- I. CALL TO ORDER AND ROLL CALL
- II. PLEDGE OF ALLEGIANCE
- III. PRIORITIZATION OF BOARD GOALS

Corvallis

SCHOOL DISTRICT

Prepared for: Corvallis School Board
Prepared by: Ryan Noss, Superintendent
Meeting Date: February 15, 2018

Prioritization of Board Goals

NO ACTION REQUIRED

At the October 12, 2017 meeting, board members received current performance measures for each of the draft 2017-22 goals. I had noted that in some areas, performance measures were readily available, and were regularly gathered and reported. In other areas, our activities supporting the goals make the most sense in terms of district resources and staff capacity.

Attached are the draft 2017-22 board goals; the available data for each goal is shown in the tables below. At the February 15, 2018 meeting, board members will discuss available data and the need for additional data measures, review data trends, and potentially set targets.

1. Student Achievement	Data Available
Read grade level texts by 3 rd grade	SBAC 57.7% (2016-17) – See Appendix A
Student growth	SBAC – See Appendix B
Successfully complete Algebra 1 by end of 9 th grade	83.4% (2016-17) – See Appendix C
Freshman on track to graduate	91.3% (2016-17) – See Appendix D
Four-year graduation rate	85% (2015-16) – See Appendix E

2. Equitable Systems	Data Available
Read grade level texts by 3 rd grade	See Appendix A
Student growth	SBAC – See Appendix B
Successfully complete Algebra 1 by end of 9 th grade	See Appendix C
Freshman on track to graduate	See Appendix D
Four-year graduation rate	See Appendix E

3. Real-World Learning	Data Available
CTE Participants (.5 HS credit)	See Appendix F
CTE Concentrator (1.0 HS credit)	See Appendix F

CTE means content, programs, and instructional strategies based on business and industry workplace skills and technical skill sets and needs. Instruction incorporates standards-based academic content, technical skills and workplace behaviors necessary for success in careers and the 21st century.

4. Health and Wellness	Data Available
Oregon Healthy Teens Survey	2013, 2015, 2017 surveys
Oregon Student Wellness Survey	2010, 2012, 2014, 2016 surveys

The biennial Oregon Healthy Teens Survey collects information from students in grades 8 and 11. Physical activity data is collected in the survey. The Centers for Disease Control and Prevention (CDC) recommends that children and youth should be physically active at least 60 minutes per day, including aerobic, muscle strengthening, and bone strengthening activities.

The following tables show the percentage of students who were physically active for a total of 60 minutes per day during the last seven days of the survey period.

7 Days	26.8	32.2	24.3	25.8

The biennial Oregon Student Wellness Survey collects information from students in grades 6, 8, and 11; it asks questions about emotional and mental health including a series of five questions known as the Mental Health Inventory (MHI-5). When all five responses are considered together, the result is an estimate of the level of psychological distress that youth are experiencing.

The following tables show the percentage of students with high levels of psychological distress during the last 30 days of the survey period.

2016	Grade 6		Grade 8		Grade 11	
	District %	State %	District %	State %	District %	State %

Draft School Board Goals 2017-2022

Goal 1: Student Achievement

All students will read grade level texts by 3rd grade and stay on track; successfully complete Algebra I by the end of 9th grade; be on track with required credits by the end of 9th grade; and graduate with a plan for college and/or career. Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school.

Strategy 1: Monitor students' reading progress in grades pre-K - 3rd grade using the response to instruction (RTI) system to assess, intervene, and ensure sound instruction is occurring so that all students are reading at grade level by 3rd grade.

Strategy 2: Prepare students to successfully complete Algebra I by the end of 9th grade.

Strategy 3: Develop a system that ensures each 9th grade student is on track to graduate.

Strategy 4: All students graduate with a plan for the future.

Goal 2: Equitable Systems

Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school. Disaggregated data will be used to measure progress on goal.

Strategy 1: Recruit and retain racially and culturally diverse staff.

Strategy 2: Increase student voice, empowerment, and leadership in our schools.

Strategy 3: Expand parent and community partnerships.

Strategy 4: Increase racial consciousness of staff through professional development focused on race, culture and culturally relevant instruction.

(Continued on next page.)

Goal 3: Real-World Learning

All students participate in real-world learning, with a global perspective, that prepares them for an ever-changing future. Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school.

Strategy 1: Integrate project-based learning experiences in all grades.

Strategy 2: Move the district to be a leader in sustainability practices (environment, social, economic).

Strategy 3: Create additional learning pathways toward graduation and life beyond high school.

Strategy 4: Foster cultural responsiveness and biliteracy in our students and staff.

Strategy 5: Integrate a 21st century skill (communication, critical thinking, collaboration, creativity and problem solving) into all learning experiences.

Goal 4: Health & Wellness

Increase the health and wellness of district students and staff. Student identity (race, culture, socioeconomic status, language, ability, gender, or sexual orientation) does not predict or predetermine success in school.

Strategy 1: Enhance programs that promote student physical wellness.

Strategy 2: Enhance programs that promote student mental wellness.

Strategy 3: Implement a robust worksite wellness program for district staff.

(Continued on next page.)

Goal 5: Long Range Facility Planning

Transform aging school facilities to provide safe, innovative and equitable learning opportunities for all students.

Strategy 1: Explicitly link school district facility improvements with core values for educational design (common vision and why).

Strategy 2: Communicate the needs for improved infrastructure and facilities with the Corvallis community.

Strategy 3: Fund facility improvements through a voter-approved bond levy.

Strategy 4: Engage staff, parents, students and community in execution of bond projects.

Strategy 5: Establish a Facilities Planning Advisory Committee.
