Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation that covered land in what is now Tillamook, Lincoln, Benton, Marion, and Coos Counties. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.

What's Growing On

While you were recharging your batteries over the summer, the School Garden Program was rolling right along. We are thankful to have two high school interns helping in the gardens while learning about gardening principles and practices. Together, we harvested more than 130 pounds of produce!

Many sugar snap peas and broccoli florets made their way into the summer lunch program. The remaining produce, including zucchini, kale, additional snap peas, and tomatoes, have been frozen for later use in scratch-cooked meals. Cucumbers and some of the onions have also been pickled for the condiment bars in our cafeterias.

Summer Interns Betty & Gwynn with harvested kale from Newport Middle School. This year's interns were made possible through The Grow Collective and Stem Hub partnerships.

Zucchini & Snap Peas from Newport Middle School.

We are currently gearing up for Garlicpalooza, our fall festival on 9/26/26, that benefits the School Garden Program while bringing our community together. We have a great lineup planned, including live music from the SLUGS (Seashore Literacy Ukulele Group) and Wild Hogs in the Woods, cider pressing, sack races, a petting zoo, craft booths, food vendors, and much more!

The Toledo Rotary will be hosting a raffle with some fantastic prizes, including surfboard and wetsuit rentals, mini golf rounds, and a private guided hike for up to 15 people at Yakona Nature Preserve and Learning Center.

Our community partners are truly showing up to support garden education.

We are also looking for volunteers to help everything run smoothly. Consider giving an hour or two of your time to support the Garden Program while enjoying this wonderful community event. We hope to see you there!

What's Cooking

Nutrition Services Staff returned to work to attend 3 days of training in late August preparing for the new school year. They heard inspirational words from both Superintendent Dr. Tolan & Business Director Kim Cusick.

The first day was spent with our kitchen managers, reviewing food quality and record keeping. We were fortunate enough to have Umi Organics owner, Lola Miholland join our training this year and show staff the best way to prepare her award winning product.

Umi produces whole grain yakisoba noodles using organic Oregon flour. Watch next month on October 5th for our Teriyaki Chicken Low Mein.

The next two days covered safety, reviewing processes and team building. One of the more interesting conversations was around customer service. What does good customer service look like to you?

**Q: How do bees get to school?
A: On a school buzz.**

STAFF SHOUTOUT

This month we want to recognize Zach Wellman, the Kitchen Manager at Newport High.

An additional lunch service will be opening up on the West Campus and Zach didn't hesitate to step up to the challenge and go the extra mile to ensure students have easier access to meals.

USDA Changes

You may notice a small change in the taste of your school meals due to new limits on sugars & sodium implemented by USDA. Make sure you visit your schools Flavor Station to elevate & personalize your meals.

Some of this month's offerings include:

Lincoln County School District Board Meeting General Session, September 8, 2026

Date: September 2, 2026

Dear: LCSD School Board & Transportation Leadership,

Our preparations for the new school year are in full swing, and we are getting ready for a new school year. Our drivers are completing their Bus Olympics, dry-runs and calls home to the families. Everybody is excited for the new school year and to see their riders after the summer break.

Driver staffing

Over the summer, we met with the district to discuss our options on how to recruit and retain drivers. We identified two opportunities to increase interest and retention: Pay Increase & Improved Student Behavior Management Support.

Our wage and bonus scales are as follows:

- FY 26 Wages: \$26.21 – \$32.94
- Hiring Bonuses of \$3000 for CDL S/P endorsed drivers
- Hiring Bonuses of \$2000 for non-CDL S/P endorsed drivers
- Paid Training
- \$500 Employee Referral Bonus

Latest news

- **Driver Staffing Update**-The driver staffing table was updated to provide a clearer picture of how many routes we are running and where we are with driver staffing. Moving forward, you will also see the changes over the month. Over the summer, our trainers have been busy, and we were able to add six drivers, and we still have six in various stages of training.

The difference in the number of routes stems from the number of students that have registered and requested transportation. This number usually increases during the first weeks of the school year as transportation requests come to us for routing.

- **Recruiting & Retention**-Over the summer, Donna Sansoterra and I were able to meet with Dr. Tolan, Kim Cusick and Rich Belloni to brainstorm ideas on how we can improve driver retention & increase application flow. Two opportunities stood out: Wage increase & Student Behavior Support.
 - **Wage Increase**-We identified that wage increases for school bus drivers were below the 50th percentile compared with local market increases. Our goal is to remain competitive by targeting at least the 75th percentile.

To help achieve this goal, LCSD and First Student collaborated on a wage adjustment. LCSD contributed \$1.00 toward the increase, and First Student provided the additional amount needed to reach the targeted wage increase.

The response from our CDL drivers was overwhelmingly positive. Many expressed sincere appreciation to the team for advocating for and securing the increase, and the announcement was an emotional moment for several employees. The positive response reinforced the importance of competitive compensation in demonstrating how much we value our drivers and their contributions.

- **Student Behavior Support** — Another area of focus identified by the team was the need for increased and more consistent support from schools in addressing student behavior on the bus.

Through discussions during our PBIS refresher sessions, we recognized that consistent communication, reporting, and follow-up among drivers, First Student management, school administrators, and parents are essential to creating a safe and successful transportation experience.

By working collaboratively and maintaining clear lines of communication, we can ensure everyone is aligned in supporting our drivers while providing students with the consistency, expectations, and support they need to be successful on the bus.

Technology Updates

Safety Technology Enhancement – Installation Complete

First Student is enhancing its HALO™ technology platform through a partnership with Samsara, integrating AI-powered safety technology, vehicle telematics, and connected fleet capabilities to further strengthen student transportation safety and operational performance.

While First Student is implementing this technology across approximately 46,000 vehicles throughout North America, installation has already been completed on all Lincoln County buses. This places our local fleet among those equipped to benefit from these enhanced safety and operational capabilities.

The technology includes AI-enabled cameras designed to identify potential driving hazards and provide real-time alerts, as well as vehicle telematics that provide fleet diagnostics and support proactive maintenance. Enhanced video and AI insights also complement existing driver safety programs by providing additional information for driver coaching, accident prevention, incident review, and driver protection.

For Lincoln County, completion of the installation represents an important investment in both student safety and operational reliability. The enhanced technology provides greater visibility into fleet operations, allows the team to identify potential safety concerns more proactively, and provides objective

information that can assist when reviewing incidents or responding to questions involving transportation.

Most importantly, the technology is intended to support—not replace—our professional drivers. By providing drivers and transportation leadership with additional tools, real-time information, and actionable insights, we can continue strengthening our culture of safety while supporting the reliable transportation of Lincoln County students each day.

The completion of this project reflects First Student’s continued commitment to investing in technology and resources that enhance the safety, reliability, and quality of transportation services provided to Lincoln County School District students and families.

Routing updates

2026–2027 School Year Transportation Launch

With the start of the 2025–2026 school year, the transportation team’s primary focus has been supporting a safe and successful opening of schools.

As transportation requests are received from schools, the routing team works to assign students to routes as quickly and accurately as possible. Drivers then communicate stop locations and times to families, while routing staff continue to process new requests, corrections, and other necessary adjustments.

Transportation currently serves more than 2,500 students, making the opening weeks of school a particularly active period. As additional students are enrolled, and transportation needs change, routes and schedules will continue to be adjusted. Historically, it takes several weeks for routes to settle into a consistent routine.

Families are encouraged to remain patient during this transition period as the routing team works through a high volume of requests while maintaining a strong focus on accuracy and student safety. Although transportation changes will continue throughout the school year, the team remains committed to responding to requests as efficiently as possible and providing safe, reliable service to our students and families.

Siletz Valley School Board of Directors
Confederated Tribes of Siletz Indians Tribal Council
Fr: Dr. Majalise Tolan, Lincoln County School District Superintendent
Re: Siletz Valley School Compliance Update
Date: September 4, 2026

The following update begins the 2026-2027 regular reporting of Siletz Valley School (SVS) compliance. In March of 2026, it was recommended to the Lincoln County School District (LCSD) Board of Directors that SVS be closed on June 30, 2026 and reopened as an LCSD school due to multiple years of documented non-compliance. This recommendation failed by a 2-1 Board vote. Monthly updates will be given at both LCSD and SVS Board meetings during 2026-2027.

1. SVS stated that an ELL plan was not applicable; however, all schools should have an ELL plan ready in case a student enrolls who qualifies for services. ELL students now attend SVS and the current ELL plan implementation must be monitored.

Progress Update: The ELL/ML plan has been approved by the Oregon Department of Education and confirmed on 5/29/26. It is posted on the SVS website. **Compliant**

2. Bylaws need to be updated. While this has been in process, it is unclear whether it has been completed and if bylaws and policies are maintained and publicly accessible. A copy of the updated bylaws must be provided to LCSD, and all bylaws and policies must be updated and accessible to the public.

Progress Update: SVS has worked with legal counsel to update its bylaws. The new bylaws are posted on the website. LCSD legal counsel approved the bylaws, although noted Public Meetings Law is required but the Special Meetings provision does not contain this same language. **Compliant**

3. Facility concerns reported to LCSD by the SVS Board on May 5, 2025 included: Leaking ceilings, old pipes throughout the building, football grandstands are nearly condemnable, gyms are badly out of repair and need new siding (and likely more), ADA access needed, rusty fences, old heating (boiler needs to be replaced), single pane windows, doors that don't properly lock if active shooter protection is needed, bathrooms throughout need upgrading (like in LCSD schools). Pursuant to the charter and lease agreements, SVS is responsible for the maintenance and upkeep of the facility. In 2024, LCSD provided SVS with a long-term facility study. It is SVS' responsibility to develop, implement, and monitor its own long-term facility maintenance plan.

Progress Update: Siding repair work has been done on the small gym and wood shop. SVS is working with PACE on a priority document that was sent to LCSD on 9/4. During a walk-through in June, Dr. Tolan noticed stained ceiling tiles throughout the building and requested they be replaced. It was determined that SVS does not have an OSHA Safety Committee that meets and has not been performing quarterly walk-through inspections. It is believed that this is a violation of ORS Chapter 654 Division 1 OAR: 437-001-0765. As of 9/4, SVS had not completed the walkthrough and has the Safety Committee meeting scheduled for 9/14/26. They are urged to have the meeting immediately and to contact OSHA for direct support. **Not Compliant**

4. Deliverables and required reporting (federal and state grants, and district programs) continue to be untimely, necessitating repeated reminders from LCSD staff. All reporting deadlines must consistently be met and documented.

Progress Update: As of June 2026, all grant deliverables and reporting deadlines remain fully up to date. SVS successfully collaborated with ODE on grant funding adjustments and submitted all required Title 1A grant information to LCSD within the established timelines. This area will continue to be monitored closely in the 2026-2027 school year. **Compliant**

5. Although a comprehensive plan to improve academic performance is in place, focused particularly on the areas that caused the State to designate SVS as a Targeted Support and Improvement School (TSI), most results have remained at Level 1, based on 2023-2024 ODE reporting. TSI results must show adequate improvement either through an increase to a Level 2 in all categories or similar progress on a nationally normed, locally administered, internal assessment (EasyCBM, Acadience, SBAC, DIBLES, iReady, etc.) Benchmarking and progress monitoring from local assessments must be reviewed with LCSD administration quarterly.

Progress Update: A Continuous Improvement Plan (CIP) and Strategic Priorities document was submitted on 8/26. It lacks baseline data, benchmarking plans, or steps for implementation. There has been a pattern of planning with little to no implementation since 2022. The plan is rejected until it is data-driven and is partnered with a sound implementation plan. A goal of one observation a year is not sufficient to plan accurate professional learning, support teachers in improving instruction or behavior management. SVS is still designated a school for Targeted Support. **Not Compliant**

6. SVS previously established a goal to increase attendance. However, as of June 2025, SVS' regular attendance rate was 39.9%. In June of 2026, SVS' regular attendance rate was 37.9%. An improvement plan must be drafted and submitted to LCSD. The plan must be comprehensive and may include strategies such as specific parent outreach, modification of the school day and/or school year calendar, and dedication of resources to ensuring that students are attending school. The plan must include specific dates for implementation of each component, as well as specific quantitative targets and dates for meeting each of those targets.

Progress Update: An attendance goal was submitted as part of the CIP. It lacks specific implementation data tied to strategies that specifically relate to improved attendance. Quantitative targets and dates for meeting each target were not included. SVS is working with Community Design Partners to improve attendance. It is unclear who is responsible for monitoring attendance goals or strategies. **Not Compliant**

7. While the SVS graduation rate had been reported by ODE at 100%, due to other metrics reported and the fact that SVS has been designated as a Targeted Support and Improvement School, the accuracy of this information needs to be verified, and any supporting evidence must be cited and documented. The 2023-2024 graduation rate reported by ODE was 67%. The 9th Grade On Track rate was 78% (an improvement from the 2022-2023 rate of 28%). Both of these data points need monthly monitoring and documentation.

Progress Update: SVS successfully graduated 94% of enrolled Seniors. This may or may not reflect an actual graduation rate due to students who may have started at SVS and not completed over the course of four years. It is projected that all 9th graders at SVS ended 2026 “on-track”. This number is released by ODE in the Fall. The High School Success grant review with ODE resulted in SVS meeting 2 out of 4 criteria, which is unsatisfactory and results in continued monitoring by ODE. ODE feedback highlighted that SVS must establish a fully compliant 9th Grade On-Track Team for the upcoming school year and resolve scheduling conflicts to allow all core teachers to participate in regular data reviews. **Not Compliant**

8. SVS must ensure that financial reporting is timely. Long-term financial health indicators continue to need to be examined. It is uncertain if grant funds, Siletz Tribal Charitable Trust (STCT) and Charter Equity are budgeted accurately for the 2025-2026 school year. Updated budget documents must be submitted with a narrative providing clarity around anticipated funds.

Progress Update: There is a historical lack of compliance with financial reporting deadlines. Currently, SVS has met all recent financial deadlines. The 2026-27 school budget was prepared and submitted by the June 15th deadline, and final Title 1 budget corrections were successfully submitted to LCSD in mid-June. SVS does not report to LCSD about STCT reports. Additional work needs to be done in this area for building maintenance, as SVS will be seeking grants and other external support for the building. The general fund may also be used for building projects. **Compliant**

9. Oregon Public Meetings Laws must be followed, including but not limited to timely meeting notice and agenda publication, public posting of minutes, and recordings of meetings. From this point forward, SVS must document its compliance for every board meeting and submit this documentation to LCSD on a monthly basis.

Progress Update: SVS consulted with legal counsel and updated online access to Board meetings. As of June 13, 2026, all SVS Board meetings are being recorded and publicly posted in compliance with legal requirements. Videos, agendas, and meeting minutes can be found on the website. Eddie Symington met with SVS staff to support Board compliance work. **Compliant**

10. SVS staff have demonstrated a lack of understanding in student management systems and discipline procedures, including up to suspension and expulsion. Immediate concerns have been raised in understanding manifestation needs, Oregon weapons laws, the ability to investigate complaints about student behavior, due process and appropriate student behavior incident documentation and reporting. Monthly discipline data and investigation notes must now be reviewed by building administration and LCSD district staff.

Progress Update: After continued concerns about behavior documentation and another weapon concern in June, the following has occurred:

- 6/22: Majalise Tolan emailed Debra Barnes about a weapons concern brought to LCSD. The email requested an immediate meeting and cited OR Rev Stat § 338.105 (2025): (4)(a) Notwithstanding subsection (2) of this section, a sponsor may terminate a charter immediately and close a public charter school if the public charter school is endangering the health or safety of the students enrolled in the public charter school.
- 6/24: Majalise Tolan, Natalia Aguilar, Debra Barnes, and Jen Metcalf met to discuss the weapons concerns and behavior inconsistencies in Synergy. SVS was asked to:
 - 1. Create a behavior flow chart - majors, minors, notifications, etc.
 - 2. Work with OSBA and SVS Board to develop an AR for student discipline, especially regarding weapons, drugs, or other potentially volatile or expulsion-related offenses.
 - 3. Work with Natalia Aguilar to plan August training for all staff on Synergy behavior incident entry, understanding weapons law, understanding Every Student Belongs, and understanding the behavior flow chart. LCSD will either present, co-present, or attend the staff training. And,
 - 4. Plan September education for students and families on SVS policies and procedures for behavior.
- 8/25: Because the behavior training was never scheduled, after consulting with LCSD legal counsel, Majalise Tolan informs Debra Barnes that she has scheduled Natalia Aguilar to attend a SVS staff meeting at 1:00 on 8/27. Natalia will observe staff behavior training, as requested in June.
- 8/27: Natalia Aguilar attended a behavior training at SVS. Clear expectations and consequences were not established. Staff were not taught how to use the Synergy behavior reporting system. A parent information night was not scheduled.
- 8/27: Majalise Tolan notified SVS that, due to incomplete student schedules, a lack of established behavior systems, and not having a behavior support person hired, SVS was not ready to open.
- 8/28: SVS Board Chair Metcalf asked if LCSD had any recommendations for additional support to open school. LCSD hired administrative substitute, Steve Cooper, to work at SVS in September. SVS will be billed his substitute rate.
- 8/31: SVS held a school-wide assembly addressing that vape and cell phone laws will be followed this year, however, concrete consequences were not established and had yet to be established by 9/3. This is a failure to set clear and consistent expectations to support staff, students, and families.

A tremendous amount of concerns exist that staff and students are not supported to appropriately manage behaviors with clear and consistent guidelines and expectations.

Not Compliant

11. Although LCSD provides the Special Education instructional staff, SVS administration is still responsible for the proper implementation of Special Education processes. LCSD has provided training to SVS administration, but the required manifestation determination information was not provided to LCSD staff running a manifestation meeting, and emails were not responded to in a timely manner to support the team. SVS administrators must

attend all Special Education trainings that take place with LCSD administrators. All emails from LCSD Special Education staff must be responded to within 24 hours.

Progress Update: This was reported to be compliant in April 2026 but in need of additional monitoring. Since that time, SVS has attended required trainings. Debra Barnes notified Carol Stock, LCSD Special Education Director, that teachers at SVS struggle to provide modifications and accommodations and requested training. Dr. Stock sent a draft of a training. It was not responded to, a requirement of this plan. The training was not scheduled. On 8/26, SVS was reminded of this need and that it put LCSD “on notice” that special education needs are not being met. As of 9/4, the Special Education training is still not scheduled. On 8/26, LCSD also learned that special education students do not have services on their academic schedule. Dr. Stock made a new schedule for all special education students. As of 9/4, these schedules have yet to be inputted correctly and only partial push-in services have been provided. SVS administration is responsible for the proper implementation of processes and scheduling of students to meet their IEP needs. More than sufficient support has been provided by LCSD. **Not Complaint**

12. **Cybersecurity:** SVS has contracted with LCSD for all technology support. This item is removed from the list and will no longer need to be monitored.

13. **Tribal Consultation:** SVS is now scheduling time with CTSI Tribal staff directly. This item is removed from the list and will no longer be monitored by LCSD. Alissa Lane, Tribal Education Director, will be receiving all LCSD and SVS Board Updates to share with Tribal Council, as discussed in a joint meeting on 8/26/26. LCSD will ask for proof of consultation around plans that require this work (Title I, High School Success, Integrated Guidance, etc.).

On 8/26/26, LCSD administrators, LCSD Board Chair, and SVS Board Chair, Vice Chair, Acting Superintendent, LCSD Tribal Liaison and CTSI Education Director, met to discuss enrollment and staffing, facility updates, CIP review, behavior management, compliance requests, special education, September leadership, and the superintendent search. Notes from this meeting were shared with all attendees and action steps are referred to in this letter. SVS is urged to use September to gather as much data as possible to support the next superintendent. Steve Cooper is taking notes of areas for improvement to support the administrative transition and plans to support the next behavior support staff member, if they are hired before he leaves.

Failure to meet the requirements set forth above, including the submissions required, the timelines imposed, and the mandated meetings, may result in termination of the charter agreement. Please reach out to Majalise Tolan at majalise.tolan@lincoln.k12.or.us for further discussion.

Sincerely,
Dr. Majalise W. Tolan

Evaluation of Administrators

The superintendent will implement and supervise an evaluation system for administrative personnel. A formal evaluation will be conducted at least once each year. The evaluation shall be conducted according to the following guidelines:

1. Evaluative criteria for each position will be in written form and made available to the administrator;
2. Evaluations will be made by the superintendent and/or a qualified, licensed designee;
3. Evaluations will be in writing and discussed with the administrator by the person who conducts the evaluation; and
4. The administrator being evaluated will have the right to attach a memorandum to the written evaluation, and have the right of appeal through established grievance procedures, if applicable.

An administrator's evaluation shall use the following educational leadership-administrator standards adopted by the State Board of Education.

1. Mission, Vision, and Core Values
2. Ethics and Professional Norms
3. Equity and Cultural Responsiveness
4. Curriculum, Instruction, and Assessment
5. Community of Care and Support for Students
6. Professional Capacity of School Personnel
7. Professional Community for Teachers and Staff
8. Meaningful Engagement of Families and Community
9. Operations and Management
10. School Improvement

Administrator evaluations shall be based on the core administrator standards adopted by the Oregon State Board of Education. The standards shall be customized based on collaborative efforts with the administrators and any exclusive bargaining representative of the administration.

Local evaluation and support systems established by the district for administrators must be designed to meet or exceed the requirements defined in the Oregon Framework for Teacher and Administrator Evaluation and Support Systems, including:

1. Four performance level ratings of effectiveness;
2. Consideration of multiple measures of administrator practice and responsibility which may include, but are not limited to:
 - a. Classroom-based assessments including observations, lesson plans and assignments;
 - b. Portfolios of evidence;
 - c. Supervisor reports; and

3. Consideration of evidence of student academic growth and learning based on multiple measures of student progress including performance data of students, schools and districts that is both formative and summative. Evidence may also include other indicators of student success;
4. A summative evaluation method for considering multiple measures of professional practice, professional responsibilities, and student learning and growth to determine the administrator's professional growth path;
5. Customized by the district, which may include individualized weighting and application of the standards.

An evaluation using the administrator standards must attempt to:

1. Strengthen the knowledge, skills, disposition and administrative practices of the administrator;
2. Refine the support, assistance and professional growth opportunities offered to the administrator, based on the individual needs of the administrator and the needs of the students, the school and the district;
3. Allow the administrator to establish a set of administrative practices and student learning objectives that are based on the individual circumstances of the administrator, including other assignments of the administrator;
4. Establish a formative growth process for each administrator that supports professional learning and collaboration with other administrators;
5. Use evaluation methods and professional development, support and other activities that are based on curricular standards and are targeted to the needs of the administrator; and
6. Address ways to help all educators strengthen their culturally responsive practices.

Evaluation and support systems established by the district must evaluate administrators on a regular cycle. The superintendent shall regularly report to the Board on the implementation of the evaluation and support systems and educator effectiveness.

Personal Electronic Devices */**

{This policy is required by ORS 336.840 and EO 25-09. EO-25-09 requires policy to be adopted and in place by October 31, 2025, with full implementation by January 1, 2026.}

Student ~~[possession or]~~ use of a personal electronic device is prohibited from the start of regular instructional hours until the end of regular instructional hours, except as provided below. ~~Personal~~ electronic devices can be used when students are not on school grounds and are not under the supervision of school personnel (other than a school bus driver)¹. ~~X~~

Except as otherwise provided in this policy, “personal electronic device” means any portable, electrically powered device that is capable of making and receiving calls and text messages and accessing the internet independently from the school’s network infrastructure. ~~X~~ This includes headphones and earbuds attached to personal electronic devices. This does not include a laptop computer or other device required to support academic activities.

school issued

school approved

Personal electronic devices may be used when use complies with the terms of:

1. The student’s medical provider’s order for the care and treatment of a medical condition;³
2. The student’s individualized education program, as defined in ORS 343.035 or an education plan developed for the student in accordance with section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794);⁴
3. A written exemption provided for the student based on a request received in JFCEB-AR. School administration will respond to such a request within ~~10~~ school days.⁵

Personal electronic devices ~~[must be placed in district-provided pouches or storage]~~ *must be stored during regular instructional hours.* ~~[may be kept by students in lockers or backpacks, but personal electronic devices are not to be stored on the student’s person or in the student’s clothing]~~ ~~[may be stored on the student’s person, but may not be used]~~ during regular instructional hours.

¹ If students are under the supervision of school personnel other than a school bus driver, the use of personal electronic devices is prohibited during regular instructional hours. ~~{ODE’s guidance, *Fostering Student Learning, Well-Being, and Belonging* provides that districts have discretion related to field trips. The district could include language regarding field trips here.}~~

² ~~{ODE’s guidance, *Fostering Student Learning, Well-Being, and Belonging* provides “This includes personal electronic devices that can make calls, send texts, or access the internet via cellular data are restricted. This includes smartphones, web-enabled flip phones, cellular-capable tablets and e-readers, smartwatches, smart glasses, and connected headphones or earbuds. This does not include laptop computers or other devices required to support academic activities.”}~~

³ JFCEB-AR must be submitted to the building administrator, along with a copy of the order.

⁴ If use of the personal electronic device is included in the individualized education program or education plan, JFCEB-AR submission is not required.

⁵ JFCEB-AR must be submitted to the building administrator.

Students in violation of this policy will be subject to disciplinary action. Discipline for mere possession or use of a personal electronic device may not include loss of instructional time for the student (including suspension or expulsion), but could include ~~detention, Saturday school, a change to storage requirements, etc. {⁸}~~. However, if the actions taken by a student violate another conduct policy, the student may be subject to discipline up to and including expulsion. ~~{Steps may include:~~

- ~~1. First Instance of Noncompliance: staff will give the student a verbal reminder of the policy and expectations to reinforce appropriate use of personal electronic devices;~~
- ~~2. Second Instance of Noncompliance: the device will be temporarily confiscated and held and the front office until the end of the school day. Parents or guardians will be notified, and a meeting with school administration may be scheduled to discuss ways to support the student;~~
- ~~3. Third Instance of Noncompliance: the device will again be temporarily held, and parents or guardians will be informed. A meeting with school administration and family will be arranged to review the policy and plan for improved compliance;~~
- ~~4. Beyond Third Instance of Noncompliance: In noncompliance continues, schools will determine additional appropriate consequences, always prioritizing keeping students in class and engaged in learning. {⁹}~~

Necessary communications during the school day while on school grounds between students and parents or guardians can be made through the school office.

The superintendent or designee shall ensure this policy is posted on the district website and made available to district personnel, students, parents, guardians, partners who are in school buildings during the school day, and the Oregon Department of Education.

In accordance with ORS 336.840, students may be allowed to use personal electronic devices⁹ that support academic activities and independent communications¹⁰, except as prohibited by this policy. In academic activities in which a personal electronic device is required as part of the curriculum, students may be allowed, but not required to use their own personal electronic devices for that portion of the curriculum. Students using their own device must be granted access to any applications or electronic materials that are available to students who do not use their own personal electronic devices. These applications must be free of charge if students who do not use their own devices have access free of charge.

~~⁶ {Correction may include requiring a student to store their device in a classroom storage space instead of in the backpack-}~~

~~⁷ For example: a student could be disciplined with lost instructional time for using a personal electronic device to bully another student or for accessing inappropriate content. Discipline will be in accordance with Board policies.~~

⁸ {From guidance from the Oregon Department of Education. Consider whether these procedures apply at all grade levels and whether this much detail is desired in policy.}

⁹ The use of “personal electronic device” in this paragraph comes from ORS 336.840, which does not define the term. However, the definition in EO 25-09 wouldn’t necessarily apply. Consequently, items like laptop computers or other devices required to support academic activities would likely be considered personal electronic devices within this paragraph.

¹⁰ “Independent communication means communication that does not require assistance or interpretation by an individual who is not part of the conversation, but that may require the use or assistance of an electronic device. ORS 336.840(1).

Requests for exemptions to this policy can be processed in accordance with JFCEB-AR – Request for Personal Electronic Devices Exemption. Appeals can be filed ~~with~~^{or designee} the superintendent in accordance with KL-AR(1) – Public Complaint Procedure.

The taking, disseminating, transferring or sharing of obscene, pornographic or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring or sharing obscene, pornographic or otherwise illegal images or photographs will be reported to law enforcement and/or other appropriate state or federal agencies.

OSBA Model Sample Policy

Code: KGBB
Adopted:

Firearms Prohibited

{Oregon law has allowed members of the public possessing a concealed carry license to carry firearms on district property in accordance with ORS 166.370(3)(g). Senate Bill (SB) 554 (2021) allows districts to prohibit even those with concealed carry licenses from carrying firearms by adopting a policy and posting notice at entry points.

OSBA considers this policy to be conditionally required because if the district wants to prohibit concealed carry licensees from carrying firearms on district property, the district must adopt a policy. If the district does not want to limit concealed carry licensees, the district does not need to adopt this policy.}

No person on grounds of the schools controlled by the Board (including in school buildings), will possess any firearm¹, except when said firearm is possessed by a person who is not otherwise prohibited from possessing the firearm, and is unloaded and locked in a motor vehicle. The exception provided in Oregon Revised Statute (ORS) 166.370(3)(g) for concealed carry licensees (see ORS 166.291 and 166.292) does not apply to the possession of firearms on grounds of the schools controlled by the Board.² Firearms under the control of law enforcement personnel are permitted. The superintendent may authorize other persons to possess weapons for courses, programs and activities when in compliance with law and board policy.

Any person violating or threatening to violate the above rules, as determined by the district, may be issued a trespass citation, ejected from the premises and referred to law enforcement officials³.

X The district will post clearly visible sign(s) at all normal points of entry to the school grounds subject to this policy indicating that the affirmative defense described in ORS 166.370(3)(g) does not apply. The district will post on the district's web pages designated for school board operations, identifying designated school grounds that are subject to this policy. X

Evaluation of the Superintendent

The Board will formally evaluate the superintendent's job performance at least once each year. The evaluation will be based on the superintendent's job description, any applicable standards of performance, Board policy and progress in attaining any goals for the year established by the superintendent and/or the Board.

Additional criteria for the evaluation, if any, will be developed at a public board meeting prior to conducting the evaluation. The superintendent will be notified of the additional criteria prior to the evaluation.

Where the Board provided written notice pursuant to the prior sentence, if the Board determines the superintendent's performance remains unsatisfactory, the Board may dismiss or non-renew the superintendent pursuant to Board policy, the superintendent's employment contract and state law and rules. In those situations where the superintendent's employment contract includes an evaluation, dismissal or non-renewal provision, it shall take precedent over this policy.

Talented and Gifted Students - Identification**

In order to serve talented and gifted (“TAG”) students in grades K through 12, the district directs the superintendent or designee after due consideration of the input of staff, parents and the community to establish an identification process.

This process of identification shall include at a minimum:

1. Use of evidence-based practices that include a variety of tools and procedures to determine if a student demonstrates a pattern of exceptional performance and/or achievement that is relevant to the identification of TAG students under ORS 343.395.
2. Collection and use of multiple modes and methods of qualitative and quantitative evidence to allow appropriate members of a student’s identification team to make a determination about the identification and eligibility of the students for TAG services, supports and/or programs; with no single test or piece of evidence eliminating a student from eligibility.
3. Use of methods and practices that minimize or seek to eliminate the effects of bias in assessment and identification of students from historically underrepresented populations including, but not limited to:
 - a. Students who are racially/ethnically diverse;
 - b. Students experiencing disability;
 - c. Students who are culturally and/or linguistically diverse;
 - d. Students experiencing poverty; and
 - e. Students experiencing high mobility.
4. Incorporate assessments, tools and procedures that will inform the development of an appropriate plan of instruction for students who are identified as TAG and describe how information from the assessments, tools and procedures used in the identification for TAG students will be used to support development of the plan of instruction.
5. Identify how the educational record under ORS 326.565 of the student being considered will document and reflect the record of the team’s decision and the procedures and data used by the team to make the decision.

The district will provide professional development for staff assigned the responsibility for identification of talented and gifted students.

The identification team may use sources of evidence described in OAR 581-022-2325(3) to provide students with multiple opportunities to demonstrate a pattern or preponderance of evidence of talent or giftedness.

Academic evidence reviewed shall align to the full depth, breadth, and complexity of Oregon’s content standards and benchmarks. Standardized assessments used for academic/achievement-based identification shall include technical documentation demonstrating alignment or documentation of intended use for the purpose of TAG identification. Standardized assessments used for intellectually gifted identification shall include technical documentation demonstrating alignment to research-based best practices inclusive of students from underrepresented populations.

When a student is identified for TAG, the district shall inform parents of the programs and services available to their student and provide an opportunity for parents to provide input to, and discuss TAG instruction proposed for their student. The instruction provided shall be designed to accommodate the student’s assessed levels of learning and accelerated rates of learning. Parents may request the withdrawal of their student from TAG at any time.

If a parent is dissatisfied with the identification process or placement of their student, they may submit an appeal through Board policy KL - Public Complaints and begin at Step 2 with the superintendent or designee the accompanying administrative regulation, IGBBA-AR - Appeal Procedure for Talented and Gifted Student Identification and Placement**.

After exhausting the district’s appeal procedure and receiving the district’s final decision, a parent may appeal the decision to the Deputy Superintendent of Public Instruction under Oregon Administrative Rule (OAR) 581-002-0001 – 581-002-0023. The district shall provide a copy of the OARs upon request.

⁴ “High school equivalency program” means a program provided to assist a student in earning a certificate for passing an approved high school equivalency test such as the General Educational Development (GED) test.

⁵ {The remaining policy content is optional, but highly recommended language to inform about and support governance of activities (see beginning bracket here; ending with last paragraph of policy – see closing bracket).}

The superintendent will develop procedures, as necessary, to implement this policy, including a process to ensure that all district rules governing the conduct of students, staff, and volunteers engaged in district activities are regularly reviewed and updated.

The district will annually review interscholastic activities and participation to determine whether the current offerings reflect the students the district serves.

Academic Achievement**

The Board believes it is important that teachers have as much accurate knowledge of student achievement as possible to assess students' needs and growth; thus, a sharing of information among parent, teacher and student is essential.

The district shall ensure that all students have the opportunity to demonstrate progress toward mastery of the knowledge and skills of the student's current grade level or course content level. Students who have not yet met or who exceed all of the standards at any grade level, will be offered additional services or alternative educational or public school options.

The Board directs staff to follow these guidelines in measuring and determining student progress:

1. Parents and students will be informed regularly, of their student's progress toward achieving the academic content standards, including but not limited to:
 - a. Information on progress in each subject area to meet or exceed the academic content standards at the student's current grade level or course content level, including major goals used to determine the information;
 - b. Specific evidence of student progress toward mastery of a continuum of academic knowledge and skills (academic content standards) of a subject area, upon request from a parent;
 - c. Student scores on all state and local assessments indicating any of the requirements that have been waived for the district or the individual and time periods for the waiver; and
 - d. Student progress toward completion of diploma requirements to parents of students in grades 9-12, including credits earned, demonstration of extended application and demonstration of the Essential Skills.
2. Parents will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration;
3. Grades and/or portfolio content assessment will be based upon academic performance and will not include student attitude[or behavior]. Grades will not be used for disciplinary purposes. Absenteeism or misconduct shall not be the sole criterion for the reduction of a student's grade.
4. At comparable levels, the school system will strive for consistency in grading and reporting except when this consistency is inappropriate for certain classes or certain students;
5. When no grades are given but the student is evaluated in terms of progress, the school staff will'' show whether the student is achieving course requirements at the student's current grade level;
6. The staff will take particular care to explain to students the meaning of marks and symbols used to reflect student performance.

Expulsion**

A principal, after reviewing available information, may recommend to the superintendent that a student be expelled. Expulsion of a student shall not extend beyond one calendar year.

A student may only be expelled for the following circumstances:

1. When a student's conduct poses a threat to the health or safety of students or employees;
2. When other strategies to change the student's conduct have been ineffective, except that expulsion may not be used to address truancy; or
3. When required by law.

The use of expulsion for discipline of a student in fifth grade or lower is limited to:

1. Nonaccidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator's observations or upon a report from an employee, the student's conduct poses a direct threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

The age of the student and the past pattern of behavior will be considered prior to imposing the expulsion.

No student may be expelled without a hearing unless the student's parents, or the student if 18 years of age, waive the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

The Board delegates the authority to decide on an expulsion to the superintendent.^{1} The superintendent may designate another person to handle the potential expulsion, and the superintendent, a designee or another individual may act as the hearings officer. The district may contract with an individual who is not employed by the district to serve as the hearings officer. The hearings officer will not be associated with the initial actions of the building administrators. The hearings officer will conduct the hearing and make a final decision regarding the expulsion. A decision of the hearings officer may be appealed by the parent or the student if age 18 or over to the Board for review.

If the decision of the hearings officer is appealed to the Board for review, the findings as to the facts and the hearings officer's decision will be submitted to the Board, and will be available in identical form to the

^{1} The Board can retain authority for all expulsions. If the Board chooses not to delegate this authority, any recommendations for expulsion from administration would come to the Board for resolution. The Board would have to meet and determine next steps for all expulsions.

Board, the student and the student's parents at the same time. At a future meeting, the Board will review the hearings officer's decision and will affirm, modify or reverse the decision.

When a recommendation for an expulsion is made and a hearing is not waived, the following procedure is required:

1. Notice will be given to the student and the parent by personal service² or by certified mail³ at least [five] days prior to the scheduled hearing. Notice shall include:
 - a. The specific charge or charges and the specific facts that support the charge or charges;
 - b. A statement of intent to consider the charges as reason for expulsion;
 - c. The student's right to a hearing;
 - d. When and where the hearing will take place; and
 - e. The student may be represented by counsel or other persons.
2. If the parent or student does not understand the English language, the district will provide an interpreter during the hearing. All communications will be in a manner that is understandable to the parents and student;
3. The student shall be permitted to have representation present at the hearing to advise and to present arguments. The representation may be an attorney, parent or other person. The district's attorney may be present;
4. The student shall be afforded the right to present their version of the events underlying the expulsion recommendation and to introduce evidence by testimony, writings or other exhibits;
5. The student shall be permitted to be present and to hear the evidence presented by the district;
6. The hearings officer or the student may record the hearing;
7. Strict rules of evidence shall not apply to the proceedings. However, this shall not limit the hearings officer's control of the hearing;
8. A Board-conducted hearing or a Board review of the hearings officer's decision will be conducted in executive session unless the student or the student's parent requests a public hearing. If an executive session is held by the Board or a private hearing held by the hearings officer, the following will not be made public:
 - a. The name of the minor student;
 - b. The issues involved, including a student's confidential records;
 - c. The discussion;
 - d. The vote of Board members, which may be taken in executive session when considering an expulsion.

³ When "certified mail is given to a parent of a suspended student, the notice shall be placed in the mail at least five days before the date of the hearing." (OAR 581-021-0070)

Prior to expulsion for reasons other than a weapons violation, the district must notify the student and parents of alternative programs of instruction or instruction combined with counseling and document this notification.

Denial for Virtual Public Charter School Student Enrollment**

The district is not required to approve a transfer of a resident student, when more than three percent of the students residing in the district are attending a virtual public charter school not sponsored by the district. The district will semiannually, by November 1 and April 1, calculate the percentage of students residing in the district, who are attending a virtual public charter school not sponsored by the district. When the calculated percentage is more than three percent, the district will not approve a student's enrollment to such a virtual public charter school.

A parent¹ must give notice to the district in which the parent resides of their intent to enroll their student in a virtual public charter school. If the calculated percentage is three percent or less, or the district sponsors the desired virtual public charter school, the district will issue a notice of approval or choose not to respond.

If the calculated percentage is more than three percent and the desired virtual public charter school is not sponsored by the district, the district will issue a denial notice² within 10 calendar days of receiving notice from a parent and must include:

1. The notice the student is denied for enrollment to the virtual public charter school;
2. The percentage of students in the district that attend virtual public charter schools that are not sponsored by the district, based on the most recent calculation at the time the intent to enroll was received by the district;
3. A list of two or more other online options available to the student; and
4. A copy of OAR 581-026-0305 and OAR 581-026-0310.

When calculating the percentage, the district is only required to use data that is reasonably available to the district, including but not limited to the following for such calculation:

1. The number of students residing in the district enrolled in the schools within the district;
2. The number of students residing in the district enrolled in virtual and non-virtual public charter schools located in the district;
3. The number of students residing in the district enrolled in virtual public charter schools not sponsored by the district;

¹ "Parent" means parent, legal guardian or person in parental relationship as defined in ORS 339.133.

² If a parent does not receive a notice of approval or disapproval from the district within 10 days of sending the notice of intent to enroll to the district, the student shall be deemed approved for enrollment by the district. (OAR 581-026-0305 (4))

4. The number of home-schooled students residing in the district and who have registered with an educational service district; and
5. The number of students residing in the district enrolled in private schools located within the district.

A parent may appeal the district's denial for student enrollment to a virtual public charter school to the State Board of Education under OAR 581-026-0310.

If the student was enrolled in a virtual public charter school while living in another district and has maintained continuous enrollment in such school since moving into, and residing in this district, approval is not required.

Equal Employment Opportunity

Equal employment opportunity and treatment shall be practiced by the district regardless of race¹, color, religion, sex, sexual orientation, gender identity, national origin, marital status, pregnancy, childbirth or a related medical condition², age, veterans' status, service in a uniformed service, familial status, genetic information, an individual's juvenile record that has been expunged, and disability³ if the employee, with or without reasonable accommodation, is able to perform the essential functions of the position.

The district administers preference in hiring or promotion decisions in accordance with Oregon law for applicants claiming preference as a veteran, disabled veteran, state servicemember or former state servicemember.

The superintendent will appoint an employee to serve as the officer in charge of compliance with the Americans with Disabilities Act and the Americans with Disabilities Act Amendments Act (ADA), and Section 504 of the Rehabilitation Act. The superintendent will also designate a Title IX coordinator to comply with the requirements of Title IX of the Education Amendments. The Title IX coordinator will investigate complaints communicated to the district alleging noncompliance with Title IX. The name, address and telephone number of the Title IX coordinator will be communicated to all students, parents of students and employees through handbooks and will be published on the district website.

The superintendent will develop other specific recruitment, interview and evaluation procedures necessary to implement this policy. These procedures will seek to provide an equal employment opportunity and eliminate the effects of past and present discrimination, intended or unintended, on the basis of race, religion, national origin, age, sex, marital status or physical or mental disabilities.

Immigration Enforcement on District Property

The district complies with state and federal law, including Oregon Revised Statute (ORS) 180.805 and ORS 181.826, and this policy and accompanying administrative regulations KNA-AR(1) – Interactions with Immigration Enforcement and KNA-AR(2) – Federal Immigration Enforcement Request Log when responding to requests from federal immigration authorities regarding immigration enforcement. Absent a judicially authorized subpoena, warrant or court order, district staff must not allow federal immigration authorities access to the district’s records or facilities not open to the public for the purposes of immigration enforcement and must verify the validity of any subpoena, warrant or court order involving immigration enforcement presented to them by federal immigration authorities to ensure it is judicially authorized. Examples of judicial and administrative warrants and subpoenas can be found in the Oregon Attorney General’s Model Public School Policies.¹ The superintendent or designee must review and approve any response to a request involving immigration enforcement. The district will provide ongoing training to designated staff to ensure compliance with this policy.

This policy will be made available in the student handbook and on the district’s website². The district will ensure a copy of the Oregon Attorney General’s Model Public School Policies³ and this policy and accompanying administrative regulations are provided to staff.

Designation of Primary Point of Contact

The Deputy Superintendent^{4} is the primary point of contact for coordinating interactions with federal immigration authorities occurring in the district (“immigration liaison”^{5}). The Student Services Administrator shall serve as an alternative point of contact during the immigration liaison’s absence or unavailability (“alternate immigration liaison”).

The immigration liaison’s responsibilities include:

1. Serving as the district’s representative during encounters with federal immigration authorities;

¹ <https://www.doj.state.or.us/wp-content/uploads/2026/06/Attorney-Generals-Model-Public-School-Policies-in-Compliance-with-SB-1538.pdf>

² Must be provided in culturally appropriate languages that are used to communicate effectively with parents and guardians of students in the district, as determined by the Board. {The district is encouraged to evaluate language needs in the district in order to effectively communicate with all parents and guardians.}

³ <https://www.doj.state.or.us/wp-content/uploads/2026/06/Attorney-Generals-Model-Public-School-Policies-in-Compliance-with-SB-1538.pdf>

⁴ {House Bill 4079 (2026) requires the policy to “identify at least one administrator” for this purpose. The Board should consider whether a single administrator is sufficient for the district, or whether multiple administrators should be designated.}

⁵ {The district can choose any title to use for this individual and should use it throughout this policy.}

2. Confirming when federal immigration authorities have entered school property for immigration enforcement purposes;
3. Ensuring federal immigration authorities engaging in enforcement activities at the district have notice of relevant district policies: JO/IGBAB – Education Records/Records of Students with Disabilities, JOA – Directory Information, JOB – Personally Identifiable Information and this policy;
4. Assisting staff in performing their duties in response to immigration enforcement efforts, including ensuring compliance with all district policies and procedures related to interactions with federal immigration authorities and immigration enforcement efforts;
5. Reviewing and responding to requests from federal immigration authorities, in coordination with, and under the direction of, the superintendent or designee;
6. Facilitating the district’s compliance with lawful immigration enforcement efforts in a manner that does not unnecessarily disrupt the school environment or invade the privacy of students, staff, or volunteers;
7. Providing notice as required in this policy when a federal immigration authority has been confirmed to have entered school property for immigration enforcement.

Required Notice

When a federal immigration authority is reported to have entered school property for the purpose of immigration enforcement the immigration liaison shall confirm whether federal immigration authorities have entered school property for immigration enforcement and when confirmed, shall provide notice as follows:

1. Notice must be provided to:
 - a. Students who attend the school where the federal immigration authority is confirmed to be on school property for immigration enforcement and who are in grades 7 and above;
 - b. Parents or guardians of students attending the school where the federal immigration authority is confirmed to be on school property for immigration enforcement;
 - c. Staff of the school where the federal immigration authority is confirmed to be on school property for immigration enforcement; and
 - d. Community-based service providers that have requested to receive notice when a federal immigration authority is confirmed to be on school property for immigration enforcement. Community-based service providers can request to receive such notifications by contacting the immigration liaison at the district office.
2. Notice must include:
 - a. The general location of the federal immigration authority; and
 - b. Whether classes or school operations were affected by the presence of the federal immigration authority. {Districts may include resources available to those impacted by immigration enforcement actions.}

3. Notice must not disclose:

- a. Personally identifiable information;
- b. Other information that may not be legally disclosed; or
- c. Other information when the disclosure may threaten the health or safety of students or staff of the district or is prohibited by a court order.

The required notice will be provided as expeditiously as possible using existing methods used for providing electronic communications.

Unless otherwise prohibited by law or court order, the district will make reasonable efforts to provide notice to a student, or to the parent of guardian of a student, when the district has provided information related to the student to a federal immigration authority.

Confidentiality of School Records

Except when required by a judicially authorized warrant, subpoena, or order, Oregon law prohibits the district from disclosing protected information to federal immigration authorities for the purpose of enforcing federal immigration laws. Protected information includes information relating to a person's:

1. Address;
2. Workplace or hours of work;
3. School or school hours;
4. Contact information, including telephone number, electronic mail address or social media account information;
5. Known associates or relatives; and
6. Date, time or location of the person's hearings, proceedings or appointments with a public body that are not matters of public record.

Oregon law also prohibits sharing any of the above information about a person's relatives or known associates with federal authorities for immigration enforcement purposes.

Oregon law generally prohibits the district from sharing or disclosing citizenship or immigration status or country of birth information⁶ that the district collects, unless one of the following exceptions applies:

1. The disclosure is required by state or federal law (other than federal immigration law);
2. The disclosure is required by a judicially authorized warrant, order, or subpoena;
3. The information being shared with a person concerns only that person or their dependents; or
4. The information is aggregated and not personally identifiable.

⁶ Citizenship or immigration status or country of birth information is any information concerning:

1. Where a person was born; or
2. Whether a person is a citizen of the United States; or
3. Whether a person has lawful authority to be present in the United States.

In addition to the prohibitions described above, federal and state laws make records and information related to students confidential and permit disclosure only in limited circumstances. The district's policies with respect to student records can be found in Board policies JO/IGBAB – Education Records/Records of Students with Disabilities, JOA – Directory Information and JOB – Personally Identifiable Information. To ensure compliance with applicable federal and state law, the district's staff shall not disclose any school records or information to federal immigration authorities except as provided in these policies.

Staff must also maintain the confidentiality of school records and other information about students, staff, and volunteers when communicating with other students, parents, or community members about immigration enforcement activities involving students, staff, or volunteers of the district or occurring on district property. Staff should direct anyone with questions about immigration enforcement activities occurring on district property to the immigration liaison.

Training

The district will provide the immigration liaison and alternate immigration liaison with training as follows:

1. The training must include information on the requirements of House Bill 4079 (2026), any applicable model policies published by the Attorney General, and this policy; and
2. The training must be provided at the time of designation and at least once every two years thereafter.

{⁷} Upon the adoption of this policy and not less than once every two years thereafter, the district will provide training to all current district staff of one hour or more regarding federal and state laws, and the district's policies, relating to interacting with federal immigration authorities and responding to immigration enforcement efforts. The district will provide the required training to all new staff within 30 days of beginning employment.

LINCOLN COUNTY
SCHOOL DISTRICT

25-26 Integrated Programs Annual Report Presentation

Lincoln County School District

Annual Reporting Requirements

- ODE's annual report consists of two narrative questions (Optional inclusion of Progress Markers)
- Throughout the year, grant recipients have been asked to report expenditures and report on progress markers which will help inform overall progress on the annual report.

Summary of Integrated Programs Performance Measures

SIA Annual Report Requirements

- SIA recipients are required by statute to:
 - review their own progress on an annual basis through an annual progress report and financial audit
 - present their annual report to their governing board at an open meeting with opportunity for public comment (cannot be consent agenda item),
 - and post the report to the district or charter school website.
- If grantee set LPGTs and LOM:
 - In Year 1 of biennium: Affirm progress has been reviewed towards meeting the LPGTs in the grant agreement (Assurance)

Annual Report Narrative #1

As you review your progress markers/overall reflection responses and reflect on plan implementation, how do you see your progress contributing to the Outcomes and Strategies in your plan and your Longitudinal Performance Growth Targets (LPGT)/Local Optional Metrics (LOM)?

Discuss at least one Outcome where you have seen progress in implementation.

Math and reading benchmarks were reported to the Board throughout the year.

Schools shared specific improvement strategies at Board meetings.

Outcomes were used to to guide LPGTs.

Building and district teams analyzed all LOMs to choose one that would be most impactful for LCSD and the community.

Career and Workforce Readiness as a Local Optional Metric will support improving core academics while increasing opportunities for high leverage electives (CTE).

Annual Report Narrative #2

Where have you experienced barriers, challenges, or impediments to progress toward your Outcomes and Strategies in your plan that you could use support with?

Discuss at least one Outcome where you have seen challenges or barriers to implementation.

LCSD has continued to experience challenges in improving the attendance rate. During 2025-2026, Kindergarten attendance was isolated and reported monthly to the Board. This isolation of Kindergarten attendance allowed LCSD staff to work specifically with families to improve school attendance behavior.

2026-2027: Early Attendance (K-2) will be monitored as a group.

Lincoln County School District Equity Team Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage 9,310 acres located here in Lincoln County but is a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.
