IV. Action Items

IV.A. Americanism: Curriculum, Assessment, and Instructional Programs

This committee is responsible for reviewing curriculum recommendations, textbook selection, requisitions/inventory, and instructional programs.

IV.A.1. Consider, discuss, and take action to approve the superintendent as the 2018-19 Title IX Coordinator and district representative for all local, state, and federal programs.

The Office for Civil Rights is responsible for the enforcement of Title IX compliance by all K-12 Schools. All public schools must name a Title IX Coordinator to oversee all local, state, and federal programs in the district. This representative is responsible for the district's compliance with all accreditation, program requirements, and district responsibilities. In the past, you have named the superintendent as the representative to serve on your behalf.

In addition, we have been selected to receive a comprehensive onsite civil rights compliance review of the Career and Technical Education Program offerings during the 2018-19 school year. See attached letter for more information.

Motion to to approve the superintendent as the 2018-19 Title IX Coordinator and district representative for all local, state, and federal programs. Passed with a motion by Richard Brabec and a second by Mynor Hernandez.
Holly Hild: Absent, Richard Brabec: Yea, Mynor Hernandez: Yea, Chuck Misek: Yea, Virginia Semerad: Yea, Brian Vavricek: Yea
Yea: 5, Nay: 0, Absent: 1

IV.B. Board Policy, Handbooks, and Support Programs

This committee is responsible for annual review of board policies, handbooks, and crisis/safety plans. This committee is also responsible for the support and development of support programs(nursing, food service) in the district.

IV.B.1. Consider, discuss, and take action to approve final reading of the 2018-19 new and amended policies

Policy 402.09 Recognition for Service of Employees - The limit on recognition dinners is now $50 per person.
Policy 403.02 Child Abuse Reporting - The Sport Authorization Act of 2017 passed by Congress includes slightly modified details to the reporting of suspected child abuse.
Policy 404.06 and **504.18** Harassment policies - The U.S. Departments of Education and Justice issued new guidance on harassment in the last year. These changes reflect that guidance.
Policy 503.08 - Cleanup language for the Married Students Policy, which many districts may not have previously included in their manual due to the rarity of need for it, but which brings it in line with required language released in March for the 503.07 Parenting and Pregnant Students Policy needed for non-discrimination rules.
Policy 503.09 Homeless Children and Youth - ***We have not updated this policy*** since Item 3 under Enrollment Disputes on page 4 of our current version already informs schools to direct the parent/guardian that they may file a written appeal of the decision to the Nebraska Commissioner of Education.
Policy 504.12 Regulated Electronic Devices - All districts include their specific student rules relating to cellphone use in the Student Handbook, but due to changes in technology and increasing abuses of using cellphones to record or report on others in the schools, we have added language to this policy.
Policy 505.03 Suspension and Expulsion of Students - Since much of the suspension and expulsion information increasing overlaps, I have combined the old 505.03 and 505.04 policies into one. The redline compares the new combined policy with the combined language of the two older policies. You will want to delete 505.04 from your Table of Contents. LB 1081 as passed by the Legislature requires certain law violations to be reported to law enforcement when the

principal knows or suspects that it constitutes a violation of Nebraska's Criminal Code. The school board is also now required to annually review with the County Attorney the conduct violations defined in its policy as those that must be reported to law enforcement.
Policy 603.01 Curriculum Development - Slight changes to deal with revised NDE Science Standards and timelines.
Policy 604.14 Reading Instruction and Improvement - LB1081, the Legislature's Cleanup Bill, mandates that each district must "develop policies to facilitate reading instruction and intervention services to address student reading needs, including, but not limited to, dyslexia." This policy closely follows the language of LB1081.
Policy 1005.12 Title 1 Parent and Family Member Engagement - Changes from ESSA specifically for Title 1 programs and released by NDE as a sample that they will audit for in the future. A few districts had a much earlier version of this, but this entirely new version is now considered a required policy for everyone.

Attached are the new and updated policies reviewed and approved first reading in July. The new policies are also posted on the board policies page on the school website.

Motion to approve final reading of the 2018-19 new and amended board policies as presented. Passed with a motion by Mynor Hernandez and a second by Brian Vavricek.

To whom it may concern:
We are making this proposal to the Schuyler Community Schools to open a new school transportation route that would go from the Loonies trailer court area to Schuyler Elementary School and Schuyler Elementary School to Loonies trailer court.

This idea began when seeing the need since there are a large number of children (around 80) who would benefit from this service. There was a meeting of parents to have a specific number and so be able to present it to you, having as a result that at least 48 children would be interested in using the school bus.

Another reason why the service is being requested is because the 3 transport points that currently exist in the city are very far from this area where they cannot be accessed because many of the parents who live in this area are single car households and use it as a transport to their work, so their options are: walk to school, carpool with a neighbor or a family member, or pay for private transportation services- which cost is high since on average the charge is between $5- $6 per child per day. (please take in consideration that most of the families have multiple kids)

We have already spoken with the manager / owner of the trailers and he is willing to help in what he can and we have his authorization to enter his property. In the same way we have spoken with the parents that would benefit from the service and agree to help as volunteers with the supervision of the children, as a support to the employees of the Schuyler community schools.

Below we present a list of pros and cons that could be given based on this proposal:

Pros	Cons
• Better economy for families- they can save the money that they spend in transportation and spend it in something else can benefit their families. • Safety- Private transportation service overflow the vans and the kids are not riding the vehicles safely. • The kids are not going to be picked as early as 6:30, that means more sleep= better academic performance. • Less traffic at drop off and pick up time.	• Less business to private transport service. • Not at enclose warm place to reunite the kids

To Whom It May Concern:

I just want to thank you for giving me the opportunity in working with the program from the beginning. It was an amazing career that I wish I could continue with. I have to part ways with the program and find a better opportunity for my new growing family. Thank you and the program will be successful.

Plan set in motion for intervention at Schuyler

Mastery of English is one of the goals set for Latino students, who are a majority at the high school

By Joe Dejka
WORLD-HERALD STAFF WRITER

LINCOLN — State intervention at Schuyler Central High School moved to the next phase Friday, but not without dissent.

Members of the Nebraska State Board of Education voted 7-1 to approve a progress plan for the school, which the board designated earlier this year as a priority school needing improvement.

The designation, which identified the school as low achieving and "demographically shifting," paved the way for state officials to intervene, diagnose problems and try to fix them.

The plan sets goals for the heavily Latino school, among them to improve instruction for English learners and increase students' mastery of the language.

The Class B school enrolls 575 students, 87 percent Hispanic, 10 percent white and 3 percent black.

Schuyler district officials initially pushed back against the designation, calling it a scarlet letter. But when the state refused to back down, local officials accepted the inevitable, saying that if it helps Schuyler's kids, it's worth it.

Board member Molly O'Holleran of North Platte commended the community for embracing the strategy, calling it a "brave plan."

"They have tremendous challenges," O'Holleran said. "I am going to vote for approving this priority school progress plan because it's going to set the way for other schools across our state that are having an infusion of refugees and English learners."

The lone dissenting vote was board member Pat McPherson, who said the plan lacks specific achievement targets such as reducing absenteeism and raising ACT scores or graduation rates, which he said could be used to mark progress each year.

"I don't find any hard numbers

Schuyler: Focus on language issues

for gauging success, including scores on state MAP tests, the ACT, dual-credit courses and English language tests. However, the plan does not set improvement targets against which the school's progress will be judged.

Other board members said the test scores and other achievement data which landed Schuyler Central on the priority list would be the baseline for judging progress.

Kathy Kennedy, a consultant hired by the board to work with the school, said the plan addresses language issues.

It calls for coaching teachers in the stages of language acquisition to make sure the instruction is effective for English language learners.

It also calls for setting up a system to provide immediate assistance for new immigrant and refugee students enrolling in the school — advocates who can help them with the transition.

"Not wait until day 17, day one," Kennedy said.

Other goals include:

» Creating a common school mission and vision and setting high expectations for students throughout the building.

» Improving two-way communication between the school staff and parents and ensuring that language barriers don't get in the way.

» Improving family engagement and pride in their school.

» Improving student and staff culture and training teachers in evidence-based instructional practices.

» Making sure instruction is aligned to state academic standards.

VISION & TRAINING SESSIONS

5:00 PM

VISION: ENGAGED ..... ONE VISION - ONE STATE

From creating a vision, to continuing a vision, we've now reach the point of engaging our vision. With feedback from the past few years, see how we are now moving forward and putting items into action as we all work towards addressing Nebraska's reliance on property taxes for school funding.

6:00 PM

GALLUP: TURNING TALENTS INTO STRENGTHS

Do you ever wonder why you make certain choices? Why you are better at some things than others? There's a reason. It's your talents. NASB Director of Search Service, Shari Becker, was recently licensed as a Gallup-Certified Strengths Coach. This session will provide an overview of Gallup's terminology and philosophies. We will discuss how understanding and maximizing your individual/team strengths can contribute to a quality environment and create the best opportunity for success as a board and leadership team. *Presented by Shari Becker, Director of Leadership Search Service*

PROTECTING OUR PRECIOUS ASSETS FROM BELL TO BELL

It's no small feat, keeping students and staff safe at school. This session will share facts, tools, PR templates and data regarding active shooters, playgrounds, suicide, employee injuries, you name it. We can't cover them in bubble wrap but let's chat about what we can do and say, before, during, and after a school incident. *Presented by Megan Boldt, Director of ALICAP/Insurance*

I DON'T KNOW, WHAT I DON'T KNOW!

What do you need to know about ESSA, AQuESST, and School Improvement? This session will provide you with a brief overview of how federal legislation and the Nebraska state accreditation system impact the work and planning at the board table. *Presented by Marcia Herring, Director of Board Leadership*

6:45 PM

ROLLING DOWN THE ROAD TOWARDS DELEGATE ASSEMBLY

Delegate Assembly. NASB's official business meeting for the year. So much more than a few hours during State Conference. It is a commitment from each district to shape the gameplan for the next 364 days, specifically how you, locally elected school board members can lead and react to what will take place in the upcoming legislative session. Learn about your role the morning of, and from there on. See how you can assist and drive the conversation as we modify and create legislation, and advocate for your district, community, and all of Nebraska. Find ways to best utilize NASB's legislative team year-round to maximize efforts and learn about key timelines, processes, and ways you and your district can be heard, and make a true difference every day inside your buildings, and inside the Capitol as well. *Presented by Colby Coash, Associate Executive Director/Director of Government Relations, and Matt Belka, Director of Marketing, Communication & Advocacy*

ORGANIZING THE CHAOS: SUPERINTENDENT EVALUATION AND BOARD SELF-ASSESSMENT

The one critical action of the Board is to evaluate the superintendent. This process requires the board to utilize the board adopted evaluation tool, purposeful planning, and effective execution. This session will provide the board with tools, tips, and techniques for conducting an effective superintendent evaluation. The Association then advocates for a board self-assessment to appraise the governance team success, board-superintendent relations, and a method by which to identify areas of growth of the board's roles and responsibilities. *Presented by Marcia Herring, Director of Board Leadership*

COOL TOOLS FOR SCHOOL BOARDS IN DEVELOPING RESILIENT STUDENTS

More results are coming in from schools working to increase student resilience. It is obvious now that effective classrooms and supportive relationships are the most important components in developing resilience to adversity. We'll discuss several ways your board can prepare the way toward developing more resilient students and the benefits your students will gain. *Presented by Megan Boldt, Director of ALICAP/Insurance, and Jim Luebbe, Director of Policy Service*

Dan Hoesing, Superintendent
Schuyler Central Public Schools
401 Adams Street
Schuyler, NE 68661-2400

Dear Superintendent Hoesing,

The Nebraska Department of Education (NDE), as a recipient of federal education funds, is required by the US Department of Education, to conduct onsite civil rights compliance reviews of schools within districts that participate in or receive federal educational funds and offer career and technical education programs. This letter is to advise you that Schuyler Central High School has been selected to receive a comprehensive onsite civil rights compliance review of the Career and Technical Education Program offerings during the 2018-2019 school year.

The purpose of the review is to ensure that districts are providing access to educational programs in compliance with the requirements of the federal Civil Rights statutes. Those include the following:

- Title VI of the Civil Rights Act of 1964 (covering race, color, national origin including ELL)
- Title IX of the Education Amendments of 1972 (covering sex)
- Section 504 of the Rehabilitation Act of 1973 (covering individuals with disabilities)
- Title II of the Americans with Disabilities Act of 1990 (covering individuals with disabilities)
- Vocational Education Programs Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap of 1979

Each year, NDE chooses high schools for monitoring based on a ranking system. The schools selected to be monitored are based on 1) the percentage enrollment in career and technical education programs by gender as compared to the percentage enrollment in the total agency by gender; 2) the enrollment of students with disabilities in career and technical education programs as compared to the percentage enrollment in the total agency of students with disabilities; and 3) the percentage enrollment in career and technical education programs by racial/ethnic category as compared to the percentage enrollment in the total agency by racial/ethnic category.

Krystl Knabe and Greg Stahr will be the Nebraska Department of Education staff conducting the review and anticipate being at Schuyler Central High School for one day for the compliance process. Per the email correspondence on July 31st, Schuyler Central Public Schools visit has been scheduled for **September 20, 2018**. Please contact Krystl Knabe immediately if the scheduled date does not work for your school. The review will consist of interviews with students, faculty, staff, and administration, a walking tour of the facilities, and a review of the documents provided by Schuyler Central High School staff. It is important that you be available for the introductory meeting at the beginning of the first day at 8:30 a.m. and the exit meeting at approximately 2:00 p.m.

In preparation for the review enclosed is an ***OCR Compliance Handbook*** that explains the onsite review process, individuals/groups to be interviewed and documentation needed for areas of investigation. Please pay particular attention to flagged items in the ***OCR Compliance Handbook.*** I will work with you to prepare for the review including developing the schedule, explaining documentation required and to answer any questions you may have. The intent is to assist school districts in meeting the civil rights requirements and to offer technical assistance to the district if and when corrective actions are needed.

A video Zoom meeting has been scheduled for **Tuesday, August 14th at 10:00am** (CST). You should plan to participate in this meeting for more in-depth information and explanation of the review. This will also be an opportunity for you to ask any clarifying questions. You may connect to this meeting by going to the following website: https://zoom.us/j/3648761837. If you have not used Zoom in the past, please plan to log-in about 10 minutes before the meeting and follow the set-up steps. If you are unable to participate in this meeting, please plan for a staff person who will be involved in this review to participate in your place.

We appreciate your understanding and cooperation leading up to and during the review. We look forward to meeting with your staff. If you have any questions or concerns, please contact me at 402-471-0015 or send an email to krystl.knabe@nebraska.gov.

Sincerely,

K. Knabe
