Commentary

All state or county officers, other than the governor, lieutenant governor, and members of the legislature, who qualify for office, are commissioned by the governor. Tex. Gov’t Code, Section 601.005. The Secretary of State performs ministerial duties to administer the commissions issued by the governor, including confirming that officers are qualified prior to being commissioned. Submission of this oath of office to the Office of the Secretary of State confirms an officer’s qualification so that the commission may be issued.

Pursuant to art. XVI, Section 1 of the Texas Constitution, the Oath of Office *may not* be taken until a Statement of Officer (see Form 2201) has been subscribed to and, as required, filed with the Office of the Secretary of State. Additionally, gubernatorial appointees who are appointed during a legislative session *may not* execute their Oath until after confirmation by the Senate. Tex. Const. art. IV, Section 12. A Statement of Officer form required to be filed with the Office of the Secretary of State is filed upon receipt by the Secretary of State. The Oath of Office may be administered by anyone authorized under the provisions of Chapter 602 of the Texas Government Code. Commonly used officials include notaries public and judges.

Officers Required to File Oath of Office with the Secretary of State:

- Gubernatorial appointees, appellate and district court judges, and district attorneys
- Directors of districts operating pursuant to chapter 36 or 49 of the Texas Water Code file a duplicate original of their Oath of Office within 10 days of its execution. Tex. Water Code Ann. Sections 36.055(d); 49.055(d)

Officers Not Required to File Oath of Office with the Secretary of State:

- Members of the Legislature elected to a *regular* term of office will have their Oath of Office administered in chambers on the opening day of the session and recorded in the appropriate Journal. Members elected to an *unexpired* term of office should file their Oath of Office with either the Chief Clerk of the House or the Secretary of the Senate, as appropriate.
- All other persons should file their Oaths locally. Please check with the county clerk, city secretary or board/commission secretary for the proper filing location.

Teacher Incentive Allotment Report

Presented for:

Contact Person:

Dr. Charla Rudd

Background Information:

The Teacher Incentive Allotment was established with the goal of providing outstanding teachers an accessible pathway to a six-figure salary. Through approved local designation systems, districts can identify and designate outstanding teachers based on student growth and teacher evaluations. Designated teachers generate extra funding for La Vega ISD in addition to rewarding excellence in teaching. Teachers can earn one of three levels of designation - Recognized, Exemplary, or Master. Teachers obtaining National Board certification are designated at the Recognized level. Districts receive an annual allotment for each eligible designated teacher employed. 90% of the TIA funds must be spent on teacher compensation. Once a teacher is designated, they generate an annual allotment for the employing school district as long as they remain a teacher for 51% or more of the day. The designation is placed on the teacher's teaching certificate and receive compensation for five years. La Vega ISD became a fully approved district in 2022.

Fiscal Implication:

2025-26 the district generated \$786,500 from the 50 designated teachers.

Administrative Recommendation:

LVISD Administration will continue to expand the application to allow more teachers to be eligible.

 Part II: Conduct a Gap Analysis

What are we currently doing that supports/is aligned with our Instructional Framework?

- Teachers and students are using Eureka (3-5) and Carnegie (6-8) to engage in daily classroom instruction, practice, and application of math skills
- Teachers have continued training in curriculums and RBIS
- Admin is providing feedback from classroom walks
- Data PLCs and TXLS time is provided for teachers to internalize and analyze data individually and collaboratively
- Coaching and training from Region 12 (on-site and at the ESC)
- Our staff has been trained in the Math RBIS and are incorporating what they have learned into the classroom.
- Admin and teachers are using an Eureka pacing guide
- We are using Mathia (blended learning)
- Elementary is using Zearn
- Using manipulatives- ordered more
- Using iReady- diagnostic and personalized instruction
- Students are persevering in problem-solving in multiple ways, productive struggle, and using academic vocabulary
- Admin, MCLs, and teachers are analyzing student data
- Teachers are implementing with fidelity in so trying to provide opportunities for productive struggle, wait time, and encouraging independent thinking while monitoring student mathematics performance
- Newsletter and email correspondence is sent home, communicating classroom strategies and encouraging attendance

 What are the specific gaps that exist between our current state and desired state?

What are the highest leverage moves we might consider addressing these gaps?

Consider:

Curriculum and Instructional Materials, Professional Learning, Coaching Tools, etc.

Continued Mindset around the productive struggle

A change of mindset, continued support, and letting teachers know it is okay for students to struggle. We want to see that.

Teachers need to trust the alignment and depth of the new curriculum fully

Teachers are coming along and seeing results. (The how and why is beginning to make sense)

Pacing within the lesson and across the year

Readjusting the pacing calendar because of special days

Clear expectations for the usage of HQIM and other resources

Continue being proactive and supportive and supporting current grades for next year with the new HQIM.

Lack of accountability with the HQIM program and fidelity

Using curriculums but also still relying on how strategies are taught or have been taught

Support for diverse learners, including special education

Work in progress regarding special education. Changed

Background Information:

Section 2.10.6 of the Financial Accountability System Resource Guide, version 14.0, dated January 2010, states that budget amendments are mandated by the state for budgeted funds reallocated from one function level, and state and/or federal project to another. These budget changes are usually the result of unexpected levels of expenditures in certain categories and must be amended in the budget for legal compliance.

All budget amendments are required to be adopted by the last day of the fiscal year. All necessary budget amendments must be formally adopted by the school board and recorded in the board minutes.

Fiscal Implication:

Budget amendments are moving from one function to another.

Administrative Recommendation:

Approve the budget amendments as presented.
