MEMORANDUM OF UNDERSTANDING RE: PILOT ATTENDANCE INCENTIVE PROGRAM

The Board of Education of Central Community Unit School District No. 301 ("Board") and the Central Education Association ("Association") (collectively, the "Parties") are parties to a Collective Bargaining Agreement ("CBA") in effect from the 2017-2018 school year through the 2017- 2020 school year. This Memorandum of Understanding is intended to memorialize an agreement between the Parties concerning the creation of a Pilot Attendance Incentive Program ("Program").

During negotiations for the 2017-2018 to 2019 - 2020 CBA, the parties discussed multiple adverse effects associated with employee absenteeism and determined to temporarily pilot a program to offer a financial incentive to minimize absenteeism.

Attendance Incentive: The Board shall provide a **\$500 attendance incentive** to all eligible full-time employees who do not exceed three (3) days of absence during the 2017-2018 school year. It has been agreed upon, that during the 2018-2019 school year the **\$500 attendance incentive** will remain in effect for employees who do not exceed three (3) days of absence during the 2018-2019 school year. This pilot program is being extended based on the Center for Disease Control and Prevention's (CDC) report showing the 2017-2018 flu season having high severity of numbers and levels of outpatient clinic and emergency department visits, along with, our local experience of absences.

- A. The incentive shall not be considered salary for the purpose of future pay increases. Additionally, teachers who have submitted a notice of intent to retire, and for whom the payment of an attendance incentive would result in an increase in excess of 6% over the prior year's creditable earnings shall not be eligible for the incentive to the extent of any excess. In the event that, during the final year of employment, such teacher is ineligible for all or part of an attendance incentive, the teacher may submit a request for any portion of the final year's incentive to be paid after the teacher's receipt of his/her final paycheck for regular earnings which shall be considered non-reportable to TRS.

The teacher must have been employed with the District as of the first workday of the 2017-2018 work year (to be eligible to receive an incentive for 2017-2018 attendance) and as of the first workday of the 2018-2019 work year (to be eligible to receive an incentive for 2018-2019 attendance).

- B. Only those employees who are actively employed by the District when the incentive is paid, or who retired from service with the District at the end of the 2017-2018 school year may receive an incentive for three or fewer days of absence. For the pilot extension only those employees who are actively employed by the District when the incentive is paid, or who retired from service with the District at the end of the 2018-2019 school year may receive an incentive for three or fewer days of absence.
- C. The incentive will be paid and included on the first paycheck in December 2018 (i.e., a teacher who qualifies for an incentive for 2017-2018 will receive the stipend in December of 2018). Retirees will receive their incentive payment by the end of the fiscal year in which they retire. The pilot extension incentive will be paid and included on the first paycheck in December 2019, (i.e., a teacher who qualifies for an incentive for 2018-2019 will receive the stipend in December 2019). Retirees will receive their incentive payment at the end of the fiscal year in which they retire.
- D. Absences shall be computed on the basis of one-half (1/2) day missed.
- E. Absences for reasons related to Association activities (6.6), Professional Development (6.7) and/or for

Bereavement (6.2) shall not count as an absence for the purposes of the attendance incentive.

- F. It is expressly understood that the Board had intended to pilot this Program for the 2017-2018 school term only. However, due to the 2017-2018 flu season experiencing a high severity of numbers and outpatient and emergency room visits this pilot will be extended for one additional school year. Thereafter, the Board will evaluate the Program's success in reducing employee absenteeism. The Board reserves the right, in its sole discretion to determine to continue the Program for one or more years of the 2017-2018 to 2019-2020 CBA. However, the Program shall be considered sunset when the 2017-2018 to 2019-2020 CBA expires. Accordingly, as of August 31, 2020, this provision shall no longer be considered a part of the 2017-2018 to 2019-2020 CBA and all obligations hereunder shall automatically terminate, unless the parties mutually agree, during successor negotiations, to extend an Attendance Incentive Program to subsequent school years.

Investigation & Confidentiality

All formal complaints will be given a full, impartial and timely investigation. During such investigation, while every effort will be made to protect the privacy rights of all parties' confidentiality cannot be guaranteed.

Discipline

Any district employee or volunteer who is determined, after an investigation, to have engaged in sexual misconduct in violation of this policy will be subject to disciplinary action up to and including termination of employment. False accusations regarding sexual misconduct will not be tolerated, and any person knowingly making a false accusation will likewise be subject to disciplinary action up to and including discharge, with regard to employees or volunteers.

The district will discipline any individual who retaliates against any person who reports alleged sexual misconduct or who retaliates against any person who testifies, assists or participates in an investigation, a proceeding or a hearing relating to a sexual harassment complaint. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

Welcome

We would like to thank you for serving as a volunteer in Central School District 301. Your commitment and interest in the lives of the young people in our community are greatly appreciated.

Your assistance will help to enrich our students' experiences and help them to reach their full potential, while supporting our teachers and staff. The time that you spend volunteering with a young person impacts his or her self-esteem, behavior and academic achievement. Volunteers help build a strong foundation for our students as they continue their education and select a career path. Additionally, research published by Citizens Advice Bureau shows that volunteering boosts your own self-esteem, employability and health, specifically, mental health.

This handbook will help you make a smooth transition into your volunteer job. It will provide a plethora of information to guide you in this process.

Volunteering is evidence of strong community support. As a district, we feel privileged to enjoy such a strong support by you. Your actions are a great example of the positive contributions individuals can make to public education.

Thank you for your service, it is truly appreciated!

Who Can Volunteer?

We welcome and encourage anyone who cares about children and education to consider volunteering their time to our district. Volunteers may include parents, grandparents, neighbors, community members, relatives, business partners, etc. The school district utilizes volunteers in a variety of capacities including field trip chaperones, classroom helpers, INCubator (business entrepreneurship) program, special assemblies, committees, etc.

We encourage anyone interested in volunteering to contact the school district for more information.

Volunteer Qualities

Our District looks for volunteers who:

- Are of good moral character and will serve as a positive role model for our students
- Have a positive personality and will get along with administration, staff members, students, and parents
- Possess the patience and understanding required to work with students
- Have a desire to motivate children and to help them succeed in school
- Are dependable and reliable

Sexual Misconduct Policy

The school district will not tolerate and will seek to eradicate any behavior by its employees, volunteers, or others which constitutes Sexual Misconduct toward another employee, volunteer, or other.

“Sexual Misconduct” means any actual, attempted or alleged sexual molestation, assault, abuse, sexual exploitation or sexual injury.

“Sexual Misconduct” does not include “sexual harassment.”

Reporting Procedures and Designated Child Abuse Counselor

Employees and Volunteers

Employees and volunteers are required to report any known or suspected incidents of sexual misconduct according to the Illinois mandatory reporting guidelines. They must also report to their direct supervisor, the district administrator or the Designated Child Abuse Counselor. If the report is made to the supervisor or district administrator, that individual shall immediately notify the Designated Child Abuse Counselor. If the person to whom an employee or volunteer is directed to report is the offending person, the report should be made to the next higher level of administration or supervision.

Children

Each year, parents or legal guardians of children shall be advised of the contents of this Sexual Misconduct Policy and be instructed to report any incident of known or suspected sexual misconduct to a supervisor, the school administrator or the Designated Child Abuse Counselor, unless that individual is the offending person. If the complaint is made to the supervisor or the school administrator, that individual shall follow Illinois mandatory reporting policy and immediately notify the Designated Child Abuse Counselor.

Sexual Harassment Policy

The Central CUSD #301 shall provide an environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical contact, or communications constituting sexual harassment as defined and otherwise prohibited by State and Federal Law.

District volunteers shall not make unwelcome sexual advances or request sexual favors or engage in any unwelcome conduct of a sexual nature when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's ability to volunteer; (2) submission to or rejection of such conduct by an individual is used as the basis for volunteer decisions affecting such individual; or (3) such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment. Sexual harassment prohibited by this policy includes verbal or physical contact. The terms intimidating, hostile, or offensive include, but not limited to, conduct that has the effect of humiliation, embarrassment, or discomfort. Sexual harassment will be evaluated in light of all circumstances. A violation of this policy may result in discipline, up to and including discharge.

Aggrieved persons, who feel comfortable doing so, should directly inform the person engaging in sexually harassing conduct or communication that such conduct or communication is offensive and must stop.

Volunteers should report claims of sexual harassment to any Administrator and/or School Board Member. Volunteers may choose to report a person of the same sex. Initiating a complaint of sexual harassment shall not adversely affect the complainant's employment or assignments.

There are no express time limits for initiating complaints and grievances under this policy; however, every effort should be made to file such complaints as soon as possible, while facts are known and potential witnesses are available.

Volunteer Program Goals

- Increase the student's motivation for learning
- Enrich the child(ren)'s experiences beyond what is normally available in schools through the unique resources that can be contributed by volunteers.
- Assist teachers with many non-teaching duties and tasks.
- Provide an opportunity for interested community members to participate effectively in school volunteer programs.
- Strengthen school-community relations through positive participation.
- Build an understanding of how schools work among the community, thus stimulating a large volume of involvement in the total educational process.

Rewards of Volunteering

- Be given the opportunity to use your skills and talents
- Gain a better understanding of how children learn
- Know the work you are doing directly affects and impacts the quality of education for the children of our community.
- Have the opportunity to learn valuable new skills that you might utilize in future endeavors.

Jobs Available to Volunteers

INCubator Coach provide authentic business expertise in a specific area. They come into the classroom for a short period of time ranging from 2 to 4 days, to provide students with real-world context for a specific curricular area. The coach and classroom teacher plan and present together. Curriculum is developed and provided to the coach.

Mentors are assigned to one INCubator team and follow them through the entire business process and provide students with feedback and encouragement. Generally, mentors will touch base with their team on a weekly basis.

Board of Advisors are community members who offer teams strategic evaluation and are decision makers regarding financial issues relevant to INCubator.

School helpers may work closely with classroom administration, teachers and staff, assisting in various projects, assisting in supervision for assemblies, reading to students, preparing instructional materials, etc.

Chaperones have the opportunity to enjoy many different types of activities as they accompany teachers and students on field trips. At times, you may be required to pay an admission fee as a volunteer in order to attend the event as a chaperone.

Committee workers have the opportunity to participate in district-wide discussions and decisions relevant to a variety of topics.

Drug and Alcohol Free Campus

District 301 is a drug and alcohol-free workplaces. All volunteers shall be prohibited from:

1. The unlawful manufacture, dispensing, use, sale, possession, distribution or transportation of drugs, controlled substances, or alcohol while on district premises or while performing work for the district are strictly prohibited and may result in discipline up to and including termination of assignment.
2. Drugs and alcohol may not be brought, consumed, transported or stored on any district-owned or leased property (including vehicles).
3. Any volunteer who is using prescription or over-the-counter drugs that may impair their ability to safely perform the job, or affect the safety or well being of others, must notify a supervisor of such use immediately before starting or resuming work.
4. The district reserves the right to authorize searches for illegal drugs, alcohol, or contraband, including searches of lockers, desks, vehicles, or personal effects on the district's property.

When Inappropriate Behavior Occurs

Remember that discipline is ultimately the teacher's responsibility; however, some suggestions may help when inappropriate behavior occurs:

- Follow the classroom rules and the teacher's lead in discipline matters. Only do what your teacher will allow you to do.
- Expect cooperation and indicate your confidence in the student that a behavior will improve or misbehavior will not occur.
- Remain calm and objective; control your own temper.
- Do not embarrass students in front of their peers
- Speak in private about misbehavior. Avoid power struggles. Never threaten students.
- Do not punish an entire group because of the actions of one.

The goal of the volunteer program is to help students develop a positive self-image that will be strong enough in order for them to control their own behavior.

Volunteers must keep information you learn about students between yourself and your assigned supervisor. A misplaced comment can be devastating to a student, a family, and the school volunteer program. If you do have questions or concerns, talk with the building principal. Any volunteers that breach this confidentiality will be dismissed.

Your Responsibility as a Volunteer

As a volunteer, you are responsible for maintaining a professional attitude of mutual respect and confidence. Your cooperative attitude, expressed in the willingness to provide needed services, is deeply valued and appreciated.

You Should:

- Sign in and out of the building through the office
- Notify the school in case of an absence
- Be on-time
- Wear your volunteer name tag while volunteering at school
- Practice the professional ethics of confidentiality (Not discussing teachers, students or school affairs at any time)
- Be supportive and offer assistance under professional supervision and direction.
- Be willing to have short conferences periodically with the teacher
- Set a good example of appearance and behavior for students
- Contact the principal if you are not satisfied with your placement or have any concerns.
- Accept teachers' decisions not to utilize volunteers in their classroom

Responsibility as a Volunteer Continued

Remember

The principle has the basic responsibility for the volunteer program

- The teacher or staff member has responsibility for content and technique of instruction and discipline procedures
- It is important to identify yourself at school by signing in and wearing your name tag

Accentuate the Positive

Students who feel accepted and liked can learn and be successful in school. Here are some ways in which school volunteers are able to help students have those feelings:

- Learn the students' names
- Let the students know they are important
- Praise students for success
- Always be sincere and honest
- Listen carefully to what the students tell you
- Show genuine interest in each student
- Accept the students as individuals

What Should I Do If...

A student is injured: No matter how minor the injury is, you should immediately notify a teacher or staff member in charge. Do not attempt to administer any type of first aid.

A student becomes ill: If a student complains of not feeling well, you should notify the teacher or staff member in charge immediately. You should never administer any form of medication to the student.

You are asked to take the class alone: Because you are not a paid school employee, you are not legally permitted to supervise a class alone. If the teacher *must* leave the room, arrangements should be made to have a paid staff member present.

Someone asks to see a student: If any person asks to speak to or take a student, you must direct that individual to the teacher or staff member. Under no circumstances should you grant such a request.

A problem arises with your supervisor: If you should encounter any type of problem with your role, please discuss it with the school principal.

Someone asks you how a student is doing? As it becomes known that you are working in the school, you may be asked questions concerning specific students. If a parent or friend inquires as to the student's progress, you should say, "I enjoy working with students, but cannot discuss information regarding any specific student."

Working with Students Continued

- Do not leave a student or small group of students without supervision.
- Positive encouragement goes a long way in helping students. If you would like to bring extra incentives, please discuss the use of them in advance with the classroom teacher.
- Reinforce good behavior by letting them know how proud you are and that you appreciate their effort.
- Keep students on task so they can learn as much as possible in the short amount of time they spend with you. Avoid letting one or more students get you off-track for long periods of time.
- Do not leave a student or small group of students without supervision.
- Positive encouragement goes a long way in helping students.

Screening & Registration

Any person interested in volunteering with the district must complete the entire application process including background and reference checks. Our first concern is always for the safety and well-being of our students; therefore, we have developed a detailed process for approving volunteers. The following elements will be checked for each individual interested in volunteering with the school district:

- State and Federal Sex Offender Databases
- Child Murderer and Violent Offender against Youth Database

Upon verification of these two systems, approval will be given for you to begin your volunteer service with our district.

Volunteer Safety and Conduct Guidelines

These guidelines have been developed to provide our students with a safe learning environment as well as to protect our volunteers.

Open Door Rule: While working with students, volunteers should be in the open where others can see them. It is important to be visible at all times.

Student Discipline: Volunteers should not take any disciplinary action. This is the teacher's responsibility. However, volunteers should make the teacher aware of any misbehavior.

Dismissal of Students: Volunteers may never dismiss a student from school. Under no circumstances may a volunteer take a student off campus. Volunteers may not walk or drive a student to their home unless the child's parent has notified the school office in advance and given written permission for the volunteer to do so.

Dress & Behavior: Volunteers are required to take the lead from the professional staff and dress appropriately for the job you are doing.

Reporting an Absence: Please notify the school office as soon as possible if you are not able to come at your regularly scheduled time. The teacher(s) are planning on you being at school during the specific times you agreed to. Please be on time for your assignment and make every effort to maintain consistent and regular attendance.

Tobacco Free Policy: We are tobacco free on all District grounds.

Medication Administration: A volunteer should never administer medication to a student. Please have the student report to the school nurse or office.

Working with Students

- Call students by name
- Observe techniques used by the teacher and model them when working with students
- Accept children as they are even though their background, values, vocabulary, and aspirations may be different from your own.
- Encourage and praise students to make them feel good about themselves even when they are having difficulty. Let them know that you care and praise them for even the smallest success
- Encourage students to do their own thinking. Give them plenty of time to answer your questions. Beware of the student who may try to get you to do their work for them.
- It is okay to admit that you do not know the answer to that you do not know what to do. Working on finding answers together or ask the teacher for assistance.
- Always be consistent with the teacher's rules for behavior. Do not allow them to do things that the teacher would not. Make sure the students with whom you are working do not disturb others.
- Reinforce good behavior by letting them know how proud you are and that you appreciate their
- effort.
- Keep students on task so that they can learn as much as possible in the short amount of time that they spend with you. Avoid letting one or more students get you off-track for long periods of time.

Working Effectively with School Staff

The staff appreciate your willingness to be part of the educational team in the school district. They will come to depend upon your assistance. The following tips will help you as you begin your work with out staff.

- Let the staff know the jobs you are interested in and what your special skills are so they can utilize your talents.
- If you have never volunteered in a school before, there are many new and exciting things to learn. Some staff members have never worked with volunteers before. This will be a new experience for them as they learn how to utilize volunteers.
- The staff often relies on volunteers to complete many of the “routine” jobs such as prepare learning aids and organizing materials. This allows teachers to spend more time with students or planning their instruction.
- Make sure you know exactly how the teacher wants the job done. If you are not sure, ask for clear directions and/or demonstration of how the task is to be performed.
- Be willing to try new tasks assigned by the staff, but only do as much as fits your schedule and interests.
- Come when you say you will come, if at all possible. Give the staff plenty of notices when you won't be available at your scheduled time.

Volunteer Safety and Conduct Guidelines Continued

Confidentiality: It is important that matters relating to the students you are working with, information relayed by teachers concerning the students, all school records and any related instances be kept confidential at all times. Names, instances and conversations should not be repeated to anyone who is not directly involved.

Emergency Action Plan: Volunteers should be familiar with the emergency routines for the specific rooms/buildings in which they will be working. These should be posted in each of the classroom. Please make sure to check with the building principal for the details.

Mandated Reporter Guidelines

Any volunteer who suspects or receives knowledge that a student may be an abused or neglected child shall immediately report such a case to the Illinois Department of Children and Family Services. The volunteer shall also promptly notify the school administrator that a report has been made.

All volunteers shall sign the “Acknowledgement of Mandated Reporter Status” form provided by the Illinois Department of Child and Family Services to be kept on file with the district. The school district shall provide staff development opportunities for all school personnel working with students, in the detection, reporting, and prevention of child abuse and neglect.

Guidelines for Safe Interaction with Students

All interaction with students, staff and volunteers should be professional and focused on teaching and learning. The following guidelines are provided for the protection of everyone involved.

Physical Contact with Students

The school district asks that you avoid physical contact with students. Volunteers should be sensitive to a student's personal space and respect that space.

- Do not make sexist or sexual comments
- Avoid innuendo
- Talk to and treat all students in the same manner
- Avoid being alone with students
- If alone with a student, be in a visible and open location
- Do not spend too much time with one student or group of students
- Maintain appropriate boundaries between adult and student
- If you notice a student developing a personal interest, please see the principal immediately
- Do not provide your address, email or cell phone number to any student and do not ask for the address, email or phone number of any student
- Do not offer or agree to transport any student
- Do not engage in private tutoring sessions outside of the school building, or days and hours outside of school operation

Dear Neighbor:

SunVest Solar, Inc. is reaching out to inform you that we have submitted an application to Kane County for approval of a Special Use Permit to allow for the construction and operation of a 2-megawatt community solar garden on the parcel north of Russell Road, on the east side of Rippburger Road. In the near future you will be receiving your official notice of the Public Hearing for the project from the Kane County Zoning and Development Department via certified letter. We anticipate that the Public Hearing will be scheduled for a date in August, 2018.

In advance of the upcoming meeting, please see the enclosed site plan showing the layout of the project on the western portion of the property. In addition, we have also included a solar fact sheet and pictures of a solar garden after installation. We feel that this is the best location for the project on the property given its proximity to Rippburger Road and the electric distribution lines running adjacent to the site.

I encourage you to contact me directly if you have any questions about the project. I know some people would feel more comfortable asking questions in a one-on-one setting rather than standing up during a public meeting. My cell phone is (847) 414-0134 and my email is bfrench@sunvest.com

I look forward to meeting and talking to you soon.

Sincerely,

Bill French
Regional Director of Project Development

SOLAR PROJECT BASICS

- Solar panels (or “modules”) are 1 meter x 3 meters (or 3.29 feet x 9.87 feet).
- The racking system, which holds the modules in place, are supported by steel “I-beam” pilings driven into the ground. Using steel I-beams minimizes the amount of ground disturbance and generally does not require the use of concrete.
- I-beams driven approximately 8-10 feet into the ground.
- Panels will be 9’-6” tall and will be fixed at an approximate 60 degree angle.
- Panels will have a non-reflective surface to minimize glare, if any.
- Spacing between rows is 16-26 feet depending on the site and surrounding characteristics.
- After construction, ground is seeded and maintained using a native prairie, low growing, pollinator friendly seed mix to minimize erosion and weeds.
- It takes approximately 144 modules, on 6-10 acres of ground, to generate 1 MW of solar power. 1 MW of energy can power 200 homes.
- Modules are maintained twice a year for inspection and cleaning.
- Modules are designed for a 20 to 25-year life span.
- No buildings on-site.
- The site will be secured by a 7’ tall chain link fence with a locked gate.
- There will be no exterior lighting associated with the project.
- Operations and Maintenance is done by remotely via computer connection.
- See attached photos for a typical solar installation detailing the listed information.

The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure and, if a formal complaint is filed under this procedure, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this procedure may forego any informal suggestions and/or attempts to resolve it and may proceed directly to the grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt an equitable resolution of a complaint filed under this policy shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with simultaneous investigation under this policy.

Deadlines

All deadlines under this policy may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, *school business days* means days on which the District's main office is open.

Filing a Complaint

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed.

For any complaint alleging bullying and/or cyber-bullying of students, the Complaint Manager shall process and review the complaint according to Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, in addition to any response required by this policy. For any complaint alleging Sexual harassment or other violation of Board policy 5:20, *Workplace Harassment Prohibited*, the Complaint Manager shall process and review the complaint according to that policy, in addition to any response required by this policy 2:260, Uniform Grievance Procedure.

Investigation

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Complaint manager shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this policy. Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time.

The Superintendent will keep the Board informed of all complaints.

If a complaint contains allegations involving the Superintendent, the written report shall be filed directly with the Board, which will make a decision in accordance with paragraph four of the following section of this policy.

Decision and Appeal

Within 5 school business days after receiving the Complaint Manager's report, the Superintendent shall mail his or her written decision to the Complainant by U.S. mail, first class, as well as the Complaint Manager. *All decisions shall be based upon the preponderance of evidence standard.*

Within 10 school business days after receiving the Superintendent's decision, the Complainant may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board.

Within 30 school business days, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within 5 school business days of the Board's decision, the Superintendent shall inform the Complainant and the accused of the Board's action.

For complaints containing allegations involving the Superintendent, within 30 school business days after receiving the Complaint Manager's report, the Board shall mail its written decision to the Complainant and the accused by first class U.S. mail as well as to the Complaint Manager.

~~This grievance procedure shall not be construed to create an independent right to a Board hearing. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.~~
This policy shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

Appointing Nondiscrimination Coordinator and Complaint Managers

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the District's Title IX Coordinator.

The Superintendent shall appoint at least one Complaint Manager to administer the complaint process in this policy. If possible, the Superintendent will appoint 2 Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

Operational Services

Accounting and Audits

The School District's accounting and audit services shall comply with the *Requirements for Accounting, Budgeting, Financial Reporting, and Auditing*, as adopted by the Ill. State Board of Education (ISBE), State and federal laws and regulations, and generally accepted accounting principles. Determination of liabilities and assets, prioritization of expenditures of governmental funds, and provisions for accounting disclosures shall be made in accordance with government accounting standards as directed by the auditor designated by the Board. The Superintendent, in addition to other assigned financial responsibilities, shall report monthly on the District's financial performance, both income and expense, in relation to the financial plan represented in the budget.

Annual Audit

At the close of each fiscal year, the Superintendent shall arrange to have an audit of the District funds, accounts, statements and other financial matters. The audit shall be performed by an independent certified public accountant designated by the Board and be conducted in conformance with prescribed standards and legal requirements. A complete and detailed written audit report shall be provided to each School Board member and to the Superintendent.

The Superintendent shall annually, on or before October 15, submit an original and one copy of the audit to the Regional Superintendent of Schools.

Annual Financial Report

The Superintendent or designee shall annually prepare and submit the Annual Financial Report on a timely basis using the form adopted by the ISBE. The Superintendent or designee shall review and discuss the Annual Financial Report with the Board before it is submitted.

Inventories

The Superintendent or designee is responsible for establishing and maintaining accurate inventory records. The inventory record of supplies and equipment shall include a description of each item, quantity, location, purchase date, and the cost or estimated replacement cost.

Disposition of District Property

The Superintendent or designee shall notify the Board, as necessary, of the following so that the Board may consider its disposition. (1) District personal property (property other than buildings and land) that is no longer needed for school purposes, and (2) school site, buildings, or other real estate that is unnecessary, unsuitable, or inconvenient. Notwithstanding the above, the Superintendent or designee may unilaterally dispose of personal property of a diminutive value.

Taxable Fringe Benefits

The Superintendent or designee shall: (1) require that all use of District property or equipment by employees is for the District's convenience and best interests unless it is a Board-approved fringe benefit, and (2) ensure compliance with the Internal Revenue Service regulations regarding when to report an employee's personal use of District Property or equipment as taxable compensation.

Controls for Revolving Funds and Petty Cash

Revolving funds and the petty cash system are established in Board policy 4:50, Payment Procedures. The Superintendent shall: (1) designate a custodian for each revolving fund and petty cash fund, (2) obtain a bond for each fund custodian, and (3) maintain the funds in compliance with this policy, State law, and ISBE rules. A check for the petty cash fund may be drawn payable to the designated

petty cash custodian. Bank accounts for revolving funds are limited to a maximum balance of \$500.00. All expenditures from these bank accounts must be directly related to the purpose for which the account was established and supported with documentation, including signed invoices or receipts. All deposits into these bank accounts must be accompanied with a clear description of their intended purpose. The Superintendent or designee shall include checks written to reimburse revolving funds on the Board's monthly listing of bills indicating the recipient and including and explanation.

Control Requirements for Checks

The Board must approve all bank accounts opened or established in the District's or a District school's name or with the District's Federal Employer Identification Number. All checks issue by the School District must be signed by either the Treasurer or Board President, except that checks from an account containing student activity funds and revolving accounts may be signed by the respective account custodian.

Internal Controls

The Superintendent is primarily responsible for establishing and implementing a system of internal controls for safeguarding the District's financial condition; the Board, however, will oversee these safeguards. The control objectives are to ensure efficient business and financial practices, reliable financial reporting, and compliance with State law and Board policies, and to prevent losses from fraud, waste, and abuse, as well as employee error, misrepresentation by third parties, or other imprudent employee action.

The Superintendent or designee shall annually audit the District's financial and business operations for compliance with established internal controls and provide the results to the Board. The Board may from time to time engage a third party to audit internal controls in addition to the annual audit.
