McCook School Board Report
November 8, 2021
Special Education Dept., John Hanson, Director

- 1) I took four MHS students to McCook Community College for a tour during the college's Career, Search and Investigate (CSI) Day on Tuesday, October 12th. I am planning on taking at least three MHS students to North Platte Community College for a tour for the same type of event on Tuesday, November 23rd.
- 2) Nonpublic special education proportionate share application that determines how much IDEA federal grant funding the district receives has been completed.
- 3) Assisted Mr. Gross in the submission of the district's annual special education final financial reimbursement application/report (FFR) for the fiscal year 2021 before the October 31st deadline.
- 4) I'll be attending Fort Hays State University's Speech/Language Pathologist (SLP) career fair on Friday, November 12th in the PM. We don't have a need here at McCook, but the ESU 15 has a need to hire one more SLP, and it's good to get McCook's name out there because (I might be biased) I believe the SLP position is the hardest position to find in ALL of education-regular or special education.
- 5) All of the district's certified special educators had a Student Records System (SRS) update training with the manager/operator of the system Minh Vu on Wednesday, Oct. 20th. A big thank you to Minh for driving all the way out for a 1.5 hour training from the Omaha area instead of doing a zoom session. A lot of us are kind of "zoomed out."

Central Elementary

- Our Fall Festival was very successful! We had around 750 people attend! The food trucks, petting zoo, and all of the classroom games were great! The food vendors all said they did really well! Our goal was to get families there and play games together. We didn't seek to make a lot of money but we did cover our costs which is always a good thing! There were many smiles on everyone's faces. It was a lot of work but was very rewarding. Overall, a good night!

Hello Chris,

Attached, please find the specs for a 2023 59 Passenger International Bus. This is a very well equipped bus that will have such options as the Cummins 240 HP Engine, Allison Transmission, interior racks, hydraulic brakes and our Safety Star Premium Package. This package really does make the difference over the life of the bus with options such as dual stop arms, 8-lamp system with visors, red over-ride switch, noise kill switch, pre-trip exterior light check system, child-check system, pebble tread 36" wide, driver's side window visor, air-ride seat, heated and remote control mirrors to name a few. This bus would make an ideal activity/route bus with all of these options.

I have this bus on order under our demo program so I can offer you a pretty steep discount along with a special incentive discount. This bus has less than 500 miles on it and will include full warranty upon taking possession of it.

2023 59 Passenger International Bus	\$94,400
Less Demo Discount	(\$3,500)
Less Special Incentive Discount	(\$1,000)
Final Price with all applicable discounts	\$89,900

This includes beltline lettering and delivery. If you have questions please feel free to reach me at 402-730-7223. Have a great week!

Regards,

Kevin Jochum

1. ***Introduction:*** The School District is authorized to enter into Construction Management at Risk Contracts for School District construction projects by adhering to the procedures set forth in the Political Subdivisions Construction Alternatives Act, Neb. Rev. Stat. Section 13-2901 et seq. (the "Act"). Pursuant to the Act, the Board of Education hereby adopts the following policies for entering into a Construction Management at Risk Contract and the general terms of such contract.

2. ***Terms Defined:***

A. "Construction Management at Risk Contract" means a contract developed under the terms and conditions of this policy by which a construction manager (a) assumes the legal responsibility to deliver a construction project within a contracted price to the School District, (b) acts as a construction consultant to the School District during the design phase of the project when the School District's architect or engineer designs the project, and (c) is the builder during the construction phase of the project, subject to the School District's bidding requirements established by this policy and other School District policies, and the Construction Management at Risk Contract.

B. "Construction Manager" means the legal entity which proposes to enter into a Construction Management at Risk Contract pursuant to the Act and this policy.

C. "Proposal" means an offer in response to a Request for Proposals by a Construction Manager to enter into a Construction Management at Risk Contract for a School District construction project pursuant to the Act and this policy.

D. "Request for Proposals" means the documentation by which the School District solicits Construction Manager Proposals.

3. ***Board Selection of Construction Manager at Risk Method, and Process and Direction to Prepare Request for Proposals:*** The Board of Education of the School District shall adopt a resolution to select the Construction Manager under the Act as the method and process of construction delivery of the specific project and authorize and direct the School District Administration in conjunction with the architecture or engineering firm retained for the specific project to prepare a Request for Proposals in accordance with the Act and this policy. The resolution shall require the affirmative vote of at least two-thirds (2/3rds) of the Board of Education.

4. ***Duties of Architect and/or Engineer for the Project:*** Prior to proceeding with any School District construction project using the Construction Manager method under the Act, the School District shall retain the services of an architect and/or engineer, pursuant to the Nebraska Engineers and Architects Regulation Act, Neb. Rev. Stat. Section 81-3401 et seq., for such construction project, to provide design services including the preparation of plans, specifications, and estimates, and observe construction. Additionally, such architect and/or engineer services shall include assistance, consultation and participation in preparing the Request for Proposals, evaluation of

Proposals received for the Construction Manager position, and participation on the selection committee for the Construction Manager provided for in the Act and this policy.

5. ***Procedures for the Preparation and Content of Request for Proposals:*** The School District shall prepare the Request for Proposals for the position of Construction Manager under the Act and in accordance with this section. At least thirty (30) days prior to the deadline for receiving and opening Proposals, notice of the Request for Proposals shall be published in a newspaper of general circulation within the School District and filed with the State Department of Education. The Request for Proposals shall include, at a minimum, the following components:

K. Payment and performance bonds and guaranteed maximum price bond requirements for the Construction Manager;

L. Insurance requirements, which shall provide that the Construction Manager shall purchase from and maintain in a company or companies lawfully authorized to do business in the State of Nebraska such insurance as will protect the Construction Manager from claims which may arise out of or result from the Construction Manager's operations under the contract and for which the Construction Manager may be legally liable, whether such operations be by the Construction Manager or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable.

(5) The School District reserves the right to conduct a pre-award survey of any firm under consideration to confirm any of the information furnished by the firm or to require other evidence of managerial, financial, technical and other capabilities, the positive establishment of which is determined by the School District to be necessary for the successful performance of the contract.

(6) The proposing firm's signature on the Proposal is the proposing firm's guarantee that the content of the Proposal has been arrived at without collusion with other eligible prospering firm or firms and without effort to preclude the School District from obtaining the lowest competitive price.
