6. Board and Administrative Comments

Mr. Norgaard reported on a meeting held with the director of the YMCA, Mitch Gross and with MPS Principals Mr. Borland, Mr. Bednar and Mr. Lyons. The meeting centered around discussion on extended learning in an after school program. There are advantages of partnering with the YMCA however, the school will need to be in control of the curriculum so the extended learning opportunities are in alignment with school curriculum.

Mr. Norgaard also reported on preparations for summer school. The program and staffing are in place. Students have until May 1 to sign up.

Mr. Brazell commented on a temporary fix at Weiland Field until the construction company can get to the project. The parking lot between the Sr and Jr High schools will be cracked sealed. And the hard surface playground at Central Elementary will be cracked sealed and top coated.

Mr. Brazell also discussed the ESCO motion later in the agenda. The motion is to approve an Energy Service Company (ESCO) for possible work at the Junior High School. Working with an ESCO on this project meets the requirements as set forth in State Statute. The project was properly advertised. Approving the ESCO resolution allows the district to continue to consider this process of completing HVAC work. He also recommended setting up a facilities committee to review the work and decide how to move forward.

In Board comments Tom Bredvick thanks the board members for attending the NRCSA conference. Continuing education for board members is key to staying sharp.
