6. Superintendent's comments

School Improvement

The state of Nebraska is currently crossing the state providing training for the new school improvement process, due to the significant number of changes being made to the Nebraska

Framework's continuous school improvement process model. I, and several building principals, attended a workshop at the Educational Service Unit (ESU) in Trenton last week. The new process calls for a significant increase in the number of specific expectations and paperwork the District will need to meet prior to our next external review in the spring of 2025.

The District has developed an easy to read and understand document to share with parents and patrons that explains our school improvement goal. The documents will be distributed as handouts and via electronic media during the coming weeks.

Rule 10

The District is currently going through NDE's Rule 10 checklist to make sure the District is complying with all of its requirements. This process takes place annually. The Rule 10 document provides all the necessary guidance for schools to meet accreditation and covers all necessary topics from the numbers of new book purchases for the school library to the qualifications of teachers and administrators.

Connecting the Dots Activity

On September 21, the high school hosted the Connecting the Dots event in conjunction with the Nebraska Extension office. The activity engages sophomores in career exploration. Each student takes a survey where they express their interests and, according to that information, the students are provided with potential careers they more closely examine. The activity helps the students to better understand the job marketplace, including wages and necessary education levels. Local employees were also involved with the activity and were on hand to discuss their specific career fields. I was fortunate to work at the event, and I was very impressed with the way the students engaged in the activity. The students took a very thoughtful approach to the day and were actively engaged.

FYI:

- Commissioner Blomstedt will be leaving his position at NDE at the start of the new calendar year.

11. Positive Comments

Teresa Thomas commented on the new podcast by McCook Bison TV. Very impressive and great job. Really enjoyed listening to Mr. Dickes and the students.

Loretta Hauxwell commented on the positive comments from Alumini after heritage days for opening the schools for them to see and spend time back @ MHS.. She also thanked Mr. Dickes for walking with the band at Harvest of Harmony.

Mike Langan commented on the positive feedback on McCook bison volleyball and Coach Hoins. Mike also thanked the school for all their leadership towards students' first attitude. And appreciates all the interventions.

Dennis Berry commented that the student engagement is very high and students are busy and involved. He pointed out that the students organizing the pinkout events show a greater purpose than themselves. Great job

Samantha Rodewald commented on the great leadership of the students this year. Especially the senior and junior classes.

Tom Bredvick was able to walk the bricks with high school students, and was amazed at the students' support for the potential of new city facilities. He also commented on the audit and how prepared the business office staff is and how good they are at their jobs.

Brad Hays commented on First Central Bank teaching financial literacy at Central Elementary. He also congratulated Coach Matt Weimers on his 200 win as a tennis coach.

Jeff Gross commented on the post card hearing. It was good to be able to present facts to the community members that showed up. While the process was tough and worrisome, we were prepared and gave a true picture of the final picture of the district.

Grant Norgaard commented and recognized Robin Henrichs, Tyler Jedlecki, Tom Sughroue and Jeff Gross for writing grants and submitting those grants to the MCFF. He thanked The Nebraska 4H and the High School administration and counseling department for the connect the dots program.

4. Reports from Staff Members and Committees

4.1. Finance committee

Mr. Bredvick commented that they met over the budget. The committee spent a great deal of time on the financial picture of the district. They did recommend some adjustments to the budget, which were reflected in the one presented tonight.

5. Administrator's written reports: Please review prior to the board meeting

5.1. Board Comments

6. Superintendent's Comments

Math Standards

The Nebraska Department of Education has approved changes to the Math standards. The change in standards will require teachers from across the District to spend time analyzing the changes and making changes to our current curriculum to match any potential gaps. The board will also be asked to approve the updated math standards at a future board meeting. A copy of the math standards has been attached to the agenda.

Career Fairs

The District has several career fairs coming up this Fall. Groups of administrators will be attending different fairs across the state and in neighboring states as well. Fall teacher fairs are a new phenomenon and are a product of the teacher shortage.

The ARPA Teacher Recruitment and Retention Grant

Guidelines for the ARPA grant have been partially released. The grant dollars can be applied for and used to pay teachers directly who are early childhood teachers or teachers in grades 6-12 that teach courses in STEM. The grants pay outs range from \$2,500 to \$1,250 based on when a qualifying teacher is hired by the district. The use of these dollars does have some other limitations attached to them, such as maximum pay. Also, the use of these grant dollars may require the District to work with MEA on the negotiated agreement. More information is pending on these grant dollars and how they can be used.

Safety Drills

Each of the District's buildings has been conducting their spring safety and security drills. The use of our new safety app, Raptor, has played a major role in these drills.

School Improvement

Each of the buildings has had to put together a plan for communicating the District's improvement goals. Communication of our goal is a central piece in moving forward on our overarching goal and every member of the school staff needs to be aware of and take overt measures to help the District meet its goal.

The team has also reviewed each of the action plans for each building, and discussed upcoming surveys and trainings.

Teacher Clarity Workshop

The teacher clarity workshop went very well. We hosted schools from across Southwest Nebraska for a full day of in-service. The training focused on developing an instructional process that provides students with clear success criteria. The training also covered the proper curriculum selection process, learning progression and intentions, and relevance.

County Postcard Meeting

The postcard meeting will be held on September 19. Following that meeting, on a separate day,

the Board will need to have a special meeting to approve the budget. Possibly September 20, which is the same night as the membership meeting in North Platte.

McCook School Board Report
October 10, 2022
Special Education Dept., John Hanson, Director

- 1) Busy time of year working on special education final financial reports for the ESU 15 districts for reimbursement purposes. Districts are supposed to get approximately 75% of their special education costs reimbursed through this state reporting process, but it's only about 45-50% for every district. Districts also get about 20% of their sped costs paid for with federal IDEA grants, so the general fund is used to pick up the slack/difference to the tune of about 30% of a district's total sped expenditures.
- 2) Special education teacher file reviews and teacher evaluations have started and are ongoing.
- 3) Kirstie Koch, School Psychologist and I presented to the Junior High Staff regarding "What all regular education classroom teachers need to know about special education" along with the JH sped team on Wednesday, August 31st for about 20 minutes. We also gave the same presentation to the High School staff along with the HS sped team on Wednesday, September 21st for about 20 minutes. Nobody is doing anything wrong, it's just a nice review that the State Director of Special Education Amy Rhone encouraged all local directors to provide to their staffs. Thank you to Mr. Lyons and Mr. Dickes for allowing us to provide this brief training during their respective staff meetings.
- 4) Thank you to Bonnie Terry and Kaylynn Harris for all of their work organizing the 10th annual "Walk in my Shoes" disability awareness event held on a Saturday in early October every year. I was able to attend this year and have a booth up advertising the services McCook Public Schools offers as well as ESU 15. Thank you also to Board Member Tom Bredvick for emceeding the event. It was a nice turnout and a beautiful day for a walk on Saturday, October 1st. Bonnie and Kaylynn have recruited somebody else to take over the leadership/organization duties for this event, but don't feel comfortable yet sharing who it is. Thanks also to the many school sped staff that attended on their own personal time to support some of the students they work with.
- 5) MPS is in year 3 in the "cautionary zone" (level 3 of 5) for identifying too many students from hispanic/latino backgrounds for Speech/Language Impairment according to NDE...we had a zoom meeting with the school psychs and speech/language pathologist with NDE to discuss on 10/5.

Central Elementary:

- Fall Festival is this Friday, October 14 from 5-7PM! You're all invited!! Come get some grub from food vendors or ice-cream! Petting zoo, smore's, games, cotton candy!
- Parent Teacher Conferences were a big success. Teachers did a great job of having tough conversations while being very positive and establishing great relationships with parents. It sets us up for success the rest of the year.
- 4th Graders attended a fitness day @MCC. Kids had a great time. [Picture LINK](#)
- All staff are now certified in CPR! Marc Harpham did a great job!
- DARE, with Luke McGinley, will begin October 25 for our 5th graders.
- Health Screens were conducted for all 4th graders and new to district 5th graders.
- Conducted Hygiene and Maturation videos to 5th graders. Tyra and I have recorded a video that has now been taken off of Youtube. It does a great job and will continue to use this video. Some schools are not having these discussions or having boys and girls attend together. We will continue to separate them. If you ever want to preview the video, please let me know.
- Grant and I were planning on attending a PLC+ conference but it has been canceled.
- I will be an external team leader for Southwest Public Schools in the Spring.

McCook Public Schools

Equipping all students to succeed in a complex global society.

Every public school district in the state of Nebraska has a school improvement goal, and each district has developed a plan for how the District is going to meet their goal. These goals focus educational staff on improving learning for all students.

McCook Public Schools District Wide Improvement Goal

On a weekly basis, teachers will work in collaborative teams to discuss and design high quality curriculum and assessments, and to discuss and share best instructional practices.

Early Release Days What teachers do on Wednesday afternoons

Curriculum

Teachers work in teams to identify the most important learning objectives, and design a curriculum and develop materials which enables students to progress in a proper scope & sequence from Kindergarten through graduation.

Assessment

Teachers work in teams to design tests that provide teachers with clear and valid data indicating each students level of mastery of the curriculum objectives. This data will also provide guidance on instructional decisions.

Instruction

Teachers work in teams to discuss effective instructional practices, and to share with each other what practices worked best to enable students to successfully master curriculum objectives.

Intervention

Teachers work in collaborative teams to discuss and design plans for students who need extra help demonstrating mastery of curriculum objectives on locally develop assessments.
