Preparation of this form is mandated by the Texas Insurance Commissioner through the adoption of the "Fire Suppression Rating Schedule." This schedule enumerates specific credit points used in calculating local insurance rates. A minimum of nine (9) drills is needed, one (1) per month for each month having 10 school days or more to achieve full credit for fire drills. If you have questions on fire drills, contact your local fire official. For more information about fire exit drill requirements in Texas, go to <http://www.tdi.texas.gov/fire/fmschl.html>.

Information solicited in this form will be combined with that of other schools served by specific fire departments and used to calculate insurance rates for your community. In addition to the enhancement to student safety that comes from holding regular fire exit drills and by providing fire prevention education, the residents in your community may benefit from lower insurance rates. Questions relating to this form may be directed to the State Fire Marshal's Office by E-mail to [fire.marshall@tdi.texas.gov](mailto:fire.marshall@tdi.texas.gov). **Please do not send forms to the State Fire Marshal.**

# REGULAR MEETING

May 20, 2019

## New Business:

Item: Consider procurement and project schedule for the 2019 Elementary #5 construction project (Ladera Subdivision).

## Discussion:

- A board that considers a construction contract using a method authorized by Government Code Chapter 2269 other than competitive bidding must, before advertising, determine which procurement method provides the best value for the district.
- The administration, in conjunction with the district's architectural firm (Garza/Bomberger) recommends the district use the **Competitive Sealed Proposal** method of procurement for contractors for the 2019 Elementary #5 construction project.
- Architectural/Engineering services are required to prepare the construction documents for this project.
- The Request for Competitive Sealed Proposals (RFCSP) will include:
  - ✓ Construction documents
  - ✓ Selection criteria
  - ✓ Estimated budget
  - ✓ Project scope
  - ✓ Schedule, and
  - ✓ Other information necessary for contractors to respond
- The district will evaluate and rank each proposal based upon published selection criteria and shall select the offeror that offers the best value for the district based on the published selection criteria and on its ranking evaluation.
- The district shall first attempt to negotiate a contract with the selected offeror. The district may discuss with the selected offeror options for a scope or time modification and any price change associated with the modification.
- If the district is unable to negotiate a satisfactory contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.
- In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria which includes:
  - ✓ Price.
  - ✓ The offeror's experience and reputation.
  - ✓ The quality of the offeror's goods or services.
  - ✓ Past performance
  - ✓ The offeror's safety record.
  - ✓ The offeror's proposed personnel.

- ✓ Whether the offeror's financial capability is appropriate to the size and scope of the project.
- ✓ Any other relevant factor specifically listed in the request for bids, proposals, or qualifications.
- Proposal selection criteria will include:
  - ✓ Proposal Price (45%)
  - ✓ Submission (30%)
  - ✓ Interview (25%)
- It is recommended that the 2019 Elementary #5 construction project be issued for Competitive Sealed Proposals independently of other projects with a scheduled completion date of May, 2021.
