4.2. Committee to select a construction manager at risk

Mr. Norgaard reported that we conducted a meeting with interviews of two companies that had submitted RFP for the CM@R. Hausmann and Sampson presented and were interviewed by the committee. It was scored and recommended to offer a contract to Sampson.

5. Administrator's written reports: Please review prior to the board meeting

6. Superintendent's comments

Veteran's Recognized

- McCook Elem. Program in Am.
- Central: Veterans breakfast: Kids invite family members or friends to eat, central starz sing, etc.
- Jr. High - students spelling out "Thank you veterans" with a drone photo.
- Sr. High: 11/10/23 @ 10:50 in SH Auditorium. Dan Stramel is coming to speak and the legion is bringing the colors; an invitation to all veterans in the community.

7. Recruiting

- Administrators continue to be busy traveling across the state and to neighboring states to ensure that we are casting a wide net looking for student teachers and potential future teachers to work at MPS. Since last month we have visited Wayne State College, Northern Colorado, and Hastings College.

8. NSCAS Data

- State assessment data is still under embargo. The district did very well, but our scores cannot be shared at this time. However, it would not surprise me if they are released in the next week or two. There are always a lot of questions about the assessment results following the release of data to schools. Our own administrative team met with NDE administrators to discuss our results to clarify why we received the classifications that we received.

9. Teacher Evaluations

- Probationary teacher evaluations for the first semester are to be completed by December 7.

10. Safety Inspection Completed

- Our insurance and Rule 10 safety inspection has been completed. Once we receive the report, the safety team will meet to discuss its findings and share the report with the Board.

11. Water Main

- The main water line coming into the school cracked and leaked out a considerable amount of water. Jeff will speak about this during his report.

12. State School Boards' Conference

- The state school boards conference is this week in Omaha.

13.

14. Business Manager comments

5. Administrator's written reports: Please review prior to the board meeting

6. Superintendent's comments:

Construction Manager At Risk Update

1. We hosted ___ construction companies on October 3. These companies came to an introductory meeting where the contractors gave an overview of the project and answered questions.
2. Our first construction manager at risk committee meeting will be on October 30. During this meeting, committee members will review the paper submissions from all of the contracting companies interested in working on the Jr./Sr. high project.
 1. Depending on the number of contractors that submit for the job, the committee will eliminate all but 3 or 4 companies. The remaining companies will be interviewed by the committee in early November.

Meeting with Jr. High teaching Staff

1. I had a information meeting with the Jr. high teaching staff concerning the Jr./Sr. High building project. The meeting went very well and they are enthusiastic about the project.
2. I have also collected feedback from them, which I will share with the board once the comments are transferred from handwritten notes to an electronic document.
3. I will be meeting with the Sr. high staff in the near future.

Rule 10 Review Process

1. McCook Public Schools is currently reviewing Rule 10 accreditation requirements. Following the review of Rule 10, the district will submit a compliance sheet with the Nebraska Department of Education.

Commissioner's Superintendent Advisory Committee

1. I have been selected to participate on the Commissioners superintendent advisory committee. The committee met for the first time in September and we discussed several pressing issues in the state.

1. The state wide assessment. There is widespread angst with the current assessment system.
2. The teacher shortage and staffing issues. Many schools are currently running without a full slate of teachers, which is causing teacher overload due to class sizes being pushed higher and higher.
3. The issues related to teacher certification and the amount of time it takes for teachers to be approved to teach by the state.
4. The school budgeting process and the legislative pressure that is being placed on school districts to help with "political agendas".

School Improvement Update (a copy of the action plan is attached)

1. Parent surveys are currently being disseminated.
2. The action plan has been reviewed and some minor changes have been made.
3. Discussed developments with the district's communications and how to share our action plan with all stakeholders.

Safety Upgrade - Protective Window Coverings

1. We have been in contact with a company that specializes in installing protective film on windows that prevents them from breaking apart if purposely vandalized. The film keeps the glass intact and makes it very difficult for someone to smash the glass to enter the building. The windows and doors have been measured, and we are now waiting for an estimate for the product and installation.
2. It is my intent to apply for grant funds to pay for or help pay for this safety upgrade.

McCook School Board Report
November 13, 2023
Special Education Dept., John Hanson, Director

- 1) Annual nonpublic special education proportionate share application has been completed in the NDE portal. In the 2024-25 school year, MPS will receive \$26,274 from the federal government to provide special education services to St. Patrick's School, Little Blessings preschool, and currently two home schooled students who have an IEP and receive special education services.
- 2) Grateful to have a wonderful free resource like the Munroe-Meyer Institute in Nebraska that is willing to share resources and help our district autism team brainstorm possible solutions dealing with a 7th grade student in our Developmental Learning Center (DLC) via zoom.
- 3) It continues to be a struggle to keep a fully staffed paraeducator pool to meet our growing student needs in the district. It seems like the past couple of years it's been a revolving door at all of the buildings. Some things the district has done to attract and retain existing paras include higher wages and making available online professional development courses related to paraeducator duties that they can take on short weeks from home to further their capacity and make up for lost pay because of no school. Some have taken advantage of this opportunity.
- 4) A representative from OpenSky Policy Institute will be coming to McCook in person or on zoom (TBD) on Tuesday, January 16th during my week to present at Rotary Club meeting. Held at the MCC Student Union at 12 noon on the 1st, 2nd, and 3rd Tuesdays of the month. OpenSky is a non-partisan organization that advocates for a strong Nebraska through clear fiscal research and analysis.
- 5) ESU 15 hired MPS graduate Breanna Redl as a Speech/Language Pathologist to start the 2024-25 school year. This means that McCook can purchase a little more SLP time from the ESU to help our three existing full time SLPs out. MPS currently contracts with ESU 15 for 1.5 days/week for SLP services, next year it could be up to 2.5 or 3 days/week from ESU 15.

- The Fall Festival was a success! Thank you, Scott Barger, for helping at the Fall Festival and for your donation for our chessboard! We had over 450 people attend! It's been a very valuable event for us in terms of student, family, and community relationships. It's a lot of work, but ends up being worth it each year.
- Veterans Day Breakfast was Friday, November 10. We anticipated 65 guests. Next year, we will have to limit the number by having 5th grader invitations. We are running out of chairs/tables/space for it. It's been a good thing but we are unable to accommodate more people.
- Our teachers are working on proficiency scales for 3 essential learning targets. These proficiency scales help with teacher clarity and having kids know where they are in their learning progression.
- I've been looking at our N-SCAS data heavily from last school year. Our initial data is embargoed but we have All Time Bests as a School in all areas: ELA, MATH, SCIENCE. We also have ATB in our non-proficiency percentages. I'm really proud of the work we have been doing. There will be a natural eb and flow to our numbers based on student data, but we are generally moving in the right direction.
- I'm starting to have some in depth conversations about the 24-25 school year. One decision at the forefront of my mind is moving a 5th grade teacher down to 4th grade. We have a small class in 4th grade and will shrink down to 4 teachers next year in 5th Grade.
 - I will be having those discussions after Thanksgiving with the 5th grade team and specific teacher that I plan on moving.
- We have an uptick in student teachers. We currently have one and will have an additional 2 teachers next semester.

Our international teachers are now operating under conditional certificates. They have been operating independently for much of the month of October. They both have areas to improve on, but they are functioning, and teaching every day in their classrooms.

I have attended several college fairs this past month. While we do not have specific jobs to offer at this point, we are identifying the hard to fill

areas and creating a source of names to call in the event that we have an opening.

I will be attending a PLC event in Omaha on November 15th and 16th.

We held a costume contest and talent show on Halloween at the High School. It was a fun event. I am always amazed at the talent level of our students.

ASVAB testing will be November 16th.

Brain Bowl will be held on November 21st.

504.20 - ELEMENTARY AND SECONDARY: ACTIVITIES CONDUCT

BULLYING PREVENTION

McCook Public Schools believes that physically safe and emotionally secure environments should be provided for all students and staff. It is the goal of the McCook Public Schools through this policy to create such positive learning and teaching environments.

For purposes of this policy, the definitions are:

- 1) **Bullying:** When a person(s) intentionally and repeatedly directs physical, verbal, social, and/or psychological aggression or harassment toward others, with the goal of gaining power or dominating another individual which interrupts or disrupts the educational environment regardless of where it occurs.
- 2) **Internet Aggression (Cyber bullying):** The willful use of computers and electronic communication devices as tools to intentionally and repeatedly cause harm or discomfort through verbal or relational aggression that targets a specific person or group of persons and interrupts or disrupts the educational environment regardless of where it occurs.

Bullying and cyber bullying of students, staff, or visitors by other students will not be tolerated in the school district. The district will promptly and reasonably investigate allegations of bullying and cyber bullying. The building principal will be responsible for handling all complaints of bullying and cyber bullying.

It shall also be the responsibility of the superintendent to develop administrative rules regarding this policy. These rules will be printed and distributed to students and parents in the student handbook.

This policy shall be reviewed annually.

McCook Public Schools
Construction Manager at Risk – Selection Committee
CM@R Evaluation – November 8, 2023
FINDINGS, RECOMMENDATIONS AND RANKINGS

1. IDENTIFICATION OF PROJECT. The school construction project that is the subject of this selection process for a Construction Manager at Risk for such project under the Nebraska Political Subdivisions Construction Alternatives Act, §§ 13-2901, generally consists of a proposed junior high school addition and senior high school renovation project (the “Project”).

2. SELECTION COMMITTEE PROCEEDINGS. The Selection Committee individually examined the proposals and supporting documentation submitted by the Proposers on October 19, 2023, for the position of CM@R, namely (alphabetical order), Hausmann Construction and Sampson Construction (individually referred to as “Proposer” or collectively referred to as “Proposers”).

The Selection Committee then met November 8, 2023, and collectively reviewed and discussed all Proposer firms based upon the qualifications criteria set forth in the Request for Proposals. The Selection Committee then sought further information from the Proposer firms to assist in ranking of those firms through interviews. The interviews were held on November 8, 2023, in the junior high school conference room located at 800 W. 7th Street, McCook, Nebraska. Each of the interviewed firms were provided approximately sixty (60) minutes to make their presentation and allow for questions from the Selection Committee.

The Selection Committee met following the interviews to evaluate the Proposers and rank them in order of preference as required by statute and board policy and procedure. The Selection Committee deliberated regarding the evaluation of the Proposers and ranked the Proposers based on the criteria in the Request for Proposals. Generally, the Selection Committee finds that all Proposers did an excellent job in the preparation and presentation of the submittal materials, and that the Proposers interviewed provided varied and informative presentations and responded completely to questions presented by the Selection Committee members. It was the general consensus of Selection Committee that each of the Proposers has the ability to provide the construction management at risk services required in the Request for Proposals to provide the services required of the position; however, the Selection Committee is required to rank the Proposers in order of preference based upon the selection criteria set forth in the Request for Proposals. On that basis, the Selection Committee makes the following findings, recommendations and rankings under the specified selection criteria and overall rankings for the position as CM@R for the Project in order of preference based thereon.

3. SELECTION COMMITTEE FINDINGS.

a. Introductory Finding: The Selection Committee has given full and fair consideration to the information presented to the Selection Committee by each of the proposing firms. The following Selection Committee findings are based upon the submittals of the Proposers and interviews. The Selection Committee is exercising its good faith judgment, acts from honest convictions, based upon facts, and as it believes for the best interests of the School District and its patrons and without favoritism, ill will, fraud, or collusion but with honest motives and for the

purpose of promoting the public good and protecting the public interest. The ratings and rankings set forth below reflect the application of the selection criteria to the Proposers in relation to the proposed Project with the submitting firms compared to one another. The ratings and rankings should not in any manner be construed to place any firm in an unfavorable light, as all Proposers are qualified to perform the services of construction manager at risk for the Project.

All Proposers have experience in construction projects with varying levels of prior and current projects involving the construction of school facilities. The Selection Committee noted that the Proposers all have experience with school additions and renovations construction of the scope and size of this Project. The Selection Committee has considered the selection criteria enumerated in the Request for Proposals with an emphasis on the recent school facility projects completed or in progress by each firm with a budget and complexity similar to the Project with added weight given to those projects involving the project team (Project Executive, Project Manager, and Site Superintendent(s)) proposed for the Project. Considering the volume of information provided, the Selection Committee has focused these findings and recommendations and rankings on the characteristics that distinguish a firm positively under each selection criteria with an emphasis on the firm that provides relevant advantage or special value to the Project and to the School District.

The Selection Committee members individually ranked each firm based upon the total of the eight selection criteria. After discussion with regard to each criterion, each member provided the total points awarded by such member. The points for each firm from each Selection Committee member were then totaled and averaged among the Selection Committee members to give composite point scores for each firm. Based on the composite point scores, each firm was given a rank, with the highest point total given the highest rank and the lowest point total given the lowest rank. Additionally, for each member, the total points given for each firm were converted to a rank, with the highest point total given the highest rank and the lowest point total given the lowest rank. The rankings for each firm from each Selection Committee member were then totaled and averaged among the Selection Committee members to give a composite rank for each firm. The ranking of Proposers was made based on the ranking methodology; the point total scores were compared to the rank total scores for statistical comparison purposes only.

b. Ranking Summary: Upon application of the above process, the Selection Committee determined the ranking of the interviewed firms in order of preference are as follows:

Name of Firm	Ranking
Sampson Construction	1
Hausmann Construction	2

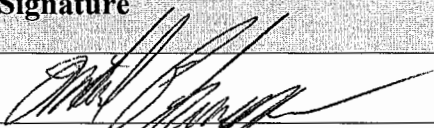

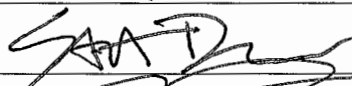

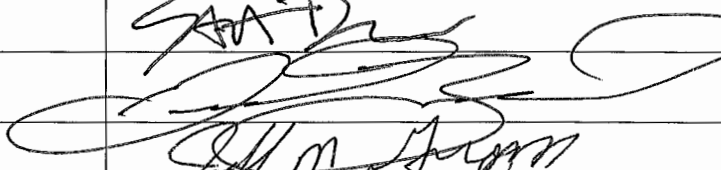

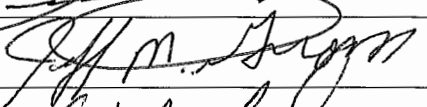

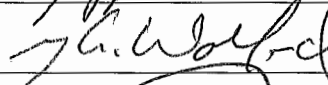

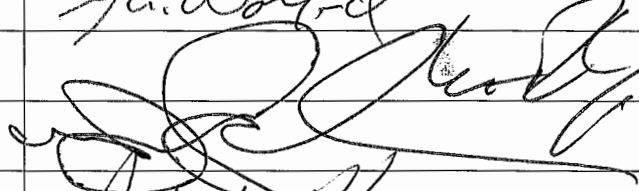

4. SELECTION COMMITTEE RECOMMENDATION.

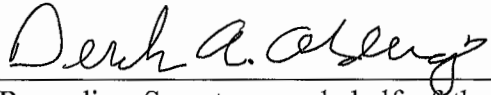

Based on its objective evaluation, the Selection Committee recommends to the Board of Education for McCook Public Schools the foregoing ranking of the firms submitting proposals for the position of CM@R for the Project and further recommends that the following be the highest ranked submitting firm for negotiations:
