Budget Definitions

Appropriations

Spending authority created when the board adopts a budget

May not be overspent

Excess revenue expenditure requires a Supplemental Budget

Contingency

Funds held for emergencies

Requires board approval to spend in current year

LCSD increased during pandemic with one-time excess General fund balance

UEFB

Unappropriated Ending Fund Balance

May not be spent in current year

Provides starting cash balance until tax revenue is received

Policy requires 7% in General Fund

Budget Structure

School Districts are required to appropriate (budget) at the **Fund and Major Function** level of the ODE Account Code

Fund . Function . Object . Location . Area

Fund = Source Function = Activity Object = Item Purchased

100 . 1111 . 0410 . 121 . 200

General Fund . Elementary Instruction . Supplies . SamCase . PE

This will be budgeted in **Fund 100, Major Function 1000**

However, the budget document contains detail down to the Object level for informational purposes and transparency

State School Fund (SSF) Formula

- ▶ Oregon Department of Education's (ODE) method of allocating state and local revenues to K-12 school districts
- ▶ Helps ensure every district in the state receives the same amount of state funding per student
- ▶ Adjusted only for uncontrollable cost differences.
 - ▶ Some groups of students need additional supports and are therefore more expensive to educate.

Weighting

Students Requiring Additional Costs	Weighting (w)
Poverty	.25
English Language Learners (ELL)	.5
Pregnant/Parenting	1.0
Special Education up to 11%	1.0
Foster Care, Neglected/Delinquent	.25
Small High Schools*	1.0

*Helps the District provide the full time administrative staffing required at our small high schools, such as the Principal & Secretary, as well as additional Teacher FTE to provide adequate credit options for students.

State School Fund (SSF) Formula

Students (ADM) x \$/Student + Weights (w) = State Aid + Local Revenues

$$\text{ADM}w \times \$/\text{Student} = \text{State Aid} + \text{Local Revenues}$$

This is always a balanced equation.

This is the maximum amount of funding allowed under the formula at any time

As Local Revenue increases, State Aid decreases and vice versa.

As factors change on the other side of the equation, State Aid changes to create the balance.

How are schools in Oregon funded?

State School Fund Formula (SSF) ensures equal per-student funding across districts.

It is a balanced formula that always totals the # of enrolled students (ADM_w) x the state's rate per student.

State School Fund Components
High Local Revenue Scenario
Total SSF Revenue \$60,000,000
7,058.83 ADMw
\$8,500/ADMw

State School Fund Components
Low Local Revenue Scenario
Total SSF Revenue \$60,000,000
7,058.83 ADMw
\$8,500/ADMw

State Revenue is offset and balanced by Local Revenue
As one increases the other decreases

More Local Revenue does not mean more Total Revenue

State School Fund Components
\$20,000,000 Local Revenue,
High ADMw Scenario
\$8,500 per ADMw

8,058 ADMw

**Total SSF Revenue
\$68,493,000**

State School Fund Components
\$20,000,000 Local Revenue, Low ADMw
Scenario
\$8,500 per ADMw

4,058 ADMw

**Total SSF Revenue
\$34,493,000**

Total Revenue (size of the pie) depends on
both \$/ADM and ADMw.

How does declining enrollment actually cost us money?

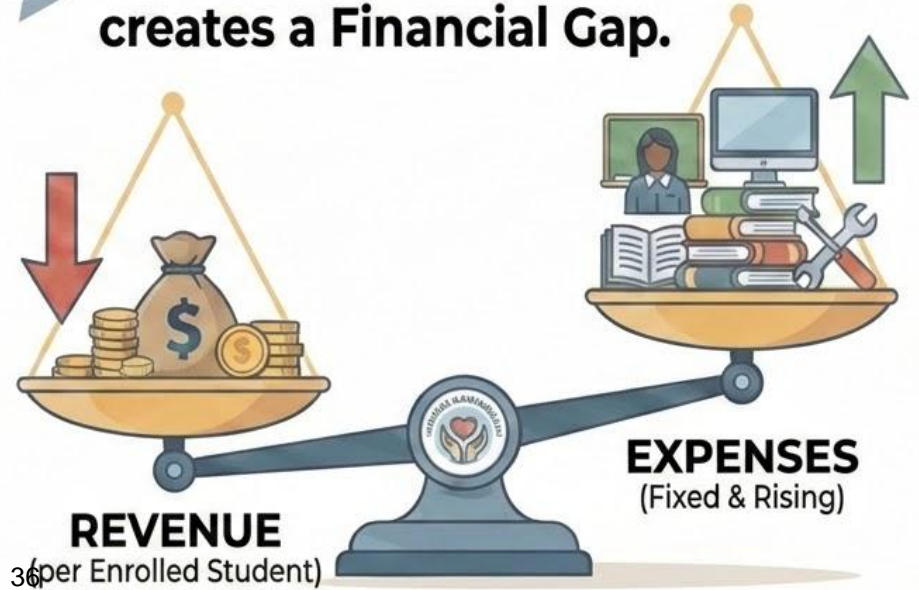

LCSD Enrollment Over Time (ADM)

June 18-19
5,443

Date	ADM
June 18-19	5,443
Estimate 26-27	4,464

Declining Enrollment creates a Financial Gap.

*Public schools are funded per enrolled student (not attendance).

Revenue is declining while expenses are rising.

Vehicle Replacement Fund (299)

- ▶ Established to provide reserve funds for the purchase of vehicles for Facilities and Maintenance and the Technology department
- ▶ Funded by transfers of excess funds from Facilities and Maintenance and Technology budgets
- ▶ Allows savings from several fiscal years to purchase new/replacement vehicles which often cannot be budgeted in ⁵⁴one fiscal year

PERS Debt Service Fund (320)

- ▶ All public employers must participate in PERS
 - ▶ We pay a % of total payroll to PERS to fund payments to retirees
- ▶ PERS isn't fully funded = Unfunded Actuarial Liability (UAL)
 - ▶ LCSD is responsible for a portion of the UAL
- ▶ To increase their funded status, PERS charges employers higher rates or employers can sell Pension Obligation Bonds (POB's) to pay down their part of the UAL and lower their rates

PERS Debt Service Fund (320)

- ▶ LCSD sold Pension Obligation Bonds in 2002 & 2003
 - ▷ Bond proceeds were paid to/invested with PERS
 - ▷ PERS holds these funds in a “Side Account”
 - ▷ The Side Account gives us a “Rate Credit” that reduces our PERS Employer Rate (currently from 29.34% to 0%)
- ▶ Instead of paying a high PERS Employer Rate, we pay Debt Service on the Bonds
 - ▷ Charged as a % of payroll
 - Hopefully lower than the PERS employer rate - true for LCSD
 - ▷ Bonds will be paid off in June 2028
 - ▷ Rate must decrease to prevent excess collection of funds

PERS Debt Service Fund (320)

- ▶ The rate has varied from 3.2% to 21.75%
 - ▷ depends on size of payroll and
 - ▷ the amount needed for payments in that year
 - ▷ while still building reserves to smooth annual rate increases
- ▶ Currently charging 9%
- ▶ The rate must decrease to around 3% by 27/28 to prevent excess funds being collected

PERs Reserve Fund (630)

- ▶ PERs assumptions have change through the years and their potential treatment of the side account expirations in 2027 has been unclear until recently
- ▶ PERs previously said LCSD's rate credit would extend through 2037
- ▶ We used savings from the rate decreases to help balance the budget for several years

PERS Reserve Fund (630)

- ▶ We now know LCSD's Side Account rate credits will expire in the fall of 2030 (7 years earlier than anticipated)
 - ▷ Due to higher than anticipated payroll increases and lower investment returns on the side account
 - ▷ In 2030, the LCSD Rate will go from 0% to the 2030-31 Employer Rate
 - Currently 29.34% - will likely be higher in 3 years
 - ▷ Current Employer Rate is 20.34% above our current Debt Service Rate
 - Represents \$7.7 million to bring to that rate this year
 - It cannot be done in one year

PERS Reserve Fund (630)

Options:

- ▶ Sell new Pension Obligation Bonds - too risky in current market
- ▶ Purchase new Side Account with cash - not available and Employer Incentive Fund is depleted
- ▶ Build reserves in the new LCSD PERS Reserve Fund
 - ▷ Provides one-time funds to offset the large increase
 - ▷ Budgeted in 25-26 as a 1% transfer from the General Fund
 - ▷ Potential to move additional cash reserves to the PERS Reserve
 - Property Purchases Fund
 - Excess Ending Fund Balance
 - Other one-time funds

PERS Reserve Fund (630)

- ▶ Must also charge an increasing % against payroll over time to
 - ▷ increase the reserves fund
 - ▷ decrease the rate jump in 2030-31
- ▶ Preferred Assumptions:
 - ▷ 26-27 Fiscal Year:
 - Debt Service Rate of 4%
 - PERS Reserve rate of 8%
 - Creates a 3% total increase in payroll fixed costs (from current 9% to 12% total)
 - ▷ 27-28 Fiscal Year:
 - 3% Debt Service
 - 12% PERS Reserve
 - Another 3% total increase
 - ▷ 30-31 PERS Employer Rate jump is then estimated to be 8.34% instead of 20.34% *if* PERS rates don't rise

- ▶ The district built the new North Area Bus Barn in 2019-20 and a Facilities & Maintenance Shop in 2020-2021
- ▶ An additional \$1,000,000 was transferred from the General Fund Excess Ending Fund Balance in 2022-23
- ▶ Balance at March 31, 2026 was \$1,221,870

Dental/Vision Self Insurance (610)

Lincoln County School District Equity Team Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage 9,310 acres located here in Lincoln County but is a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.

NON-DISCRIMINATION: Lincoln County Schools do not discriminate nor tolerate discrimination on the basis of an individual's race, color, religion, sex, sexual orientation, national origin, disability, gender identity, marital status or age or because of the race, color, religion, sex, sexual orientation, national origin, disability, gender identity, marital status or age of any other persons with whom the individual associates.
