TO: Board of Education
THRU: Dr. Mike Dominguez, Superintendent
FROM: Colleen Drees, Chief Financial Officer
DATE: September 6th, 2023
RE: Budget Hearing for the 2023-2024 District Budget

ISSUE:

The Board of Education is asked to consider and hold the revenue neutral rate hearing for the 2023-2024 school year.

BACKGROUND:

Each year the Board of Education is asked to approve the budget and revenue neutral rate for the school year. The hearing notice and dates are required to be published 10 days in advance of the budget hearing. This year we had a delay for publication in our local newspaper due to a limitation of weekly published copies of the newspaper. We have set up a special meeting on September 18th to hold the budget and revenue neutral rate hearings which allows for a ten-day period between hearing and publication.

ALTERNATIVES:

1. No action needed this meeting.

RECOMMENDATION:

It is recommended that the Board Of Education open the Revenue Neutral Rate Hearing as published, explain the delay in publication and the rescheduling of the hearing to September 18th at 6pm.

FISCAL NOTE:

PERSONNEL

POSITIONS

General assignments are made to each staff member in the fall, but each employee is to bear in mind that he/she is a part of the whole operation and should strive for the betterment of the Nutrition Service Department; assignments may change throughout the course of the year.

REQUEST FOR TRANSFER

The Director of Nutrition Services has the right to move staff into comparable open positions. When a position is open, it will be posted to in-district for three days. It is the responsibility of all employees to check their e-mail on a regular basis. Interested staff should apply for transfer via the districts Transfer Center. Interviews will be conducted and best applicant hired. Unfilled positions will be open to the public. ***Staff is to notify their manager before applying for another position.***

SALARY

Employee salary will be figured on the hours worked with deductions for FICA, State and Federal withholding taxes, and KPERS for employees who qualify. Medical insurance is also available for those who meet the Notice of Personnel Action (NPA) hourly requirements. *Refer to the Classified Employee Handbook.*

EVALUATIONS

Employee supervisor will complete an evaluation when your 60-day probation is completed. It will be reviewed with you and you will have the opportunity to make comments. All employees will evaluate their work performance in addition to being evaluated in the spring of each year by their supervisor. *Evaluation tool is located in Appendix A.*

PERSONAL INFORMATION

Employees are responsible to keep Nutrition Services and the Personnel Department informed of any personal information changes – name, address, phone number, etc.

CHANNELS OF COMMUNICATION

Employees are responsible to their immediate supervisor and shall direct problems, criticisms and suggestions through the supervisor. Employees who attempt to “go over the head” of their supervisor without informing him/her are considered unethical.

RESIGNATION OR TERMINATION

Upon resignation or termination all property of USD 457 must be returned (uniforms, aprons, back belts, name badges) prior to receiving your last check.

TIME CLOCK

True Time on Skyward Software is an official accountability tool, which will be used to produce legal documents during wage and hour audits. Each employee will be responsible to monitor their own daily time and submit their weekly time sheet at the end of each week. Time sheet information can be accessed thru the District’s web site or thru the time clock when submitting your weekly time sheet. Add a note to explain if extra time has been worked. Unapproved

exceptions to an employee's approved time schedule will result in a verbal warning. The second notice will be written and placed in their personnel file. A third time of undocumented or unapproved time will warrant probation. *True Time/Skyward instructions are located in Appendix B.*

It is the employee's responsibility to make up any time within the week it was taken.

BREAKS

Breaks are to be taken as workload permits and are not cumulative. Employees who work over six hours will be required to take an uninterrupted 30-minute lunch break, in which they will clock in and out. If they choose to leave the building, they will not be able to take their complimentary lunch meal with them. If an employee's lunch break is scheduled during the time they are traveling to another school, they will not be paid mileage.

AM and PM breaks are included in the workday. Employees are not to leave the building during these times unless they clock out, and then back in, when they come back to the work place.

ATTENDANCE

Policy: Nutrition Service employees will work their scheduled hours unless pre-arranged otherwise with the manager/director.

Employees are encouraged to schedule appointments after work hours or on non-duty days. *Current mileage sheets are located in Appendix C.*

EXCEPTIONS TO REGULAR HOURS

Extra time worked will need to be pre-approved by the Nutrition Services Director. All short time needs to be made up during the current week. If not made up employees will not be paid for time missed. Compensatory time is prohibited.

LEAVE NOTIFICATION

Nutrition employees must inform their manager before submitting leave request. All personal, sick and professional leaves will be requested on Skyward Employee Access. Staff can use the manager's computer, the computer lab, or their home computer. Personal leave should be scheduled at least one week in advance so that substitutes can be coordinated. However, the earlier the application is submitted the more likely it is to be approved. If employee does not have adequate leave time they are required to fill out a paper Leave of Absence form and turn it into their supervisor. Leave request approval will be considered in what effect the employees absence on the districts operations, as well as the availability of substitutes. Approval is granted based on the discretion of the Director.

REPORTING PERSONAL ILLNESS

When any member of the staff is unable to report to work, they must speak to their supervisor directly and not leave a voicemail message, text message or speak to another employee at least 30 minutes before shift starts. The supervisor will contact the Nutrition Service office to arrange for a substitute. When returning to work it is the responsibility of the employee to submit their sick leave on Skyward Employee Access. **All sick leaves are requested by hours, not days.**

SNOW DAYS

Per Classified Handbook, three snow days will be compensated per school year. For additional snow days, employees must use one or a combination of the following: sick or personal leave.

Base managers are obligated to report to duty when they have scheduled deliveries or raw food to take out or cook. On these days, the manager will be paid for the actual time spent at the kitchen. If the manager does not have a scheduled delivery or have to attend to raw food product they must have Director's approval to report for work.

Assistants and satellite managers are not to report to work on the three compensatory snow days. If school is called after employees are at work, they will only be paid for the time they spend actually working. If they show up and find out there is no school, no compensation will be given. (Those who travel to JB or Ply will be given driving time). When the three compensated snow days have been used, staff reporting to work is based on the discretion of the Manager and Director. Safety, weather conditions and available work will all be considered when making the decision. If staff is on duty and the entire district is dismissed early due to deteriorating conditions, the employee does not have to make up the rest of their hours for the day.

MILEAGE

Mileage reimbursement is available for staff members using personal vehicle during work hours for work related tasks. Employees will complete a mileage sheet using distances established by the district. Mileage sheets shall be turned in to the Nutrition Service Office at the end of each month. *Current mileage sheets are located in Appendix D.*

Calculating CEUs and Training Hours

The purpose of CEUs (Continuing Education Units) is to provide job-related professional development and growth experiences. Annual training (earning CEUs) is a requirement for both USDA Professional Standards and maintaining your Certificate in School Nutrition or SNS Credential.

SNA's CEU Bundling Policy Has Changed as of January 1, 2022

SNA has simplified its Continuing Education Unit (CEU) bundling policy. To allow more flexibility for our members, CEUs will no longer have to be a minimum of 1 hour in length to be accepted for credit for the SNA Certificate Program and SNS Credential renewal requirements. Because of this change, you will no longer have to bundle shorter training sessions in the same subtopic code to reach 1-hour. However, a training session must be a minimum of 15 minutes in length to be accepted. SNA still encourages that training is at least 1 hour in length, but it is no longer required.

Old CEU Bundling Policy

- CEUs must be a minimum of one hour in length.
 - Two 30-minute trainings within the same subtopic code, within the same year will be accepted as one CEU.
 - Four 15-minute trainings within the same subtopic code, within the same year will be accepted as one CEU.

New CEU Bundling Policy (As of January 1, 2022)

- CEUs must be a minimum of 15 minutes in length.
 - Training sessions that are less than one hour in length are no longer required to be bundled within the same subtopic to reach one CEU to be accepted.

CEU Requirements

- 1 Continuing Education Unit (CEU) = 1 hour of training for Professional Standards
- CEUs must be a minimum of 15 minutes in length.
- CEUs CANNOT date back further than five (5) years from the date you apply.
- **Renewal CEUs must be completed during the certificate year.**

CEU Documentation Accepted by SNA

- Tracking Grids
- Certificates of Completion
- SNA *My Account* Record
- Program Agendas
- College/University transcripts
- Registration Confirmation Letters
- Copies of Roster

You should **ALWAYS** keep a file of all training documentation in the event you are randomly selected for an audit.

*NOTE: The Certificate in School Nutrition is valid for a one-year period. To keep your Certificate current, **you must obtain CEUs within your annual certificate period and pay your yearly renewal fee.***

Policy KN Complaints

Complaints

KN

(See BCBI, GAAC, GAACA, GAAB, GAAF, IF, IKD, JCE, JGEC, JGECA, and KNA)

General Complaints

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. If the investigation and determination procedures of a complaint are not regulated in another board policy or the negotiated agreement, as applicable, it will be designated a general complaint subject to processing under this policy. Whenever a general complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution.

Informal Procedures

The building principal shall attempt to resolve general complaints in an informal manner at the building level. Any school employee who receives a general complaint shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the principal shall contact the complainant to determine if the resolution of the matter remains acceptable.

If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures

- A formal complaint shall be filed in writing and contain the name and address of the person filing the complaint. The complaint shall briefly describe the alleged violation. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved through the informal procedures of this policy, the building principal may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board may appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator, or another individual appointed by the board or the superintendent. The investigation shall be informal but thorough. The complainant and the respondent will be afforded an opportunity to submit written or oral evidence relevant to the complaint and to provide names of potential witnesses who may have useful information.
- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and a copy will be forwarded to the complainant and the respondent within 30 days after the filing of the complaint. If the investigator anticipates a determination will not be issued within 30 days after the filing of the complaint, the investigator shall provide written notification to the parties including an anticipated deadline for completion. In no event shall the issuance of the written determination be delayed longer than 10 days from the conclusion of the investigation.
 - If the investigation results in a recommendation that a student or staff member be subject to discipline, the specifics will not be included in the written determination provided to the parties to protect the privacy rights of the student or staff member.
 - If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
 - If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and state law will be followed.
- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

Appeal Procedures

The complainant or respondent may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board or superintendent, or by the board itself. The request to appeal the determination shall be made within 20 days after the date of the written determination of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator at the lower level and the investigator's report and shall afford the complainant and the respondent an opportunity to submit further evidence, orally or in writing, within 10

Complaints

KN-3

days after the appeal is filed. Whenever an appeal officer is appointed to review an appeal, the appeal officer will prepare a written report to the board within 30 days after the appeal is submitted for decision. The board shall render its decision not later than the next regularly-scheduled meeting of the board following the receipt of the report and provide the parties with a notice of the result of the appeal. Any matter determined by the board in accordance with this process shall be valid to the same extent as if the matter were fully heard by the board without an appeal officer.

- Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

If it is determined at any level that a violation of board policy or school rules occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Complaints About Discrimination on the Basis of Sex

Complaints regarding alleged discrimination on the basis of sex, as prohibited by Title IX of the Education Amendments of 1972 and other federal and state laws regulating such discrimination and discriminatory harassment, shall be handled in accordance with the procedures outlined in board policies GAAC, for staff, and JGEC, for students, and shall be directed to the Title IX Coordinator at (Position or name, address, email address, and phone number of Title IX Coordinator).

Complaints About Discrimination or Discriminatory Harassment Not on the Basis of Sex

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, genetic information, or religion in the admission to, access to, treatment, or employment in the district's programs and activities is prohibited. (Position, address, email address, and phone number of the district compliance coordinator) has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI and Title VII of the Civil Rights Act of 1964 (with the exception of discrimination on the basis of sex), Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Personal Responsibility Work Opportunity Reconciliation Act of 1996, and the Food Stamp Act of 1977, as amended.

For more information regarding what qualifies as discrimination or harassment on the basis of race or disability, see board policies GAACA applying to staff members and JGECA applying to students.

THIS LONG-TERM SUBSTITUTE TEACHER AGREEMENT ("Agreement") is entered into on this _____ day of _____, _____, by and between THE BOARD OF EDUCATION, UNIFIED SCHOOL DISTRICT NO. 457, FINNEY COUNTY, KANSAS ("USD 457") and _____ ("Long-Term Substitute Teacher").

WHEREAS, USD 457 has an acute and continuing need for long-term substitute teachers throughout the district; and

WHEREAS, current employees with at least two (2) prior years of employment with USD 457 have shown their commitment and have a desire to continue receiving fringe benefits that they currently receive to go towards the USD 457 sponsored health/dental plan, while transitioning into Long-Term Substitute Teacher positions; and

If Long-Term Substitute Teacher remains with USD 457 for a period of time exceeding two (2) years, and thereafter, terminates his or her employment with USD 457, then no reimbursement of Benefit Expenses shall be required.

Should Long-Term Substitute Teacher fail to receive a Certified Teaching License, Long-Term Substitute Teacher shall be responsible for reimbursement to USD 457 of all Benefit Expenses paid by USD 457, up to Six Thousand Dollars (\$6,000.00). This Agreement is not intended to be, nor should it be construed as, a contract of employment. Long-Term Substitute Teacher understands that employment by USD 457 is conditioned upon Long-Term Substitute Teacher being recommended for a position, qualifying for the position, and an open position being available in USD 457.

7. **COMPLIANCE.** During the term of the substitute teaching year, Long-Term Substitute Teacher agrees to comply with all USD 457 Board of Education policies, state laws, and student privacy and educational records laws. RE: Functional Academics curriculum for RISE classrooms

ISSUE:

The Board of Education is asked to consider and approve the purchase of the curriculum, Functional Academics, for the RISE classrooms at Garfield, Victor Ornelas, Edith Scheuerman, Charles Stones, and GCHS.

BACKGROUND:

The RISE (Reaching Independence through Structured Environments) classrooms serve students with the most significant intellectual and developmental disabilities.

The Functional Academics curriculum incorporates specially designed instructional materials aligned to the Essential Elements standards that our students in RISE classrooms are required to learn. These standards are assessed on the alternate state assessment, Dynamic Learning Map (DLM), each school year. Functional Academics incorporates evidence-based resources and strategies that empower students to reach their greatest level of independence, access their communities, and live fulfilled lives as contributing, responsible, and equal members of society.

The RISE classrooms have not had a designated curriculum to teach their standards due to limited availability of developmentally appropriate materials on the market for our RISE classrooms. Teachers have been creating their own activities or using activities from a variety of resources to meet the needs of their students.

USD 489 in Hays, KS purchased the program previously and shared their experience and success with it during collaborative special education meetings. The Special Education Coordinators reviewed the curriculum, shared it with teachers, and proposed to the Director of Special Education that we purchase the program for our RISE classrooms who are currently in need of this curriculum.

The Functional Academics curriculum is on the agenda for approval at Curriculum Council on September 12th, pending approval by the Board of Education.

ALTERNATIVES:

1. Approve the curriculum purchase.
2. Deny this purchase.
3. Recommend an alternative solution.

RECOMMENDATION:

Approve the purchase of Functional Academics curriculum for our RISE classrooms.

FISCAL NOTE:

This purchase has been budgeted from our Special Education ESSER Funds that expire at the end of the school year.
