Strategic Planning Process & Cycle

**Organization Chart
Chugach School District**

Development of Chugach School District's dynamic Strategic Plan:

In the past decades, the Chugach School District has had traditional strategic plans, which have been placed in binders on shelves and not utilized as they should be. In recent years, a series of steps has been taken to gather input from all stakeholders in an effort to develop a "Working" strategic plan. We want a plan that we use on a routine basis to guide our efforts and decisions for current focus and future planning.

The first step was the development of our District Shared Purpose, Core Values, and Mission, which was adopted in 2009. Each school then aligned and developed their site's Shared Purpose and Core Values to the District Shared Purpose and Mission. .

Following steps included staff representative teams who worked for entire years gathering input and collecting data to complete our 2009 APEX application. This application gave us foundational information about how we operate, and how we are performing. The APEX report was then used to develop a strategic planning cycle and our strategy maps.

The CSD Strategic Plan's key features include:

- 1 Strategic Plan Development and Input processes
- 2 Shared Purpose, Core Values & Mission
- 3 Strategy Map
- 4 Organizational Chart
- 5 PIER plans and Action Plans
- 6 Communication Documents for a variety of audiences

Today, schools and programs use these strategic planning tools to develop school and individual PIER plans on an annual basis. This ensures that all of our plans are aligned with our Shared Purpose, Core Values and Mission.

The updated Chugach School District Strategic Plan is intended to be a working document: a document that provides guidance for staff and the School Board when making decisions and developing instructional plans for operational efficiency and innovation. As CSD values organizational flexibility, it is expected that some changes to this document will occur from time to time. That said, it's important to have a document that is in place as our next starting point, in order to clearly articulate the direction that CSD is headed.

Dear Chugach Board of Education and Superintendent Mase,

We, at AASB, are happy to submit an official proposal to you explaining our St. Planning process. You will see over the next few pages both a written description of our process, as well as a visual snapshot of the process.

Over the years we have learned that most individuals cannot give up more than a few days when working on a strategic plan and we have built our facilitated session to match the availability of those that make up the St. Planning team.

Our process is interactive allowing all involved to have a voice at the table & input to the decisions. Reviewing and updating the Vision & Mission Statements helps set the stage and the process of the SWOT (Strengths, Weaknesses, Opportunities and Threats) allows participants to get a snapshot of needs to help the district move forward. Goals are developed by this group and then the objectives & strategies are developed by the superintendent's leadership team.

Lastly, though there is a cost to this process, because CSD is a member of AASB the cost is significantly reduced as compared to the actual costs, as we keep prices reasonable for our member districts.

We understand you have options in the selection of a facilitator, and we hope that our proposal addresses all your questions and concerns.

Thanks in advance,

Timi C Tullis, Associate Executive Director, AASB

Title 21 Master Table (New Code)

*Per MOA 21.07.080:F4.B a secured two year landscape guarantee in the form of a bond/surety/escrow is required to be provided to the MOA prior to landscape inspection. IMC 304 GENERAL NOTES

- MOA AMENDMENTS TO THE INTERNATIONAL MECHANICAL CODE (IMC) AND THE INTERNATIONAL FUEL GAS CODE (IFGC) REQUIRE THE ELEVATION OF IGNITION SOURCES IN THE INTERNATIONAL BUILDING CODE (IBC) GROUP F (FACTORY), M (MERCANTILE), AND S (STORAGE) OCCUPANCIES WITH OVERHEAD DOORS PROVIDING ACCESS TO VEHICLES AND EQUIPMENT CONTAINING COMBUSTIBLE FUEL. THESE AREAS SHALL HAVE ALL IGNITION SOURCES ELEVATED SUCH THAT THE SOURCE OF IGNITION IS NOT LESS THAN 18" ABOVE FINISHED FLOOR. IGNITION SOURCES INCLUDE ALL ELECTRICAL AND MECHANICAL EQUIPMENT THAT COULD PRODUCE ARCING, SPARKING, FLAME, OR GLOW. TYPICAL EQUIPMENT INCLUDES BUT IS NOT LIMITED TO: RECEPTACLES, LIGHTING, WATER HEATERS, BOILERS, UNIT HEATERS, COMPUTERS, DISHWASHERS, REFRIGERATORS, VENDING MACHINES, ETC.
- SPACES ADJACENT TO THESE VEHICLE ACCESS BAYS SHALL ALSO HAVE ALL IGNITION SOURCES ELEVATED TO NOT LESS THAN 18" ABOVE FINISH FLOOR UNLESS:
 - SPACES DO NOT COMMUNICATE AND ARE EFFECTIVELY CUT OFF BY WALLS OR PARTITIONS
 - THERE IS A 2-DOOR SEPARATION BETWEEN SPACES.
 - THERE IS A 1-DOOR SEPARATION BETWEEN SPACES AND THE DOOR IS GASKETED WITH SELF-CLOSURE HARDWARE.
- THE INTENT IS TO NOT LOCATE ANY ELECTRICAL OR MECHANICAL EQUIPMENT WITHIN 18" OF THE FINISHED FLOOR LEVEL IN AREAS WHERE THIS CONDITION IS DENOTED.
- THIS REQUIREMENT FOR ELEVATION OF IGNITION SOURCES MAY APPLY TO BOTH CLASSIFIED AND NON-CLASSIFIED AREAS.

E3.1

AR 9250 MEAL PER DIEM - Travel / Per Diem Guidelines

1. **Eligibility:** Per diem will be provided to Chugach School District Employees/Board Members who are required to travel away from their official duty station for work-related purposes.
2. **Travel Authorization Form:** before travel plans are made, an Employee Travel Authorization Form must be completed, signed and approved. In most cases, filling out a CSD Travel Authorization Form will set in motion the per diem process.
3. **Per Diem:** The district uses a per diem system to account for meals while traveling out of the school district. Meal segments are: Breakfast – 20%, Lunch – 30%, Dinner – 50%. The day total is based on the local GSA meal rate.
4. **Partial Days:** Per Diem on travel days is calculated as follows:
 - Departure before breakfast 100% of GSA rate
 - Departure after breakfast 80% of GSA rate
 - Departure after lunch – before dinner 50% of GSA rate
5. **For in-district travel:** while traveling to CSD villages it is understood, and encouraged, that staff and service providers will share in communal meals. Food/meals should simply be charged to a district credit or p-Card, instead of submitting for per diem.
6. **Considerations:** Use per diem allowances ethically and responsibly. No per diem payments are made for a segment where a meal has already been paid through a registration fee, hotel reservation, or the district.
7. **Payment:** Per Diem will be reimbursed upon return and the submission of a Per Diem Statement Form.
8. **Incidentals:** include such items as taxi fares and parking fees. Whenever possible, a district p-Card should be used to pay for taxi fares, parking or any other incidental cost. When that is not possible, incidentals will be reimbursed upon return.
9. **IRS Timeframe:** Forms must be submitted to the business office within ten (10) working days after the conclusion of travel to be tax exempt.
10. **Documentation:** detailed receipts must substantiate all business expenses reimbursable to the employee (other than per diem).

AR 4133/4233/4333 TRAVEL EXPENSES – All Employees / School Board

The mileage reimbursement rate for travel using a personal vehicle in the performance of assigned duties will be based on federal IRS rates and regulations pertaining to mileage.

Mileage Procedures / Practices

What counts as business mileage (IRS Definition):

In simple terms, any time you drive from one place of work to another, it is considered business travel. You can be traveling between worksites and meeting locations, of course.

If you have a separate office where you perform most of your work, going from your home to your office is your commute. If your office is in your home, then any traveling you do for business would be considered business mileage.

We Ask That You

- Use district-owned and insured vehicles whenever possible, especially when transporting students.
- Order supplies in advance to reduce the need for last-minute store runs.
- Consolidate travel (errands, trips to the DO, etc.) and limit single-purpose trips.
- Compare the cost of time and mileage to commercial services. Mileage, shipping rates, purchasing online, and commercial travel should be compared for the most economical option.
- Feel safe in whatever conditions you are driving. Very little we do requires us to drive when conditions are poor. In addition, drive what is most suitable for the conditions, which in some cases might not be a district vehicle.
- Acquire preapproval for special trips for a single purpose/items or trips over 75 miles.

Dear Chief School Administrator Ty Mase and the Chugach School Board Members:

Life is never how you plan it, or expect it to unfold, but that's why amazing opportunities and unexpected moments of joy make life worth living!

After devoting my career over the past 38 years in education as a Teacher, Paraprofessional, Grant Administrator, Special Education Coordinator and Director, District Administrator, and Interim Superintendent, the time has come to wrap up this long chapter of my professional life, and discover what opportunities and joys lie ahead.

My first 10 teaching years in Southern California from 1985 – 1996 were filled with primary grade experiences in Carlsbad, Hemet, and Covina – all large schools and districts. Excited to relocate to beautiful Alaska to work for Chugach School District (an organization that resonated with my educational philosophy of individualizing education for all students), we moved our family to Whittier the summer of 1996. Several years working with PK-12th grade students and staff in a variety of roles provided lots of growth opportunities and great experiences. Living in Whittier included working at the local Post Office and Sound Ideas Gift Shop during the summer months, connecting with locals and tourists in addition to our staff, students and families.

Life changes brought us to Eagle River in 1999, and my work started at the Chugach School District Office as a grant coordinator and Anchorage House facilitator. Fast forward 25 years at the DO that added roles to my job, and I'm still in awe of the Chugach journey that I've been proud to be part of, alongside so many valued staff, leaders, board members and mentors. Without the trust, confidence, and support from leaders past and present, I would not have been able to experience the amazing professional growth that has taken me from the classroom to leadership roles for almost four decades.

Continuous improvement in all aspects of this wonderful organization has helped us navigate the hills and valleys over the past 28 years since I joined Chugach School District, and I am confident that these efforts will continue into the future. The focus on every student and their academic and personal growth to become successful adults with a strong foundation to tackle the unknowns of life is at the heart of what makes Chugach School District an excellent organization. Through the dedication of the Chugach Team, my efforts in working and supporting thousands of students, families, community members, and staff has made me so proud to be an educator throughout my adult life.

Thank you for your blessings and support as another chapter in Life begins.
