Superintendent Report for March 2021

School Finance

District Depreciation Fund

- I am currently working on a draft of our capital improvement plan that Carl and Matt presented to the board on February 24. Once I have a draft, I will share it with Carl. He will offer his feedback and provide me with points of consideration. I should have this part completed by the end of the month.
- Once that is completed we would need to schedule a working session with the BOE to get input from the board and finalize the plan. Do we want to set a date for that tonight, or wait until the end of the month?

Cares 2 Funds (\$118,000)- Considerations

- During our special budget workshop last month, Carl and Matt recommended we consider using the Cares 2 dollars on items we would have purchased in the general fund as a way to build up cash reserves. Couple of needs that are a priority include:
 - New computers for PK-6 staff. New computers were purchased for 7-12 teachers in the summer of 2020. Next on the list is computers for elementary teachers. This would be approximately \$34,000 to replace all of them and purchase the necessary licenses and dongles.
 - Also in the fall of 2020 we purchased a new reading program (CKLA) for grades K and 1. We had discussed phasing in the rest of the grades over time by budgeting for curriculum materials in the general fund. By using the Cares 2 funds, we could save the money in the general fund and also purchase new resource materials for all 2-12 ELA teachers.
 - When schools moved to virtual learning in March of 2020, we anticipated that we would see a regression in student achievement data especially in the areas of math and ELA. We are now seeing the effects of virtual learning in our winter MAP data. It will be important for districts to provide intensive summer learning opportunities to close gaps and get students ready to learn grade level content in the fall. We could also allocate Cares 2 dollars to pay for summer learning materials, professional development as well as hourly wages for teachers to teach summer school.

Buildings and Grounds

Summer Maintenance

- Work is underway to identify and prioritize summer projects. Seth Jensen submitted the prioritized list from the Mid-year Building Walkthrough today. Mr. Kenton and I have a

meeting with him on Wednesday to review the list and offer feedback. We will bring the prioritized list of summer projects to the BOE in April.

- We also have discussed the possibility of hiring a couple of high school students to do routine tasks such as regular cleaning of restrooms/locker rooms, pulling weeds in landscaping and around playground equipment weekly, and some possible deep cleaning of areas around the building during summer hours. We know that summer work experiences are crucial to students. This gives them an opportunity to prepare a resume, apply for a position, and interview. In addition, they can learn important life skills. But it also helps the Buildings and Grounds crew stay on top of routine tasks that fall by the wayside in the summer months as they work on larger building projects. There is more work to do before final decisions are made.

POLICY 2011: BOARD MEMBER DEVELOPMENT OPPORTUNITIES

The Board of Education faces a difficult set of challenges. It must fashion a quality educational program to prepare children for an unpredictable tomorrow. It must decide complex issues of our community's extensive school system. It is right and proper for the public to expect its elected board members to demonstrate high qualities of leadership as they deal with affairs of the public schools. It is also wise and proper for a Board of Education to expect public support for its efforts to enlarge the horizons and abilities of its members.

The Board of Education places a high priority on the importance of a planned and continuing program of in-service education for its members. The central purpose of the program is to enhance the quality of the effectiveness of public school government in our community. The Board of Education shall plan specific in-service activities designed to assist Board of Education members in their efforts to improve their skills as members of a policy making body; to expand their knowledge about trends, issues, and new ideas affecting the continued welfare of our local schools; and to deepen their insights in that nature of leadership in modern democratic society.

Funds shall be budgeted annually to support the program. Individual Board of Education members shall be reimbursed for out of pocket costs accrued during participation in approved activities. The public shall be kept informed about the Board of Education's continuing in-service education and about programs anticipated for short and long-range benefits to our schools.

The Board of Education regards the following as the kinds of activities and services appropriate for implementing this policy:

1. Participation in school board conferences, workshops, and conventions held by the State and National School Boards Associations.
2. Shelton Public Schools sponsored training sessions for the Board members.
3. Subscriptions to publications addressing the concerns of Board of Education members.

POLICY 2014 Conflict of Interest

Any member of the board of education who meets the conditions set forth in this policy shall be deemed to have a business or financial conflict of interest.

1. Definitions. For purposes of this policy:

- a. Business with which a board member is associated shall include the following:
 - (1) A business in which the board member or a member of his or her immediate family is a partner, a limited liability company, or serves as a director or an officer.
 - (2) A business in which the board member or a member of his or her immediate family is a stockholder in a closed corporation with stock worth one thousand dollars or more, or the board member or his or her immediate family owns more than a five percent equity interest or is a stockholder of publicly traded stock worth more than ten thousand dollars or more at fair market value, or which represents more than ten percent equity interest. This shall not apply to publicly traded stock under a trading account if the board member reports the name and address of the company and stockbroker.
- b. A business association shall be defined to include an individual as a partner, limited liability company member, director or officer, or a business in which the individual or member of the immediate family is a stockholder.
- c. Immediate family member or member of the immediate family shall mean a child residing in an individual's household, a spouse of an individual, or an individual claimed by that individual or that individual's spouse as a dependent for federal income tax purposes.

2. Contracts with the School District.

- a. No board member or member of his or her immediate family shall enter into a contract valued at two thousand dollars or more, in any one year, with this school district unless the contract is awarded through an open and public process that (1) includes prior public notice and (2) allows the public to inspect during the school district's regular office hours the proposals considered and the contract awarded. Board members who enter into employment contracts with the school district must also comply with the board's policy on the employment of board members.
- b. The existence of any conflict of interest in any contract in which the board member has an interest and in which the school district is a party, or the failure to make public the board member's interest known, may render a contract null and void.

- c. The prohibition of a conflict of interest or requirement for the board member to make public notice shall apply when the board member, or his or her immediate family has a business association with the business involved in the contract or will receive a direct pecuniary fee or commission as a result of the contract.
- d. The prohibition in this section does not apply if the contract is an agenda item approved at a board meeting and the board member:
 - (1) Makes a declaration on the record to the school board regarding the nature and extent of his or her interest prior to official consideration of the contract;
 - (2) Does not vote on the matters of granting the contract, making payments pursuant to the contract, or accepting performance of work under the contract, or similar matters relating to the contract, except that if the number of members of the school board declaring an interest in the contract would prevent the board with all members present from securing a quorum on the issue, then all members may vote on the matters; and
 - (3) Does not act for the school board as to inspection or performance under the contract in which he or she has an interest.

3. Contracts with Board Member's Immediate Family.

- a. If a person in a board member's immediate family is an employee of this school district, the board member may vote on all issues of a contract which are generally applicable to:
 - (1) All district employees.
 - (2) All employees within a specific classification but which does not single out the member of his or her immediate family.

4. Employing Members of the Immediate Family.

- a. A board member may recommend for employment or supervise the employment of an immediate family member if:
 - (3) The board member does not abuse his or her position.
 - (4) Abuse of official position shall include, but not be limited to, employing an immediate family member:
 - (i) who is not qualified for and able to perform the duties of the position;

- (ii) for any unreasonably high salary;
 - (iii) who is not required to perform the duties of the position.
- (5) The board makes a reasonable solicitation and consideration of applications for employment.
- (6) The board member makes a full disclosure on the record to the governing body of the school district and to the secretary of the board. If the secretary of the board of education would be the individual filing the disclosure statement, the statement shall be filed with the president of the board of education.
- (7) The board approves the employment or supervisory position.
- b. The board has not terminated the employment of another employee so as to make funds or a position available for the purpose of hiring an immediate family member.

5. Gifts, Loans, Contributions, Rewards, or Promises of Future Employment

- c. No board member shall offer or give to the following persons anything of value, including a gift, loan, contribution, reward, or promise of future employment, based upon an agreement that a vote, official action, or judgment would be influenced thereby:
 - (1) a public official, public employee, or candidate.
 - (2) a member of the immediate family of an individual listed in Subparagraph 'a' above.
 - (3) a business with which an individual listed in Subparagraph (1) or (2) above is associated.
- d. No board member shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the board member would thereby be influenced.
- e. A board member shall not use or authorize the use of his or her public office or any confidential information received through the holding of a public office to obtain financial gain, other than compensation provided by law, for himself or herself, a member of his or her immediate family, or a business with which he or she is associated.

- d. A board member shall not use personnel, resources, property, or funds under his or her official care and control other than in accordance with prescribed constitutional, statutory, and regulatory procedures or use such items, other than compensation provided by law, for personal financial gain.

6. Conflict of Interest Relating to Campaigning or Political Issues

- f. Except as provided below, the board shall not authorize the use of personnel, property, resources, or funds under its jurisdiction for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- g. This does not prohibit the board from making school district facilities available to a person for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions for use.
- h. This does not prohibit the board from discussing and voting upon a resolution supporting or opposing a ballot question.
- i. This does not prohibit the board, while legally seated as a body, from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.
 - (1) The board may designate one or more members of its body, or one or more of its school administrators, to speak on behalf of the board on specific occasions such as public meetings or legislative hearings.
 - (2) Any member of the board may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should clearly state that the information being presented is his or her personal opinion and is not to be considered as the official position or opinion of the board. However, this shall not be done during a time that the individual is engaged in his or her official duties.

7. Conflict of Interest Statement

- j. Any board member who would be required to take any action or make any decision in the discharge of his or her official duties that may cause financial benefit or detriment to him or her, a member of his or her immediate family, or a business with which he or she is associated, which is distinguishable from the effects of such action on the public generally or a broad segment of the public,

shall take the following actions as soon as he or she is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:

- (1) Prepare a written statement describing the matter requiring action or decision and the nature of the potential conflict;
 - (2) Deliver a copy of the statement to the school board secretary who shall enter the statement onto the school district's public records; and
 - (3) Abstain from participating or voting on the matter in which he or she has a conflict of interest.
- k. If the board member would like a formal opinion from the NADC as to whether there is an actual conflict of interest, he/she shall deliver a copy of the statement to the NADC.

8. Recordkeeping

POLICY 2015: Prohibition Against Employment of Board Members

Nebraska statutes recognize the inherent conflict of interest that is created when a member of the board of education serves as a certificated employee of the district. Consequently, section 79-544 of the statutes prohibits a board member from being employed as a teacher in a school district where he or she also serves on the board.

A conflict of interest is also created when a board member serves simultaneously as both a board member and an employee in any capacity, whether certified or non-certified. Therefore, a board member shall not be employed by the school district when serving on the board. If an employee is elected or appointed to the board, his or her employment shall be terminated upon being seated on the board. Because of the conflict that is created by a board member applying for employment while sitting on the board, a board member who wishes to apply for employment shall be required to resign from the board before applying.

This policy does not prohibit the board from contracting with members of the board for services or products when the relationship is not one of employer/employee and such contracts are in compliance with the requirements of statute and board policy regarding conflicts of interest.

POLICY 2017 Oath of Office

No board member is required to take an oath of office pursuant to Nebraska law. However, new board members may voluntarily take the following oath before entering into their official duties:

I,, do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of Nebraska, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely and without mental reservation or for purpose of evasion; and that I will faithfully and impartially perform the duties of the office of member of the board of education, according to law, and to the best of my ability. And I do further swear that I do not advocate, nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence; and that during such time as I am in this position I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence. So help me God.

Board members may affirm the oath orally or in writing. Copies of written oaths will be retained as official records of the school district in the main administrative office and such other places as may be required by law. Board members who give the oath orally will be noted in the minutes.
