### **1. CALL MEETING TO ORDER**

**Meeting was called to order at 6:40 p.m. by President Mandy Hedges.**

### **2. Board members and staff to be provided training by OSSBA**

**Dr. Joe Siano, Amber Graham Fitzgerald, and Adam Rogers, members of the OSSBA, provided training to the board members and present staff. Each person was given a packet, with information covering Roles and Responsibilities, Investing in Students and the Future, and Capital Investment Planning, so you could follow along with what they were talking about, and parts of the packet were projected upon the wall. They each introduced themselves, and told us about their background. Dr. Siano spoke briefly about how the students, government, superintendent, and board members need to work together with the community. He then asked the board to introduce themselves, tell how long they have been on the board, and what's negative and positive they see regarding board and community working together. He talked about the role of the school board and superintendent, capital investments, needs vs wants, and the board talking about a vision for the school district.**

**Amber started with why community engagement is important, communicating your vision, and how sharing on social media is helpful. Alyssa Lee addressed her and told her how much she uses social media to let everyone know what's going on at the school.**

**Adam Rogers, Director of Technology, talked about tech assessments and he could be of assistance if wanting to change anything in our technology part. After finishing with their training, some discussion took place, and it was decided that Mr. Thompson will visit**

**with Dr. Siano on a regular basis and report back to the board.**
