Meeting Date: September 29, 2022

Budget Committee Vacancies

ACTION REQUESTED

Background

Pursuant to Board Policy DBEA, "Budget Committee," and prior to October 1 each year, the Board will identify vacant budget committee positions that must be filled by Board appointment.

The Budget Committee has 14 members: seven elected school board members and seven citizens appointed to three-year terms by the board. The citizen members are appointed by open vote of the School Board, as openings occur.

This year, staff have identified the following committee vacancies:

- Three (3) three-year term appointments, due to the completion of three year terms by Katherine Bremser, Margit Foss, and Andrew Freborg
- One (1) one-year appointment due to the resignation of Sravya Tadepalli

Committee members completing terms are eligible for re-appointment should they apply. Openings on the Budget Committee will be advertised through customary district communication channels.

The recruitment schedule for these two open seats is proposed as follows:

- September 29 School Board Meeting – publicly identify vacant committee positions and approve recruitment calendar
- September to mid-October –promote opportunities
- October 25 – application deadline (first review deadline; positions open until filled)
- November 3 School Board Meeting – appoint members

Involvement

Finance and Operations Department staff.

ACTION REQUESTED:

Identify these vacancies and adopt this recruitment schedule.

MOTION REQUESTED:

"I move that the Board identify three full-term openings and one one-year appointments on the 2023 Budget Committee and approve the recruitment schedule as presented by staff."

GOALS AND STRATEGIES

Goal #1: Student Achievement

All students will read grade level texts by 3rd grade and stay on grade level; successfully complete Algebra I by the end of 9th grade; be on track with required credits by the end of 9th grade; and graduate with a post-secondary plan. Student identity (race, culture, socioeconomic status, language, ability, gender, gender identity, gender expression, or sexual orientation) should not predict or predetermine success in school.

Strategies:

1. Monitor students' reading progress in grades pre-K - 3rd grade using a system of sound instruction, assessment, and intervention so that all students are reading at grade level by 3rd grade.
2. Prepare students to successfully complete Algebra I by the end of 9th grade.
3. Develop a system that ensures each 9th-grade student is on track to graduate.
4. All students graduate with a post-secondary plan.

Goal #2: Equitable Systems

Student identity (race, culture, socioeconomic status, language, ability, gender, gender identity, gender expression, or sexual orientation) should not predict or predetermine success in school. Disaggregated data will be used to measure progress on goal.

Strategies:

1. Recruit and retain racially and culturally diverse staff.
2. Increase and support student voice, empowerment, and leadership in our schools.
3. Expand parent and community partnerships.
4. Increase and support school staff and administrative empowerment in leadership in our schools.
5. Increase racial consciousness of staff through professional development focused on race, culture and culturally relevant instruction.

Goal #3: Real-World Learning

All students participate in real-world learning, with a global perspective, that prepares them for an ever-changing future. Student identity (race, culture, socioeconomic status, language, ability, gender, gender identity, gender expression, or sexual orientation) should not predict or predetermine success in school.

Strategies:

1. Support cultural responsiveness and biliteracy in our students and staff.
2. Create additional learning pathways toward graduation and life beyond high school.
3. Integrate real-world, experiential learning in all grades.
4. Integrate communication, critical thinking, collaboration, creativity, and problem-solving skills into learning experiences.
5. Integrate environmental, social, and economic sustainability in learning experiences.

Goal #4: Health & Wellness

Improve the health and wellness of district students and staff. Student identity (race, culture, socioeconomic status, language, ability, gender, gender identity, gender expression, or sexual orientation) should not predict or predetermine success in school.

Strategies:

1. Support and enhance programs that promote student mental wellness and safety.
2. Support and enhance programs that promote student physical wellness and safety.
3. Support a robust worksite wellness program for district staff.

Goal #5: Long-Range Facility Planning

Transform aging school facilities to provide safe, effective, efficient, innovative, and equitable learning opportunities for every student. Student identity (race, culture, socioeconomic status, language, ability, gender, gender identity, gender expression, or sexual orientation) should not predict or predetermine success in school.

Strategies:

1. Communicate the needs for improved infrastructure and facilities with the Corvallis community.
2. Engage staff, parents, students and community in execution of facility improvements consistent with the district's core values for educational design.
3. Complete construction projects through a voter-approved bond levy.

2022 Board Norms Survey

[Publish analytics](#)

What important practices is the board using, but are not mentioned in the current board norms? (Another way to think about this is: What are the good things that the board is doing that we want to carry forward into future iterations of the board?)

1 response

making time for deep discussion is not really spelled out in the norms.

What key concepts or values are missing from the board norms? How should they be expressed?

1 response

bringing in experiences from the community related to our work as board members but outside of an official liaison or meeting. For example, Lu and Shauna's mention of the HS murals is tied to the work but experienced in a personal capacity. There have been other times board members as parents have also brought in personal experiences from the schools their children attend that relate to board work and the work of the district.

What language in the current board norms creates division, silences voices, or works against the board's value of inclusion?

1 response

A2a as worded leans towards if it has been said, don't say it again. B relies on regulatory type language that leans towards "order" as the priority which creates silences of both board members and community members. C2 implies that individual board members needing more

information is not relevant if it the full board doesn't need it in order to make decisions. D4 makes sense and also does not make sense. It makes sense to not talk down on others' ideas, yet if comments cause harm, it should be ok to call that out. We have had this happen in the past for example.

Everything else: What is the good, the bad, anything that is missing, or that needs to be retained or removed from the Board Norms?

1 response

Perhaps something that specifically calls out that comments that cause harm based on peoples' identities will not be tolerated. This is also missing from the public comment page I believe.

What expectations of the superintendent should the board highlight over the next few years?

1 response

in the working agreement, we should revise C6 to say something like, one of the Co-Vice Chairs. Providing a means for staff and students to engage with the board directly seems like something it would be great see somehow included as a working agreement. we have a process for the PTA/PTOs but that is it. Having reports highlight the impact (positive or negative) of new or revised policies on operations and/or day to experiences of staff, students, and families would be good to know as well.
