Dear Chief Robeson and Superintendent Tolan:

The Knappa High School football team played at Toledo High School on September 1, 2023. During the game, one of the Knappa players experienced extreme medical distress.

We are writing to thank the Toledo Volunteer Fire Department for the quality response to this incident and precautions taken to provide care for our student athlete during this incident. I also wish to complement the Toledo High School athletes and school leadership for their sportsmanship during the event.

The involved athlete is recovering and back to school now.

We appreciate the dedication and training showed by the medical team and the fact that Toledo High School students, athletes and community were a "class act."

When it comes to high school athletics, we all want what is best for the student athletes, those representing our own school or those of the "opposing team." The events of that night demonstrate that we are all in this together and for that we are thankful.

With gratitude,

Empowering Education: The Success of Grow Your Own in the Lincoln County School District (/ospa-blog/2023/9/1/empowering-education-the-success-of-grow-your-own-in-the-lincoln-county-school-district)

Lincoln County School District's Grow Your Own program, led by OSPA members Tiana DeVries, HR Director, and Jennie Williams, HR Specialist and 2018 OSPA HR Specialist of the Year, is a local success story that is making waves in the Oregon school district landscape. This program has not only become a steppingstone for professional development but is also helping to diversify the education workforce, remove barriers, and strengthen the community. Here we will explore a few key factors contributing to its success and discover what recommendations Tiana and Jennie have for Oregon school districts considering, planning, or implementing a Grow Your Own program.

The Journey of Grow Your Own

The momentum of Lincoln County School District's Grow Your Own program was initiated by a Meyer Memorial Grant awarded in 2018 and implemented in collaboration with Oregon Coast Community College (<https://yachatsnews.com/lincoln-county-school-district-community-college-try-to-grow-their-own-educators-through-teach-at-the-beach-program/>). This in grant laid the foundation for the current Grow Your Own program by replicating an established, successful nursing education pathway. The key was to create an AAOT (Associate of Arts Oregon Transfer) degree that could be seamlessly transferred to Oregon universities with education programs, and specifically, Western Oregon University, for students to obtain their teaching credentials.

Chandler Turner, a student at Western Oregon University, also works as a substitute teacher in the Lincoln County School District after the district sponsored him to receive an emergency teaching license. He often teaches in the same rooms he was once a student in, working alongside teachers who knew him as a much younger man.

Previous classified employee Ashlee Contee earned her Bachelors through GYO and is a counselor in LCSD

In 2020, the Oregon Department of Education (ODE) further boosted the program with funding to support classified staff. The focus was on diversity —embracing individuals with various backgrounds, including race, ethnicity, interrupted education, single parenthood, and other barriers. The collaborative work between Oregon Coast Community College and Lincoln County School District is a cornerstone in this endeavor by offering essential support and resources to participants.

Breaking Down Barriers

One of the most remarkable aspects of Lincoln County School District's Grow Your Own program is its commitment to breaking down barriers that often hinder educational pursuits. For many classified staff members, time is a precious commodity. The cost of higher education is only one barrier. Juggling familial responsibilities and other jobs makes it even more challenging to pursue a degree. The program addresses this by allowing participants to attend face-to-face or synchronous classes without losing pay or benefits. This flexibility is a game-changer, especially for those who are parenting alone, share a single car or need time to study outside school hours.

The Location Challenge

Location is also a common barrier, especially in rural areas. To address this, Grow Your Own recognizes the need to extend its reach beyond traditional boundaries and dispel a common myth that the only positions in the education workforce that require a degree are classroom teachers and administrators. By helping all Lincoln School District employees learn about the variety of professional positions that comprise the education workforce, the possibilities for professional growth are abundant – employees discover that they do not need to leave their community in order to achieve their career aspirations.

Key Recommendations for Oregon School Districts

Tiana and Jennie share just a few of their insights with districts that are:

1. **Contemplating *Grow Your Own*:** Consider how you might ease the prerequisites for entry into the program. Many interested classified staff members are new to the field, and the Grow Your Own program can serve as a bridge to a fulfilling, long-term career in your district. If there is a district employment time requirement, say for example one or two years, motivated classified staff may seek other opportunities before they are eligible for Grow Your Own.

Another consideration is to let go of an employee's work commitment to the district tied to the completion of Grow Your Own. Making career growth possible benefits not only the participants, but also the community, and students they serve. For example, in the Lincoln County School District, there are many employee spouses who are Coast Guard and might be required to transfer. The employee's obligation to the Grow Your Own program upon completion might become an unintended barrier with negative PR.

Flexibility is key—create an environment where participants don't feel forced to quit due to the program's demands. Recruitment and retention, especially for classified staff, can be enhanced with Grow Your Own by offering paid classes and dedicated time for learning.

2. **Planning:** Ensuring a focus on and providing active advising is essential. Jennie has played an invaluable advising role, taking the time to understand the diverse background of each individual Grow Your Own participant and helping to tailor the program to meet their needs. This is especially important when helping to navigate a path between an associate and bachelors' program.
3. **Implementing Best Practices:** In the Lincoln County School District, secretaries, volunteers, and principals have been indispensable as Grow Your Own recruiters. Their face-to-face interaction with new hires is key to identifying prospective Grown Your Own participants' career goals. An emphasis on helping new hires and staff learn about the various licensed positions has been eye-opening to prospective participants who find out that there are education workforce positions that align with their future career goals.

Because flexibility and support is crucial, allocating grant funds to cater to specific building needs has been vital.

The remarkable success of Lincoln County School District's Grow Your Own program showcases the transformative power of education. By removing barriers, embracing diversity, meeting school district employees where they are, and cultivating strong community connections, this initiative is not only shaping the local education workforce, but also influencing the next generation. In fact, Lincoln County School District just hired its first full-time teacher who was part of the inaugural 2018 Grow Your Own program.

As other school districts in Oregon explore, plan, or implement similar programs, they can draw inspiration from Lincoln County School District's journey. Tiana DeVries and Jennie Williams welcome OSPA members' requests to learn more about their Grow Your Own experience. Education is a shared endeavor that thrives when nurtured and Grow Your Own is a testament to that spirit.

Hi Eddie,

Below are the educator shout-outs we'll be sharing tonight at the board meeting. I also have a couple (blurry) pictures from NHS to share as well!

Toledo MS Teachers: 7th Grade Orientation

A teacher wants to give kudos to our Toledo middle school teachers who recognized that our first day might not be the most inviting for our incoming 7th graders. They got together as a team and planned a schedule that allowed for fun AND learning for their first day in our building!

Ben Ryan and Felecia Todd: Newport High School LINK Crew

Ben and Felecia run our LINK Crew, the students that help transition freshmen into their life as a Cub. It is a massive undertaking that culminates in our Freshman Orientation day, which was so awesome this year! Our freshmen feel warmed and welcomed, and it is all thanks to them and their team of more than 50 upperclassmen.

Phone Free Campus

Personal Electronic Device Policy

NEW - Students will be following the current LCSD “Personal Electronic Device” policy at Taft. To assist with this policy, Taft will be issuing a Yondr Pouch to all student for the duration of the school day.

How it works?

The Yondr Program utilizes a simple, secure pouch that stores a phone.

Every student will secure their phone in a personally assigned Yondr pouch when they arrive at school. Students will maintain possession of their phones and will not use them until their pouches are opened at the end of the school day. Students are required to bring their Yondr pouch to and from school each day and are responsible for their pouch at all times.

As students enter school, they place their phone in their assigned Yondr Pouch.

Students close and secure their Pouch, keeping it on them throughout the day.

When leaving school, students tap their Pouch on a Base to retrieve their phone.

5.d. First Student Report (Written)

Talking Points-Please contact me at Darleen.vanriper@firstgroup.com with any comments or questions

1. First Student Summer in Pictures

2. Getting Ready for SY 2023/2024

Since August 14, 2023, all First Student employees were busy getting ready for the new school year. It all started with our Kick-off meeting, during which Dr. Tolan shared her bus driving experiences us, and how she became the audience of her very own Taylor Swift Concert.

For the remainder of August, our drivers prepared themselves and their buses with the annual Bus Olympics. Activities include taking the bus through the mirror grid to adjust all seven of their mirrors, learning & practicing chaining of the buses, cleaning & sanitizing of their vehicle, and completing a composite of their assigned asset (just like we do when we rent a car).

3. Versatrans & R2X

No, this is not a Starwars episode...Versatrans is our routing program and R2X is our brandnew routing request system. During the Secretaries' training on 08/08/2023, LCSD was introduced to the R2X. The district's transportation staff received their login information through First Planning Solutions, and new staff also received their login credentials for Versatrans, so they can print out their daily transportation reports.

With a few minor hiccups, we are steadily helping all LCSD staff to get logged into the systems.

4. Driver/Candidate Comparison Report (as of 09/07/2023)

	6/5/2023		9/7/2023	
Lincoln County Bus Routes	73	Driver Shortage	73	Driver Shortage
Drivers on hand (as of 09/07/2023, LOA excluded)	55	18	46	27
Out of Town Drivers	3	15	0	27
Routes not currently serviced (combos)	14	1	20	7
Other Considerations:				
Cover Drivers positions not staffed	3	21	4	31
Route Monitor positions not staffed	0		5	
Drivers on LOA/FMLA/WC (Regular & Casual)	4		3	
Casual Drivers with limited availability	7		6	
LCSD & FS Staff (1 & 9) Available to Drive	8		9	

Please note that this information is subject to frequent changes.

As the data shows, we we had lots of movement in our staffing and routing. Because we ended the year with all FS staff on routes and without having concrete numbers for the beginning of the school year, we worked on combo-loops. Figuring out which routes could drop off students before heading to other schools helped us manage student load counts in a way that allowed us to combine routes. The twenty routes that are currently not serviced do not only include the looping routes, but also those routes that we are currently not servicing due to students not having registered, yet. Eventually, we will be back up to sixty routes.

To begin the school year we have the following staff cover routes: Kim Bolden, ALM; Sheila Morris, LSM; Donald Ayarza, SM; Brenda Porter, Dispatcher; Karen Howard, Dispatcher; Eric Treve, Tech; Dave Pearson, Tech; Annette Brooks-Flatt, LCSD Staff (as needed with prior approval from Rich Belloni); and Darleen Van Riper, LM (W76). Fortunately, we have eight candidates in the pipeline at varying stages. Mona Miller and Lisa Loring are our dispatchers until we can get the candidates through training. At that point, we hope that staff can be relieved from driving.

Athletic Trips and Fieldtrips are also filling up the schedule which is always a juggle of drivers. Susan VanLiew assists us with communications of trip priorities. What we cannot cover with our drivers, we try to either combine or refer to Type 20 usage. Many coaches have their Type 20 certificates, so they can help by driving their activity vehicles. If that doesn't work, we outsource to receiving locations...and we are off to another adventure!

5. Losing our Resident Cowboy

During the summer, Lawrence Patchen, Jr., driver of E54, passed away after a very short and intense fight with cancer. He was the guy who was ready to jump on whatever we asked him to do. We will miss him greatly.

Discrimination Complaint Procedure

Complaints regarding discrimination or harassment, on any basis protected by law, shall be processed in accordance with the following procedures:

Step 1: {¹} Complaints may be oral or in writing and must be filed with the principal or administrator. Any staff member that receives an oral or written complaint shall report the complaint to the principal or administrator.

The principal or administrator shall investigate and determine the action to be taken, if any, and reply in writing, to the complainant within 10 school days of receipt of the complaint.

Step 2: If the complainant wishes to appeal the decision of the principal or administrator, the complainant may submit a written appeal to the superintendent or designee within five school days after receipt of the principal's or administrator's response to the complaint.

The superintendent or designee shall review the principal's or administrator's decision within five school days and may meet with all parties involved. The superintendent or designee will review the merits of the complaint and the principal's or administrator's decision. The superintendent or designee will respond in writing to the complainant within 10 school days.

Step 3: If the complainant is not satisfied with the decision of the superintendent or designee, a written appeal may be filed with the Board within five school days of receipt of the superintendent's or designee's response to Step 2. The Board may decide to hear or deny the request for appeal at a Board meeting. If the Board decides to hear the appeal, the Board may meet with the concerned parties and their representative at the next regular Board meeting. The Board's decision will be final and will address each allegation in the complaint and contain reasons for the Board's decision. A copy of the Board's final decision shall be sent to the complainant in writing or electronic form within 5 days of receipt of the appeal by the Board.

If the principal or administrator is the subject of the complaint, the individual may start at Step 2 and should file a complaint with the superintendent or designee.

{¹ For district information. The district's timeline established by each step of the district's complaint procedure must be within 30 days of the submission of the complaint at any step, unless the district and complainant have agreed in writing to a longer time period for that step. The district's complaint procedure should not exceed a total of 90 days from the initial filing of the complaint, regardless of the number of steps involved, unless the district and the complainant have agreed in writing to a longer time period. (OAR 581-002-0005)}

If the superintendent is the subject of the complaint, the complaint may start at Step 3 and should be referred to the Board chair. The Board may refer the investigation to a third party.

Complaints against the Board as a whole or against an individual Board member, may start at Step 3 and should be submitted to the Board chair. Complaints against the Board chair may start at Step 3 and be referred directly to the Board vice chair.

The timelines established in each step of this procedure may be extended upon mutual consent of the district and the complainant in writing, but will not be longer than 30 days from the date of the submission of the complaint at any step. The overall timeline of this complaint procedure may be extended beyond 90 days from the initial filing of the complaint upon written mutual consent of the district and the complainant.

The complainant, if a person who resides in the district or a parent or guardian of a student who attends school in the district or a student, is not satisfied after exhausting local complaint procedures, the district fails to render a written decision within 30 days of submission of the complaint at any step or fails to resolve the complaint within 90 days of the initial filing of the complaint, may appeal² the district's final decision to the Deputy Superintendent of Public Instruction under Oregon Administrative Rules (OAR) 581-002-0001 – 581-002-0023.

Charter Schools of which the District Board is a Sponsor

The district Board will not review an appeal of a decision reached by the Board of the Charter School on a complaint alleging a violation of Oregon Revised Statute (ORS) 659.850 or Oregon Administrative Rule (OAR) 581-021-0045 or 581-021-0046 (Discrimination), for which the district Board has jurisdiction, and recognizes a decision reached by the Board of the charter school as the district Board's final decision. A final decision reached by this district Board may be appealed to the Oregon Department of Education under OAR 581-002-0001 - 581-002-0023.

² An appeal must meet the criteria found in OAR 581-002-0005(1)(a).

LCSD Board Goals

Academic Achievement and Student Success

Increase Attendance

- Each school will increase attendance of regular attenders by 5% each year or reach and maintain 90%, which will be measured by 90% of the students attending 90% of the time each year for the next three years.

Increase Graduation Rates

- Each LCSD high school will improve their four-year cohort graduation by 3% each year or reach and maintain 90% over the next three years.

-The goal will be reached when we get to 95% or greater for a four-year cohort graduation rate in all schools.

-Increase 9th grade on track at each high school by 10% per year.

-Increase Dual Credit attainment by 5% per year.

Increase implementation of Positive Behavior Interventions and Supports (PBIS) and Social/Emotional multi-tiered systems of support

- All K-8 schools will utilize the DESSA-full to plan and implement small-group interventions with approximately 5% of students, to be tracked through MTSS multi-student plans in Synergy.

-All schools will implement the Check In/Check Out (CICO) Tier 2 intervention and/or Check and Connect intervention with approximately 5-10% of students.

-All schools will self-assess & receive district feedback re: fidelity of implementation of Tier 1 and Tier 2 meetings

Align K-12 Mathematics

- By June of 2023, 100% of K-6 classrooms will have the newly adopted math curriculum fully implemented in their classrooms. All teachers will have access to teacher created resources such as pacing & assessment guides, unit plans, and professional development to support implementation. Teachers will also be provided PD opportunities from both the curriculum publisher as well as the K-6 District Math TOSA.

-By June of 2023, all 7th Grade - Integrated 3 math classrooms will have fully implemented curriculum maps with a minimum of three common formative assessments that included information pertaining to mathematical computation and mathematical literacy.

Continue to Align K-12 Advancement Via Individual Determination (AVID) Implementation and Strategies

- Our classrooms will have evidence of AVID Academic Language and Literacy strategies being implemented on average between a level 2 and 3 on a 4 point scale.

- Walk through data will be used as a measure for this goal. Elementary and Secondary walkthroughs will also use literacy (reading, writing, listening/speaking) as measures.

-Increase student academic engagement as measured by school by school and class by class observations and walkthroughs of instructional work in classrooms-measure student engagement of multiple types (AVID, etc.).

-Increase community engagement around student success as measured by community surveys two times this school year, attendance at community listening sessions/meetings during the year, participation on Site Council and other school or district based committees.

-Maximize the instructional value of the investment in “teachnology” via the full implementation of the Triple E Framework as measured by evidence of the use of online systems in K-12 classrooms that score at or above 13 out of 18 points on the Triple E Evaluation Rubric.

· **Create an Equity Lens and accompanying AR and implement district wide while Providing Culturally Specific Outreach to our Growing Diverse Community**

For more information, please refer to LCSD Policy: [IGDJ](#)

ATTENDANCE

Attendance matters for students at all grade levels. Students who attend school regularly are more likely to read at grade level and build a strong foundation that takes them all the way through high school graduation. LCSD aligns our attendance policies and procedures with guidance provided by the Oregon Department of Education and the Every Day Matters campaign. “Chronically absent” means missing 10% or more of the school year (18 days). LCSD aims to have all students attend school regularly (greater than 90% of school days), because School + You = Success!

COMPULSORY ATTENDANCE

Except as provided in Oregon law all children between the ages of 6 and 18 years who have not completed the 12th grade are required to regularly attend a public full-time school during the entire school term. All students five years of age who have been enrolled in a public school are required to attend regularly while enrolled in the public school.

Exemptions from compulsory school attendance are detailed in LCSD Policy: [JEA](#)

EXCUSED & UNEXCUSED ABSENCES

All absences, whether excused or unexcused, contribute to a student’s attendance rate and affect his/her overall educational success. Parents and guardians are urged to schedule appointments, family vacations, etc. on non-instructional days to minimize student absences.

For more information, including a list of approved reasons for excused absences, please refer to LCSD Policy: [JEA-AR](#) and Policy [JED](#)

GRADE REDUCTION & CREDIT DENIAL

Regular attendance is valuable in school and work. The district may establish grading policies that permit teachers to consider a student’s attendance in determining the student’s grade, but student attendance may not be the sole criterion.

For more information, please refer to LCSD Policy: [IKAD](#) and [IKAD-AR](#)

NOTIFICATION OF ABSENCES

Parents/Guardians are asked to contact the school to notify the attendance secretary of the reason for any student absence, regardless of the length of the absence. Pre-Arranged Absence Forms can be found in the Family Resources section of the LCSD website, or at any school office. Schools will notify parents/guardians by the end of the school day if their child has an unplanned/unexplained

absence. The notification may be in person, by telephone, email, text notification or another method.

For more information, please refer to LCSD Policy: [JED](#)

RE-ADMITTANCE AFTER ABSENCES

After an absence, parents/guardians may be asked to provide documentation or an explanation of the reason for the absence. Students who are absent for 10 consecutive days (excused or unexcused) are by OAR withdrawn from school for state accounting purposes. This does not release them from the requirement to attend school. Upon return, these students may be required to re-enroll.

For more information, please refer to LCSD Policy: [JEA-AR](#)

TRUANCY & STATE LAW

School officials will encourage regular student attendance, but compliance with Oregon laws, district, and building policy regarding attendance is the responsibility of the student and his/her parent. Failure to send a student and to maintain a student in regular attendance is a Class C violation. School teams will monitor attendance and take actions, up to and including activating truancy procedures when applicable, to encourage improved attendance.

For more information, please refer to LCSD Policy: [JEA](#) & [JEA-AR](#)

BEHAVIOR & DISCIPLINE

Our behavior management system creates and fosters healthy relationships that enable students to develop self-discipline necessary to remain in school and to function successfully in their educational and social environments.

For more information, please refer to LCSD Policy: [JG](#) and [JG-AR](#)

In order to support both students and staff, Lincoln County School District utilizes the Positive Behavior Intervention and Support (PBIS) framework to define, teach and support appropriate student behaviors to create positive school environments. Examples of PBIS actions include:

- 3-5 positively stated school-wide rules (example: Be Safe, Be Respectful, Be Responsible)
- School-wide routines and procedures are established, including visuals for grades K-3
- Students are taught the expected behaviors across all settings, multiple times per year
- Staff regularly provide feedback and positive acknowledgement to students
- Schools develop different levels of response to provide behavioral supports that help students develop skills and maintain relationships

CODE OF CONDUCT

Through the PBIS framework, students are explicitly taught expected behaviors multiple times during the year, in applicable settings.

For complete descriptions of expected behaviors, please see LCSD Policy: [JFC-AR](#) (Student Code of Conduct).

Students are subject to discipline for conduct while traveling to and from school, at the bus stop, at school-sponsored events, while at other schools in the district and while off campus, whenever such conduct causes a substantial and material disruption of the educational environment or the invasion of rights of others. The following conduct will constitute grounds for disciplinary action. This list is not intended to contain all conduct that may be grounds for disciplinary action. The policies and procedures listed provide more information on specific behaviors.

REGISTRATION

STUDENT FEES, FINES AND CHARGES

The Board recognizes the need for student fees to fund certain school activities, which are not sufficiently funded by the district. No student will be denied an education because of his/her inability to pay supplementary fees. No student, however, is exempt from charges for lost or damaged books, locks, materials, supplies, and equipment.

All student fees and charges, both optional and required, will be listed and described annually in the student/parent handbook, or in some other written form, and distributed to each student. Students will be advised of the due dates for such fees and charges as well as of possible penalties for failure to pay them.

Information and notices regarding student fines, fees and charges may also be listed in detail in our registration materials.

The criteria listed below shall be used in developing budget needs for programs and activities and the fees where a maximum has not been set:

1. Schools will comply with adopted statutes, specifically Oregon Revised Statute (ORS) 339.141 and ORS 337.150
2. Schools will treat all students fairly and equally, complying with District equity policies.
3. All schools will follow this standard set of procedures for assessing student fees.
4. No fees shall be charged for required and elective courses for which grades and/or credit is earned, even if supplies may eventually become the property of the student.
 - a. Students wishing maximum freedom of creativity, self-expression and personal choice may choose to select and purchase/provide their own supplies.
 - b. Interested students who do not purchase their own supplies should enroll in these courses anyway. Supplies will be made available for them by the school to complete the course requirements.
5. No fee will be charged for required field trips.
6. No fees shall be charged for textbooks that are required in the regular full-time day program.

7. Fee schedules show the maximum fee that may be charged for the specified item/activity. Based on the activity budget and needs of a school, these fees may vary in amount but may not exceed the maximum fee.
8. Towel fees are assessed with the purpose of purchasing locker room towels, operating a washer/dryer on site, and to set aside funds for future replacement of washer/dryers. This fee can only be collected if the school makes towels available to students.
9. Yearbook/Annual fees are assessed on the basis of actual cost to produce an Annual. A budget is prepared which allows for operating costs and future replacement of equipment used in Yearbook/Annual preparation.
10. Lock/hasp and locker fees are assessed to repair and replace equipment.
11. Physical education uniform fees may be charged if the student chooses not to provide his/her own uniform and one is required. Uniforms that could damage or injure property or other students are not permitted.
12. Student Body Activity Card fees are assessed to fund student activities within the school and may not be required for participation in any school activity.
13. A family that believes that payment of school fees/fines creates a severe hardship may request to waive the payment of fees or apply for available "scholarships" when eligible.

STUDENT DRESS CODE

Dress Code Philosophy:

Lincoln County School District's student dress code supports equitable educational access and is written in a manner that does not reinforce stereotypes. To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size.

Our Values:

- All students should be able to dress comfortably for school and engage in the educational environment without fear of or actual unnecessary discipline or body shaming.
- All students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.
- Teachers should focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
- Student dress code enforcement should not result in unnecessary barriers to school attendance.
- Reasons for conflict and inconsistent discipline should be minimized whenever possible.
- Consistent expectations for the dress code and equitable enforcement of the dress code.

Dress Code Goals:

- Maintain a safe learning environment in classes where protective or supportive clothing/footwear is needed, such as chemistry/biology (eye or body protection), dance (bare feet, tights/leotards), PE (athletic attire/shoes), or CTE (close toed shoes, hair net, etc.).
- Allow students to wear clothing of their choice that is comfortable and within the requirements of the dress code.
- Allow students to wear clothing that expresses their self-identified gender.
- Allow students to wear religious attire without fear of discipline or discrimination.
- Prevent students from wearing clothing or accessories with offensive images or language, including profanity, hate speech, and pornography.

- Prevent students from wearing clothing or accessories that denote, suggest, display or reference alcohol, drugs, or related paraphernalia or other illegal conduct or activities.
- Prevent students from wearing gang-affiliated clothing or paraphernalia.
- Ensure that all students are treated equitably regardless of race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size.

Re: Underwriter/Placement Agent Engagement Letter
General Obligation Bonds to be on the Ballot in 2024 through 2029 (the "Bonds")

Dear Kim:

On behalf of Piper Sandler & Co. ("Piper Sandler" or "we"), we wish to thank you for the opportunity to serve as an underwriter or placement agent for Lincoln County School District (the "Issuer") for the issuance of the Bonds. We understand that the decision to either sell the Bonds in a private placement to a single or limited number of investors or conduct a public sale of the Bonds will be made by you sometime in the future. This letter is intended to describe our engagement for either method of sale.

1. **Scope of Services.** The Issuer hereby engages Piper Sandler to serve as an underwriter or placement agent for the Bonds and in such capacity Piper Sandler agrees to provide the following services:
 - a. Developing a financing plan for the Bonds and assisting the Issuer in determining the economic impact of the Bonds.
 - b. Advice concerning structure, timing, terms and other similar matters concerning the Bonds, including recommendations as to maturities, interest rates, structure, security, timing, and amount of proceeds needed to implement your project.
 - c. Reviewing and making comments with respect to sale documents, as applicable, including Ballot Titles, Explanatory Statements, Authorizing Bond Resolutions, bond declarations and indentures and other underlying documents relating to the Bonds.
 - d. Developing a sale schedule that incorporates all aspects of bringing Bonds to market and arranging for a successful closing of the transaction.
 - e. Assisting the Issuer in determining whether to pursue a public sale or a private placement to a bank or other financial institution, based upon the facts and circumstances in evidence at that time.
 - f. For a public sale, assisting in the preparation of the preliminary and final Official Statements to be issued by the Issuer relating to Bonds for final approval by the Issuer and its agents, including bond counsel regarding same.
 - g. Assisting in making presentations to rating agencies with respect to the Bonds if applicable.
 - h. Evaluating and making recommendations to the Issuer concerning the use of bond insurance and any other available credit enhancements, if applicable.
 - i. For a public sale, distributing preliminary and final Official Statements and other documents to a broad list of institutions, banks, trusts, insurance companies, investment counselors, and other prospective investors in Bonds.
 - j. For a public sale, forming, if deemed appropriate by Piper Sandler and the Issuer, an underwriting group for the purpose of underwriting the Bonds, and informing the Issuer as to the membership of any group so formed.
 - k. For a public sale, developing a marketing plan for the offering, including identification of potential investors.
 - l. Contacting potential investors, including those that might be considering a private placement, providing them with offering-related information, responding to their inquiries and, if requested, coordinating their due diligence sessions.
 - m. Negotiating the pricing, including the interest rate, and other terms of Bonds.

- n. For a public sale, obtaining CUSIP number(s) for Bonds and arranging for their DTC book-entry eligibility.
 - o. Providing a final schedule of debt service payments for Bonds.
 - p. Reviewing and making comments with respect to closing documents prepared by Bond Counsel.
 - q. Planning and arranging for the closing and settlement of the issuance and the delivery of Bonds.
 - r. Other activities that are integral to the purchase and distribution of the Bonds and activities integral to fulfilling the role of placement agent or underwriter including under the antifraud provisions of the federal securities laws and the obligations of Piper Sandler under MSRB rules.
2. **Term and Termination.** The term of this engagement shall begin on the date of this letter until the earlier of: the termination by either party as described below or until the end of the underwriting period or date of sale for each series of Bonds. Either party may terminate Piper Sandler's engagement at any time without liability or penalty upon at least 30 days' prior written notice to the other party. If Piper Sandler's engagement is terminated by the Issuer, the Issuer agrees to reimburse Piper Sandler for its out-of-pocket expenses (e.g., travel requested by the Issuer for in-person meetings) incurred until the date of termination. Both parties agree that with respect to any specific series of Bonds, this letter will be replaced and superseded by any bond purchase or placement agreement entered into by the parties (the "Purchase Agreement" or "Placement Agent Agreement") if and when the Bonds are priced.
3. **Miscellaneous.** You agree that the advice provided pursuant to this engagement should not be construed as advice as to whether you should approve or authorize the Bonds. The parties agree that we are not making a final commitment to underwrite or place securities until certain events have occurred including among other things, a successful bond authorization and, satisfactory completion and execution of all final documentation for an offering and credit approval. This Agreement is therefore not a final commitment by us express or implied, to underwrite, place or purchase any securities. This Agreement will be governed by, and construed in accordance with, the laws of the State of Oregon, without regard to conflicts of law principals to the extent that the application of the laws of another jurisdiction would be required thereby. The Issuer and Piper Sandler each hereby irrevocably waive any right they may have to a trial by jury in respect of any claim based upon or arising out of this Agreement or the transactions contemplated hereby. This Agreement may not be assigned by either party without the prior written consent of the other party. This Agreement embodies the entire agreement and understanding between the parties hereto and supersedes all prior agreements and understandings relating to the subject matter hereof. If any provision of this Agreement is determined to be invalid or unenforceable in any respect, such determination will not affect such provision in any other respect or any other provision of this Agreement, which will remain in full force and effect. This Agreement may not be amended or otherwise modified or waived except by an instrument in writing signed by both Piper Sandler and the Issuer.
4. **MSRB Disclosures.** As required by the Municipal Securities Rulemaking Board (MSRB) Rule G-17 in accordance with MSRB Notice 2012-25 (May 7, 2012) we are providing you with certain disclosures relating to the issuance of the Bonds. Under new federal regulations, all underwriters and placement agents are now required to send the following disclosures to you (as the Issuer of the Bonds) in order to clarify with you the role of a placement agent or underwriter and other matters relating to an underwriting or placement of the Bonds.

Piper Sandler intends to serve as a placement agent or underwriter respecting the Bonds and not as a financial advisor or municipal advisor to you. As part of our services as a placement agent or underwriter, Piper Sandler may provide advice concerning the structure, timing, terms, and other similar matters concerning an issue of municipal securities that Piper Sandler is underwriting or placing.

Our Role as Placement Agent:

If we are serving as a placement agent or underwriter for the Bonds, these are some important disclosures that clarify our role and responsibilities:

- (i) MSRB Rule G-17 requires us to deal fairly at all times with both municipal issuers and investors;
- (ii) Our primary role in this transaction is to facilitate the sale and purchase of municipal securities between you and one or more investors for which we will receive compensation;
- (iii) Unlike a municipal advisor, we do not have a fiduciary duty to you under the federal securities laws and are, therefore, not required by federal law to act in your best interests without regard to our own financial or other interests;
- (iv) We have a duty to arrange the purchase securities from you at a fair and reasonable price, but must balance that duty with our duty to arrange the sale to investors at prices that are fair and reasonable; and
- (v) In the event an official statement is prepared, we will review the official statement for your securities in accordance with, and as part of, our responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of the transaction.

Our Role as Underwriter:

If we are serving as an underwriter for the Bonds, these are some important additional disclosures that clarify our role as an underwriter:

- (i) MSRB Rule G-17 requires an underwriter to deal fairly at all times with both municipal issuers and investors;
- (ii) The underwriter's primary role is to purchase securities with a view to distribution in an arm's-length commercial transaction with the Issuer and it has financial and other interests that differ from those of the Issuer;
- (iii) Unlike a municipal advisor, the underwriter does not have a fiduciary duty to the Issuer under the federal securities laws and is, therefore, not required by federal law to act in the best interests of the Issuer without regard to its own financial or other interests;
- (iv) The underwriter has a duty to purchase securities from the Issuer at a fair and reasonable price, but must balance that duty with its duty to sell municipal securities to investors at prices that are fair and reasonable; and
- (v) The underwriter will review the official statement for the Issuer's securities in accordance with, and as part of, its responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of the transaction.

Our Compensation:

We will be compensated by a fee and/or an underwriting discount that will be set forth in the agreement to be negotiated and entered into in connection with the issuance of the Bonds. Payment or receipt of the underwriting fee or discount will be contingent on the closing of the transaction and the amount of the fee or discount may be based, in whole or in part, on a percentage of the principal amount of the Bonds. While this form of compensation is customary in the municipal securities market, it presents a conflict of interest since the underwriter or placement agent may have an incentive to recommend to the Issuer a transaction that is unnecessary or to recommend that the size of the transaction be larger than is necessary.

Conflicts of Interest:

If the Bonds are sold via a public sale, the following additional disclosures apply:

We have entered into a separate agreement with Charles Schwab & Co., Inc. that enables Charles Schwab & Co., Inc. to distribute certain new issue municipal securities underwritten by or allocated to us which could include the Bonds. If a public offering of the Bonds is made, we could share with Charles Schwab & Co., a portion of the fee or commission paid to us as underwriter.

Risk Disclosures:

In accordance with the requirements of MSRB Rule G-17, attached to this letter as Appendix A is a description of the material aspects of a typical fixed rate offering, including the Bonds. This letter may be later supplemented if the material terms of the Bonds change from what is described here.

If you have any questions or concerns about these disclosures, please make those questions or concerns known immediately to me. In addition, you should consult with your own financial, legal, accounting, tax and other advisors, as applicable, to the extent you deem appropriate.

It is our understanding that you are authorized or are expected to be authorized to sign the bond purchase agreement with us. If our understanding is incorrect, please notify the undersigned immediately.

Thank you.

Sincerely,

Carol Samuels, Managing Director
Piper Sandler & Co.

Appendix A – G-17 Disclosure

Thank you for engaging Piper Sandler & Co. to serve as your underwriter or placement agent. We are writing to provide you with certain disclosures relating to the captioned bond issue (Bonds), as required by Municipal Securities Rulemaking Board (MSRB) Rule G-17 as set forth in MSRB Notice 2019-20 (Nov. 8, 2019).¹

Piper Sandler & Co. intends to serve as an underwriter or placement agent, and not as a financial advisor or municipal advisor, in connection with the issuance of the Bonds. As part of our underwriting services, we may provide advice concerning the structure, timing, terms, and other similar matters concerning the issuance of the Bonds.

The following G-17 conflict of interest disclosures are now broken down into three types, including: 1) dealer-specific conflicts of interest disclosures (if applicable); 2) transaction-specific disclosures (if applicable); and 3) standard disclosures.

If Piper Sandler is engaged to act as your underwriter in a negotiated underwriting, by engaging Piper Sandler as your underwriter, you determined to sell the Bonds by negotiated sale. A negotiated sale is the sale of a new issue of municipal securities by an issuer directly to an underwriter or underwriting syndicate selected by the issuer. A negotiated sale is distinguished from a sale by competitive bid, which requires public bidding by the underwriters. Piper Sandler did not advise you as to what method of sale (competitive or negotiated sale) you used for this issuance of municipal securities.

Dealer-Specific Conflicts of Interest Disclosures

Piper Sandler has identified the following actual or potential² material conflicts of interest:

- We have entered into a separate agreement with Charles Schwab & Co., Inc. that enables Charles Schwab & Co., Inc. to distribute certain new issue municipal securities underwritten by or allocated to us which could include the Bonds. Under that agreement, we will share with Charles Schwab & Co., a portion of the fee or commission paid to us.

Transaction-Specific Disclosures

- Disclosures Concerning Complex Municipal Securities Financing:
 - Since we have recommended to the Issuer/Obligor a financing structure that may be a “complex municipal securities financing” for purposes of MSRB Rule G-17, attached is a description of the material financial characteristics of that financing structure as well as the material financial risks of the financing that are known to us and reasonably foreseeable at this time.

Standard Disclosures

- Disclosures Concerning the Underwriters’ Role:
 - MSRB Rule G-17 requires an underwriter to deal fairly at all times with both issuers and investors.
 - The underwriters’ primary role is to purchase the Bonds with a view to distribution in an arm’s-length commercial transaction with the Issuer. The underwriters have financial and other interests that differ from those of the Issuer.

¹ Revised Interpretive Notice Concerning the Application of MSRB Rule G-17 to Underwriters of Municipal Securities (effective Mar. 31, 2021).

² When we refer to *potential* material conflicts throughout this letter, we refer to ones that are reasonably likely to mature into *actual* material conflicts during the course of the transaction, which is the standard required by MSRB Rule G-17.

- Unlike a municipal advisor, an underwriter does not have a fiduciary duty to the Issuer under the federal securities laws and is, therefore, not required by federal law to act in the best interests of the Issuer without regard to its own financial or other interests.
 - The Issuer may choose to engage the services of a municipal advisor with a fiduciary obligation to represent the Issuer's interest in this transaction.
 - The underwriters have a duty to purchase the Bonds from the Issuer at a fair and reasonable price but must balance that duty with their duty to sell the Bonds to investors at prices that are fair and reasonable.
 - The underwriters will review the official statement for the Bonds in accordance with, and a part of, their respective responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of this transaction.³
- Disclosures Concerning the Placement Agent Role:
 - MSRB Rule G-17 requires us to deal fairly at all times with both municipal issuers and investors.
 - Our primary role in this transaction is to facilitate the sale and purchase of municipal securities between you and one or more investors for which we will receive compensation.
 - Unlike a municipal advisor, a placement agent does not have a fiduciary duty to the Issuer under the federal securities laws and is, therefore, not required by federal law to act in the best interests of the Issuer without regard to its own financial or other interests.
 - The placement agent has a duty to purchase the Bonds from the Issuer at a fair and reasonable price but must balance that duty with their duty to sell the Bonds to investors at prices that are fair and reasonable.
 - In the event an official statement is prepared, the placement agent will review the official statement for the Bonds in accordance with, and a part of, their respective responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of this transaction.⁴
- Disclosures Concerning the Underwriters' Compensation:
 - The underwriters will be compensated by a fee and/or an underwriting discount that will be set forth in the bond purchase agreement to be negotiated and entered into in connection with the issuance of the Bonds. Payment or receipt of the underwriting fee or discount will be contingent on the closing of the transaction and the amount of the fee or discount may be based, in whole or in part, on a percentage of the principal amount of the Bonds. While this form of compensation is customary in the municipal securities market, it presents a conflict of interest since the underwriters may have an incentive to recommend to the Issuer a transaction that is unnecessary or to recommend that the size of the transaction be larger than is necessary.
- Disclosures Concerning the Placement Agent's Compensation:
 - The placement agent will be compensated by a fee that was negotiated and entered into in connection with the issuance of the Bonds. Payment or receipt of the placement agent fee will be contingent on the closing of the transaction and the amount of the fee may be based, in whole or in part, on a percentage of the principal amount of the Bonds. If you or any other Issuer officials have any questions or concerns about these disclosures, please make those questions or concerns known immediately to the undersigned. In addition, you should consult with the Issuer's own financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent you deem appropriate.

Please note that nothing in this letter should be viewed as a commitment by the underwriters or placement agent to purchase or sell all the Bonds and any such commitment will only exist upon the execution of any bond purchase agreement or similar agreement and then only in accordance with the terms and conditions thereof.

You have been identified by the Issuer as a primary contact for the Issuer's receipt of these disclosures, and that you are not a party to any disclosed conflict of interest relating to the subject transaction. If our understanding is incorrect, please notify the undersigned immediately. We are required to seek your acknowledgement that you have received this letter. Accordingly, please send me an email to that effect, or sign and return the enclosed copy of this letter to me at the address set forth above. Otherwise, an email read receipt from you or automatic response confirming that our email was opened by you will serve as an acknowledgment that you received these disclosures.

Depending on the structure of the transaction that the Issuer decides to pursue, or if additional actual or potential material conflicts are identified, we may be required to send you additional disclosures regarding the material financial characteristics and risks of such transaction and/or describing those conflicts. At that time, we also will seek your acknowledgement of receipt of any such additional disclosures.

Appendix B – Fixed Rate Bonds

The following is a general description of the financial characteristics and security structures of fixed rate municipal bonds (“Fixed Rate Bonds”), as well as a general description of certain financial risks that are known to us and reasonably foreseeable at this time and that you should consider before deciding whether to issue Fixed Rate Bonds. If you have any questions or concerns about these disclosures, please make those questions or concerns known immediately to us. In addition, you should consult with your financial and/or municipal, legal, accounting, tax, and other advisors, as applicable, to the extent you deem appropriate.

Financial Characteristics

Maturity and Interest. Fixed Rate Bonds are interest-bearing debt securities issued by state and local governments, political subdivisions and agencies and authorities, whether for their benefit or as a conduit issuer for a nongovernmental entity. Maturity dates for Fixed Rate Bonds are fixed at the time of issuance and may include serial maturities (specified principal amounts are payable on the same date in each year until final maturity) or one or more term maturities (specified principal amounts are payable on each term maturity date) or a combination of serial and term maturities. The final maturity date typically will range between 10 and 30 years from the date of issuance. Interest on the Fixed Rate Bonds typically is paid semiannually at a stated fixed rate or rates for each maturity date.

Redemption. Fixed Rate Bonds may be subject to optional redemption, which allows you, at your option, to redeem some or all the bonds on a date prior to scheduled maturity, such as in connection with the issuance of refunding bonds to take advantage of lower interest rates. Fixed Rate Bonds will be subject to optional redemption only after the passage of a specified period, often approximately ten years from the date of issuance, and upon payment of the redemption price set forth in the bonds, which may include a redemption premium. You will be required to send out a notice of optional redemption to the holders of the bonds, usually not less than 30 days prior to the redemption date. Fixed Rate Bonds with term maturity dates also may be subject to mandatory sinking fund redemption, which requires you to redeem specified principal amounts of the bonds annually in advance of the term maturity date. The mandatory sinking fund redemption price is 100% of the principal amount of the bonds to be redeemed.

Security

Payment of principal of and interest on a municipal security, including Fixed Rate Bonds, may be backed by various types of pledges and forms of security, some of which are described below.

General Obligation Bonds. “General obligation (GO) bonds” are debt securities to which your full faith and credit is pledged to pay principal and interest. If you have taxing power, generally you will pledge to use your ad valorem (property) taxing power to pay principal and interest. The debt service on “unlimited tax” GO bonds are paid from ad valorem taxes which are not subject to state constitutional property tax millage limits, whereas “limited tax” GO Bonds are subject to such limits.

General obligation bonds constitute a debt and, depending on applicable state law, may require that you obtain approval by voters prior to issuance. In the event of default in required payments of interest or principal, the holders of general obligation bonds generally will have certain rights under state law to compel you to impose a tax levy.

Revenue Bonds. “Revenue bonds” are debt securities that are payable only from a specific source or sources of revenues. Revenue bonds are not a pledge of your full faith and credit, and you (or, if you are a conduit issuer, the obligor, as described in the following paragraph) are obligated to pay principal and interest on your revenue bonds only from the revenue source(s) specifically pledged to the bonds. Revenue bonds do not permit the bondholders to compel you to impose a tax levy for payment of debt service. Pledged revenues may be derived from operation of the financed project or system, grants or excise or other specified taxes. Generally, subject to state law or local charter requirements, you are not required to obtain voter approval prior to issuance of revenue bonds. If the specified source(s) of revenue become inadequate, a default in payment of principal or interest may occur. Various types of pledges of revenue may be used to secure interest and principal payments on revenue bonds. The nature of these pledges may differ widely based on state law, the type of issuer, the type of revenue stream and other factors.

Some revenue bonds (conduit revenue bonds) may be issued by a governmental issuer acting as a conduit for the benefit of a private sector entity or a 501(c)(3) organization (the obligor). Conduit revenue bonds commonly are issued for not-for-profit hospitals, educational institutions, single and multi-family housing, airports, industrial or economic development projects, and student loan programs, among other obligors. Principal and interest on conduit revenue bonds normally are paid exclusively from revenues pledged by the obligor. Unless otherwise specified under the terms of the bonds, you are not required to make payments of principal or interest if the obligor defaults.

The description above regarding “Security” is only a summary of certain possible security provisions for the bonds and is not intended as legal advice. You should consult with your bond counsel for further information regarding the security for the bonds.

Financial Risk Considerations

Certain risks may arise in connection with your issuance of Fixed Rate Bonds, including some or all the following (generally, the obligor, rather than the issuer, will bear these risks for conduit revenue bonds):

Issuer Default Risk. You may be in default if the funds pledged to secure your bonds are not enough to pay debt service on the bonds when due. The consequences of a default may be serious for you and, depending on applicable state law and the terms of the authorizing documents, the holders of the bonds, the trustee and any credit support provider may be able to exercise a range of available remedies against you. For example, if the bonds are secured by a general obligation pledge, you may be ordered by a court to raise taxes. Other budgetary adjustments also may be necessary to enable you to provide sufficient funds to pay debt service on the bonds. If the bonds are revenue bonds, you may be required to take steps to increase the available revenues that are pledged as security for the bonds. A default may negatively impact your credit ratings and may effectively limit your ability to publicly offer bonds or other securities at market interest rate levels. Further, if you are unable to provide sufficient funds to remedy the default, subject to applicable state law and the terms of the authorizing documents, you may find it necessary to consider available alternatives under state law, including (for some issuers) state-mandated receivership or bankruptcy. A default also may occur if you are unable to comply with covenants or other provisions agreed to in connection with the issuance of the bonds.

This description is only a summary of issues relating to defaults and is not intended as legal advice. You should consult with your bond counsel for further information regarding defaults and remedies.

Bonds payable from the general fund, particularly bonds without a defined revenue stream identified to pay debt service, reduce your flexibility to balance the general fund. Because a fixed debt service payment is required to be paid regardless of how your general fund is impacted by

revenue losses or by increased expenses, you have less flexibility in the options available to you in assuring a balanced budget for your general fund.

General Fund Obligations that are Project Based. Some general fund obligations are issued for projects which are expected to generate revenues that will pay for some or all of the debt service on the bonds. In the event the project does not generate the anticipated levels of revenues available for debt service, or, in the extreme case, does not create any revenue available for debt service, you may need to make payments from other available general fund revenues. This may force you to reduce other expenditures or to make difficult decisions about how to pay your debt service obligation while meeting other expenditure needs.

General Fund Obligations that are Subject to Annual Appropriation. Some general fund obligations require that debt service is subject to annual appropriation by your governing body. If your governing body decides not to appropriate payments for debt service, your credit ratings may be negatively impacted, and you may be forced to pay a higher interest rate on future debt issuance or may be unable to access the market for future debt issuance.

For all bonds, a default may negatively impact your credit ratings and may effectively limit your ability to publicly offer bonds or other securities at market interest rate levels. Further, if you are unable to provide sufficient funds to remedy the default, subject to applicable state law and the terms of the authorizing documents, it may be necessary for you to consider available alternatives under state law, including (for some issuers) state-mandated receivership or bankruptcy. A default also may occur if you are unable to comply with covenants or other provisions agreed to in connection with the issuance of the bonds.

Redemption Risk. Your ability to redeem the bonds prior to maturity may be limited, depending on the terms of any optional redemption provisions. If interest rates decline, you may be unable to take advantage of the lower interest rates to reduce debt service.

Refinancing Risk. If your financing plan contemplates refinancing some or all the bonds at maturity (for example, if you have term maturities or if you choose a shorter final maturity than might otherwise be permitted under the applicable federal tax rules), market conditions or changes in law may limit or prevent you from refinancing those bonds when required.

Reinvestment Risk. You may have proceeds from the issuance of the bonds available to invest prior to the time that you are able to spend those proceeds for the authorized purpose. Depending on market conditions, you may not be able to invest those proceeds at or near the rate of interest that you are paying on the bonds, which is referred to as “negative arbitrage”.

Tax Compliance Risk. The issuance of tax-exempt bonds is subject to several requirements under the United States Internal Revenue Code, as enforced by the Internal Revenue Service (IRS). You must take certain steps and make certain representations prior to the issuance of tax-exempt bonds. You also must covenant to take certain additional actions after issuance of tax-exempt bonds. A breach of your representations or your failure to comply with certain tax-related covenants may cause the interest on bonds to become taxable retroactively to the date of issuance of the bonds, which may result in an increase in the interest rate that you pay on the bonds or the mandatory redemption of the bonds. The IRS also may audit you or your bonds, in some cases on a random basis and in other cases targeted to specific types of bond issues or tax concerns. If tax-exempt bonds are declared taxable, or if you are subject to audit, the market price of your bonds may be adversely affected. Further, your ability to issue other tax-exempt bonds also may be limited.

This description of tax compliance risks is not intended as legal advice and you should consult with your bond counsel regarding tax implications of issuing the bonds.

Appendix C – Capital Appreciation Bonds

The following is a general description of the financial characteristics of Capital Appreciation Bonds (CABs), as well as a general description of certain financial risks that are known to us and reasonably foreseeable at this time and that you should consider before deciding whether to issue CABs. If you have any questions or concerns about these disclosures, please make those questions or concerns known immediately to us. In addition, you should consult with your financial and/or municipal, legal, accounting, tax, and other advisors, as applicable, to the extent you deem appropriate.

Financial Characteristics

CABs are bonds that are typically sold at a price less than their par amount (i.e., an “*original issue discount*”). The difference between the sales price and the par amount is considered the original issue discount. CABs typically do not pay interest periodically like traditional Current Interest Bonds (“CIBs”), but rather pay interest only at maturity. CABs accrete in value at a stated yield as interest accrues, regardless of the current market rate. At maturity, investors receive an amount equal to the initial principal invested plus the interest earned, compounded at the stated yield.

Convertible CABs are a hybrid structure in which the bonds accrete in value while in the CAB mode and then pay annual principal and semi-annual interest as a traditional CIB after the conversion date. The interest and principal paid after the conversion date is based on the accreted value of the bonds at the conversion date instead of the original par value.

CABs may be attractive to issuers because they defer debt service payments until maturity and relieve pressure on an issuer’s annual debt service budget. They may also allow issuers to smooth out debt service payments in their annual budgets by issuing CABs structured or scheduled to mature in years in which other series of bonds do not mature, or in the years between the last serial bond and the start of mandatory term bond calls.

Financial Risk Considerations

Certain risks may arise in connection with your issuance of CABs, including some or all the following (generally, the obligor, rather than the issuer, will bear these risks for conduit revenue bonds):

Issuer Default Risk. Depending on how the CABs are structured, the maturity value may be a substantial amount. You may be in default if the funds pledged to secure your CABs are not enough to pay debt service on the CABs when due. The consequences of a default may be serious for you and, depending on applicable state law and the terms of the authorizing documents, the holders of the bonds, the trustee and any credit support provider may be able to exercise a range of available remedies against you. For example, if the CABs are secured by a general obligation pledge, you may be ordered by a court to raise taxes. Other budgetary adjustments also may be necessary to enable you to provide sufficient funds to pay debt service on the CABs. If the bonds are revenue bonds, you may be required to take steps to increase the available revenues that are pledged as security for the bonds. A default may negatively impact your credit ratings and may effectively limit your ability to publicly offer bonds or other securities at market interest rate levels. Further, if you are unable to provide sufficient funds to remedy the default, subject to applicable state law and the terms of the authorizing documents, you may find it necessary to consider available alternatives under state law, including (for some issuers) state-mandated receivership or

bankruptcy. A default also may occur if you are unable to comply with covenants or other provisions agreed to in connection with the issuance of the bonds.

This description is only a summary of issues relating to defaults and is not intended as legal advice. You should consult with your bond counsel for further information regarding defaults and remedies.

Redemption Risk. Your ability to redeem the CABs prior to maturity may be limited, depending on the terms of any optional redemption provisions. CABs are generally not subject to optional redemption by issuers until the maturity date thereof. If interest rates in the market decline, you may be unable to take advantage of the lower interest rates to reduce debt service if the CABs cannot be redeemed.

Refinancing Risk. If your financing plan contemplates refinancing some or all the CABs at maturity, market conditions or changes in law may limit or prevent you from refinancing those CABs when required. Further, limitations in the federal tax rules on advance refunding of bonds (an advance refunding of bonds occurs when tax-exempt bonds are refunded more than 90 days prior to the date on which those bonds may be retired) may restrict your ability to refund the CABs to take advantage of lower interest rates.

Interest Rate Penalty. While CABs may allow you to defer interest payments until maturity of the bond, investors require significantly higher yield to forgo traditional semi-annual interest payments. The higher yields, together with the potential of reduced flexibility to optionally redeem the CABs prior to maturity, may result in higher total debt costs than if you had issued CIBs. This may be exacerbated if the financial assumptions underlying the issuance of CABs are ultimately incorrect.

Interest Payment Deferral. As the interest rates on CABs is generally higher than CIBs and accretes over the life of the CABs, you must prepare for an even higher debt service that will be due and payable at the stated maturity of CABs. Rather than paying the remaining principal and the final semi-annual coupon payment at maturity for traditional long-term fixed rate bonds, you will be required to pay all the principal and all of the interest that will have compounded from the issuance date through maturity. Convertible CABs carry the inherent risk that, upon conversion from CABs to CIBs, the CIBs will require semi-annual interest payments.

Limited Investor Base. Due to the unique characteristics of CABs, there may be a limited universe of potential investors. This could lead the underwriters to have difficulty selling the CABs, and which could result in higher yields and higher total debt costs. Additionally, you should consider that CABs may price at a substantial yield concession to current interest fixed rate bonds as investors value the structure relative to other product alternatives.

Reinvestment Risk. You may have proceeds of the CABs to invest prior to the time that you are able to spend those proceeds for the authorized purpose. Depending on market conditions, you may not be able to invest those proceeds at or near the yield on the CABs, which is referred to as “negative arbitrage.”

Tax Compliance Risk. The issuance of tax-exempt bonds is subject to several requirements under the U.S. Internal Revenue Code, as enforced by the Internal Revenue Service (IRS). You must take certain steps and make certain representations prior to the issuance of tax-exempt bonds. You also must covenant to take certain additional actions after issuance of tax-exempt bonds. A breach of your representations or your failure to comply with certain tax-related covenants may cause the interest on the CABs (if issued as tax-exempt obligations) to become taxable retroactively to the date of issuance of the CABs, which may result in an increase in the interest

rate that you pay on the CABs. The IRS also may audit you or your CABs or other bonds, in some cases on a random basis and in other cases targeted to specific types of bond issues or tax concerns. If the CABs are declared taxable, or if you are subject to audit, you may be unable to remarket or refinance the CABs. Further, your ability to issue other tax-exempt bonds also may be limited.

This description of tax compliance risks is not intended as legal advice and you should consult with your bond counsel regarding the tax implications of issuing CABs.
