Preparation of this form is mandated by the Texas Insurance Commissioner through the adoption of the "Fire Suppression Rating Schedule." This schedule enumerates specific credit points used in calculating local insurance rates. A minimum of nine (9) drills is needed, one (1) per month for each month having 10 school days or more to achieve full credit for fire drills. If you have questions on fire drills, contact your local fire official. For more information about fire exit drill requirements in Texas, go to <http://www.tdi.texas.gov/fire/fmschl.html>.

Information solicited in this form will be combined with that of other schools served by specific fire departments and used to calculate insurance rates for your community. In addition to the enhancement to student safety that comes from holding regular fire exit drills and by providing fire prevention education, the residents in your community may benefit from lower insurance rates. Questions relating to this form may be directed to the State Fire Marshal's Office by E-mail to fire.marshall@tdi.texas.gov. **Please do not send forms to the State Fire Marshal.**

Thank you!

9. Public funds investment pools as permitted by Government Code 2256.016.

Safety

The primary goal of the investment program is to ensure safety of principal, to maintain liquidity, and to maximize financial returns within current market conditions in accordance with this policy. Investments shall be made in a manner that ensures the preservation of capital in the overall portfolio, and offsets during a 12-month period any market price losses resulting from interest-rate fluctuations by income received from the balance of the portfolio. No individual investment transaction shall be undertaken that jeopardizes the total capital position of the overall portfolio.

**Investment
Management**

In accordance with Government Code 2256.005(b)(3), the quality and capability of investment management for District funds shall be in accordance with the standard of care, investment training, and other requirements set forth in Government Code Chapter 2256.

The Board may specifically authorize a longer maturity for a given investment, within legal limits.

The District's investment portfolio shall have sufficient liquidity to meet anticipated cash flow requirements.

Diversity

The investment portfolio shall be diversified in terms of investment instruments, maturity scheduling, and financial institutions to reduce risk of loss resulting from overconcentration of assets in a specific class of investments, specific maturity, or specific issuer.

**Monitoring Market
Prices**

The investment officer shall monitor the investment portfolio and shall keep the Board informed of significant changes in the market value of the District's investment portfolio. Information sources may include financial/investment publications and electronic media, available software for tracking investments, depository banks, commercial or investment banks, financial advisers, and representatives/advisers of investment pools or money market funds. Monitoring shall be done at least quarterly, as required by law, and more often as economic conditions warrant by using appropriate reports, indices, or benchmarks for the type of investment.

**Monitoring Rating
Changes**

In accordance with Government Code 2256.005(b), the investment officer shall develop a procedure to monitor changes in investment ratings and to liquidate investments that do not maintain satisfactory ratings.

Funds/Strategies

Investments of the following fund categories shall be consistent with this policy and in accordance with the applicable strategy defined below. All strategies described below for the investment of a particular fund should be based on an understanding of the suitability of an investment to the financial requirements of the District and consider preservation and safety of principal, liquidity, marketability of an investment if the need arises to liquidate before maturity, diversification of the investment portfolio, and yield.

REGULAR MEETING

December 20, 2018

New Business:

Item: Report of BuyBoard Cooperative Purchasing Management Fees

Discussion:

- The Board of Trustees approved a resolution and interlocal agreement back in 1998 that authorizes district participation in this purchasing cooperative.
- There is no fee to school districts for membership in this purchasing coop.
- The Cooperative collects a vendor fee up to 2% of the purchase price of the goods or services which compensates the Cooperative for the functions required to operate the program.
- During the 2017-2018 participation year, MVISD purchased \$1,730,386.23 worth of products from BuyBoard vendors.
- Since the Coop. has collected more fees than what was needed to cover expenditures, rebates were sent to 1,001 member school districts.
- MVISD has received a **\$17,159** rebate which was reflective of the district's participation for the 2017-18 school year.
