Academics

- ▶ Our Commitment:
 - ▶ We will work to continuously improve the academic growth for all by providing culturally relevant and rigorous instruction in core academic areas that meet the needs of our diverse school population. We will engage and enrich student's educational experience through the use of technology and differentiated instruction. We are committed to ensuring that all students gain the academic knowledge and skills necessary for continued success. Our building theme for the year is "Together Matters." Partnerships with home, community, and among educators will be key to success.
- 

Academics

- ▶ **Key Actions:**
 - ▶ Response to Intervention:
 - ▶ Focus on Core Instruction for Language Arts and Mathematics, ie implementation of Engage New York.
 - ▶ Leverage 1:World to maximize and differentiate learning opportunities, including implementation of supplemental programs such as ST Math, IXL, and Reading AtoZ Kids.
 - ▶ Reduce the number of transitions for students and support student learning in mainstream settings as much as possible.
 - ▶ Leverage resources such as the Lion's Den funded through the 21st CCLC grant and partnerships with home to provide targeted practice.
- 

Equity

School Environment & Culture

- ▶ Our Commitment:
 - ▶ At Lincoln we foster an environment of respect and rapport where relationships among students, staff, and community are positive and supportive.
 - ▶
 - ▶ We implement PBIS (Positive Behavior Interventions and Supports) designed to create environments that are engaging, responsive and productive rather than reactive, adverse or dangerous.
 - ▶
 - ▶ “Teachers believe it is their role to develop positive relationships in classrooms and staff rooms.” (Hattie, 2012)
 - ▶
 - ▶ Teachers create a climate such that students believe they can make errors without blame.
 - ▶ Learning requires the making of mistakes.
 - ▶ Leaders must do this for staff as well.
- 

- ▶ **Key Actions:**
 - ▶ Routine tier 2 & 3 meetings with behavior support
 - ▶ Three goals of PBIS implementation/improvement 2015–16:
 - Second Steps revival/rollout K–5
 - Schoolwide Discipline Matrix
 - Continuum (green–red level behaviors)
 - ▶ Provide ongoing training to all staff regarding CHAMPS
 - ▶ With input from students, families, and staff, facilitate enrichment programs that promote wellness and a positive learning environment.

XII.A. Resolution No. 15-1201 -- Supplemental Budget (less than 10 percent) for Fund 100 – General Fund – Increase Appropriations for Instruction (Function 1000), Support Services (Function 2000), Enterprise and Community Services (Function 3000), Contingencies and Reserves (Function 6000), and Unappropriated Ending Fund Balance (Function 7000)

FOR ACTION

BOARD MEETING DATE: December 7, 2015

SUBJECT: Resolution No. 15-1201 Supplemental Budget (less than 10 percent) for Fund 100 – General Fund – Increase Appropriations for Instruction (Function 1000), Support Services (Function 2000), Enterprise and Community Services (Function 3000), Contingencies and Reserves (Function 6000), and Unappropriated Ending Fund Balance (Function 7000)

Oregon Revised Statute (ORS) 294.471(1)(a) allows a school district to amend its adopted budget to accommodate “an occurrence or condition that is not ascertained when preparing the original budget or a previous supplemental budget for the current year or current budget period and that requires a change in financial planning.” Proposed changes in General Fund revenues are based on greater than budgeted resources as follows:

Beginning Fund Balance – when the 2015-16 budget was prepared, the beginning fund balance was estimated as \$5.4 million. As of June 30, 2015, the audited actual beginning fund balance was \$8.4 million. This supplemental budget recognizes and appropriates the majority of the difference (a small portion of the difference was appropriated at an earlier date).

Operating Revenues – this supplemental budget also recognizes and appropriates an additional \$1.9 million in operating revenues as follows:

- *Ad Valorem Taxes Levied by District* – actual growth in assessed value exceeded projections, resulting in an increased operating levy. Revenue impact = \$122,408.
- *Local Option Ad Valorem Taxes Levied by District* – actual growth in assessed value exceeded projections, resulting in an increased local option levy combined with a lower rate of compression. Revenue impact = \$223,097.
- *State School Fund – General Support* – per the most recent ODE estimate, the district’s state school fund allocation is based on an estimated 6,398.2 non-charter ADMr, but current ADMr is projected to be 6,557. The district also expects to receive an additional payment when the state school fund allocation for 2014-15 is reconciled in May 2016. Revenue impact = \$1,407,214.
- *Common School Fund* – per the most recent ODE estimate, the district’s common school fund distribution is estimated to be \$768,694. Revenue impact = \$156,574.
- *Federal Forest Fees* – in April 2015 the Secure Rural Schools and Community Self-Determination Act was reauthorized and extended for two additional years. Revenue impact = \$18,000.

Proposed changes in General Fund expenditures are as follows:

Operating Expenditures – this supplemental budget appropriates an additional \$2.2 million in operating expenditures as follows:

- *Honor Collective Bargaining Agreements* – increase budgets to align with negotiated cost of living adjustments, increased contributions for insurance premiums, and other miscellaneous staffing adjustments that were finalized after the budget was prepared. Cost impact = \$753,168 / FTE impact = 5.35
- *Repairs and Maintenance* – increase budget to acknowledge depletion of facility grant funds and to allow for equipment replacement, unanticipated repairs, and other maintenance needs. Cost impact = \$432,286 / FTE impact = 0.00
- *Additional Support at Linus Pauling Middle School* – increase budget for additional classroom FTE, special education support, additional student supervision, behavior support, and academic support. Cost impact = \$187,587 / FTE impact = 3.18
- *New Curriculum Adoption* – increase budget to allow for purchase of new textbooks and other curriculum materials and to acknowledge depletion of facility grant funds budgeted for such purchases. Cost impact = \$150,000 / FTE impact = 0.00
- *Speech and Language Pathology* – increase budget to recognize agreement with Hello Foundation for contracted speech and language pathology services. Cost impact = \$140,058 / FTE impact = (1.00)
- *Alternative Pathways* – increase budget to acknowledge increased participation in Running Start program and to provide additional support at College Hill High School. Cost impact = \$119,045 / FTE impact = 0.00
- *Expand AVID Program* – increase budget to allow for expansion of Advancement via Individual Determination (AVID) program at Corvallis High School and Crescent Valley High School. Cost impact = \$100,204 / FTE impact = 1.17
- *Equity Work* – increase budget to finish Leaders Engaged in Equity Anti-Racism Development (LEADS) work, initiate school-based equity teams, and continue development of the district's equity transformation plan. Cost impact = \$85,000 / FTE impact = 0.00
- *Expand CTE Electives (Technology)* – increase budget to offer new computer science elective course at Corvallis High School through an agreement with Linn Benton Community College. Cost impact = \$52,982 / FTE impact = 0.00
- *Long Range Planning* – increase budget to allow for demographic study, updated seismic assessment, and start of educational visioning. Cost impact = \$50,000 / FTE impact = 0.00
- *Additional Support at Wilson Elementary* – increase budget to provide additional support for diverse kindergarten class. Cost impact = \$32,615 / FTE impact = 0.81
- *Support Instructional Technology* – increase budget to allow for network bandwidth upgrade, recognize changes in instructional technology staffing, and the purchase of additional devices. Cost impact = \$50,176 / FTE impact = (0.83)

Corvallis School District 509J
Board of Directors

- *Increase Support for Foundation* – increase budget for contribution to Corvallis Public Schools Foundation. Cost impact = \$25,623 / FTE impact = 0.00
- *Support Collaboration* – increase budget to continue subscription of EdCaliber software to support management, planning, and collaboration of instructional resources for teachers. Cost impact = \$25,000 / FTE impact = 0.00

Non-Operating Expenditures – this supplemental budget appropriates an additional \$2.4 million in non-operating expenditures as follows:

- *Contingency Reserve* – increase the contingency reserve to equal 2.5% of projected operating revenues per board policy. Cost impact = \$48,186.
- *Rainy Day Reserve* – increase the rainy day reserve to equal 5.0% of projected operating revenues per board policy. Cost impact = \$1,299,332.
- *Unappropriated Reserve* – increase the unappropriated reserve by \$1,038,211 as follows:
 - *Undesignated* – decrease to equal 5% of projected operating revenues per board policy. Cost impact = (\$284,608).
 - *Committed for PERS Rate Increases* – increase to alleviate effect of PERS employer contribution rate increase in 2017-2019. Cost impact = \$914,407.
 - *Committed for Curriculum Adoption* – increase for future curriculum adoptions. Cost impact = \$408,412.

The proposed supplemental budget is presented below. The increase in appropriations does not exceed 10 percent of total appropriations for the fund so a public hearing is not required.

XIV.B. Resolution No. 15-1202 -- Authorizing Issuance of Individual
Procurement Cards

BOARD MEETING DATE: December 7, 2015

SUBJECT: Resolution No. 15-1202 Authorizing Issuance of Individual Procurement Cards

The purpose of a procurement card (also known as a purchasing card or P-card) program is to provide an efficient, cost-effective method of purchasing and paying for small-dollar, as well as, high-volume, repetitive purchases. This type of program is designed as an alternative to the traditional purchasing process and can result in a significant reduction in the volume of purchase orders, invoices, and checks processed. Purchasing cards can be used whenever a purchase order, check request, or petty cash request would have been processed and with any vendor that accepts credit cards. There are numerous benefits to a purchasing card program.

Benefits to the cardholder include:

- Convenience of purchasing without a purchase order
- Expediting delivery of goods
- Expanded list of merchants from whom purchases can be made
- Reduced paperwork

Benefits to the District include:

- Simplified purchasing process
- Lower overall transaction processing costs per purchase
- Increased management information on purchasing histories
- Reduced paperwork
- The ability to set and control purchasing dollar limits

Benefits to the vendor include:

- Expedited payments
- Reduced paperwork
- Lowered risk of nonpayment

Staff recommends approval of the attached resolution authorizing the issuance of individual procurement cards.

Presenter: Olivia Meyers Buch, Director of Finance and Operations

Attached: Resolution 15-1202

Motion Requested: I move that Resolution 15-1202 be adopted to authorize the issuance of individual procurement cards.

Corvallis School District 509J
Authorizing Issuance of Individual Procurement Cards
Resolution No. 15-1202

WHEREAS, the Board of Directors of School District No. 509J (Corvallis) of Benton and Linn Counties, Oregon has authority to purchase goods and services in an amount not to exceed \$10,000 utilizing any means it deems appropriate; and

WHEREAS, the costs to individually issue purchase orders and administrate the procurement of individualized purchases for each staff member constitute a significant economic burden on the resources of the school district; and

WHEREAS, it is the desire of the Board of Directors to enable each authorized individual staff member to procure authorized supplies for school purposes to facilitate creative teaching processes; and

WHEREAS, it is the desire of the Board of Directors to reduce the economic burden on the resources of the school district by increasing efficiency and reducing the administrative costs of the district and to respond to the district's daily operational needs in accordance with the procurement process as established by Oregon Revised Statutes; and

WHEREAS, the Board of Directors recognize that the Procurement Card is neither a substitute for public bidding nor the district's existing procurement program, and that the Procurement Card program is not being implemented for the purpose of bid splitting and avoidance of the statutorily mandated public bidding process; and

WHEREAS, the Oregon Association of School Business Officials has entered into a partnership with the Illinois Association of School Business Officials and Illinois ASBO has negotiated with the Bank of Montreal, a Canadian-chartered bank with a branch at 115 South LaSalle Street, Chicago, IL 60603, to administer, on behalf of participating school districts and colleges in the State of Illinois, a Procurement Card system issued to individual authorized employees of the district with established limits and purposes; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of School District No. 509J (Corvallis) of Benton and Linn Counties, Oregon as follows:

1. The superintendent and/or business manager of the school district are authorized by the Board of Directors to enter into an Agreement with the Bank of Montreal to secure Procurement Cards for each authorized employee of the school district under such terms and conditions as approved by its legal counsel and this Board.
2. As a condition precedent to receiving the Procurement Card, each authorized employee shall execute a Procurement Card Staff Agreement.
3. As a condition precedent to receiving the Procurement Card, the business manager shall establish a monetary limit of authority for each employee's use of the Procurement Card.

4. As a condition precedent to issuance of a Procurement Card, the business manager may/shall establish in writing purchasing parameters in accordance with law including but not limited to: (a) a listing of goods and services which may be procured using the Card; (b) authorized vendors; (c) daily/weekly/monthly/annual monetary procurement card limits for each individual recipient of the Procurement Card. Individuals shall submit a list of school goods and services to be annually purchased with the card, which shall be approved in writing by the Business Manager or designee.
5. As a condition precedent to receiving the Procurement Card, each individual shall sign an agreement of indemnity, which is included in the Procurement Card Staff Agreement.
6. The Board of Directors hereby expressly authorizes the Superintendent/Business Manager to execute the Procurement Card Use Agreement on its behalf.
7. Upon receipt and use of a Procurement Card, the cardholder shall submit receipts and such information as periodically requested by the Business Manager.

Corvallis School District 509J
Board of Directors

BOARD MEETING DATE: December 7, 2015

FOR ACTION

SUBJECT: Board Policy DJFA—Credit Cards—New—Second Reading

Issue: The Board recognizes the need to have a policy in place that allows the issuance of credit cards. A policy is recommended in order to implement a new procurement card program that will reduce the economic burden on the resources of the district by increasing efficiency and respond to the district's daily operations needs in accordance with procurement processes as established by Oregon Revised Statutes. Board policy DJFA for Credit Cards has been drafted for that purpose.

Options Considered: Not adopting the policy.

Credit Cards

The Board authorizes the superintendent to hold a bank credit card in the name of the district and to issue such cards to designated employees. Approved cardholders will be held responsible for maintaining sole possession and security of issued cards at all times. Credit cards shall have a maximum limit established as authorized by the superintendent or designee. Credit cards issued to employees may only be used to purchase items authorized by the adopted district budget.

Purchase slips and receipts must be turned in to the business office within 10 days following receipt of the employee's monthly statement. The business office shall pay in full the credit card balance no later than the due date so that finance charges will not be incurred.

District-issued credit cards shall be subject to the following:

1. Personal items shall not be charged on district-issued credit cards. If a personal item is inadvertently purchased on a district-issued credit card in violation of this policy, repayment by the employee must be made immediately. Failure to make the required payment may result in an automatic deduction from the individual's next payroll disbursement. Accordingly, the district will require individuals issued credit cards to sign a written authorization for payroll deduction in the event of such personal use;
2. The purchase of alcoholic beverages is strictly prohibited. The purchase of gasoline for a privately-owned vehicle is also prohibited without prior authorization;
3. Leaving a gratuity that exceeds 20 percent is prohibited;
4. Airline tickets may be purchased with a district-issued credit card only with prior superintendent or designee approval. If the issued credit card provides for purchase incentives (i.e., points, discounts or airline mileage credits), such incentives shall only be redeemed for authorized district business.

Violation of the provisions of this policy may result in the revocation of the credit card and/or discipline up to and including dismissal.

XV.B. Unaudited Financial Statements -- October 31, 2015

BOARD MEETING DATE: December 7, 2015

SUBJECT: October 31, 2015 Financial Statements (Unaudited)

The Statement of Revenues and Expenditures for the period ending October 31, 2014 and 2015 follow this report. After review with the Finance Workgroup, report modifications were made to improve the clarity of information provided as well as adding new columns to reflect updated actuals and projections through June 30th of each year. Adding the updated estimates through the end of the fiscal year will provide an ongoing communication tool to keep you informed.

Year to date revenues through the end of October 2015 total \$12.8 million or 21.3 percent of total budgeted revenue as compared to \$11.8 million or 20.9 percent through the end of October 2014.

General Fund expenditures through October 2015 decreased \$73,605 as compared to the prior year. Even though total expenditures have gone down, most expense categories have shown an increase. Summer maintenance projects, computer equipment replacements, and increased property and liability insurance premiums have all had notable increases. Offsetting these increases are payroll costs for instruction which are down \$803,546 as a result of going from a ten pay period calendar to a twelve pay period calendar as per updated bargaining agreements. Year-to-date totals for 2015-16 are 23.0 percent of budget and for 2014-15 they were 23.6 percent of budget.

Updated projections through June 30, 2016 show revenues and expenditures above the amended budget. Staff is currently working on budget amendment resolutions that will be submitted to the Board to recognize additional funds as well as expenditures for items such as bargained contract increases and other adjustments made to operations as school got underway.

The Schedule of Investments and Cash Disbursements for October 2015 are included as part of this report. If you have any questions or would like additional information please contact me.

XV.C. Board Policy—EBB—Integrated Pest Management—Revised—
First Reading

Corvallis School District 509J
Board of Directors

BOARD MEETING DATE: December 7, 2015

FOR INFORMATION

SUBJECT: Board Policy—EBB—Integrated Pest Management—Revised—First Reading

Issue: Oregon OSHA has renamed the Material Safety Data Sheet to Safety Data Sheet. Policy was updated to reflect that change.

Options Considered: Not adopting the policy.

Involvement: District office staff

Consequences: Policy will remain outdated.

Cost Impact: None

CONTACT PERSON(S): John Meyer, Kerry Richey

Integrated Pest Management

To ensure the health and safety concerns of students, staff, and community members, the district shall adopt an integrated pest management (IPM) plan (IPM) which emphasizes the least possible risk to students, staff, and community members and shall adopt a list of low-impact pesticides for use with the IPM Integrated Pest Management (IPM) plan.

The IPM plan is a proactive strategy that:

1. Focuses on the long-term prevention or suppression of pest problems through economically sound measures that:
 - a. Protect the health and safety of students and staff;
 - b. Protect the integrity of district buildings and grounds;
 - c. Maintain a productive learning environment; and
 - d. Protect local ecosystem health.
2. Focuses on the prevention of pest problems by working to reduce or eliminate conditions related to of property construction, operation, and maintenance that promote or allow for the establishment, feeding, breeding, and proliferation of pest populations or other conditions that are conducive to pests or that create harborage for pests;
3. Incorporates the use of sanitation, structural remediation, or habitat manipulation or of mechanical, biological, and chemical pest control measures that present a reduced risk or have a low-impact and, for the purpose of mitigating a declared pest emergency, the application of pesticides that are not low-impact pesticides;
4. Includes regular monitoring and inspections to detect pests, pest damage, and unsanctioned pesticide usage;
5. Evaluates the need for pest control by identifying acceptable pest population density levels;
6. Monitors and evaluates the effectiveness of pest control measures;
7. Excludes the application of pesticides on a routine schedule for purely preventive purposes, other than applications of pesticides designed to attract or be consumed by pests;
8. Excludes the application of pesticides for purely aesthetic purposes;

9. Includes school staff education about sanitation, monitoring, inspection, and pest control measures;
10. Gives preference to the use of nonchemical pest control measures;
11. Allows the use of low-impact pesticides if nonchemical pest control measures are ineffective; and
12. Allows the application of a pesticide that is not a low-impact pesticide only to mitigate a declared pest emergency or if the application is by, or at the direction or order of, a public health official.

The district shall designate the Custodial Supervisor as the **IPM Integrated Pest Management** Plan Coordinator and give **him or her** ~~them~~ the authority for overall implementation and evaluation of the IPM plan.

~~IPM Integrated Pest Management Plan~~ Coordinator

The IPM Plan Coordinator shall:

1. Attend not less than six hours of IPM training each year. The training shall include at least a general review of integrated pest management principles and the requirements of IPM as required by Oregon statute;
2. Ensure appropriate prior notices are given and posted warnings have been placed when pesticide applications are scheduled;
3. Oversee pest prevention efforts;
4. Ensure ~~ing~~ identification and evaluation of pest situation;
5. Determine the means of appropriately managing pest damage that will cause the least possible hazard to people, property, and the environment;
6. Ensure the proper use and application of pesticide applications when non-pesticide controls have been unsuccessful;
7. Evaluate pest management results; and
8. Keep for at least four years following the application date, records of applied pesticides that include:
 - a. A copy of the label;
 - b. A copy of the ~~Material Data~~ Safety **Data** Sheet;
 - c. The brand name and USEPA registration number of the product;

- d. The approximate amount and concentration of pesticide applied;
 - e. The location of where the pesticide was applied;
 - f. The type of application and whether the application was effective;
 - g. The name(s) of the person(s) applying the pesticide;
 - h. The pesticide applicator's license numbers and pesticide trainee or certificate numbers of the person applying the pesticide;
 - i. The dates and times for the placement and removal of warning signs; and
 - j. Copies of all required notices given, including the dates the IPM **Plan** Coordinator gave the notices.
9. Respond to inquiries about the IPM plan and refer complainants to Board policy KL—Public Complaints;
10. Conduct outreach to district staff about the district's IPM plan.

XV.D. Board Policy EBBB—Injury/Illness Reports—Revised—First Reading

Corvallis School District 509J
Board of Directors

BOARD MEETING DATE: December 7, 2015

FOR INFORMATION

SUBJECT: Board Policy EBBB—Injury/Illness Reports—Revised—First Reading

Issue: School districts are required to establish policy for reporting incidents that result in an injury of an employee while in the actual performance of the duty of the employee that aligns with existing reporting requirements.

Options Considered: Not adopting the policy.

Involvement: District office staff

Consequences: Policy will remain outdated.

Cost Impact: None

CONTACT PERSON(S): Karen Selander, Kerry Richey

Injury/Illness Reports

All injuries/illnesses sustained by an employee while in the actual performance of his or her duty(ies) occurring on district premises, in district vehicles, at a district-sponsored activity or involving employees staff members who may be elsewhere on district business will be reported immediately to a supervisor. A written report will be submitted within 24 hours to the risk management department. Reports will cover property damage as well as personal injury.

In the event of a work-related¹ illness or injury to an employee resulting in overnight hospitalization for medical treatment² other than first aid, the risk management department shall inform the Oregon Occupational Safety and Health Division (OR-OSHA). A report of illness or injury will be made within 24 hours after notification to the district of an illness or injury. Fatalities or catastrophes³ shall be reported within eight hours.

ALL injuries/illnesses sustained by an employee while in the actual performance of his or her duty(ies) will be promptly investigated. Any corrective measures identified and/or recommended by the investigation will be considered for implementation.

~~As a result of the investigation any corrective measures needed will be acted upon.~~

The district will maintain monthly injury and illness records and will analyze the data and trends at least annually. ~~Monthly records will be maintained. An analysis of the data and trends will be made at least annually.~~

The Board will receive reports on serious injuries/illnesses and periodic statistical reports on the number and types of injuries/illnesses occurring in the district, as well as on the measures being taken to prevent such injuries/illnesses in the future.

XV.E. Board Policy EFA—Local Wellness/Nutrition Program—Revised—First Reading

Corvallis School District 509J
Board of Directors

BOARD MEETING DATE: December 7, 2015

FOR INFORMATION

SUBJECT:

Board Policy EFA—Local Wellness/Nutrition Program—Revised—First Reading
Administrative Regulation EFA-AR—Local Wellness/Nutrition Program—Revised—For Information
Administrative Regulation EFAA-AR—Reimbursable School Meals and Milk Program—Revised—
First Reading

Issue: House Bill 2404 (2015) revised Oregon Revised Statute 336.423 to align it with federal standards for meal programs. The nutrition administration regulation (AR) EFAA-AR is required to be adopted by the Board (unlike other ARs that only require review by the Board).

Options Considered: Not revising the policy and administrative regulations.

Involvement: District office staff, students, parents, community members, administrators.

Consequences: Current policy and administrative regulation will remain outdated.

Cost Impact: None

CONTACT PERSON(S): Sharon Gibson, Kerry Richey

Local Wellness/Nutrition Program

The Board recognizes that childhood obesity has become an epidemic in Oregon and throughout the nation. Research indicates that obesity and many diseases associated with obesity are largely preventable through diet and regular physical activity. Additional research indicates that healthy eating patterns and increased physical activity are essential for students to achieve their academic potential, full physical and mental growth, and lifelong health and well-being.

To help ensure students possess the knowledge and skills necessary to make healthy choices for a lifetime, the superintendent shall prepare and implement a comprehensive district nutrition program consistent with state and federal requirements for districts sponsoring the United States Department of Agriculture's National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). The program shall reflect the Board's commitment to providing adequate time for instruction that promotes healthy eating through nutrition education, serving healthy and appealing foods at district schools, developing food-use guidelines for staff, and establishing liaisons with nutrition service providers, as appropriate.

The school district will engage students, parents, staff (including but not limited to physical education and school health professionals), teachers, food industry service professionals, health professionals, the School Board, school administrators, and other interested community members in developing, implementing, monitoring, and periodically reviewing and updating district-wide nutrition and physical activity policies.

~~All students in grades K-12 will have opportunities, support, and encouragement to be physically active on a regular basis.~~

Nutrition Promotion and Nutrition Education

Nutrition promotion supports the integration of nutrition education throughout the school environment. Nutrition education topics shall be integrated within the comprehensive health education program taught at every grade level and coordinated with the district's nutrition and food services operation.

Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students.

Nutrition Guidelines

It is the intent of the Board that district schools be proactive in encouraging students to make nutritious food choices. All food and beverage items sold to students in district schools as part of the regular or extended school day shall meet the minimum state and federal standards.

Exceptions to this requirement include items that are part of the NSLP or SBP. Other exceptions are foods and beverages provided in the following instances:

1. When the school is the site of school-related events (e.g., classroom celebrations) or other events for which parents and other adults are a significant part of an audience; or
2. The sale of food or beverage items before, during or after a sporting event, interscholastic activity, a play, band, or choir concert.

Although the Board believes that the district's nutrition and food services operation should be financially self-supporting, it recognizes that the nutrition program is an essential educational and support activity. Therefore, budget neutrality or profit generation must not take precedence over the nutrition needs of students. In compliance with federal law, the district's NSLP and SBP shall be nonprofit.

Reimbursable School Meals

To the maximum extent possible practicable, all district schools ~~in our district~~ will participate in available federal school meal programs (including the SBP, NSLP, and Child Adult Care Food Program).

~~School Breakfast Program, National School Lunch Program—including after school meals and snacks, Summer Food Service Program, and Fruit and Vegetable Snack Program).~~

The district may enter into an agreement with the Oregon Department of Education (ODE) to operate reimbursable school meal programs. These guidelines shall not be less restrictive than regulations and guidance issued by the Secretary of Agriculture pursuant to subsections (a) and (b) of section 10 of the Child Nutrition Act (42 U.S.C. 1779) and section 9(f)(1) and 17(a) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(f)(1), 1766(a)(0)).

Physical Education/Activity

All students in grades K-12 will have opportunities, support, and encouragement to be physically active on a regular basis. Physical activity should be included in a school's daily education program for all grades. Physical activity should include regular instructional physical education as well as co-curricular activities, and recess. The district will develop and assess student performance standards and program minute requirements¹ in order to meet the ODE's physical education content standards and state law¹.

¹HB 3141 (effective 2017-2018 school year)

School Employee Wellness

The district encourages school staff to pursue and maintain a healthy lifestyle that contributes to individual improved health, improved morale, and a greater personal commitment to the school's overall wellness program. The district will work with community partners to identify programs, services and resources to enrich district-wide wellness.

Evaluation of Local Wellness Policy

In an effort to measure the implementation of this policy, the Board designates the superintendent or superintendent's designee as the person who will be responsible for ensuring each school meets the goals outlined in this policy.

The district will make available to the public an assessment of the implementation, including the extent to which the schools are in compliance with policy, how the policy compares to model policy, and a description of the progress being made in attaining the goals of this policy every three years.

The superintendent or designee will develop administrative regulations as necessary to implement the goals of this policy throughout the district.

Definitions

1. “Accompaniment foods” means food items served along with another food to enhance palatability such as butter, jelly, cream cheese, salad dressing, croutons, and condiments.
2. “Combination foods” means products that contain two or more components representing two or more of the recommended food groups: fruit, vegetable, dairy, protein, or grains.
3. “Competitive foods” means any food or drink sold in competition with the National School Lunch Program (NSLP) and/or School Breakfast Program (SBP) during the school day.
4. “Dietary Guidelines for Americans” means the current set of recommendations of the federal government that are designed to help people choose diets that will meet nutrient requirements, promote health, support active lives, and reduce chronic disease risks.
5. “Entree item” means an item that is either:
 - a. A combination food of meat or meat alternate and whole grain rich food; or
 - b. A combination food of vegetable or fruit and meat or meat alternate; or

- c. A meat or meat alternate alone with the exception of yogurt, low-fat or reduced fat cheese, nuts, seeds and nut or seed butters, and meat snacks (such as dried beef jerky); or
 - d. Grains only when served in the SBP.
6. “Food service area” means any area in which NSLP or SBP meals are either served or eaten.
7. “Meal period” means the period(s) during which breakfast or lunch meals are served and eaten, and as identified on the school schedule.
8. “Nutrition education” means a planned sequential instructional program that provides knowledge and teaches skills to help students adopt and maintain lifelong healthy eating habits.
9. “Oregon Smart Snacks”¹ means the minimum nutrition standards for competitive foods and beverages.
- a. Food items, including accompaniment foods, must:
 - (1) Be a grain product that contains 50 percent or more whole grains by weight or have as the first ingredient a whole grain (e.g., flour, flake or meal); or
 - (2) Have as the first ingredient, one of the non-grain major food groups: fruits, vegetables, dairy or protein foods (e.g., meat, beans, poultry, seafood, eggs, nuts, seeds); or
 - (3) Be a combination food that contains one-quarter cup of fruit and/or vegetable; or
 - (4) Have one of the food items above as a second ingredient if water is the first ingredient; and

Nutrition Promotion and Nutrition Education

~~C. Nutrition Education within a Comprehensive Health Education Program~~

To develop the skills and knowledge necessary to maintain lifelong healthy eating and physical activity patterns, all students in grades K-12 will receive annual, skills-based nutrition education as part of their comprehensive health education curriculum.

1. This will be offered to all students in grades K-12 as part of a sequential, comprehensive, and standards-based program designed to provide students with the knowledge and skills necessary to promote and protect their health.
2. Health education programs will be delivered by a certified health educator or an appropriately trained elementary educator in order to meet Oregon Department of Education (ODE) content and assessment standards.
3. All curriculum material used in health education will be evidence~~d~~ or research based.
4. Nutrition education and nutrition promotion will be supported by all staff working in the Corvallis School District.

Nutrition Guidelines and Food Services Operation

In order to support the school's nutrition and food services operation as an essential partner in the educational mission of the district and its role in the district's comprehensive nutrition program, the principal is responsible for ensuring:

1. The school encourages all students to participate in the school's NSLP and SBP meal opportunities.
2. The school notifies families of need-based programs for free or reduced-price meals and encourages eligible families to apply.
3. The school's NSLP and SBP maintain the confidentiality of students and families applying for or receiving free or reduced-priced meals in accordance with the National School Lunch Act.
4. The school's NSLP and SBP operate to meet dietary specifications in accordance with the Healthy, Hunger-Free Kids Act of 2010 and applicable state laws and regulations.
7. Food prices set by the district are communicated to students and parents. District pricing strategies will encourage students to purchase full meals and nutritious items.
8. Procedures are in place for providing to families, on request, information about the ingredients and nutritional value of the foods served.
9. Modified meals are prepared for students with special food needs:
 - a. The district will provide substitute foods to students with disabilities upon written parental permission and a medical statement by a physician that identifies the student's disability, states why the disability restricts the student's diet, identifies the major life activity affected by the disability, and states the food or foods to be omitted and the food or choice of foods that must be substituted;
 - b. Such food substitutions will be made for students without disabilities on a case-by-case basis when the parent submits a signed request that includes a medical statement signed by a physician, physician assistant, registered dietitian or nurse practitioner. The medical statement must state the medical condition or special dietary need that restricts the student's diet and provide a list of food(s) that may be substituted in place of the lunch or breakfast menu being served.
10. Food service equipment and facilities meet applicable local and state standards concerning health, safe food preparation, handling and storage, drinking water, sanitation, and workplace safety.
11. Students are provided adequate time and space to eat meals in a pleasant and safe environment. School dining areas will be reviewed to ensure:

- a. Tables and chairs are of the appropriate size for students;
- b. Seating is not overcrowded;
- c. Students have a relaxed environment;
- d. Noise is not allowed to become excessive;
- e. Rules for safe behavior are consistently enforced;
- f. Tables and floors are cleaned between meal periods;
- g. The physical structure of the eating area is well maintained;
- h. Appropriate supervision is provided.

12. The guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by the Secretary of Agriculture pursuant to subsections (a) and (b) of section 10 of the Child Nutrition Act (42 U.S.C. 1779) and sections 9(f)(1) and 17(a) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(f)(1), 1766(a)), as those regulations and guidance apply to schools.

Competitive Food Sales

In keeping with federal regulations, the district controls the sale of all competitive foods. Accordingly, the district will select food items that meet the Oregon Smart Snacks nutrition standards. The sale of foods and beverages in competition with the district's NSLP and SBP meals shall be permitted when all income from the food sales accrues to the benefit of the district's nutrition and food services operation or a school or student organization as approved by the Board.

Other Foods Offered or Sold

Foods and beverages sold or offered in classrooms (e.g., celebrations, rewards) or school-sponsored activities during the school day shall follow the Oregon Smart Snacks standards unless otherwise exempt by state law. Food and beverage items sold after the school day as part of an approved school fund-raising event are not required to meet minimum state requirements. Foods sold to the public as part of a fundraising event must meet Benton County Health Department regulations.

Family and Community Involvement

D. Communications with the Community

1. The district/school will support parents' efforts to provide a healthy diet and daily physical activity for their children.
2. The district/schools should encourage parents to pack healthy lunches and snacks that do meet the above nutrition standards for individual foods and beverages.
3. The district will have information available for parents and students about the nutritional content of meals. Schools will disseminate this information to parents.
4. The district/school will provide information about physical education and other school-based physical activity opportunities before, during, and after the school day; and support

parents' efforts to provide their children with opportunities to be physically active outside of school. Such supports may include sharing information about physical activity and physical education through websites, newsletters, physical education homework, or event announcements.

~~a website, newsletter, or other take-home materials, special events, or physical education homework.~~

Safe Routes to School

1. The district will work with community partners, including city transportation, public safety, police, and health departments regarding infrastructure and non-infrastructure efforts.
2. The district will explore the availability of local, state, and federal "safe routes to school" program funds to support and sustain active transportation to and from schools.

Physical Education/Activity

~~III. PHYSICAL ACTIVITY OPPORTUNITIES AND PHYSICAL EDUCATION~~

1. Daily Physical Education K-8
 - a. All students in grades K-8 will be provided weekly physical education for the entire school year.
 - b. Physical education programs will be delivered by a certified physical education teacher or an appropriately trained elementary educator in order to meet ODE content and assessment standards.
 - c. Students will spend at least 50 percent of physical education class time participating in moderate to vigorous physical activity.
2. Daily Physical Education 9-12
 - a. All students in grades 9-12 must complete a minimum of two one-credit classes in order to meet graduation requirements. Successful completion of classes developed within the district physical education curriculum meet this two-credit requirement.
 - b. Students may elect to take an approved alternate route in earning their second physical education credit. To be considered for credit the learning experience must compare with normal requirements of a traditional, classroom-based class in terms of time, effort, content (ODE standards met), and level of difficulty. Students will develop a learning contract that outlines how the state standards will be addressed and how they will demonstrate proficiency.
 - c. All physical education programs will be delivered or evaluated by certified physical education teachers in order to meet ODE content and assessment standards.
3. Integrating Physical Activity into the Classroom Setting

For students to receive the nationally-recommended amount of daily physical activity (i.e., at least 60 minutes per day) and for students to practice fully embrace regular physical activity as healthy a personal behavior, students need opportunities for physical activity beyond physical education class. Opportunities include: ~~Toward that end:~~

- a. Classroom health education will complement physical education by reinforcing the knowledge and skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities (e.g., electronics use); such as watching television;
- b. Integrated opportunities for physical activity are encouraged through its incorporation into other subject lessons; and
- c. Classroom teachers will be encouraged to provide short physical activity breaks between lessons or classes, as appropriate; and
- d. Extended periods of inactivity should be discouraged (i.e., periods of two or more hours). When activities, such as mandatory school-wide testing, make it necessary for students to remain indoors for long periods of time, schools should give students moderate physical activity periodic breaks.
during which they are encouraged to be moderately active.

4. Daily Recess

All elementary schools will have at least 20 minutes a day of supervised recess, preferably outdoors, during which schools encourage—verbally and through the provision of space, equipment, and activities—moderate to vigorous physical activity.

5. Physical Activity and Punishment

- a. Staff Teachers will not use physical activity (e.g., running laps, pushups) or regularly withhold students from recess as punishment.
- b. Community personnel hired by the district will use physical activity to improve fitness and develop athletic skills.
build endurance, develop athletic skills, and to increase aerobic fitness.

6. Physical Activity Opportunities Before and After School

The district will offer, or partner with community organizations to offer, extracurricular physical activity programs, such as physical activity clubs, intramural programs, or interscholastic sports when appropriate and if at all possible.

- a. After-school child care and enrichment programs will provide and encourage—verbally and through the provision of space, equipment, and activities—daily periods of moderate to vigorous physical activity for all students.
- b. Enrichment programs that do not easily provide opportunities for moderate to vigorous physical activity, such as chess club, will reinforce that physical activity needs to be included in the pursuit of interests or hobbies.

~~G. Safe Routes to School~~

- ~~1. When appropriate, the district will work together with local public works, public safety, and/or police departments regarding in those efforts.~~
- ~~2. The wellness council will explore the availability of federal “safe routes to school” funds administered by the state department of transportation, to finance such improvements.~~

School Employee Wellness⁴

The district's school employee wellness program may include the following:

1. Health promoting activities that are based on employees' needs and interests.
2. Supportive social and physical environments that improve and/or maintain individual and district-wide wellness.
3. Access to resources such as employee assistance programs, emergency care, and benefit programs that help employees balance work and family life.
4. Education and resources regarding health care decisions.
5. Wellness opportunities that may include, but are not limited to, health assessments, informational materials, presentations and workshops on healthy behaviors, and programs that promote fitness, healthy eating, and stress management.

The district encourages participation from all employees. The Staff Wellness Team will meet quarterly to review program objectives and actions plans, evaluate, and update as needed.

Monitoring and Policy Review

IV. MONITORING AND POLICY REVIEW

1. Monitoring
The superintendent or designee will annually assess compliance with established district-wide nutrition and physical activity wellness plan.
 - a. In each school, the principal or designee will ensure compliance with those policies in his/her school and will report on the school's compliance to the school district superintendent or designee.
 - b. School food service staff, at the school or district level, will ensure compliance with nutrition policies within school food service areas and will report on this matter to the superintendent or designee (or if done at the school level, to the school principal).
2. District Wellness Council
The superintendent or designee will work with the district wellness council to develop a summary report every two years using the information collected by the superintendent's policy compliance assessment with the district's established nutrition and physical activity wellness policies. The wellness council will offer ~~problem-solving support or~~ resources to compliance concerns that are assessed by the superintendent. Schools, programs, and/or school-community partnerships that exceed policy requirements will be highlighted in the report to the Board. That report will be provided to the School Board and posted on the district web site.

Corvallis
SCHOOL DISTRICT

XV.G. Administrative Regulation EFAA-AR—Reimbursable School Meals and
Milk Program—Revised—First Reading

Reimbursable School Meals and Milk Programs
(National School Lunch Program, School Breakfast Program, Special Milk Program)

The district's food and nutrition services will be operated in accordance with the following requirements:

Meal Pricing Procedures

1. The district may operate the Special Milk Program (SMP) at schools where students do not have access to program meals. Under SMP, the district will choose one of the following options:
 - a. Nonpricing (serve SMP milk at no charge to all students);
 - b. Pricing programs without a free option (charge all students for SMP milk); or
 - c. Pricing programs with a free option (distribute confidential applications for free milk and charge only those students for SMP milk who do not qualify for free milk based on the household's application or direct certification from Supplemental Nutrition Assistance Program (SNAP)).
2. Reimbursable meals and snacks will be priced as a unit.
3. Reimbursable meals and snacks will be served free or at a reduced price to all children who are determined by the district to be eligible for free or reduced price meals.
4. Annually, the district will establish prices for reimbursable student meals and snacks. The price charged to students who do not qualify for free or reduced price meals will be established annually by the district in compliance with state and federal laws.¹
5. The price charged to students who qualify for reduced price meals will be established annually by the district in compliance with state and federal laws.²

¹The new requirement under Healthy, Hunger-Free Kids Act of 2010, 42 U.S.C. 1751 §§ 205 establishes new criteria for equity in school lunch pricing.

²According to Direct Certification and Certification of Homeless, Migrant, and Runaway Children for Free School Meals, 7 C.F.R Part 245 (2011).

Application Procedures

1. Households receiving SNAP or Temporary Assistance to Needy Families benefits, as identified by Oregon Department of Education (ODE), will be automatically eligible for free meals and snacks for the students listed on the official document. Districts must access this document at least three times per year.
2. Households that submit a confidential application will be notified of their student's eligibility for free or reduced price meals. Households that are denied free or reduced price benefits will be notified in writing using the ODE template letter distributed to the district annually.
3. On a case-by-case basis, when a student is known to be eligible for free or reduced price meal benefits and the household fails to submit a confidential application, the superintendent or designee may complete an application for the student documenting how he/she knows the household income qualifies the student for free or reduced price meal benefits. Parents of a student approved for free or reduced price benefits, when application is made for the student by a school official, will be notified of the decision and given the opportunity to decline benefits.
4. Students who do not qualify for free or reduced price meals are eligible to participate in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) and will be charged "paid" meal and snack prices set by the district. "Paid" category students will be treated equally to students receiving free or reduced price benefits in every aspect of the district's NSLP and SBP.
5. The district has established a fair hearing process under which a household can appeal a decision with respect to the household's application for benefits or any subsequent reduction or termination of benefits.
6. In the event of major employers contemplating large layoffs in the attendance area of the district, the district will provide confidential applications and eligibility criteria for free and reduced price meals to the employer for distribution to affected employees.

Financial Management of the Nonprofit School Food Service

1. The district will maintain a nonprofit school food and nutrition service operation.
2. Revenues earned by the school food and nutrition services will be used only for the operation or improvement of NSLP and SBP.
3. Lunch and breakfast meals served to teachers, administrators, custodians, and other adults not directly involved with the operation of the district's food and nutrition services will be priced to cover all direct and indirect cost of preparing and serving the meals.³

³For meals with portion sizes equivalent to student meals, the adult meal price will be no less than the amount of reimbursement for a free-eligible meal, plus the value of commodity foods used in the meal preparation.

4. District food and nutrition services revenues will not be used to purchase land or buildings.
5. The district will limit its food and nutrition services net cash resources to an amount that does not exceed three months average expenditures.
6. The district will maintain effective control and accountability for, and adequately safeguard, all food and nutrition services' cash, real and personal property, equipment and other assets, and ensure they are used solely for food and nutrition services purposes.
7. The district will meet the requirements for allowable NSLP and SBP costs as described in 2 CFR 200. Office of Management and Budget (OMB) circular A-87.
8. In purchasing food and nutrition services goods or services, the district will not accept proposals or bids from any party that has developed or drafted specifications, requirements, statements of work, invitations for bids, requests for proposals, contract terms and conditions, or other documents for proposals used to conduct the procurement.
9. All procurement transactions for food and nutrition services goods and services will be conducted according to state, federal, and district procurement standards using the applicable cost thresholds.
10. In the operation of its food and nutrition services program, the district will purchase food products that are produced in the United States, whenever possible.

Civil Rights and Confidentiality Procedures

1. The district will not discriminate against any student because of his/her eligibility for free or reduced price meals.
2. The district will not discriminate against any student or any food and nutrition services employee because of race, color, national origin, sex, sexual orientation⁴, religion, age, or disability.
3. The district will assure that all students and food and nutrition services employees are not subject to different treatment, disparate impact or a hostile environment.
4. Established district procedures will be followed for receiving and processing civil rights complaints related to applications for NSLP and SBP benefits and services, and employment practices with regard to the operation of its NSLP and SBP. The district will forward any civil rights complaint regarding the district's food and nutrition services to ODE's civil rights coordinator within three days of receiving the complaint.

⁴Sexual orientation means an individual's actual or perceived heterosexuality, homosexuality, bisexuality or gender identity, regardless of whether the individual's gender identity, appearance, expression or behavior differs from that traditionally associated with the individual's sex at birth.

5. The district will make written or oral translations of all food and nutrition services materials available to all households who do not read or speak English.
6. The district will maintain strict confidentiality of all information on the confidential application for free and reduced price meals, including students' eligibility for free or reduced price meals and all household information. The district's NSLP and SBP operators are not required to release any information from a student's confidential application for free or reduced price meals. No information may be released from a student's confidential application for free or reduced price meals without first obtaining written permission from the student's parent or legal guardian/adult household member signing the application, except as follows:
 - a. An individual student's name and eligibility status may be released without written consent only to persons who operate or administer federal education programs; persons who operate or administer state education or state health programs at the state level; persons evaluating state, education assessment; or persons who operate or administer any other NSLP, SBP, SMP, Summer Food Service Program (SFSP), Child and Adult Care Food Program (CACFP) or the Food Stamp Program;
 - b. Any other confidential information contained in the confidential application for free and reduced price meals (e.g., family income, address) may be released without written consent only to persons who operate or administer NSLP, SBP, SMP, CACFP, SFSP and the Special Supplemental Nutrition Program for Women, Infants and Children; the Comptroller General of the United States for audit purposes; and federal, state or local law enforcement officials investigating alleged violation of any of the programs listed above.

Nutrition and Menu Planning

1. Meals and snacks served for reimbursement will meet the recommendations of the most current *Dietary Guidelines for Americans*.
2. Meals and snacks served for reimbursement will meet at least the minimum NSLP and SBP requirements for food item and quantities.
3. Meals served for reimbursement will **meet all USDA standards.**
 - ~~a. Meet all minimum and maximum caloric range requirements by grade level;~~
 - ~~b. Meet the maximum standards set for saturated fat;~~
 - ~~c. Meet the maximum standards set for sodium by grade level; and~~
 - ~~d. Meet the requirements for zero grams of trans fat.~~
4. The district will use the offer versus serve option when serving NSLP lunches to all students. Students must take at least three of five different food items including one-half cup of fruit or vegetable offered in program lunches.

5. The district will use the offer versus serve option when serving program breakfasts to all students. Students must take at least three of four food items including one-half cup of fruit or vegetable offered in program breakfasts.
6. A copy of the Board minutes adopting the offer versus serve policy for students below high school grades for program lunches and/or for all students in the district for program breakfasts, as applicable, will be made available upon request.

Use and Control of Commodity Foods

1. The district will accept and use commodity foods in as large a quantity as may be efficiently utilized in the reimbursable lunch and breakfast programs.
2. The district will maintain necessary safeguards to prevent theft or spoilage of commodity foods.
3. The value of commodity foods used for any food production other than NSLP, SBP, or snacks shall be replaced in the food service inventory.

Accuracy of Reimbursement Claims

1. The district will claim reimbursement only for reimbursable meals and snacks served to eligible children.
2. All meals and snacks claimed for reimbursement will be counted at each dining site at a “point of service” where it can be accurately determined that the meal or snack meets NSLP and SBP requirements for reimbursement.
3. The person responsible for determining reimbursability of meals and snacks will be trained to recognize a reimbursable meal and snack under the menu planning approach used at the school.
4. The district official signing the claim for reimbursement will review and analyze monthly meal and snack counts to ensure accuracy of the claim, before submitting the claim to ODE.
5. Annually, by November 15, the district will verify a random sample of applications according to NSLP verification requirements. Instructions for completing the verification process will be sent by ODE to the district in October each year.

Food Safety and Sanitation Inspections

1. The district will maintain necessary facilities for storing, preparing, and serving food and milk.
2. Semi-annually, the district will schedule food safety inspections with the county Environmental Health Department or Oregon Department of Human Resources for each school or dining site under its jurisdiction.
3. The district will maintain health standards in compliance with all applicable state food safety regulations at each school or dining site under its jurisdiction.

General USDA NSLP/SBP/SMP Requirements

1. The district will ensure that no student is denied a meal as a disciplinary action.
2. Breakfast will be served in the morning hours, at or near the beginning of the student's school day.
3. Lunch will be served between the hours of 10 a.m. and 2 p.m.
4. The district will provide substitute foods for students who are determined by a licensed physician to be legally disabled and whose disability restricts their diet. Substitutions will be provided only when a medical statement from the licensed physician is on file at the school. The medical statement must state the nature of the child's disability and how the disability affects the child's nutrition needs, and it must provide a medical prescription for substitute foods or texture modification. The district will not charge more than the price of the school meal, as determined by the child's eligibility status, for substitute meals or foods.
5. The district will control the sale of **competitive foods**.
~~the following foods of minimal nutritional value (FMNV): carbonated beverages, water ices, chewing gum, hard candy, jelly and gum candies, marshmallow candy, fondant (candy corn type), licorice, cotton candy, and candy-coated popcorn.~~
- ~~6. The district will ensure that soda pop vending machines and sales of other FMNV will not be allowed in any school's dining site(s) during the time(s) when NSLP lunch meals or SBP breakfast meals are served or eaten. Dining sites are cafeterias and any other place where NSLP lunch meals or SBP breakfast meals are served or eaten.~~
- ~~6.7.~~ 6. The district will ensure that potable (drinking) water will be available to students, free of charge, for consumption in the place where meals are served during meal service.⁵
- ~~7.8.~~ 7. The district will notify all households of its meal charge requirements early in the school year. The district's meal charging requirements are as follows:

⁵New requirement under Healthy, Hunger-Free Kids Act of 2010, 42 U.S.C. 1751 §§ 203.

- a. A meal account for students paying full or reduced price for meals may be established with the district. It is the parent's and/or student's responsibility to monitor the account balance and maintain sufficient funds for meals purchased. Students may charge not more than three meals at the elementary level or 1 meal at the middle school level. Students may not charge at the high school level.
 - b. Any student failing to keep his/her account current as required by the district shall not be allowed to charge the price of further meals until the account has been paid in full, but will be allowed to purchase a meal if the student pays for the meal when it is received. At least one written warning shall be provided to a student and his/her parent for exceeding the district's charge limit prior to denying meals. Payment may be made at the school office or school kitchen.
 - c. Individual school administrators may modify allowable meal charges with Food Service administrator approval. However, student debt acquired by charging meals or ala carte is considered "bad debt" per **2 CFR 200**, the Office of Management and Budget (OMB) circular A-87. Bad debt is an **unallowable cost to the non-profit food service fund**. Student debt must be paid for with funds other than food service funds and at the end of the school year will be charged back to the school facility's general fund account. A charge balance report can be provided to the school office daily.
9. The sale of foods (~~other than FMNV~~) in competition with the district's lunch (NSLP) or breakfast (SBP) programs will be allowed in dining sites during lunch and breakfast periods with Board approval only when all income from the food sales accrues to the benefit of the district's food and nutrition services or accrues to a school or student organization approved by the Board. A copy of the Board minutes approving and defining competitive food sales will be made available upon request.
 - ~~10. The district will not use food and nutrition services funds to purchase FMNV for sale unless the proceeds from the sale of those foods is deposited into the Food and Nutrition Services account in an amount sufficient to cover all direct and indirect costs relating to the purchase and service of the foods.~~
 - ~~11. Soda pop and any other FMNV will not be offered "at no additional cost" with NSLP lunch meals or SBP breakfast meals in any district school.~~

Record Keeping

The following documents will be maintained by the district for three years after the current school year or longer, in the event of an unresolved audit(s), until the audit has been completed:

1. All currently approved and denied confidential applications for free and reduced price meals, and all current direct certification documents;
2. Financial records that account for all revenues and expenditures of the district's nonprofit nutrition and food services programs;

3. Records (e.g., recipes, ingredient lists, and nutrition fact labels or product specifications) that document the compliance with nutrition standards for all competitive foods available for sale to students at a school campus;
 4. Documents of participation (i.e., meal counts) from each school in the district to support claims for reimbursement;
 5. Production and menu records;
 6. Records to document compliance with Paid Lunch Equity; and
 7. Records to document compliance with Revenue from Non-program Foods.
1. ~~All currently approved and denied confidential applications for free and reduced price meals and all current direct certification documents will be maintained for three years after the current school year. Records will be maintained longer in the event of unresolved audit(s) until the audit(s) has been completed.~~
 2. ~~All currently approved and denied confidential applications for free and reduced price meals and all current direct certification documents will be readily retrievable by school or site and made available to state or federal reviewers upon request.~~
 3. ~~The district will maintain financial records that account for all revenues and expenditures of the nonprofit school food and nutrition services for a period of three years after the school year to which they pertain.~~
