training. We need to consult the NDE website to ensure our staff is approved by the Department of Education.
6044 (New)	6044	6044	LB 89 established the Stand with Women Act. Athletic teams are designated as male or female. We would need to review this as an administrative team to ensure we are listing all activities. Parents would provide confirmation of the student's sex that is signed by a doctor.
6045 (New)	6045	6045	The state required NDE to develop a model policy on behavioral intervention. KSB drafted this model policy to be comparable to this requirement. Board will need to determine the appropriate length of training for staff members. Need to identify BAPC-Principals.

Form Changes

<u>Current Public Comment Rules</u>	<u>KSB Recommendation</u>	The Nebraska Attorney General has informally shared that public comment can be limited to agenda items. KSB has concerns that this guidance is in opposition to their other published decisions.
<u>Current Application for Employment</u>	<u>KSB Recommendation</u>	No required changes. Look at our current application to compare it to the new requirements form LB 144
<u>Title IX</u>	KSB Recommendation (See Above)	Forms will change depending on which version the district selects for Title IX.

Other Items to Consider

<u>LB 306</u>	Bill passed on the final day of the session	There will be more policy updates, now that this has passed. There will be some changes to option enrollment. This will allow home school and private school students to enroll part time for activity participation. The part time enrollment policy may have to be amended.
<u>LB 390</u>	Access of School Library Materials	This will take effect for the 2026-2027 school year. The school will need to have a list of all books in the library and a system to notify parents when students check out books. Classroom teachers with books that can be checked out should be included in this.
<u>LB 457</u>	Anaphylaxis Policies	This will take effect before July 1st, 2026. NDE will develop a model anaphylaxis policy for schools. This policy may be used as a guide.
FAIR Leave Act	Modifying FMLA	This could potentially change FMLA leave in schools in the case of married teachers that have a child. They both could be entitled to 12 weeks of FMLA leave.
<u>Child's Online Privacy Protection Rule</u>	Modernize protection for children online	This will not directly apply to schools, but should impact tech companies and how they store data of students or minors.
Superintendent Evaluation Platform	<u>Evaluation Platform</u>	KSB has a link that goes through their new system. They hope it will improve relationships between boards and superintendents. Setting goals to improve as a superintendent and enhance cooperation with the board of education.
