Yea: 6, Nay: 0

DATED Monday, May 11, 2020

HARLAN COUNTY SCHOOL DISTRICT #2,

a/k/a ALMA PUBLIC SCHOOLS

OATH OF OFFICE
for
ALMA PUBLIC SCHOOL BOARD OF EDUCATION

I, **Randy Heckenlively**, do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of Nebraska against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely and without mental reservation or for purpose of evasion; that I will faithfully and impartially perform the duties of the office of a member of the Board of Education of the Alma Public School District, according to law and to the best of my ability. And I do further swear that I do not advocate, nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or this state by force or violence; and that during such time as I am in this position I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence. So help me God.

DATED this 11th day of May, 2020.

SUBSCRIBED AND SWORN TO before me this 11th day of May, 2020.

Notary Public

MINUTES OF THE REGULAR MONTHLY MEETING OF THE BOARD OF EDUCATION OF ALMA PUBLIC SCHOOLS

A meeting of the Alma Public Schools Board of Education was convened in open and public session on Monday, April 13, 2020, at 7:00 PM in the library at Alma Public Schools.

The roll was called and the following Board members were present: Allen Brugh, Brett Hammond, Scott Prickett, Nick Simonson, and Janna Tripe. All present.

Notice of the meeting was given in advance by publication and notice was given in advance to all members of the Board of Education. The Secretary of the Board maintains a list of the news media requesting notification of meetings and advice notification to the listed media of the time and place of the meeting and the subjects to be discussed at this meeting was provided. Availability of the agenda was communicated in the publicized notice. All proceedings of the Board of Education, except as may be hereinafter noted, were taken while the convened meeting was open to the attendance of the public.

A motion was made by Janna Tripe and seconded by Nick Simonson to approve the consent agenda, which include: minutes from the regular March 9, 2020, meeting; special meeting held March 23, 2020; the General and Activity Financial Reports. After discussion and on roll call vote the Board voted as follows: Scott Prickett: Absent, Janna Tripe: Yea, Allen Brugh: Yea, Brett Hammond: Yea, Nick Simonson: Yea. Passed.

A motion was made by Brett Hammond and seconded by Nick Simonson to approve the receipts, expenditures, and payment of claims from the General Fund for \$427,860.63, Lunch Fund for \$15,403.33, and from Activity Fund for \$15,792.76. After discussion and on roll call vote the Board voted as follows: Allen Brugh: Yea, Brett Hammond: Yea, Scott Prickett: Yea, Nick Simonson: Yea, Janna Tripe: Yea. Passed.

A motion was made by Nick Simonson and seconded by Janna Tripe to approve resolution #41320-1, as drafted by Perry Law Firm, dealing the COVID-19 pandemic. After discussion and on roll call vote the Board voted as follows: Brett Hammond: Yea, Scott Prickett: Yea, Nick Simonson: Yea, Janna Tripe: Yea, Allen Brugh: Yea. Passed.

A motion was made by Nick Simonson and seconded by Scott Prickett to appoint Randy Heckenlively to serve the remainder of the term, that expires December 2022, left vacant by the resignation of Jerry Kovarik. After discussion and on roll call vote the Board voted as follows: Scott Prickett: Yea, Nick Simonson: Yea, Janna Tripe: Yea, Allen Brugh: Yea, Brett Hammond: Yea. Passed.

A motion was made by Scott Prickett and seconded by Brett Hammond to approve the bid from Wilson Flooring that includes 'walk off' carpet in both entry areas, for \$18,094.36, minus tearing out old carpet, which will be done by school personnel. After discussion and on roll call vote the Board voted as follows: Nick Simonson: Yea, Janna Tripe: Yea, Allen Brugh: Yea, Brett Hammond: Yea, Scott Prickett: Yea. Passed.

Discussion items included: elementary class enrollment, staffing needs, and splits for the 2020-2021 school-term; graduation and diploma presentation options; quotes for refinishing the gym floors, and bids for lighting on the football field/track.

Principal Brandyberry reported on our *Grab and Go Meal* program and how distance learning (Alternative Education) is working for Alma students and staff.

Superintendent Davis reported on the COVID-19 updates, Legislative Happenings - American Civics Committee, our FEMA Application, Summer Projects, State Aid, and the NRCSA Convention

The next regular meeting of the Alma Board of Education will be Monday, May 11, 2020, at 7:00 PM.

President Allen Brugh adjourned the meeting at 8:40 PM.

Signed this 15th Day of April, 2020.

Allen Brugh, President

Dianna Melton, Secretary

May 4, 2020

Dear Mr. Davis and Alma School Board of Education:

Please accept this letter as my resignation from Alma Public Schools as a World Language Teacher. I have been offered a job with Loomis Public Schools that will allow me to expand new facets of World Languages, and is a little closer to my home and where my son still attends school.

I'd like to especially thank Mr. Davis, Mrs. Brandyberry, and the Board of Education for ten amazing years of teaching at Alma Public Schools. I have learned and grown so much as an individual and as an educator at Alma. I cherish friendships with co-workers and Alma high school graduates and could not have asked for a better place to begin my high school teaching career.

I hope to keep in touch with many of you in future years. As I told my students in one of my last videos to them: "I'm still living in the same place – I just won't be making the trek south quite as often."

Sincerely,

Shennon Helms

Michael Bell

(316) 249-7505

michael.bell64@gmail.com

1118 South St / Alma, NE 68920

Profile

A fully bilingual, native speaker of both Spanish and English with 20 years of overseas living in Latin America and over 27 years of experience communicating and leading as a pastor, missionary, and teacher in multiple settings who seeks to share proficiency in and appreciation for the Spanish language and Hispanic culture with secondary students.

Experience

- **SPANISH TEACHER – PHILLIPSBURG HIGH SCHOOL – PHILLIPSBURG, KANSAS – 2019-2020**

Restarted a Spanish language program in a school that had no teacher the prior year, teaching Spanish 1 and Spanish 2.

- **PASTOR-TEACHER – LAKESIDE FELLOWSHIP – ALMA, NE – 2009 - PRESENT**

Functioning also as Youth Pastor, AWANA leader, Sunday School teacher, etc.

- **PASTOR/THEOLOGICAL EDUCATOR – REACH GLOBAL – VALENCIA, VENEZUELA – 2001-2009**

Taught and led a wide range of age groups in many capacities (as more fully detailed below). Work was conducted entirely in Spanish throughout this period of time.

Education

- **MASTER OF SCIENCE IN EDUCATION – FORT HAYS STATE UNIVERSITY – HAYS, KS – IN PROGRESS**

Completed 13 of 36 credit hours as of May, 2020. GPA 4.0.

- **BACHELOR OF ARTS IN SPANISH – FORT HAYS STATE UNIVERSITY – HAYS, KS – 2016**

Was able to test out of several courses. GPA 4.0.

- **MASTER OF DIVINITY – TRINITY EVANGELICAL DIVINITY SCHOOL – DEERFIELD, IL – 1992**

Rigorous 90-hour masters program that included extensive work in the biblical languages, communication skills, and leadership. GPA 3.74.

- **BACHELOR OF GENERAL STUDIES – WICHITA STATE UNIVERSITY – WICHITA, KS – 1987**

GPA 4.0.

Linguistic and Cultural Proficiency

- **PRAXIS PROFICIENCY TEST (SPANISH)**

Received the highest score possible (200 out of 200) in 2019.

- **OVERSEAS CULTURAL EXPERIENCE**

- Born in Tapachula, Chiapas, México

- Lived in México, Guatemala, El Salvador, Honduras, Venezuela (20 years total)

- Visited Nicaragua, Costa Rica, Panamá, and Perú

Michael Bell

- **LINGUISTIC KNOWLEDGE**

Studied Spanish, French, German, Greek, Hebrew, and English at the undergraduate or graduate level.

- **SPANISH SKILLS AND EXPERIENCE (2001-2009)**

- preached Sunday sermons
- taught Sunday School
- presided over funerals, weddings, and baptisms
- conducted personal, premarital, and marital counseling
- designed and wrote numerous courses and manuals
- conducted personal discipleship and at-home Bible studies
- planned, led, and conducted leadership retreats
- planned, led, and conducted church-wide family camps
- taught courses in CTOC (*Capacitación Teológica de Obreros Cristianos*) a seminary for lay people. Courses included: Old Testament Survey; New Testament Survey, Pauline Epistles, New Testament Greek, and the like. Student body ranged from high school and college students to people holding undergraduate, graduate, and postgraduate degrees.
- traveled to Guatemala and Nicaragua to conduct special seminars for pastors and Bible School students (2009, 2011, 2012)

Experience at Alma Public Schools

- **ORIGINAL HIRE DATE**

September 12, 2014.

- **ROLES**

- Rural route bus driver
- Activities bus driver; driver for special needs preschool students (to Holdrege)
- Teacher substitute (Elementary and Secondary Schools)
- Paraprofessional substitute
- Librarian's assistant

Mr. Jon Davis, Superintendent
Alma Public Schools,
PO Box 170
Alma, NE 68920

Dear Mr. Davis,

When news of an opening to teach Spanish in Alma reached me, I had an immediate sense that filling this position was something that I should pursue. I have attached my resume and would ask for your kind consideration of my qualifications to serve in this capacity. Please accept this letter as part of the application process.

I was born and raised in Mexico and Central America and Spanish has always been an inseparable part of who I am. While native-speaking foreign language teachers can be found, there are far fewer who are also native speakers of English. I believe I possess a degree of bilingualism that few achieve and that also uniquely qualifies me as a High School Spanish teacher to help bridge the gap between these two languages with my students. More than bilingualism, I bring biculturalism into the classroom to a rare degree, as well.

As an experienced pastor and missionary, I believe I additionally bring a number of key skills and abilities that are indispensable, not only to parish ministry, but also to the classroom: motivational skills, communication skills, compassion, emotional intelligence, discipline, pedagogical skills—the list goes on. Schools mean to equip people for life and that's what I've been doing my whole adult life.

Should Alma Public Schools decide to hire me, they hire someone with whom they've built a relationship of mutual trust for some time. Yes, my children graduated from APS; yes, my wife has worked here for some nine years; but additionally, I, myself, have been in your employ since 2014 in numerous positions in which you have depended on me and through which we have fostered a relationship of mutual trust.

It is hard to exaggerate the benefits of learning Spanish. Though many learn English as a *second* language, there are only 379 million native speakers of English compared to 460 million native speakers of Spanish. (These rank as second and third in the world, only surpassed by Mandarin Chinese.) It is imperative that our educational system hire qualified foreign language teachers so that our students are equipped to thrive in the multilingual, multicultural world in which we live.

Believing I have the right training and experience, I reiterate my desire to apply for this position, and humbly ask you to entrust its duties and responsibilities to my auspices.

Respectfully yours,
Michael Bell

Project: Alma Public High School Football
Alma, NE
Ref: 202335

Quotation Price – Materials Delivered to Job Site and Installation

30fc Football with Track – 360' x 160'	\$ 186,990
40fc Football with Track – 360' x 160'	\$ 219,990
50fc Football with Track – 360' x 160'	\$ 229,990

*Sales tax and bonding of the equipment are not included.
Pricing furnished is effective for 60 days unless otherwise noted and is considered confidential.*

Light-Structure System™ with Total Light Control – TLC for LED® technology

Guaranteed Lighting Performance

- Guaranteed light levels of 30fc and uniformity of 2.5:1
- Guaranteed light levels of 40fc OR 50fc and uniformity of 2:1
- BallTracker™ technology – targeted light, optimizing visibility of the ball in play with no glare in the players typical line-of-sight

System Description [Light-Structure System]

- (4) Pre-cast concrete bases with integrated lightning grounding
- (4) Galvanized steel poles
- Factory wired and tested remote electrical component enclosures
- Pole length, factory assembled wire harnesses
- Factory wired poletop luminaire assemblies
- Factory aimed and assembled luminaires, including BallTracker™ luminaires
- UL Listed assemblies

Control Systems and Services

- Control-Link® control and monitoring system to provide remote on/off and dimming (high/medium/low) control and performance monitoring with 24/7 customer support

Operation and Warranty Services

- Reduction of energy and maintenance costs by 40% to 85% over typical 1500W metal halide equipment
- Product assurance and warranty program that covers materials and onsite labor, eliminating 100% of your maintenance costs for 25 years
- Support from Musco's Lighting Services Team – over 170 Team members dedicated to operating and maintaining your lighting system – plus a network of 1800+ contractors

Payment Terms

Musco's Credit Department will provide payment terms.

Quote

Delivery Timing

6 - 8 weeks for delivery of materials to the job site from the time of order, submittal approval, and confirmation of order details including voltage, phase, and pole locations.

Due to the built-in custom light control per luminaire, pole locations need to be confirmed prior to production. Changes to pole locations after the product is sent to production could result in additional charges.

Notes

Quote is based on:

- Shipment of entire project together to one location.
- 480 Volt, 3 Phase electrical system requirement and to be confirmed prior to production
- Structural code and wind speed = 2015 IBC, 115 mi/h, Exposure C, Importance Factor 1.
- Owner is responsible for getting electrical power to the site, coordination with the utility, and any power company fees.
- Standard soil conditions – rock, bottomless, wet or unsuitable soil may require additional engineering, special installation methods and additional cost.
- Confirmation of pole locations prior to production.
- Separate contracts required by materials and installation

Thank you for considering Musco for your lighting needs. Please contact me with any questions or if you need additional details.

Brad Thompson
Musco Sales Representative
Musco Sports Lighting, LLC
Phone: 641-660-9554
E-mail: brad.thompson@musco.com

ENSLEY ELECTRICAL SERVICES

P.O. Box 5822
Grand Island, NE 68802
308-382-8432

April 5, 2020

RE: Alma Public School High School Football Sports Lighting
Alma, NE

Scope of Work:

- Remove existing sports lighting fixtures and poles
- Install (4) Musco Sports Lighting Poles and associated fixtures
- Directional Bore new conduit and wiring to each pole.
- Install Musco Sports Lighting Contactor and install circuits from existing panel located on east side of building.
- Included in pricing: Materials, labor, and equipment for the above scope of work.

Note: Pricing reflects no need for dewatering and that the soil conditions are favorable for drilling the proposed depths.

Not Included:

Bonding
Utility Fees

Respectfully Submitted

Ensley Electrical Services

Sent To: Chad W Richmond Chad.Richmond@musco.com(To), Josie L Nickols josie.nickols@musco.com(To), Jon Davis jon.davis@almacardinals.org(To)

Jon,

PLEASE LET ME KNOW THAT THIS EMAIL DID IN FACT GET TO YOU ON FRIDAY.....THANKS IN ADVANCE.

Many thank for the times visiting on site and over the phone during this process and what we are all going through right now....

Based on the talks we have had please see the following attachments and notes for the project and know that I will be available on Monday night if there are questions.

Attached:

1. Quote for 30, 40 and 50 foot candles.
2. Ensley Electric scope of work
3. Picture reference of each light level quoted
4. Link to the LED Musco brochure

Notes and highlights:

1. Each option comes with a 25 year warranty that includes
 - parts
 - labor
 - equipment
 - guaranteed light levels for the same 25 year time period
 - great reduction in spill and glare as shown in pictures
2. Quotes include materials, demo of old system and installation of the new system,
3. System will come with the Control Link system that will allow for remote operation and pre programming of on/off
4. System will come with high/medium/low dimming that will allow for lower level lights for smaller different events as well as a way to start closing down the stadium
5. I will be available on Monday if there are any questions as stated above and available at the numbers below
6. Ensley Electric is a fantastic installer and you will be very happy with the end result working with him.

Also noted:

Other schools for reference that we have in the area that are up are the following.

1. Grand Island 50 FC
2. Minden High School 40 FC
3. Lexington High School 40 FC
4. Blair High School 40 FC
5. Lincoln Christian 30 FC

I thank you for the opportunity to partner with you for the next 25 years while assisting you in being neighborhood friendly and look forward to any feedback and/or questions early next week.

Retrofit Lighting Solutions

Musco's TLC for LED™ Technology

We Make It Happen®

A Proven Retrofit System

The quality of LED sports lighting is only as good as the system that applies it. Across the country, and around the world, sports venues of all sizes are discovering this every day.

At Musco, we're using our more than 40 years of experience in light and glare control to take advantage of the unique characteristics of the LED source. As a result, our system-based TLC for LED™ technology realizes the potential of LED as a retrofit solution in ways single fixtures simply can't.

Better On-Field Lighting

The whiter and more uniform distribution of TLC for LED improves visibility for players and fans.

Total Light Control™

Our patented glare control technology preserves darkness around fields like never before.

Improved Efficiency

We've helped retrofit customers reduce energy consumption by as much as 80 percent.

Long-Term Parts and Labor Warranty

No worrying about maintenance, or paying for it, for anywhere from 10 to 25 years.

"Musco's design for Petco Park was different from the competitors by far. They actually redesigned our sports lighting racks. So we basically put up a brand new rack, already pre-aimed. When we compared Musco's product to all the competitors we felt they had the least amount of glare. We don't have any dark spots on the field, and our light levels blow away Major League standards."

*- Randy McWilliams, Senior Director of Engineering
San Diego Padres*

Retrofitting with Musco's TLC for LED™ Technology

When you walk onto a field that's been retrofitted with Musco's LED technology, it just looks better. There's a reason for that.

Our solutions are designed as a system—with lighting, electrical, and structural components engineered to work together. We'll conduct a structural assessment of your current lighting, and our retrofit solution will include a new wire harness and new, custom cross arms to ensure structural integrity and long-term reliability.

Existing Light-Structure System™

Structural Analysis

- To determine integrity of existing support structure

Retrofit to TLC for LED™ Technology

Poletop Luminaire Assembly

- Patented optics and glare control for better on-field lighting and precise control
- New cross arms to replace existing support structure
- Factory wired, aimed, and tested
- Single aiming point for fast, reliable installation

Wire Harness

- New factory-built wire harness
- Custom made per pole length and luminaire configuration
- Ensures no exposed wiring and solid connections with quick connect plug-ins

Electrical Component Enclosure

- Located remotely for easy access
- Houses major electrical components
- Factory wired and tested, with surge protection and fusing for sensitive electronic components

In addition to retrofits, Musco also provides industry-leading sports lighting solutions that are complete and newly installed at stadiums, fields, and arenas of all sizes.

Better On-Field Lig

Every lighting project is unique. But at the core of each of them is improving the quality of light on the field of play.

We've spent more than a decade researching and designing systems around LED. TLC for LED™ along with our innovative BallTracker™ technology delivers a whiter and more uniform light, allowing players and fans to track the entire flight of the ball.

"This is my 25th year in coaching and this is far and away the best lighting I have ever seen at a baseball stadium. We feel like Plainsman Park now possesses the best lighting system in America and that is a big deal to us."

Butch Thompson
Auburn University, Head Baseball Coach

Auburn University – Samford Stadium- Hitchcock Field at Plainsman Park

Auburn, Alabama, USA

The Challenge

- Increase light levels and improve the quality of on-field lighting and player visibility
- Mount luminaire assemblies on the existing poles from the previous lighting equipment
- Make the experience at one of college baseball's best stadiums even better

The Solution

- University project leaders visited two other college stadiums to observe the performance of different LED lighting
- One featured Musco's TLC for LED™ technology, while the other had LED fixtures from another manufacturer
- Auburn chose TLC for LED with BallTracker™ technology, which proved far superior in player visibility and reduced glare

The Result

- TLC for LED luminaire assemblies were successfully retrofitted onto the stadium's poles
- Playability has been significantly enhanced and glare has been virtually eliminated
- Musco's system technology ensures long-term reliability, and its long-term parts and labor warranty means no maintenance concerns or costs for 25 years

university staff, scan or visit
www.musco.com/news/auburn

University of Colorado Colorado Springs – Alpine Field

Colorado Springs, Colorado, USA

The Challenge

- Eliminate glare spilling into nearby homes from another manufacturer's newly installed lights
- Utilize existing poles and overcome challenges of the field's elevation atop a four-level parking garage
- Maintain existing light levels and improve uniformity on the 85,000-square-foot multi-sport field

The Solution

- When the original manufacturer failed to resolve neighborhood complaints, UCCS reached out to Musco
- Within days of receiving the call Musco's engineers and project managers were on site
- A customized system featuring TLC for LED™ technology was designed and retrofitted onto Alpine Field's existing 90-foot poles

The Result

- Glare in nearby homes was virtually eliminated, dropping from 80,000-90,000 candela per fixture to 1,000.
- The system maintained the field's existing 30 footcandles and greatly improved light uniformity
- UCCS solidified its positive relationship with homeowners in the Colorado Springs community

otal Light Control™

We believe in designing lighting solutions responsible to the needs of everything being impacted—from facility owners and users, to neighbors and the night sky.

The patented light control technology of TLC for LED™ delivers a level of precision never before possible, re-directing previously wasted light onto the field and virtually eliminating glare and spill.

"Musco really responded. Their representative was here within days, we explained the problem and they engineered a solution using the four poles in the corners of the field using their LED technology."

Gary Reynolds
UCCS, Assistant Vice Chancellor for Administration

Improved Efficiency

Our TLC for LED™ technology has helped retrofit customers reduce their energy consumption by as much as 80 percent.

But when we talk about efficiency, it goes beyond energy—and dollars—saved. It's also about the efficiency of your lights, putting more on your field and spilling less around it. And it's about improving operations with streamlined scheduling and facility management.

"The direction and control of the field lighting system is extremely efficient, there is a significant reduction of light spill onto the neighboring properties."

Matt Finch
Edmonds School District, Design & Construction Manager

FieldTurf
Protect Your Turf

Edmonds School District Stadium

Edmonds, Washington, USA

The Challenge

- Provide a high-quality lighting system that would help the district reduce energy consumption
- Customize a retrofit system using existing roof-mounted structures on one side of the stadium
- Reduce glare from spilling into the surrounding area while maintaining light levels on the field

The Solution

- Musco's TLC for LED™ technology using two custom-designed lighting systems
- Light-Structure System™ complete from foundation-to-poletop was installed on one side, with SportsCluster System™ retrofitted on the roof-mounted structures
- Took advantage of a \$50,000 public utility incentive for energy savings

The Result

- Energy consumption was reduced by 57 percent compared to the previous metal halide lights
- A much whiter and more uniform light on the field with the virtual elimination of glare and spill around it
- Efficient scheduling and system management with the 24/7 support of Control-Link®

Ken Pridgeon Stadium

Houston, Texas, USA

The Challenge

- Eliminate maintenance hassles and costs for the school district
- Deliver a solution that would reduce operating costs through improved efficiency and maintenance
- Help position Cypress-Fairbanks Independent School District as the first all LED lighted high school athletic complex in the country

The Solution

- Musco's TLC for LED™ technology was retrofitted at the stadium which was built in the 1970s
- Solution included 10-year parts and labor warranty
- Included guaranteed light levels for the duration of the warranty

The Result

- School district will save more than \$148,000 over 10 years between the elimination of maintenance costs and energy efficiency
- Will reduce CO2 emissions by 721 metric tons over the next decade
- Eliminates the hassle of re-lamping and having to budget for maintenance expenses for 10 years

In one year alone the Musco Team has...

Monitored and
turned lights on
and off remotely for
more than 5 million
games and events

Taken more than
350,000 calls answering
questions and helping
with scheduling

Traveled enough miles
servicing fields to circle
the equator 33 times

nd Labor Warranty

Throughout our history we've always stood by our solutions, and our customers.

Our long-term warranty and product assurance program—which ranges from 10 to 25 years—includes guaranteed light levels, covers parts and labor, and is backed by a global team of technicians. So when an issue with your system arises, you don't touch it, and you don't pay for it. And our Control-Link® system scheduling and monitoring service provides 24/7 support.

"We're going from a maintenance agreement that was changing out bulbs. With the extended warranty that Musco provides, we won't be looking at doing any of that maintenance any time soon."

ESUCC - AEPA Contract 017-A Athletic Facility Lighting (Expires 2/29/21)

Project Name:	Alma Public Schools
Project City-State:	Alma, Nebraska
Quote Date:	4/27/2020
Type of Field(s):	360' x 160' Football Field
Photometrics Per Design #:	30 FC Light Level / 20-1446
Type of Field(s):	Track
Photometrics Per Design #:	8 FC Light Level / 20-1446
Type of Field(s):	Bleachers
Photometrics Per Design #:	10 FC Light Level / 20-1446
Warranty:	10 Year Warranty

Quantity	Description
2	70 Foot Mounting Height Steel Poles
2	80 Foot Mounting Height Steel Poles
2	10 Fixture Crossarms
1	11 Fixture Crossarms
1	12 Fixture Crossarms
43	ELITE CLIR 530w LED w/ Visor
1	Wireless Controller (Digital Contactor)
43	Prewiring for Poles and Crossarms
4	Amp Bracket "Bullhorn"

Project Notes:

- Price includes all materials listed above (excluding adders & deducts).
- Price includes delivery to jobsite.
- Price firm for 60 days.
- Allow 3-4 weeks for delivery.
- (Delivery process will begin once P.O./Contract has been issued and the Voltage Verification & Design Approval Form (if applicable) have been properly filled out and returned.)
- Price does NOT include SALES or USE taxes
- (A Tax Exemption Certificate must be filed with Techline if applicable, if not, the appropriate tax will be added to all invoices.)
- All work to be performed that requires a license, including but not limited to electrical & plumbing will be performed by individuals - currently licensed in the proper jurisdiction.
- All proposals are based in bids by licensed individuals anticipated to perform the work.

Warranty Notes:

- Seller warrants that Equipment furnished or manufactured by Seller will be free from defects in material and workmanship for a period - of **10 years** from date of shipment.
- Seller will replace any defective material for the entire **10 year** period.
- Techline will make every effort to maintain any component of our sports lighting system for the entirety of the warranty period.
- Advances in technology and obsolescence of some components, including but not limited to; regulatory changes, cellular upgrades, - and other items beyond our control, could possibly render this impossible for some components in the future.
- Techline will always make every effort to support our system as long as manufactured components are available.

TURNKEY Installation Notes:

- Allow 3-4 weeks for Turnkey Installation.
- Pole locations must also be accessible with standard lift and not obstructed by fencing, buildings, etc. *(special lift & matting charges not included)*
- Standard turnkey install foundations assume 2000psi soil conditions.
- (Any other conditions that may be present upon installation (i.e. rock, water, etc.) that cause additional foundation design or modification - (i.e. rebar, casing, etc.) may require additional charges.)
- ☑ **INCLUDES:**
 - ✓ Install individual conduit and wiring for each pole sized accordingly. No more than 3% voltage drop shall be allowed.
 - ✓ All wiring to be copper type THHN.
 - ✓ Auguring pole foundation holes, setting all pole stubs in holes, center/plumb/brace and backfill with 3000psi concrete
 - ✓ Build out pole tops including mounting cross arm assemblies, mount & wire all fixtures in place, crane rental to set all pole tops in - place, fixture aiming, commissioning of controls, control training, and final clean up.
 - ✓ Additional charges may apply if electrical power is not available at time of Aiming & Commissioning.
 - ✓ Relocation of existing speakers mounted on the home side and new low voltage wiring to the press box.
 - ✓ Cut and remove concrete in requested locations
- ☒ **EXCLUDES:**
 - ✗ New concrete in requested locations.

Total Including Turnkey Install = \$183,900.00

(+) ADDER Notes:

- To INCLUDE... [50fc Light Levels]

**ADDER #1 = \$24,900.00

(+) ADDER Notes:

- To INCLUDE... [25 Year Warranty]

**ADDER #1 = \$10,000.00

RE: Sports Lighting Project

Dear Sirs:

Thank you for the opportunity to present the following proposal for financing:

LESSEE	Alma Public Schools		
EQUIPMENT/PROJECT	Sports Lighting Project		
FINANCING STRUCTURE	Tax Exempt Financing		
PROJECT COST	\$193,900.00		
OPTIONS	3 Years	5 Years	7 Years
PAYMENT AMOUNT	\$69,525.56	\$42,926.55	\$31,634.40
INTEREST RATE	2.961%	2.961%	3.038%
PAYMENTS BEGINNING	One Year from Signing and Annually Thereafter		

The above proposal is an expression of interest, subject to audit analysis and mutually acceptable documentation and is not a binding commitment. The terms outlined herein are subject to change and rates are valid for **fourteen (14)** days from the date of this proposal. If funding does not occur within this time period, rates will be indexed to markets at that time. Proposed funding considers the total cost of borrowing and includes all costs associated with underwriting, issuance and documentation.

I look forward to proceeding with this project and should you have any questions or wish to consider other terms, please feel free to give me a call. Sample documents are available upon request.

Sincerely,

Tara Clawson

TECHNICAL DATA WIRELESS CONTROLLER (CONTROLLER ACCESSORIES)

Product Overview

The **Wireless Controller** is a SimplySNAP component that can be installed anywhere you need wireless push-button lighting control, such as municipal ballparks, hockey arenas, basketball facilities, and other multi-use complexes.

The heart of the Wireless Controller is the SS450 site controller, contained in the NEMA 4X enclosure with 5 buttons that allow for controlled manual access to site lighting.

The Wireless Controller makes it easy for electricians to quickly install the SimplySNAP site controller and enables quick and simple access to a switch station that can be programmed to meet the needs of the end-user.

Features

- Allows for controlled manual access to a SimplySNAP lighting system
- Weather protected — perfect for both indoor and outdoor applications
- Optional, pre-configured 5-button switch to allow for control of all lighting within the facility
- External Ethernet port for connecting to IT network

Product #	Description
CBSSW-450-001 Cellular & Wi-Fi	SS450-based Model w/ 5-button switch

Dimensions	15.5" x 13.5" x 7.7" (393 x 342 x 195 mm)
Input Power	90-120VAC; 8W max, 6kV surge protection
Operating Environment	-20°C to +55°C, IP65
Radio	SNAP 2.4GHz 802.15.4 Wi-Fi 2.4Ghz 802.11 b/g/n
Certifications	FCC/IC; Tested to CAN/CSA C22.2 No. 60950-1/A2:2014 and UL 60950-1/R:2014-10
