JENKINS & KEMPER
CERTIFIED PUBLIC ACCOUNTANTS, P.C.

JACK JENKINS, CPA
MICHAEL KEMPER, CPA

February 16, 2026

Bixby School District
Attn: Ms. Lydia Wilson
23 S. Riverview Drive
Bixby, OK 74008

Dear Ms. Wilson:

We are pleased to confirm our understanding of the services we are to provide Bixby School District (the School District) for the year ended June 30, 2026.

Audit Scope and Objectives

We will audit the financial statements of the School District as of and for the year ended June 30, 2026. We understand the financial statements will be presented in accordance with the financial reporting model as prescribed by the Oklahoma State Department of Education (the Regulatory Basis).

We have also been engaged to report on supplementary information other than RSI that accompanies the School District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS, and we will provide an opinion on it in relation to the financial statements as a whole, in a separate written report accompanying our auditor's report on the financial statements:

- 1) Schedule of expenditures of federal awards
- 2) Combining statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinions about whether your financial statements are fairly presented, in all material respects, in conformity with accounting and financial reporting regulations prescribed by the Oklahoma State Department of Education, which differs from GAAP, and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements. The objectives also include reporting on:

- Internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Auditor's Responsibilities for the Audit of the Financial Statements and Single Audit

We will conduct our audit in accordance with GAAS; the standards for financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Single Audit Act Amendments of 1996, and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance and other procedures we consider necessary to enable us to express such an opinion. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement.

Our audit of financial statements does not relieve you of your responsibilities.

Audit Procedures—Internal Controls

We will obtain an understanding of the entity and its environment, including the system of internal control, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures-Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the School District's compliance with provisions of applicable laws, regulations, contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee had complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the OMB *Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the School District's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on the School District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Responsibilities of Management for the Financial Statements and Single Audit

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for (1) designing, implementing, establishing and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal awards, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, and all accompanying information in conformity with the Regulatory Basis with the oversight of those charged with governance; and for compliance with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are also responsible for making drafts of financial statements, schedule of expenditures of federal awards, all financial records, and related information available to us; for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers); and for the evaluation of whether there are any conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for the 12 months after the financial statements date or shortly thereafter. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters, (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud or illegal acts affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the

financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, agreements, and grants. You are also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements that we report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review by the date of final audit work.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received, and COVID-19-related concepts, such as lost revenues, if applicable) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains, and indicates that we have reported on, the schedule of expenditures of federal awards. You also agree to make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period; and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with the Regulatory Basis. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with the Regulatory Basis; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with the Regulatory Basis; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Other Services

We will also assist in preparing the financial statements, annual estimate of needs, schedule of expenditures of federal awards, and related notes of the School District in conformity with the Regulatory Basis and the Uniform Guidance based on information provided by you. These non-audit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities for the financial statements, schedule of expenditures of federal awards, and related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards, and related notes and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit

services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and a corrective action plan) along with the Data Collection Form to the federal clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collections Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditor's reports or nine months after the end of the audit period.

We will provide copies of our reports to the District; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Jenkins & Kemper, Certified Public Accountants, P.C., and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Oklahoma State Department of Education, the Oklahoma Department of Career Tech, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Jenkins & Kemper, Certified Public Accountants, P.C.'s personnel. Furthermore, upon request, we may provide photocopies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release or for any additional period requested by the Oklahoma State Department of Education. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Our fee for these services will be at our standard hourly rates plus out-of-pocket costs such as report reproduction, typing, postage, travel, copies, etc., except that we agree that our gross fee, including expenses, will not exceed \$14,600.00. However, the filing fee to the State Auditors and Inspectors Office will be an additional \$100. Our standard hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will keep you informed of any problems we encounter, and our fees will be adjusted accordingly.

Reporting

We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the Board of Education of the School District. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will state that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and

(2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will state that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We appreciate the opportunity to be of service to Bixby School District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let me know. If you agree with the terms of our engagement as described herein, please sign the enclosed copy and return it to us.

2. **COMPENSATION:** TTC agrees to compensate the District for provided transportation services at the rate of \$3.40 per mile driven under this Contract, provided the total amount invoiced for transportation services during the School

Year shall not exceed \$245,854.00 (which is an amount equal to the mileage rate computed at 72,310 miles driven by the District over 175 school days) regardless of the actual mileage performed under this Contract. The amount paid shall constitute complete compensation for all costs and fees incurred, including any expenses for labor, materials, equipment, maintenance of equipment, and rentals, if applicable. The amount may be modified on the basis of a written request for route change or other modifications submitted by TTC and agreed to by the District. Any modifications or additional services must be authorized in writing by TTC prior to performance.

Mileage incurred under this Contract during the first semester will be invoiced to TTC by District at the end of the first semester of the School Year, and the remaining mileage incurred will be invoiced at the end of the second semester of the School Year. Compensation will be paid only to the extent that District presents documented evidence of mileage incurred during the period for which payment is requested. District's invoices will be paid within 15 days after receipt by TTC.

3. **BUSES:** All buses provided by District for the performance of this Contract will comply with all federal and state laws, rules and regulations applicable to transportation equipment used to transport school children, including, but not limited to, the rules of the Oklahoma State Department of Education ("OSDE").

The District will provide TTC with documentation of such licensure and compliance upon request.

5. **OBJECTIONS TO DRIVERS:** District will not permit any driver to operate a bus used in connection with the performance of this Contract if TTC reasonably objects to that driver. Any request for removal of a driver shall be submitted by TTC to the District’s designated liaison in writing and will specify TTC’s objections. The District will promptly remove any driver reasonably objected to by TTC from providing services under this Contract. If any drivers are removed by the District upon TTC’s request, the District shall replace them with drivers approved by TTC.

If TTC has any concerns about any driver’s performance under this Contract, it will submit those concerns in writing to the District’s designated liaison. Any differences concerning TTC’s concerns will be resolved between TTC’s designated representative and District’s designated representative.

6. **INSURANCE:** At all times during this Contract, District will maintain and have in force at its expense public liability and property damage insurance to cover the negligent acts of District’s employees with limits equal to District’s limits of liability under the Oklahoma Governmental Tort Claims Act. In the event of a claim, District’s insurance will be primary over similar insurance carried by TTC.

including reasonable attorneys' fees which may arise in connection with the failure of the other party or its employees, officers, or agents to perform any of their obligations under this Contract. Both TTC and the District are political subdivisions of the State of Oklahoma, and their liability shall be governed by the Oklahoma Governmental Tort Claims Act.

8. **EMPLOYEES OF THE DISTRICT:** The District, and not TTC, shall be the employer of the District's designated representative and the drivers. 10. **DESIGNATED REPRESENTATIVES:** TTC's designated representative under this Contract shall be Danielle Schmitt, Transportation Coordinator. The district participates in the Oklahoma School Testing Program (OSTP). The administration will provide annual information to students, parents/guardians and patrons regarding the district's compliance with OSTP.

The district administers state mandated tests pursuant to OSTP for all 3rd – 8th graders, 11th grade exams, and US History exam in high school. The district also administers “try out” items which may be embedded in the tests or may be separate/stand-alone tests, as required by the Oklahoma State Department of Education (OSDE).

All students must take all state assessments required by the State Board of Education in order to graduate. Alternatively, these students must take any nationally recognized high school test the District elects to use instead of the state assessments as authorized by federal law. The requirement to take the assessments in order to graduate is subject to all exemptions, conditions, and accommodations authorized by state or federal law. Students moving in from out of State in 12th grade, will be exempt from this requirement with the transfer of acceptable testing from the previous school. The site administrator will determine the acceptability to satisfy graduation requirements.

The district is required to test a minimum of 95% of enrolled students or face sanctions from OSDE. The OSDE does not recognize the legal right of any parent/guardian or student to opt out of the district's standardized testing program. As a result the OSDE requires that all students be provided with appropriate tests pursuant to the district's testing program. ~~Any documentation of opting out or refusal to test will be kept by the district.~~

- ~~• Any parent/guardian who does not want his/her student to participate in the district's testing program must submit an opt out form by contacting the student's school. The form must be submitted to the administration two weeks prior to the start of the testing window, and all such parents/guardians will be provided with a copy of this policy to ensure they understand the possible consequences to students and the district regarding their request. If a timely opt out form is on file with the district, the student will be placed in an alternate school area during the testing session.~~
- ~~In those situations where a parent/guardian fails or refuses to provide the opt out form and the~~ If a student refuses to participate in the testing program at the time he/she is presented with a test, no force or coercion shall be used against the student to obtain compliance with the testing program. The student will be removed from the testing area to ensure that other students are not disrupted during the testing session. The district will document that the student refused to participate in the testing program and parents/guardians will be notified in writing that the student refused to test.

Third Grade Reading Exams

~~Oklahoma law requires that 3rd graders who are enrolled in the district meet RSA-SRA criteria on the reading portion of the OSTP exam in order to be promoted to 4th grade, unless the student meets one of the following: demonstrates proficiency on the third grade reading screening instrument, demonstrates proficiency through the reading student portfolio, qualifies for a Good Cause Exemption, or is recommended for promotion by the Student Reading Proficiency Team.~~

~~Any 3rd grade student who is enrolled in the district but does not participate in and meet RSA-SRA criteria on the required exam will be retained in 3rd grade unless he/she meets one of the following:~~

~~A. Demonstrates proficiency on the third grade reading screening instrument~~

~~B. Is recommended for promotion by the Student Reading Proficiency Team~~

~~C. Qualifies for a Good Cause Exemption:~~

- ~~1. Limited English proficient student who has had less than two (2) years of instruction in an English language learner program;~~
- ~~2. Student with disabilities on an individualized education plan (IEP) which indicates that the student is to be assessed with alternate achievement standards through the Oklahoma Alternate Assessment Program (OAAP);~~
- ~~3. Student who demonstrates an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;~~
- ~~4. Student who demonstrates, through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;~~
- ~~5. Student with disabilities who participates in the statewide criterion-referenced tests and is on an IEP that reflects that the student has received intensive remediation in reading and has made adequate progress in reading pursuant to the student's individualized education program;~~
- ~~6. Student who has received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrates a deficiency in reading and who was previously retained in kindergarten (including assignment to a transitional program), first, second, or third grade for a total of two (2) years;~~
- ~~7. Student who has been granted an exemption for medical emergencies by the State Department of Education~~

High School 11th Grade and US History Exam

~~Students in 11th grade will take the ACT and OSTP science test. Students will take a US History exam before graduation.~~

Students enrolled in 11th grade will be given the College- and Career-Readiness Assessment (CCRA), which consists of two parts. The ACT, including the writing section, consists of a Science Assessment which is aligned to the Oklahoma Academic Standards for Science and a U.S. History Assessment which is aligned to the Oklahoma Academic Standards for U.S. History.
