### **III. DEFINITIONS**

#### **A. Confidential Data on Individuals**

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

#### **B. Data on Individuals**

#### **D. Government Data**

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

F. Inspection

“Inspection” means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public’s own computer equipment.

G. Not Public Data

Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Unless classified pursuant to Minnesota Statutes, section 13.06, another statute, or federal law, summary data is public.

**IV. REQUESTS FOR PUBLIC DATA**

A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:

- a. Date the request is made;
- b. A clear description of the data requested;
- c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
- d. Method to contact the requestor (such as phone number, address, or email address).

2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.

3. The identity of the requestor is public, if provided, but cannot be required by the government entity.

4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.

B. The responsible authority will respond to a data request at reasonable times and places as follows:

1. The responsible authority will notify the requestor in writing as follows:

- a. The requested data does not exist; or
- b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or

(1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.

- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
  - 1. The estimated costs of preparing the summary data, if any; and
  - 2. The summary data requested; or

## **VI. DATA BY AN INDIVIDUAL DATA SUBJECT**

Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.
- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six (6) months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten (10) days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.
- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall

within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.

- H. The determination of the responsible authority may be appealed by a data subject pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the Commissioner of the Minnesota Department of Administration ("Commissioner") shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes, chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the Commissioner may refer the matter to mediation. Following these efforts, the Commissioner shall dismiss the appeal or issue the order and notice of hearing.
- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes, section 138.17.
- J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the Commissioner's order issued under Minnesota Statutes, chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

## **VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA**

- A. All requests for individual subject data must be made in writing directed to the responsible authority.

  - 2. Date the request is made;
  - 3. A clear description of the data requested;
  - 4. Proof that the individual is the data subject or the data subject's parent or guardian;
  - 5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
  - 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

## VIII. COSTS

### A. Public Data

1. The school district will charge for copies provided as follows:
  - a. One hundred (100) or fewer pages of black and white, letter or legal sized paper copies will be charged at twenty-five (25) cents for a one-sided copy or fifty (50) cents for a two-sided copy.
  - b. More than one hundred (100) pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.
    - (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
    - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.
2. All charges must be paid for [in cash or by check] in advance of receiving the copies.

**[Note: The district should identify the payment methods that it will accept.]**

### B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
  - a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
  - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

### C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule, 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

## **IX. Annual Review and Posting**

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.
