10. **BOARD OF STARS**

a. Lori Montes

I would like to nominate Lori Montes. She started with us after the school year began and has really risen to the task of taking on the role as advisory teacher. She has the added challenge of doing so from a distance, but has still been able to start building relationships with families and supporting the students. She is self motivated and jumped right into learning AIMS, our standards and our philosophy of education. She is a great asset to FOCUS and Chugach. I feel grateful to have her as a co-worker and our Advisory Teacher for Valdez!

Recognized by Jaimie Gilson

b. Kitza Durkop

I would like to nominate Kitza Durkop for Chugach's Board of Stars. Kitza has been helping out in Whittier and basically doing whatever is needed to fill in holes and help get things on track for kids. With many years of teaching, special education and administrative experience, she has been invaluable. Thank you Kitza!

Recognized by Ty Mase

c. FOCUS Parents, Erica Ojala and Shannon Ojala

FOCUS Fairbanks would like to thank these two moms for lending us their talents and creativity. We appreciate the MANY hours they spent decorating our lobby for Christmas, to make a warm, sparkly, and inviting. We received so many compliments from parents, students and community members. Thanks again for a job well done.

Recognized by Annie Dougherty

d. Stephanie Carlson

Stephanie goes above and beyond in her maintenance position at Whittier

Community School. From moving snow to plumbing to general maintenance; if we have a problem, she solves it! During the holiday break the boiler system was leaking glycol and it required her to come to school every six hours to ensure we didn't have a spill. So much of what she does goes unnoticed, but we want her to know how much we value and appreciate her contribution to our school and team. Recognized by Whittier Community School Staff

- Encourages mental health topics be taught in public schools. Creates a guideline for DEED to develop curriculum.

SB 29: Civics Education; Establish Alaska Civics Education Commission

- Requires schools not to issue a diploma to students who have not completed a civics education course using the curriculum DEED develops or have not achieved a passing score of at least 70 percent on their test.

II. Early Childhood Training Center Update

Written approval has been secured by both State and Federal grant entities and a total of \$500,000 has been secured to start the process of building an Early Childhood Training Center / Multi Purpose Facility on the lot adjacent to the District Office. Our hope is to release a design bid RFP in February and break ground in April or May. Depending on funding and pending code, we will most likely try to construct the building in several different phases.

III. CIP Update

On January 26, Myself, Ryan Schmidt, and a plane load of architects and engineers flew to Tatitlek and Chenega. The plan is to release the project in February for bid. It is looking like, due to the scarcity of materials and supply chain issues, that our renovations will take several years.

IV. Tatitlek Corporation Donation

It is with much admiration that I report that Tatitlek Corporation made a generous \$50,000 donation to CSD and Tatitlek School over Christmas break. We will make sure that a formal letter on behalf of the board and administration is sent thanking them for this contribution.

V. Staffing Update

At the time of this report, CSD has two position openings. One in Chenega and one in Whittier. We have these positions posted and are aggressively seeking outstanding educators to fill these positions.

VI. Superintendent's Proposed Goals / Focus Areas

- Communication:** Increase communication through site visits, updates, meetings and other forms of outreach. Communications will be forthright and honest, in hopes of heading off misconceptions and rumors.
- Recruitment and Retention:** Simply put, staffing is the key to CSD's success. Student achievement starts with excellent educators and we will make every effort to recruit and retain high-caliber educators for CSD.
- Processes / Policies / Procedures:** We need to align, refine, update, adhere to, and create new processes, policies and procedures to assure the district runs smoothly and efficiently so we can focus our resources on students.
- Instructional Design / Innovation:** Our model is world-class but there is always room for evaluation and refinement. We will also look for innovations that can help us move our programs forward.
- Work / School Culture:** Our workplaces (schools and offices) need to be ones where folks want to stay. Our schools need to be an Oasis for our students, where adults put aside their differences and leave their baggage at the door in order to create the best learning environment possible for our students. Big people problems should not affect the education that we Kathy Giessel (Whittier) and Gary

VII. My Guiding Principals

1. Is it moral?
2. Is it ethical
3. Is it legal?
4. Is it fiscally responsible?
5. Is it good for kids?

(would like to add – Is it in alignment with CSD’s mission and goals?)

I have found the process of going through these questions to be a huge help. Not only does it help me make decisions, but it also helps me defend them. These five questions help guide me; when I find something that meets these criteria, I feel confident in my decisions.

VIII. Important Dates to Remember:

- February 4-7 – AASB’s Legislative Fly-in
- March 6-10 – CSD Spring Break
- April 15-16 – AASB’s Spring Boardsmanship Academy
- May 26 – Whittier Last Day
- June 2 – Tatitlek and Chenega Last Day

IX. Policy Highlight:

BB 9012 COMMUNICATIONS TO AND FROM THE BOARD

Staff members, parents, and community members should submit questions or communications to the School Board through the Superintendent. Board members' questions or communications to staff or about programs will be channeled through the Superintendent's office. If contacted individually, Board members will refer the person to the appropriate channel of authority, except in unusual situations. Board members will not take private action that might compromise the Board or administration.

MEMORANDUM # 23-2

TITLE: Joint Recommendation to the School Board

DATE: February 2, 2023

BACKGROUND:

The Chief School Administrator and Prince William Sound Teachers Association have met several times this winter to negotiate a new contract for the coming school year(s). The proposal / joint recommendation meets the needs of our certified staff, it meets the needs of the district, and it is financially feasible.

We feel that the attached joint recommendation will help CSD retain experienced, master teachers and will also help us greatly in recruiting the best educators available.

SUGGESTED MOTION:

A motion to approve the joint recommendation for a three-year CBA as presented by the Chief School Administrator and the PWSTA.

Tatitlek Corporation – 2022 Alaska Education Tax Credit Proposal

Introduction:

The Chugach School District is pleased to submit this Alaska Tax Credit Funding Proposal to address a variety of needs and opportunities for Tatitlek School's students, staff, and facility. Being a remotely located, small, educationally progressive school, Tatitlek's financial needs vary and this proposal focuses on a variety of much-needed resources and services for Tatitlek School. While the State continues to underfund education, providing our small school sites with the level of opportunity and services that we have grown to expect is becoming increasingly more financially difficult.

We are grateful for the opportunity to apply for funding from Tatitlek Corporation, and we hope to partner with you, not only on the objectives of this proposal but to creatively meet the needs of the Community of Tatitlek and the needs of each individual student. Thank you for considering our proposal.

Goals and Objectives:

- ✓ To offer School-to-Life and Vocational Skill Development for Tatitlek youth
- ✓ Provide additional teaching support for Tatitlek students
- ✓ Enhance the Tatitlek school facility through State and matching school district renovation funds
- ✓ Provide professional development for Tatitlek teaching staff

Key Activities / Milestones:

It's My Life (Voyage Career Phase) / Driver's Training Phase: Chugach's Voyage School offers a wide array of activities aimed at preparing students for life after high school. Practicing college readiness and career development skills in a real-life simulation is something that we have found invaluable for students. Currently, our Voyage School operates under a grant in partnership with Lower Yukon School District. While the grant provides for tuition and travel for LYSD students, Chugach students are a general fund expense for Chugach. Our proposal focuses on financial support for several Tatitlek students to attend the "It's My Life" Phase, and the Driver's Education Phase.

Enhanced Teaching Support for Tatitlek School: Tatitlek operates an award-winning performance-based academic learning and accountability system. While we find this model to be the perfect fit for our small, rural schools, it is labor-intensive. On most days, Tatitlek's student attendance is well below ten students but the district is committed to keeping the school a two-teacher site. Individualized student instruction at a wide array of levels, demands this. Our proposal seeks to offset the cost of a teaching salary and benefits.

School Renovation Matching Funds: The district could not be happier that the State has awarded us (with the help of political pressure applied by Tatitlek) a Capital Improvement Grant for the renovation of Tatitlek School. Simply put, the school is in desperate need of structural, mechanical and cosmetic fixes/ upgrades. While the grant amount is 6.9 million, the district is required to contribute a participating share, or match, in the amount of \$142,000.

Training/Professional Development for Educators: As mentioned earlier, Chugach operates an award-winning performance-based instructional model. However, most awards happened many years ago and there has been much innovation and progression in the world of competency-based education. With hundreds of districts nationwide adopting the SBS, there is now a supporting National Conference – The Aurora Institute. Our proposal seeks to help fund Tatitlek's teaching staff to attend this conference next Fall.

Budget:

Voyage Student Travel	2 Charters @ \$2,600	\$5,200
Voyage Student Tuition	4 students at \$2,400	\$9,600
Staff Salary/ Benefits	Approximately 50% of 2nd teacher salary / benefits	\$60,000
School Renovation Project Match	50% of \$142,000 in-kind	\$71,000
Aurora Institute - Professional Development (2 teachers)	Conference Fees @ \$500 each Travel @ \$4,600	\$5,600
Total: \$151,400

Re: AS 14.17.430 State Funding for Correspondence Study

Dear Senate Education Committee:

We write to you regarding AS 14.17.430 State Funding for Correspondence Study.

The Galena City School District (GCSD), Yukon Koyukuk School District (YKSD), Denali Borough School District (DBSD), Craig City School District (CCSD), Nenana City School District (NCSD), Chugach School District (CSD), and Alaska Gateway School District (AGSD) all operate correspondence school (homeschool) programs. Students attending our correspondence programs are funded at 90% of the Base Student Allocation (BSA). For this school year (FY 23), districts operating correspondence programs receive \$5,337 for each Full Time Equivalent (FTE) correspondence student, or 90% of the \$5,930 BSA. For next school year (FY 24), districts operating correspondence programs will receive \$5,364 for each FTE correspondence student, or 90% of the \$5,960 BSA.

Districts with correspondence programs have the responsibility to serve correspondence students with identified disabilities with the same level of support as students with identified disabilities attending brick-and-mortar schools. Alaska regulation 4 AAC 33.432 appropriately requires that correspondence programs enroll special education students on the same basis as brick-and-mortar students. As such, districts operating correspondence programs must provide school psychologist, speech/language pathologist, and occupational/physical therapy support for students who qualify for these services, yet no additional instructional monies are provided to help offset these responsibilities. No school is allowed to refuse a free and appropriate public education to a student based on a disability. These students deserve the same level of support as their peers who attend brick-and-mortar schools.

The undersigned districts urge the 33rd Legislature to recognize the responsibility of Alaska's correspondence programs to serve students with identified disabilities and to provide the same State funding support for special education correspondence students that is provided for students attending brick-and-mortar schools. We recommend that AS 14.17.430 be amended to read as follows (additional language in green text mirrors the wording already in AS 14.17.420(1) special needs funding for brick-and-mortar schools): "Except as provided in [AS 14.17.400\(b\)](#), funding for the state centralized correspondence study program or a district correspondence program, including a district that offers a statewide correspondence study program, includes an allocation from the public education fund in an amount calculated by multiplying the ADM of the correspondence program by 90 percent plus a special needs funding factor of 1.20 shall be applied as set out in [AS 14.17.410\(b\)\(1\)](#)."

Thank you for your consideration.

RESOLUTION 2023 - 01

RESOLUTION Supporting the statutory formula-based special education funding for correspondence students

WHEREAS, State of Alaska regulation 4 AAC 33.432 requires that correspondence programs enroll special education students on the same basis as any other student,

WHEREAS, all school must create the opportunity for a free and appropriate public education to all student without regard to a disability,

WHEREAS, currently, the State of Alaska does not provide funding for the additional support of these students in correspondence programs that it does for students in brick-and-mortar schools, and

WHEREAS, these students deserve the same level of support to a free and appropriate public education as prescribed in law as their peers going to different schools.

NOW, THEREFORE BE IT RESOLVED:

The Alaska Gateway School District Board of Education urges the legislature to recognize the responsibility of state-approved correspondence programs to serve students with identified disabilities and to provide the same special education funding support for these students that is provided to students attending brick-and-mortar schools.

Resolution 23-01

Title: Supporting the statutory formula-based special education funding for correspondence students.

Resolution: YKSD urges the legislature to recognize the responsibility of state-approved correspondence programs to serve students with identified disabilities and to provide the same special education funding support for these students that is provided to students attending brick-and-mortar schools.

Rationale: 4 AAC 33.432 appropriately requires that correspondence programs enroll special education students on the same basis as any other student. No school is allowed to refuse a free and appropriate public education to a student based on a disability. Currently, the state does not provide funding for the support of these students in correspondence programs as it does for brick-and-mortar schools. These students deserve the same level of support as their peers going to different schools.

ADOPTED, November 10, 2022 at a duly convened regular meeting of the Yukon Koyukuk School District Board of Education at which a quorum was present and voting:

State Funding for Districts Operating Residential Schools

December 5, 2022

Issue

Amend AS 14.16.200 to increase state funding for districts operating residential schools.

Overview

Residential school programs offer a great return on investment for the State of Alaska. They deliver high-quality career and technical education (CTE) programs that many districts cannot provide students. Because of these critical programs, hundreds of young Alaskans graduate from high school every year ready to enter the workforce or pursue further education.

These unique schools deliver hundreds of short- and long-term CTE courses in fields of study such as: applied mechanics, aviation, construction trades, cosmetology, culinary arts, fisheries and seafood, health sciences, hospitality and tourism, maritime careers, media and information, technology, and transportation.

Students attending these programs have access to short-term introductory classes as well as multi-year programs leading to professional certifications and licenses. Many of these programs prepare students for career opportunities locally or in the region they are from.

Background and Pertinent Information

- Residential school stipend funding per current Alaska statute 14.16.200 has not increased since 2015.
- Residential school stipend funding was increased 25% for FY23 by the legislature and the governor.
- While grateful for this one-time funding, school districts that provide residential school programs – within the five regions as laid out in statute – continue to operate at a significant financial loss per student, and a statutory funding update is needed.
- As noted by the Administration, Alaskan gasoline and heating oil costs increased 48% and 49% respectively during FY21. It is common knowledge that fuel costs increased significantly again during FY22 and have increased more this fiscal year.
- Rising fuel costs translate to increased costs for all goods and services provided by residential school programs. Increased program costs due to inflation include, but are not limited to, negotiated salary increases, insurance premiums, travel, and staff/student per diem.
- Due to the disruption caused by COVID-19, the last year residential school programs operated with full enrollment was the 2018-19 school year.
- Since the 2018-19 school year, the cost of delivering room and board services has exceeded state funding by \$5,000 or more per student per year.

Residential School Programs – within the five (5) statutory Regions

- Bering Strait School District and Nome City School District (NACTEC: Northwestern Alaska Career and Technical Center)
- Chugach School District (Voyage to Excellence)
- Galena City School District (Galena Interior Learning Academy)

- Lower Kuskokwim School District (LKSD Ready Academies, Kuskokwim Learning Academy)
- Lower Yukon School District (Kusilvak Career Academy) (**Note: Began operation in Oct. 2019**)
- Nenana City School District (Nenana Student Living Center)
- Northwest Arctic Borough School District (STAR of the Northwest Magnet School)

At the current level of statutory funding per AS 14.16.200, districts would need at least a 100% increase to cover the expenses of room and board services for students currently enrolled in residential school programs.

Estimated Delivery Cost

The following information cites the estimated cost to the State of Alaska for various increases in stipend funding. The actual cost will be determined by student enrollment in programs. Enrollment numbers below are based on the 2018-19 school year.

To Whom It May Concern,

January 3, 2023

This school year, 2022-23, will be my last year working at Chenega School and for the Chugach School District. This decision is primarily rooted in the desire of my family to return to our hometown of Juneau, Alaska. Given that this decision will affect count numbers, I wanted to tell you sooner than later so the district and the village have time to look ahead to next school year. My family and I wish everyone at Chenega School, Chugach School District, and the village of Chenega all the best.

Thanks,

Clint Sullivan

Dear Doug:

I am writing to notify you of my upcoming retirement. My last day at Chugach School District will be June 1, 2023.

I have enjoyed working as a general and special education teacher for the last ten years in Alaska, and I'm honored to end my career at Chugach School District. I want to thank you, Doug, for your support during my four years at Chenega Community School. It was a pleasure to be part of the school and the community, and to work with our wonderful students.

Please let me know how I can make the transition to next school year as smooth as possible.

Thank you again for the opportunity to work with Chugach School District. I wish you all the best in the years to come!

Sincerely,

MEMORANDUM # 23-4

TITLE: Board Bylaw 9250 Remuneration, Reimbursement and Other Benefits. AR 9250 Meal Per Diem

DATE: February 2, 2023

BACKGROUND:

The School Board Bylaw 4133 states that Board Honorarium will be paid to Chugach Board Members for the following meetings:

1. Regular Chugach Board Meeting Days
2. AASB November Training & Conference Days including days directly related to the conference in which school district business is being conducted.
3. NSBA Training & Conference Days
4. Special Meetings
5. Emergency Meetings

Our practice and board bylaw 9250 are currently not aligned. According to this bylaw, we only pay an honorarium for the November AASB Training and Conference however, our past practice has been to attend numerous AASB events. I ask the Board to help me clarify the situation by revising, suspending, or upholding the current Bylaw.

AR 9250 states that meal per diem will be paid to employees when they are required to travel and stay away from their home to participate in school district activities.

Per Diem reimbursement rate will be as follows:

1. Breakfast= \$15.00
2. Lunch = \$15.00
3. Dinner = \$30.00

In cases where the school district activity provides any meals at no charge, per diem for those meals cannot not be reimbursed. Please attach any approval documentation that you might have for special events.

AASB has recently sent out an email clarifying what meals will be provided for their upcoming conference so districts can adjust per diem rates accordingly. In the past, we have paid full per diem rates which again, seems to be out of alignment with our AR. I ask the board to help clarify the intent of our per diem policy and regulations.

SUGGESTED MOTION:

This item is more informational and it will be up to the Board to either revise, suspend, or uphold.

SUGGESTED MOTION:

A motion to approve Debbie Treece and Melissa Rowland to attend the Council for Exceptional Children Convention in Louisville Kentucky.

MEMORANDUM # 23-7

TITLE: Chugach School District Spring Recruitment

DATE: February 2, 2023

We anticipate 2 to 4 position openings for the 2023/24 school year. While our focus will be in-state hires we also want to be prepared to cast a wider net if necessary. Virtual job fairs and Handshake will be utilized but there is the possibility that we may need to attend lower 48 job fairs.

Job fairs that CSD staff / administration may need to possibly attend:

- ✓ Pennsylvania
- ✓ Montana
- ✓ Wyoming
- ✓ New York

SUGGESTED MOTION:

A motion to give CSD administration blanket approval to attend spring job fairs (if necessary) in the lower 48.

BP 2260 SUCCESSION PLAN

Chugach School District Succession Plan February 23, 2021

The mission of the Chugach School District is:

The Chugach School District is committed to developing and supporting a partnership with students, parents, community and business which equally shares the responsibility of empowering students to meet the needs of the ever-changing world in which they live. Students shall possess the academic and personal characteristics necessary to reach their full potential. Students will contribute to their community in a manner that displays respect for human dignity and validates the history and culture of all ethnic groups.

This document is meant to provide general guidance to the Board in the event of the voluntary or involuntary departure or incapacitation of the key leaders. It will address the departure of key administrative positions and the board's role in providing guidance and support. It will also address practices that may be considered to allow for the best transition possible.

It is a role of the board to hire a superintendent that will build a strong administrative team that will lead the district toward achieving its mission. It is important that the functions of the superintendent and key administrative staff are well understood by the board and among the administrative team to safeguard the district against unplanned and unexpected change.

The Chugach School District is run on a shared leadership model. It is important to note that while a shared leadership model empowers people throughout the district with various levels of leadership and input, responsibilities for key functions still rest squarely on the shoulders of those filling specific positions within the district. Those responsibilities should not be relinquished to others. The superintendent is the primary employee of the school board and, as such, the hiring for that role rests solely with the board.

Revised 3/2021

Chugach School District

MEMORANDUM # 23-9

TITLE: DEED Capital Improvement Project – Matching Funds

DATE: February 2, 2023

BACKGROUND:

Chugach School District has entered into a contractual grant agreement with the State of Alaska to renovate the Tatitlek and Chenega Community Schools. As a part of this 15 million agreement, CSD is required to put forth matching funds or a ‘Participating Share.’ The amounts are \$117,550 for Chenega and \$142,291 for Tatitlek. **The total participating share is: \$259,841**

Participating Share: The Recipient agrees to provide the participating share of the total costs of the Project required under AS 14.11.008. If the Recipient is eligible to provide its participating share through a contribution of labor, material or equipment, it must provide notice to the State within thirty (30) days after signing this agreement. A description of the specific in-kind services must be included. The State may not unreasonably withhold its consent, but may impose record keeping requirements that allow it to monitor the incorporation of the local contribution into the Project. [4 AAC 31.023(d)]

SUGGESTED MOTION:

A motion to transfer \$117,550 out of the Major and Minor Maintenance Fund 502 - into fund 504 Chenega CIP and \$142, 291 into Fund 505 Tatitlek CIP to cover Chugach School District’s required participating share.
