Wednesday, November 14, 2012 7:00 PM

Regular Meeting, Town Hall, Council Chambers, 275 Broad Street, Windsor, CT 06095

1. **Call to Order, Pledge to the Flag and Moment of Silence**
2. **Recognitions/Acknowledgements**
 - a. CT Association of Public School Superintendents (CAPSS) Student Awards for Sage Park Leadership: Amani Jorgensen; Academic Excellence: Ifteda Ahmed; Community Service: Gillian Klase
 - b. CT Association of Public School Superintendents (CAPSS) Student Awards for Windsor High School Leadership: Jonathan Rush; Academic Excellence: Elizabeth Lauri; Community Service: Gwendolyn Peyton;
3. **Audience to Visitors**
4. **Student Representative Report**
5. **Board of Education**
 - a. Discussion of Attorney/Client Privileged Communication in Response to Alleged BOE Policy Violations (Executive Session Anticipated)
 - b. President's Report
6. **Superintendent's Report**
 - a. Presentation--School Performance Index (SPI)
 - b. Presentation -- MAP (Measures of Academic Progress) Test
 - c. WHS Program of Studies 2013-2014: Proposed Changes (1st Reading)
 - d. Capital Improvement Plan (1st Reading)
7. **Committee Reports**
 - a. Curriculum Committee
 - b. Finance Committee
 - c. Technology Committee
8. **Consent Agenda**
 - a. Financial Report
 - b. Budget Assumptions (2nd Reading)
 - c. Amendment to the Town of Windsor Pension Plan
 - d. Enrollment Report
 - e. Food Services Report
 - f. Human Resources Report
 - g. Childrearing Leave Request
 - h. Immigrant Youth Grant
9. **Approval of Minutes**
 - a. October 9, 2012 BOE Curriculum Committee
 - b. October 16, 2012 Regular BOE Meeting
 - c. October 25, 2012 Special BOE Meeting
10. **Other Matters/Announcements/Regular BOE Meetings**
 - a. BOE Technology Committee Meeting, Thursday, November 29, 2012 at 5:30 PM, LP Wilson Community Center, Room 17
 - b. BOE Curriculum Committee Meeting, Tuesday, December 4, 2012 at 4:30 PM, LP Wilson Community Center, Room 17
 - c. December Regular BOE Meeting, Tuesday, December 18, 2012 at 7:00 PM, Town Hall Council Chambers
 - d. CABE Convention November 16-17, Mystic Marriott

Connecticut's Accountability Plan

2012-2013

Why the Change and so What?

- NCLB and the AYP Waiver (approved, May 2012)
- Provides a realistic framework for growth for individual schools and districts
- Affords flexibility in Title 1 spending
- Moves away from sanctions

<u>NCLB</u>	<u>CT's new indicators</u>
Target is Proficient	Target is – on average – at Goal
Get to 100% by 2014	Halfway to target by 2018
Only math and reading count	Math, reading, writing, and science count
Only capture progress from Basic to Proficient	Count progress between all levels
School progress only measured by standardized test scores	School progress also measured by high school graduation rates
Accountable for subgroups of students, “n” size = 40	Accountable for subgroups of students, “n” size = 20

NCLB Waiver and School Accountability

NCLB indicators:

only capture performance of students across single performance band

New waiver indicators:

capture performance across all bands and graduation rates

Future year indicators:

will capture other important elements of school performance

Connecticut Performance Targets

- School, subject and subgroup performance indices= **88%**
- 4-year cohort graduation rate=**94%**
- Extended graduation rate=**96%**

Value Assigned to Performance Level

CMT/CAPT	Value assigned
Goal/Advanced	1.0
Proficient	0.67
Basic	0.33
Below Basic	0.0

MAS/Skills Checklist	Value assigned
Goal/Independent	1.0
Proficient	0.50
Basic	0.0

Individual Performance Index

IPI for each student is found by averaging the assigned performance values for each subtest the student takes divided by # subtests taken.

$$\text{IPI} = \frac{(\text{value test A} + \text{value test B} + \text{value test C})}{x^*}$$

x^* = number of subtests taken

School Performance Index

- School Performance Index (SPI) is the average of all IPIs for students within the school
- Performance target for SPI=88

$$\frac{(IPI_{\underline{1}} + IPI_{\underline{2}} + IPI_{\underline{3}} \dots IPI_{\underline{n}})}{n}$$

n= Number of students in the school taking at least 1 subtest

School Performance Targets

Subject Performance Index

Average the assigned performance values for each student who takes the subtest:

Performance target=88

$$\frac{(\text{value student 1} + \text{value student 2} + \text{value student n})}{x^*}$$

x^* = number of students who take the subtest

Changes in Subgroup Status

- N= 20 students within a subgroup
- Subgroups
 - Students with disabilities
 - ELLs
 - Eligible for Free/Reduced Lunch
 - Black
 - Hispanic
 - Captured for two years after exiting the program
ELLs/Sped

Subgroup Performance Index

IPI for each student in the subgroup by averaging the assigned performance values for each subtest the student takes

Performance target for a subgroup=88

$$\text{IPI} = \frac{(\text{value test A} + \text{value test B} + \text{value test C})}{x^*}$$

x^* = number of subtests taken

Subgroup Performance Index

The average of all IPIs for students in the subgroup

$$\frac{(IPI_{\underline{1}} + IPI_{\underline{2}} + IPI_{\underline{3}} \dots IPI_{\underline{n}})}{n}$$

n= Number of students in the subgroup

Graduation Rates

Four year cohort-performance target=94%

Students who graduated on time in 2011
(# of students entering Grade 9 in 2007-2008)-
transfers out + transfers in

Extended Graduation Rate

Performance target=96%

100% -(% of students who dropped out)-(% students who transfer and did not re-enroll)

Subject Participation Rate

Subject area participation rate:

students who take the subtest

(students enrolled in tested grade)-(students enrolled
< 10 mos.)-(exempt students)

School Participation Rate

students who take at least one subtest
(students enrolled in the tested grades)-
(students enrolled < 10 mos.)- (exempt
students)

Subgroup Participation Rate

students in subgroup who take at least one subtest

(students in subgroup in tested area) - (subgroup students enrolled < 10 mos.)-(exempt subgroup students)

Baseline/Target Data

Academic baseline: average from academic years 2009- 2010, 2010-2011 and 2011-2012

Graduation/Extended baseline: average from academic years 2009-2010 and 2011-2012

Performance target formula:

state target-baseline data + baseline value

District, school, subject, subgroup annual performance targets

$$\frac{\text{CT target-Baseline value}}{12} + \text{Baseline value}$$

Annual performance targets are the increments necessary to be halfway toward state targets by 2018.

Implications of Reorganization

Baseline data established for:

- District
- Windsor High School
- Sage MS
- *Clover Street*
- *John F. Kennedy*
- *Poquonock*
- *Oliver Ellsworth*

Measures of Academic Progress

Windsor Public Schools

Fall 2012

What is MAP?

- Norm-referenced assessment
- Computer adaptive
- Administered 3 times a year: September, January and May
- Measures growth over time
- Reports at the district, school, grade, class and individual level

What are the Tested Areas?

- Mathematics in Grades K-8
- Reading in Grades K-8
- Language Usage in Grades 2-8

How are We Using It?

- Uncover instructional readiness of all students
- Group students in Tier I for appropriate instruction
- Measure student growth over time
- Assess the need for supplemental instruction in a particular area
- Some teachers may include MAP in their Student Learning Outcomes (SEED)

A Sampling of MAP Reports

Walkthrough:

- Class Report, Reading Survey with Goals-Grade 5
- Class Breakdown by Goal
- DesCartes Report-Literary Texts
- Student Progress Reports
 - Fall to spring

District and School Profile Metrics – Explanatory Document

Each district will receive a **District Profile** and a **School Profile** for every school with 20 or more tested students during the 2011-12 school year. These profiles provide baseline data for Connecticut's new accountability system. The data should not be used to rank or classify schools; instead, the data are provided to districts and schools for planning and goal-setting purposes.

This document provides an abbreviated description of how each metric is calculated. A more complete description of the metrics and how they are calculated will be recorded in a computational manual, which will be posted on the CSDE website in the coming weeks.

Performance Indices

School Performance Index

- Captures student performance in all tested grade levels and in all tested content areas
- Calculated as follows:

Step 1:	<p>Assign each student one of the following values for each assessment the student takes:</p> <p>CMT/CAPT</p> <table border="1" data-bbox="365 982 738 1144"> <thead> <tr> <th>Performance Level</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>Goal or Advanced</td> <td>1.0</td> </tr> <tr> <td>Proficient</td> <td>0.67</td> </tr> <tr> <td>Basic</td> <td>0.33</td> </tr> <tr> <td>Below Basic</td> <td>0.0</td> </tr> </tbody> </table> <p>MAS/Skills Checklist</p> <table border="1" data-bbox="365 1207 738 1339"> <thead> <tr> <th>Performance Level</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>Goal or Independent</td> <td>1.0</td> </tr> <tr> <td>Proficient</td> <td>0.50</td> </tr> <tr> <td>Basic</td> <td>0.0</td> </tr> </tbody> </table>	Performance Level	Value	Goal or Advanced	1.0	Proficient	0.67	Basic	0.33	Below Basic	0.0	Performance Level	Value	Goal or Independent	1.0	Proficient	0.50	Basic	0.0

District and School Profile Metrics – Explanatory Document

Subgroup Performance Index

- Calculated for the following historically underperforming subgroups: students with disabilities, English language learners, students eligible for free or reduced price lunch (F/R lunch), Black students, and Hispanic students.
- If a subgroup includes fewer than 20 tested students, then the cell is left blank.
- Students who “exit” the students with disabilities subgroup or the English language learners subgroup are included in the calculations for those subgroups for two years after they exit. Their scores are included in the subgroup SPIs even though they are no longer identified. In doing so, the continued progress of these students counts toward the progress of the entire subgroups.
- Calculated in the same manner as the SPI, but only students who are members of the subgroup are included.
- The Subgroup Performance Index is calculated as follows:

Step 1:	<p>For each student in the subgroup, assign one of the following values for each assessment the student takes:</p> <p>CMT/CAPT</p> <table border="1" data-bbox="358 1024 732 1188"> <thead> <tr> <th>Performance Level</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>Goal or Advanced</td> <td>1.0</td> </tr> <tr> <td>Proficient</td> <td>0.67</td> </tr> <tr> <td>Basic</td> <td>0.33</td> </tr> <tr> <td>Below Basic</td> <td>0.0</td> </tr> </tbody> </table> <p>MAS/Skills Checklist</p> <table border="1" data-bbox="354 1247 727 1381"> <thead> <tr> <th>Performance Level</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>Goal or Independent</td> <td>1.0</td> </tr> <tr> <td>Proficient</td> <td>0.50</td> </tr> <tr> <td>Basic</td> <td>0.0</td> </tr> </tbody> </table>	Performance Level	Value	Goal or Advanced	1.0	Proficient	0.67	Basic	0.33	Below Basic	0.0	Performance Level	Value	Goal or Independent	1.0	Proficient	0.50	Basic	0.0

Graduation Rates

Four-year Cohort Graduation Rate

- Provides the percentage of the cohort that graduates in 4 years or fewer.
- Calculated by tracking a cohort of students from 9th through 12th grade and then dividing the number of students who graduate within four years by the total number in the cohort.

4-year Cohort Graduation Rate	<p>Example for 2011 cohort:</p> $\frac{\text{students who graduated on time in 2011}}{[\# \text{ of 1}^{\text{st}} \text{ time entering 9}^{\text{th}} \text{ graders in 2007-08}] - \text{transfers out} + \text{transfers in}}$
-------------------------------	---

Extended Graduation Rate

- Includes all students who stay enrolled in the school or district, regardless of whether they graduate within four years.

Extended Graduation Rate	$100\% - [\% \text{ students who drop out}] - [\% \text{ students who transfer but do not re-enroll}]$
--------------------------	--

Participation Rates

Subject Participation Rate:

Subject Participation Rate	$\frac{\# \text{ of students who take the content area assessment}}{[\text{stud. enrolled in tested grade}] - [\text{stud. enrolled} < 10 \text{ months}] - [\text{exempt students}]}$
----------------------------	--

School Participation Rate:

School Participation Rate	$\frac{\# \text{ of students who take at least one content area assessment}}{[\text{stud. enrolled in tested grades}] - [\text{stud. enrolled} < 10 \text{ months}] - [\text{exempt students}]}$

-----------------------------	---

District and School Profile Metrics – Explanatory Document

Performance Targets

Baseline Data:

- A 3-year average (2009-10, 2010-11, and 2011-12) is calculated to create the baseline value, which is used to set performance targets for all performance indices.
- A 2-year average (2009-10, 2011-12) is used to create the baseline value, which is used to set performance targets for graduation rates (both 4-year cohort and Extended)

Performance Targets:

Connecticut's state targets are as follows:

- School, subject, and subgroup performance Indices = 88
- 4-year cohort graduation rate = 94%
- Extended graduation rate = 96%

Annual performance targets are set in the following manner:

- Beginning with the baseline value, calculate the increment of progress necessary to ensure that the school will reach the halfway point between the baseline value and the state target within six years (by 2018).

Performance Target	$\frac{\text{State target} - \text{Baseline value}}{6} + \text{Baseline value}$
	$\frac{12}{6} + 88$

Note: District metrics use formulas similar to the school metrics described above.

Please note that these are the baseline data for Connecticut's new accountability system. Where sufficient data were unavailable to calculate a three-year achievement average using 2010, 2011, and 2012 data (i.e. n<20), the most recent data were used as the baseline value. These data should not be used to rank or classify schools. They are provided for use by districts and schools to support planning and goal-setting. More information about these indicators is available in the explanatory documents.

At the time of this printing, the procedure to implement the caps on achievement at the Goal level on the Skills Checklist and the MAS (1% on Skills Checklist, 2% on MAS, or 3% combined between both tests) were being finalized. Implementing this procedure is unlikely to alter a baseline figure. Nevertheless, new district reports will be issued when the procedure for implementing it as part of this accountability system has been approved.

Please note that these are the baseline data for Connecticut's new accountability system. Where sufficient data were unavailable to calculate a three-year achievement average using 2010, 2011 and 2012 data (i.e. n<20) or a two-year graduation rate using 2010 and 2011 data, the most recent data were used as the baseline value. These data should not be used to rank or classify schools. They are provided for use by districts and schools to support planning and goal-setting. More information about these indicators is available in the explanatory documents.

At the time of this printing, the procedure to implement the caps on achievement at the Goal level on the Skills Checklist and the MAS (1% on Skills Checklist, 2% on MAS, or 3% combined between both tests) were being finalized. Implementing this procedure is unlikely to alter a baseline figure. Nevertheless, new district reports will be issued when the procedure for implementing it as part of this accountability system has been approved.

Reports Annotation Key

- 1 **Goal Performance:** These columns summarize the students' performance in the goal strands tested in this subject. Data will display in these columns either by Goal Strand RIT Ranges or descriptors only if a student took a Survey with Goals test.
- 2 **Test Type:** S/G: Survey with Goals; SUR: Survey
- 3 **RIT Score:** The student's overall scale score on the test.
- 4 **Standard Error of Measurement:** An estimate of the precision of the achievement (RIT) scores. The smaller the standard error, the more precise the achievement estimate.
- 5 **RIT Range:** If a student took the test again relatively soon, the score would fall within this range about 68% of the time.
- 6 **Percentile:** The percentage of students in the national norms group for this grade that this student's score equaled or exceeded.
- 7 **Lexile® Range:** A score (displayed as a 150-point range) resulting from a correlation between the NWEA RIT score and the MetaMetrics® Lexile® scale that helps identify level-appropriate reading material for an individual student.
- 8 **Mean RIT:** Average score of students in this class for this content area.
- 9 **Median RIT:** Middle score of this class for this content area
- 10 **Standard Deviation:** Indicates the variability of scores within this group. A larger standard deviation generally reflects a wider range of scores.
- 11 **Subject:** Subject area of test taken. Click a subject to generate the *Class Breakdown by Goal Report*.
- 12 **Overall Score:** Columns are divided by ten-point RIT bands. Students' overall RIT scores for the test in that subject appear in parentheses.
- 13 **Goal Strands Tested:** Click a goal, student name, or <all students in cell> to view the DesCartes or Primary Grades Instructional Data (PGID) with cover sheet for a selected subject, goal area, and RIT range.
- 14 **DesCartes or Primary Grades Instructional Data Skills and Concepts:** **Enhance:** Student has a 73% probability of correctly answering questions that measure these concepts and skills. **Develop:** 50% probability. **Introduce:** 27% probability.
- 15 **Projected Proficiency Category:** Students are grouped in assessment proficiency categories based on the NWEA Alignment/Linking study and your state assessment.
- 16 **Columns and summary statistics shown in gray** are applicable only in *Achievement Status and Growth Summary Reports*.
- 17 **Growth Projection:** Mean growth that was observed in the latest NWEA norming study for students who had the same starting RIT score.
- 18 **Projected RIT:** The minimum RIT score the student would attain if their growth projection was met (starting RIT plus growth projection).
- 19 **Growth Standard Error:** Amount of measurement error associated with the term-to-term growth. If the student could be tested again over the same period with comparable tests, there would be about a 68% chance that term-to-term growth would fall within a range defined by the term-to-term growth, plus or minus the growth standard error.
- 20 **Growth Projection Met:** Indicates YES if the student's term-to-term growth was equal to or exceeded the growth projection. NO if the growth was less than the growth projection.
- 21 **Growth Index:** The RITs by which the student exceeded the projected RIT (plus values), fell short of the projected RIT (minus values), or exactly met the projected RIT (0).
- 22 **Count of Students Who Met or Exceeded Their Projected RIT:** The number of students with a growth index value greater than or equal to zero.
- 23 **Percentage of Students who Met or Exceeded Their Projected RIT:** The percentage of students with a growth index value greater than or equal to zero.
- 24 **Overall Percentage of Projected RIT Met or Exceeded:** The total student growth divided by the total projected RIT's expressed as a percentage. Shows the proportion of the overall RIT growth projections achieved by the students. Performance of 100% is considered average, meaning the student growth equaled the projections. Use in conjunction with the percentage of students who met or exceeded their projected RIT.
- 25 **RIT Growth:** The student's RIT point growth from the initial term to the final term. Student must have completed testing in the final term.
- 26 **Student Score Range:** The middle number is the student's RIT score. The numbers on either side define the RIT range (see #5).
- 27 **Goal Areas:** These columns show the students' average performance and standard deviation in the goal strands in each subject.
- 28 **Area of Relative Strength in Performance:** If a score is in **bold-underlined**, the score is three or more RIT points above a district's overall mean.
- 29 **Area of Relative Concern:** If a score is ***bold-italic***, it represents a score that is three or more RIT points below your district's overall mean.
- 30 **Optional Group:** Summary results may be disaggregated by gender, ethnicity, or special program.
- 31 **Growth Mean:** The average change in RIT scores from starting term to ending term
- 32 **Sampling Error:** Amount of measurement error associated with the term-to-term growth.
- 33 **Segmented Bar Graph:** The numbers represent the number of students who fell within each percentage range—low, middle, high.

WINDSOR BOARD OF EDUCATION AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: November 14, 2012

Prepared By: Lori Foote-Mitchell

Presented By: Russell Sills/Lori Foote-Mitchell

Attachments: Draft Program of Studies 2013-2014

Subject: Program of Studies 2013-2014

Background:

The Windsor High School Program of Studies for 2013-2014 is presented for approval.

The draft Program of Studies includes the new/revised course(s) presented this evening to the Board of Education. If the course(s) has/have not been approved, it/they will be eliminated from the Program of Studies, including:

- Sculpture
- Advanced Jewelry Design
- Removal of Commercial Art and Printmaking
- Removal of Humanities: Literature and the Arts
- Yearbook
- African American Literature
- Science Fiction/Fantasy
- Young Adult Literature
- Change English 9 to 2 credits
- Removal of SAT Prep
- Removal of Communications
- Change Algebra I to 2 credits
- Linear Algebra
- Removal of Applied 1, Applied 2, General Algebra, Algebra 1 Part 1
- Removal of Algebra 1 Part 2 for 2014-2015
- Forensics
- Change Human Anatomy and Physiology to 1 credit
- Removal of Chemistry Seminar
- Military History: The American Military Experience Since 1890
- Change Economics to .5 credit
- Course description change for Human Rights
- Fashion Merchandising
- Computer Assisted Drawing/Computer Assisted Machining (CAD/CAM)
- Removal of Electronics/Computer Servicing
- Spanish Conversation and Culture
- French 4
- Virtual High School
- Change Resource Study to credit bearing
- Course description change to Applied Graphics

Status:

Recommendation:

That the Board of Education approve for a 1st Reading, the proposed changed to the WHS Program of Studies.

Recommended by the Superintendent: JAV

Agenda Item # 6c.

Requested Changes in Program of Study

Department: Art

Add Sculpture

Honors

.5 credit Prerequisite: 3D Foundations

Ready to get your hands dirty? This advanced course picks up where 3D foundations leaves off. Using the concepts you learned to manipulate forms in space, you will now explore more advanced materials such as wire, plaster, foam, wood and metal. You will learn what inspires current artists as you develop technical skills in contemporary materials. This class is highly recommended for students who hope to develop a sculpture portfolio or pursue careers in Fine Arts, Engineering, Design or Architecture.

Add Advanced Jewelry Design

Honors

.5 credit Prerequisite: Jewelry Design

Bling-Bling! This advanced course picks up where Intro to Jewelry Design leaves off. Students will learn more advanced techniques including, gem/stone setting, enameling and kiln-firing jewelry. Students will have the chance to work with precious metals as they bring their own jewelry forms to life. This course will focus on advancing technical skill and developing the individual student's artistic voice as they create a professional collection of their own jewelry pieces. This course is highly recommended for students interested in developing a jewelry portfolio or pursuing a career in Metals, Design, Fashion or Marketing.

Remove Commercial Art and Remove Printmaking (More contemporary versions of Printmaking and Commercial Art are taught in the Tech Ed Dept under Intro to Graphics and Applied Graphics)

Remove Humanities: Literature and the Arts (no interest, has not run since 2008)

Department: Elective

Add Yearbook

College

1.0 credit Prerequisite: None

This course will provide students with experience publishing an authentic school publication. Students develop the book's organization, layout, and content using web based professional graphic design software. Units of study would include teamwork, responsibility, brainstorming, content, coverage, concept, reporting, writing, headlines, captions, editing, photography, typography, design, finances, yearbook campaigns, advertising, and distribution.

Department: English

Add African American Literature

College

.5 credit Prerequisite: None

This course incorporates writers from the 18th century through the Harlem Renaissance and beyond, each of whom contributed greatly to the diverse body of American literature. Students will analyze major concepts within the literature that are associated with brotherhood, bias, identity, community, rebellion, and spiritual resistance. The course will emphasize how experiences with these issues impact all people. The students will evaluate the authors' works for their literary merit and will connect the literature with American history, society, and culture. Students will be encouraged to share personal perspectives, as related to the literature. This course is best suited for juniors, but is open to all students. It is a companion to English 11 and AP Language and Composition, both of which require critical reading of American literature. It also serves as a literary backing for the African American history course offered by the social studies department.

Add Science Fiction/ Fantasy

College

.5 credit Prerequisite: None

Students will read various pieces of literature that explore the realm of science fiction and fantasy; these will include "classics" and modern works. Students will consider how these texts help define human experience and human potential. Students will question the characteristics of the genre and address concerns, themes, and motifs that arise from reading the texts. The class will ultimately answer the question, "How is science fiction and fantasy writing distinctive?" Students will also begin to understand how this type of writing encourages the reader to see familiar things in a new way. The literature will allow students to understand the appeal of this genre and to become better problem solvers by stretching the mind to new possibilities. By the end of the course, students will be encouraged to create a publishable work of science fiction or fantasy.

Add Young Adult Literature

College

.5 credit Prerequisite: None

This multi-cultural, multi-genre course incorporates award-winning young adult literature into the framework of an appealing, but challenging English course. Course work will explore issues of adolescence, gender, ethnicity, and social justice with precise attention to literary technique. Students are expected to read independently and use the texts to identify themes that are relevant in "their world." Students will use the literature to answer, "What issues are important to me?" and "How does this book qualify as a literary text?" Young adult literature is becoming increasingly popular in pop culture and the adult world. Through evaluation of its features and quality, students will begin to understand its profound impact on the entire literary canon

Change English 9

1031 College

2.0 credits (1 English and 1 elective)

This is a standard first course in English 9 that meets everyday for a full block. This course introduces various genres of literature, including the short story, the novel, poetry and drama. It also covers nonfiction works. Students use the literature to develop expository compositions and to practice speaking and performing skills. Attention is given to spelling, vocabulary development, conventional English usage, mechanics and grammar.

Remove SAT Prep (No student interest. Skills to improve SAT performance are being woven into other curriculum)

Remove Communications (Content is covered in other core courses.)

Department: Math

Change Algebra 1

1213 College

2.0 credits (1 math and 1 elective)

This is a standard first course in Algebra that meets everyday for a full block. Essential topics include: patterns, equations, linear functions, systems, exponential functions and quadratics functions. Integrated topics include: data analysis, geometry, and discrete mathematics. The use of real-life applications, graphing calculators, long-term investigations, problem solving strategies and mathematical modeling empowers students to think mathematically and prepares students for continued study in mathematics. The extended time is intended to increase students' understanding and comfort level with key algebraic concepts as well as review and enrich prerequisite skills. Students will earn one credit towards the mathematics graduation requirement and one additional elective credit.

Algebra 1

1215 Honors

1.0 credit, Prerequisite: Recommendation of 8th grade teacher

This rigorous first course in Algebra meets every other day with no extended time. Essential topics include: patterns, equations, linear functions, systems, exponential functions and quadratics functions. Integrated topics include: data analysis, geometry, and discrete mathematics. The use of real-life applications, graphing calculators, long-term investigations, problem solving strategies and mathematical modeling empowers students to think mathematically and prepares students for continued study in mathematics. Students are expected to make a major commitment in time and effort. Students who are successful in this course will be recommended for honors geometry.

Add Linear Algebra

High Honors

1.0 credit, Prerequisite: 3 or better on the AP Calculus BC exam

This course presents the main concepts and terminology of linear algebra. It is a full introductory linear algebra course equivalent to a first-year college linear algebra course. Topics include: linear equations, matrix algebra, determinants, vector spaces, eigenvalues, orthogonality, least squares, symmetric matrices, and quadratic forms. As illustrated throughout the course, the topics presented play an essential role in areas such as computer science, engineering, environmental science, economics, statistics, business management, and the social sciences. This course provides an excellent foundation for Multivariable Calculus.

Remove Applied 1, Applied 2, General Algebra, Algebra 1 part 1 for 2013-2014

Remove Algebra 1 part 2 for 2014-2015

Additional Language for Math:

- Students who fail a course will continue to move on in the next course in the grade level sequence but will recover the credit for the failed course during that academic year as well.
- Students who earn a D in a course and do not meet the pre-requisite will also take the next course in the grade level sequence but will be required to participate in a structured math support until they demonstrate mastery of the content for that course as determined by the Math Teacher Leader.

Department: Science

Add Forensics

College

.5 credit Prerequisite: Chemistry

This course focuses on various aspects of forensic science and modern criminal investigation analysis. Forensics will involve an analytical look at the study of crime scenes, where students will investigate engaging scenarios in which they will utilize sophisticated laboratory techniques to explore criminal evidence. Students will understand the science behind forensics investigations, the tools and techniques, of the field, and the statistical reliability of past and current DNA testing. This course is designed to integrate concepts in biology, chemistry, and physics and will include laboratory work

Change Human Anatomy and Physiology from .5 to 1.0 credit. Maintain Honors and College levels. (reflects demands of the content and supports our students who are pursuing medical careers).

Remove Chemistry Seminar (replaced by AP Chemistry)

Department: Social Studies

Add Military History: The American Military Experience Since 1890

College

.5 credit Prerequisite: Students in grades 10-12

The Course would examine the military heritage of the United States from the onset of the America's Imperial expansion to the present time. Through an in-depth analysis of literature, primary & secondary sources, maps, data, biographies and documentaries students will assess key individuals, military policies, organizations, strategies, campaigns, tactics and battles that have defined the military experience. Students will also investigate connections between America's military infrastructure the country's social and cultural framework.

Change Economics from 1.0 to .5 credits.

College

(condenses curriculum to core issues while increasing student accessibility).

This course is an examination of the five factors of production (land, labor, capital, management and government). Topics include wealth in the American economy, government spending and taxing policies and international economics. This course is highly recommended for students pursuing careers in business.

Change Description for Human Rights

College

The Human Rights course is an in depth semester elective designed to promote awareness and understanding of global human rights. Based on the original United Nations charter of the Universal Declaration of Human Rights, this course seeks to encourage students to investigate issues around the world where human rights are threatened or violated and to seek pro-active solutions in accordance to their findings. Topics include women's rights, human trafficking, child soldiering, genocide and fair trade. Critical thinking and problem solving skills will be strengthened through the use of outside readings, guest speakers, films, and projects.

Department: Technology Education and Family/Consumer Sciences

Add Fashion Merchandising

Honors

1.0 credit Prerequisite: Fashion and Clothing I

This year-long course would focus on retailing aspects of the world of fashion. The offering would incorporate building an understanding of the textile field, provide an introduction to product development and manufacturing and give students an opportunity to practice retailing skills.

Add Computer Assisted Drawing/Computer Assisted Machining (CAD/CAM)

Honors

1.0 credit Prerequisite: Intro to Manufacturing or Intro to Drafting

This innovative year-long course will give students the opportunity to experience the engineering process first hand. After designing parts utilizing industry-standard drafting software, students will fabricate their design using computer-aided machining equipment. The focus of student work will be to design and fabricate parts for the WHS battery-operated car that will be raced at the Electrathon competition.

Remove Electronics/Computer Servicing Course (not offered in 2012-13)

Department: World Languages

Add Spanish Conversation and Culture

College

1.0 credit Prerequisite: Spanish I

This course is designed for students that want to learn about culture related to Spanish-speaking countries. Culture will be the main focus where students will do reading about different related topics in Spanish-speaking countries. Students will also learn basic conversation related to the culture topic in a specific Spanish-speaking country. Topics will include school, sports, food, entertainment, dances, music money and fashion.

Add French 4

College

1.0 credit Prerequisite: French 3

This course continues to refine the four basic skills of listening comprehension, speaking, reading and writing. Students and teachers will use French as much as possible and will emphasize greater use of French by the students. Knowledge of verb tenses is extended to include present, past, future and subjunctive. Students will be encouraged to express themselves in the target language in both oral and written work. The culture of French speaking countries will be studied through the use of the language itself, readings, videos, student reports, audio visuals and internet sites.

Online Courses

Add Virtual High School

The Virtual High School provide students with access to high quality online learning experiences and courses not offered at their school, while supporting educators with the professional development and services they need to provide an effective 21st century education to every student. VHS member schools have access to a range of collaborative core, elective, enrichment and AP® courses that inspire, ignite and deepen learning as well as enable students to develop digital literacies and independent learning skills, explore college majors and careers, try interesting electives, earn credits, participate in global classrooms and get the opportunity to take advanced courses not offered at their school. Courses are taught by active classroom teachers who are specially trained in online teaching best practices, highly qualified, and certified in their subject areas.

Omitted in Original Presentation Special Education

Change Resource Study

.5 credit Prerequisite: None

College

(This course would be changed from a guided study hall assigned for special education students to a curriculum-based course aligned with IEP goals.)

This course supports student's efforts to master the areas identified in their IEP goals. Participants will receive individual and small group supports to promote their academic and career goals. Transition activities (resume, interviewing, job shadowing, etc.) are also a primary focus of this course.

Omitted in Original Presentation Tech Ed

Change Applied Graphics

1 credit Prerequisite: None

College

(This change will only occur if the necessary equipment is purchased.)

This course emphasizes the graphic design process. The use of graphic arts in advertising, packaging, and business are explored along with techniques in computer-based design. In this course, students will utilize computer systems and software to work on projects which include the design of logos, trademarks, flyers, posters, brochures, advertisements, and product packaging. Students will engage in projects that start with the design stage and follow through to the finish product. In addition, students will be trained on the most up-to-date digital press, the DocuColor 700i. Students will engage in foundational learning related to how digital production printing technology works, where it fits in the marketplace, what applications can be produced using this technology, and how to set up, operate, maintain, and finish printed pieces from this output device within commercial, in-plant, and data center workflows.

**WINDSOR BOARD OF EDUCATION
AGENDA ITEM**

For Consideration by the Board of Education at the Meeting of: November 14, 2012

Prepared By: Frank Williams

Presented By: Frank Williams

Attachments: Long-Term Capital Plan FY2014 – 2019 (1st Reading)

Subject: Long-Term Capital Plan

The Capital Improvement Plan (CIP) FY2014 – 2019 will be presented to the Board of Education.

Background

The proposed CIP has been developed in conjunction with Town and BOE staff. The proposed timing of projects is based on need and the Town's ability to finance.

Mr. Williams will review the proposed plan and answer questions.

RECOMMENDATION:

That the Board of Education accept for a 1st Reading the Capital Improvement Plan FY2014 – 2019 which, when approved, will be submitted to the Town to be incorporated into the Town of Windsor Capital Plan.

Recommended by the Superintendent: JAV

Agenda Item # 6d.

Department: Board of Education	
Description and Purpose:	 <p align="center">T O W N O F</p> <p align="center">First in Connecticut. First for its citizens.</p>
<p>A study of Sage Park Middle School's HVAC system and alternative energy and efficiency enhancements is planned for FY 14. In later years of the CIP, it is anticipated that recommendations from the plan would be implemented. The 2nd floor in particular gets excessively warm during the period of May - September. Air conditioning the 2nd floor would greatly improve comfort levels. Due to the size and scope of work anticipated design construction will be done in two phases. The planning and engineering would include options for alternative energy sources and state funding possibilities.</p>

PROJECT DETAIL

Project Title: Sage Park / Windsor High School Campus Lighting Upgrade	
Department:	
Description and Purpose:	
<p>The exterior lighting at both schools is outdated, inefficient, and in some cases unrepairable due to obsolescence. This project would replace all existing mercury, metal halide, and HID fixtures with a combination of LED and Induction technologies for maximum energy savings and light output. This project would also considerably lower maintenance costs. At the time of construction, we will review eligibilty and utilize all rebates available from the utility company.</p>

Description and Purpose:	 <p align="center">T O W N O F</p> <p align="center">First in Connecticut. First for its citizens.</p>
<p>Boilers #1 and #2 were installed in 1957 and recent, repairable leaks indicate that these boilers are approaching the end of their useful life. The entire facility is heated with steam directly from these boilers. Converting the heating system, including the replacement of the existing steam boilers, will: 1) improve heating efficiently which will reduce fuel oil consumption by an estimated 45% or an annual savings of \$42,000 at current fuel costs; 2) provide more even and controllable temperature throughout the building; and 3) significantly reduce the maintenance costs of the heating system.</p> <p>Design phase will include evaluating optional alternative energy sources.</p>

Project Title: BOE - Clover St. School - Design And Specifications For Code Compliance Upgrade (Design)	
Department: Board of Education	
Description and Purpose:	
<p>Clover Street School was constructed in 1957 and is not in compliance with all building, life safety, handicapped accessibility and OSHA codes and regulations. As part of a site improvement project in 2002, permanent wheelchair access ramps were installed at the main entrance/exit and most secondary entrances/exits of each building. Performance of this project will bring the facility into full compliance with all building life safety, handicapped accessibility and OSHA codes and regulations. With all the changing regulations and ongoing discussions of the future building use, this design phase will give us firm numbers for inclusion in future CIP projects.</p>

Description and Purpose:	
<p>The gymnasium floor is a wooden floor and was installed in 1971. During periods of high humidity in recent years, the floor has buckled and then relaxed once ambient humidity levels declined. The floor has exceeded its anticipated life and experience has shown that this condition will only worsen with age. The new floor will be a modern, all-purpose, synthetic, rubberized surface.</p> <p>In order to replace this gymnasium floor, the asbestos-containing adhesive, which attaches the maple flooring to the concrete slab below, will be abated by this state reimbursable project.</p>

Project Title: BOE - School Window Replacement									
Department: Board of Education									
Description and Purpose:			 T O W N O F First in Connecticut. First for its citizens.						
The windows at many of the schools throughout the district are made of the old single pane, are not energy efficient and are at the end of their life expectancy. Replacing these windows would reduce energy costs overall and in some cases prevent water leakage.

PROJECT DETAIL

Project Title: BOE - Mechanical Systems Energy Efficiencies	
Department: Board of Education	
Description and Purpose:	 <p align="center">T O W N O F</p> <p align="center">First in Connecticut. First for its citizens.</p>
<p>A comprehensive evaluation of the mechanical systems throughout the district will provide the town with a very accurate indication of the total energy efficiency of the present equipment and recommendations to lower our energy costs. This evaluation will also provide us with a schedule for recommended equipment replacement so as to maximize energy dollars spent. Along with this evaluation, alternative energy sources for HVAC equipment replacement will be entertained.</p>

PROJECT DETAIL.

Project Title: Boiler Replacement / Natural Gas Conversion JFK, OE, Sage Park, Fieldhouse	
Department:	
Description and Purpose:	
<p>The existing boilers at Kennedy School, Oliver Ellsworth, Sage Park, and the WHS Field House are all original to the buildings and average 44 years old. They are coming to their useful life expectancy along with increased maintenance costs and unreliability. This project would replace existing boilers with new energy efficient models along with natural gas conversion for locations that are not presently gas fired.</p>

WINDSOR BOARD OF EDUCATION

AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: November 14, 2012

Prepared by: Dr. Jeffrey Villar **Presented by:** Dr. Villar, Frank Williams

Attachments: Budget Assumptions 2013 – 2014 – Second Reading

Subject: Budget Assumptions in Preparation for Developing the FY 2013 – 2014 Budget

Background:

Each year a set of Budget Assumptions is adopted by the Board of Education. These assumptions include cost estimates for the next fiscal year's budget and priorities in the development of the budget. The Interim Superintendent is presenting proposed budget assumptions for consideration by the Board.

RECOMMENDATION: That the Board of Education accept for a 2nd Reading the Budget Assumptions for FY 2013 – 2014.

Recommended by the Superintendent: JAV

Agenda Item # 8b.

Budget Assumptions 2013 – 2014

The charge of the Board of Education is to develop a fiscally responsible budget that meets the needs of the Windsor Public School students.

1. Enrollment in 2013-2014 is projected to remain flat.
2. Decisions around staffing and program redesign or development will be driven by their potential impact on raising student achievement while honoring the commitment to be fiscally responsible.
3. The Board of Education will make every attempt to honor class size guidelines.
4. Salaries of certified staff will increase based on results of current negotiations.
5. Health insurance costs are estimated to rise by approximately 9-10%. Windsor is in year one of self funding for health insurance. On going evaluation of claim data will narrow this number.
6. Special Education out-of-district tuition costs will again increase by 10%. The district is currently engaged in an independent study of out-of-district tuition costs and the expansion of in-house programs. The goal is to reduce the increase in costs.
7. Utility costs (heat & electricity) will remain flat.
8. Transportation costs are estimated to rise by 4%.
9. Magnet school per-student tuitions will increase by 10%. The cost is dependent on number of students enrolled and tuition cost per student.
10. The budget will include a contingent expenditure in amount of \$75,000 for anticipated reduction in Federal Grants IDEA and Title 1.
11. We will continue our commitment to finding efficiencies within the budget.

ATTACHMENTS: Town of Windsor Town Council Agenda Item Summary &
Exhibit 1 – Fourth Amendment to the Town of Windsor, Connecticut Retirement Plan

SUBJECT: Town of Windsor Retirement Plan

BACKGROUND:

The Town of Windsor Retirement Plan covers town Employees and BOE employees who are not eligible for membership in the State Teachers' Retirement Board (TRB) plan.

As defined in the pension plan, the Employer means the Town of Windsor and the Board of Education. Amendments to the Town of Windsor, Connecticut Retirement Plan require approval of the Town Council and the Board of Education. The Attached agenda item summary includes the proposed amendments to the pension plan.

STATUS:

The Town Council approved the amendments at it meeting on Monday November 5th.

RECOMMENDATION: That the Board of Education approves the following motions:

“Resolved, that in accordance with Revenue Ruling 2006-43, the town shall pick up and pay the required contributions of each Public Safety Dispatchers Bargaining Unit employee, that are designated as Employee Contributions by Article III of the Town of Windsor, Connecticut Retirement Plan, effective November 1, 2012, so that such designated Employee Contributions are treated as employer contributions pursuant to Internal Revenue Code Section 414(h) (2).”

And

“RESOLVED, that Exhibit 1, entitled Fourth Amendment to the Town of Windsor, Connecticut Retirement Plan, is hereby adopted and approved and BE IT FURTHER RESOLVED that the Superintendent of Schools and President of the Windsor Board of Education are hereby authorized and directed to take any actions, and to execute such documents and instruments, as may be necessary or appropriate to carry out the intent of the foregoing resolutions.”

Agenda Item # 8c.

Agenda Item Summary

Date: November 5, 2012

To: Honorable Mayor and Members of the Town Council

Prepared By: Amelia Bliss, Director of Human Resources
James Bourke, Assistant Finance Director

Reviewed By: Peter Souza, Town Manager

Subject: Amendment to the Town of Windsor Retirement Plan

Background

During the recent contract negotiations with the town's United Public Service Employees Union Local #424 Unit 10 (UPSEU-Public Safety Dispatchers Bargaining Unit), management took steps to reduce the town's cost for funding its share of the employees' defined benefit pension plan. To accomplish this, it was negotiated that the members of this bargaining unit would contribute an additional 1% to the pension plan beginning November 1, 2012 on a pre-income tax basis and an additional 0.75% on July 1, 2013. The new bargaining agreement was approved by the Town Council and signed by the parties in late October. In order to implement this course of action, the Town Council and Board of Education are requested to adopt the resolutions referenced below.

Discussion/Analysis

The Public Safety Dispatchers Bargaining Unit employees are scheduled to increase their pension contribution rate from 2.25% to 3.25% of payroll earnings effective November 1, 2012 and from 3.25% to 4.00% of payroll earnings effective July 1, 2013. In accordance with the bargaining unit agreement, the employees' contributions will be made on a pre-tax basis. This requires that the Town Council adopt a resolution per the Internal Revenue Code.

Also, the Council is asked to adopt a resolution that amends Article III of the town's retirement plan. This article sets forth the required employee contribution amounts.

Financial Impact

Based on the FY 2013 payroll estimates, it is estimated that the increase of 1% of employee contribution saves the general government portion of the budget approximately \$2,640 for the remainder of FY 2012 and the cumulative increase will result in avoided costs of \$7,260 in FY 2014.

Other Board Action

As defined in the pension plan, 'the Employer' means the 'Town of Windsor and the Board of Education.' Therefore, both the Town Council and the Board of Education need to adopt the appropriate resolutions to implement this change.

Recommendations

If the Town council is in agreement, the following motions are recommended for approval:

“RESOLVED, that in accordance with Revenue Ruling 2006-43, the town shall “pick up” and pay the required contributions of each Public Safety Dispatchers Bargaining Unit Employee, that are designated as Employee Contributions by Article III of the Town of Windsor, Connecticut Retirement Plan, effective November 1, 2012, so that such designated Employee Contributions are treated as employer contributions pursuant to Internal Revenue Code Section 414(h)(2).”

And

“RESOLVED, that Exhibit 1, entitled ‘Fourth Amendment to the Town of Windsor, Connecticut Retirement Plan’, is hereby adopted and approved and BE IT FURTHER RESOLVED that the Mayor and Town Manager are hereby authorized and directed to take any actions, and to execute such documents and instruments, as may be necessary or appropriate to carry out the intent of the foregoing resolutions.”

EXHIBIT 1

FOURTH AMENDMENT TO THE TOWN OF WINDSOR, CONNECTICUT RETIREMENT PLAN

Effective November 1, 2012, Article III of the Town of Windsor, Connecticut Retirement Plan (the "Plan") is hereby amended by adding the following paragraphs to the end thereof:

"Effective November 1, 2012, any eligible Public Safety Dispatchers Bargaining Unit Employee shall, each month while he or she is included in this Plan, contribute through payroll deductions 3.25% of his or her monthly earnings as determined and reported by the Administrator. For these purposes, a "Public Safety Dispatcher Bargaining Unit Employee" means an Employee of the Town of Windsor as defined in Article I, paragraph 11, as amended, who is represented by the Public Safety Dispatchers Bargaining Unit per the Collective Bargaining Agreement between the Town of Windsor and the Public Safety Dispatchers Bargaining Unit Employees dated October 25, 2012 and effective July 1, 2011 through June 30, 2014.

Pursuant to Section 414(h)(2) of the Internal Revenue Code, the Employer shall pick up and pay the contributions that would otherwise be payable by each eligible Public Safety Dispatchers Bargaining Unit Employee. The contributions so "picked up" shall be treated as Employer contributions for purposes of determining the amounts of federal income taxes to withhold from each eligible Public Safety Dispatchers Bargaining Unit Employee's earnings. Public Safety Dispatchers Bargaining Unit Employee contributions picked up by the Employer shall be paid from the same source of funds used for the payment of salaries to Employees. A deduction shall be made from each Public Safety Dispatchers Bargaining Unit Employee's earnings equal to the amount of the Employee contributions picked up by the Employer, provided that such deduction shall not reduce the Public Safety Dispatchers Bargaining Unit Employee's earnings for purposes of computing benefits under this Plan.

Public Safety Dispatchers Bargaining Unit Employees do not have the option to receive the contributed amounts directly, and may not make a cash or deferred election with respect to such amounts.

Public Safety Dispatchers Bargaining Unit Employee contributions picked up by the Employer for Public Safety Dispatchers Bargaining Unit Employees effective November 1, 2012 shall be credited to a separate account for each Public Safety Dispatchers Bargaining Unit Employee, so that Public Safety Dispatchers Bargaining Unit Employee contributions made prior to November

1, 2012 may be distinguished from Public Safety Dispatchers Bargaining Unit Employee contributions picked up by the Employer on and after November 1, 2012.

Effective July 1, 2013 the required payroll deduction for eligible Public Safety Dispatchers Bargaining Unit Employees shall increase from 3.25% to 4.00%.”

Article II of the Plan is hereby amended to add the following paragraph at the end thereof:

“Notwithstanding the foregoing or any other provision of the Plan, Public Safety Dispatchers Bargaining Unit Employees of the Town of Windsor (as defined in Article II herein) hired on or after November 1, 2012 shall not be eligible to participate in the Plan.”

WINDSOR BOARD OF EDUCATION

Agenda Item

For Consideration by the Board of Education at the Meeting of: November 13, 2012

Prepared by: Dana Plant

Presented By: Franklin Williams, III

Attachments: Food Service Financial Report

SUBJECT: Statement on Cafeteria Operations – October 2012

BACKGROUND: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities and at St. Gabriel's, Trinity Christian School, CREC's Metropolitan Learning Center and Medical Professions and Teacher Preparation Academy. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School, and the two CREC schools, Metropolitan Learning Center and Medical Professions and Teacher Preparation Academy. We operated our second year of the Seamless Summer Feeding program serving both breakfast and snacks at Metropolitan Learning Center in July 2012 and added the same service to Medical Professions Teacher Preparation Academy. Windsor School Food Service is complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in both the breakfast and lunch programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

STATUS: Attached is a Financial Report for the month of October 2012.

RECOMMENDATION: Informational only.

E. PROJECT OBJECTIVES (What are the desired outcomes?)

1. Targeted students will acquire proficiency in English reading ,writing, listening and speaking
2. Targeted students will demonstrate an acceleration of learning in the core content areas.
3. Targeted students will demonstrate proficiency in social and academic language development
4. Improved skill set for ELL tutors to support targeted students.
5. Improved skill set for Tier 1 teachers to effectively support targeted students.

F. ACTIVITIES

a) How will objectives be accomplished? The creation of a district-wide ELL interventionist and coach will address targeted students in each building. A full-time TESOL certified coach/interventionist will provide direct instruction with the targeted population of students having the greatest language acquisition needs. As part of his/her work the coach will provide embedded professional development to the ELL tutors and manage the most effective deployment of these resources. In addition the coach will provide embedded professional development for classroom teachers in need of support with their ELL students.

The target population of students for this support would include:

- Students with less than 20 months in English-speaking schools
- Students scoring below a 3 (intermediate) on the LAS Links
- Students who are new to the country and not declared a second language but have weak reading/writing skills as evidenced by MAP, CMT, CAPT or independent reading evaluation.

The tutors and classroom teachers instructing the targeted population will also be provided technical assistance to accelerate learning for the ELLs.

b) Put a checkmark by the activity or activities that best describe how the LEA plans to use the funds. In general, an eligible entity receiving funds under Section 3114(d)(1) of the ESEA Reauthorization NCLB 2002 shall use the funds to pay for activities that provide enhanced instructional opportunities for immigrant children and youth, which may include:

	(A) family literacy, parent outreach and training activities designed to assist parents to become active participants in the education of their children;
X	(B) support for personnel, including teachers aides who have been specifically trained, or are being trained to provide services to immigrant children and youth;
	(C) provision of tutorials, mentoring and academic or career counseling for immigrant children and youth;
	(D) identification and acquisition of curricular educational software material and technologies to be used in the program award;
	(E) basic instructional services that are directly attributable to the presence in the school district involved of immigrant children and youth, including the payment of costs of providing additional classroom supplies, cost of transportation or such other costs as are directly attributable to such additional basic instructional services;
	(F) other instructional services that are designed to assist immigrant children and youth to achieve In the elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education; and

	(G) activities coordinated with community-based organizations, institutions of higher education, private sector entities or other entities with expertise in working with immigrants to assist parents of immigrant children and youth by offering comprehensive community services.

G. EVALUATION (How will you know that the objectives have been accomplished?)

H.

1. Demonstrated growth in language acquisition as demonstrated by the LAS Links.
2. Continuous growth in reading, language usage and mathematics as demonstrated by MAP assessment administered 3 times a year.
3. Demonstrated success in the academic content areas.
4. Participation in school activities, clubs, sports as documented by classroom teachers, advisors, coaches, or administrators

Windsor BOE Curriculum Committee
Unapproved Minutes
October 9, 2012 6:30 PM
LPW, Room 17

The following are the unapproved minutes of the October 9, 2012 Windsor BOE Curriculum Committee. Any additions or corrections will be made at a future meeting.

Attendance Taken at 6:27 PM:

Present Board Members:

Mrs. Kristin Ingram
Ms. Darleen Klase
Mrs. Doreen Richardson
Ms. Cristina Santos

Assistant Superintendent Mary Anne Butler was also in attendance.

1. Call to Order, Pledge of Allegiance, Moment of Silence

Discussion:

Chairperson Cristina Santos called the meeting to order at 6:30 p.m.

2. Program of Studies--WHS

Discussion:

Russell Sills, Principal of Windsor High School, distributed the requested changes in the Program of Study to attendees. A survey was conducted of staff and students to determine interest in relevant topics that could potentially be offered at the high school.

Bonnie Fineman, English Department Chair at WHS, spoke about the content of the current offerings and felt a need to incorporate more reading and writing, be more engaging to the student, and be relevant and timely. The high school is looking to double-block ninth grade English with the same teacher as a way to improve CAPT scores. Goal is to have all ninth graders ready to take on tenth grade work on equal footing and the current curriculum will need work to achieve this. Parent overrides for a student to opt out of English 9 would need to be assessed to see if the student qualifies to opt out. In the spring, a writing lab is planned to begin at the high school.

Tom Baird, Math Curriculum Supervisor, said that more time is needed to complete the Algebra I course for some students. It was proposed that the 5 basic courses be eliminated and replaced with everyday Algebra. The Common Core will help to move 8th grade students further along to be ready for algebra in ninth grade and more algebraic skills will be reinforced. Upon completion of the Algebra I course, students will have completed the Grade 9 Common Core. This format will help in many ways, and it will not permit a return to the old format. The learning lab will always be available to provide additional help and assistance to focus support for students. We need to communicate to all students that failing the course does not mean they take the course again; they will still move forward the next year so to stay on grade level and take the remediation during the summer, if necessary. Budget concerns will need to be considered for offering summer classes for those that cannot afford remediation classes.

Mr. Sills stated two advanced art courses will be added due to a large number of survey responses. Yearbook received great interest and has rich curriculum incorporated into it. Economics will be changed to a half-year course to permit more students in to it. Fashion Merchandising has grown in popularity and we would like to add that and set up an e-commerce site for students to merchandise their wares. Spanish Conversation and Culture would be added.

Virtual High School is an online learning situation with a professor on the other of the computer and it offers a wide variety of choices that we could never offer in our high school and that expands our list of potential offerings. Special pricing would be made available if a teacher becomes trained in this method.

The graduation requirements beginning with the Class of 2017, which is next years' freshman class, would raise the minimum to 25 credits to graduate. A community service component will also be added to the graduation requirements, but the problem will be tracking the time students spend in service.

3. Professional Learning Communities

Discussion:

Mary Anne Butler, Assistant Superintendent for Instructional Services, spoke about Professional Learning Communities and data teams. We are now incorporating the data team process into PLCs as one protocol among others to improve teaching and learning. WHS is behind on this initiative because of the ongoing NEASC study, but by the second semester NEASC will wrap up. Curriculum supervisors will work with departments to use protocols and look at student work.

4. Windsor University/Professional Development Committee

Discussion:

Mary Anne Butler and Mike Greenwood, a teacher consultant, conducted two after-school sessions to initiate conversations regarding potential offerings for professional development; one at J. F. Kennedy with elementary staff, and one at Sage Park with secondary staff. These collaborative meetings were to learn more about how to run PD offerings and learn what staff would like to see offered, and if anyone would be interested in running the offerings. We want to have a PD Committee to keep us on track, search out presenters to facilitate the suggestions, and offer them to all staff and administrators. We also want to reach out to the community and elicit their participation. This project will take time to get off the ground but has met with enthusiasm so far. In time, we'd like to build an electronic library to have the resources available to people at all times. It is important to communicate these endeavors to the residents in order to gain their support and contributions.

5. Early Vocabulary Intervention Project

Discussion:

Mary Anne Butler spoke about a research program happening in the kindergarten classes, Early Vocabulary Instruction & Intervention in Kindergarten. The University of Connecticut is facilitating a 2-year research program with a Tier I program and Tier II intervention that is aligned with the Common Core. The timing works well with our new full-day kindergarten implementation. This program needs to be communicated to the parent so they can help to support the student's learning. Students will be screened three times a year.

6. Adjournment

Discussion:

Kristin Ingram made a motion to adjourn the meeting at 8:23 p.m. Motion was seconded by Cristina Santos.

1. Call to Order, Pledge to the Flag and Moment of Silence

2. Recognitions/Acknowledgements

2.a. Recognition--Donation of school supplies from Konica Minolta Colorful Tomorrow Foundation

Discussion:

Dr. Villar recognized Konica Minolta Colorful Tomorrow Foundation and expressed thanks for their generous donation of backpacks and supplies donated for needy students.

3. Audience to Visitors

Discussion:

Analiese Eleveld, 880 Palisado Avenue, spoke representing First Robotics, expressed the importance of the program and requested the Board of Education aid in locating space for the program as they have lost their lease in the Griffin Office Park.

Elyse Carroll, 45 Portman Street spoke in support of First Robotics and STEM, requesting that the Board of Education assist in providing space for the program.

George Petro, 40 Bradford Drive, spoke as parent/mentor of Team Paragon/Blazing Paranormals. He explained the build season for the robot starts in January and they are losing their work/build space; asked that the Board aid in finding space for the program.

David Furie, 37 Lighthouse Hill Road, a Parent/Mentor with First Robotics, spoke regarding the program and parent/community support of program, asking for help in finding space.

Ellen Santos, 236 Amato Drive, South Windsor, CT, a Mentor/Jaycees member spoke regarding the active community involvement of the students in the program, and encouraged support of the program and space for its home.

Ronald Eleveld, 880 Palisado Avenue, spoke for Team Paragon, requested Roger Wolcott be considered as space for Team Paragon at least through the build season, and hopefully permanently.

Rosemarie Miskavitch, 20 Coach Circle, addressed the Equity and Excellence Review Project and recommended the Board move and vote to table and defer the project to 2013-14 budget deliberations.

Debbie Samson addressed the September 12 Board of Education meeting presentation by Dr. James to the Board; asked that the vote be rescinded.

Lucille Browne, 75 Timber Lane, spoke in support of the Equity and Excellence Review.

Paul Chapman, 50 Somerset Drive, spoke in opposition to the Equity Audit; recommends seeking competitive proposals.

Stacy Samson, 604 Stone Road, spoke in opposition to the Equity Audit.

Bradshaw Smith, 22 Ludlow, spoke in opposition to the Equity Audit.

Mary Carol McGray, 157 Conestoga Street, spoke in opposition to the Equity Audit.

Jill Jenkins, 867 Delilah Drive, spoke in support of the Equity Audit and the Board's decision to address the achievement gap.

4. Student Representative Report

Discussion:

Student Representative Tyler Jennings Peczka reported on recent events at Windsor High School including Spirit Week, Homecoming and the Homecoming Dance. Upcoming events include the Annual College Fair on October 23 from 6-8pm and SATs on November 3.

Ms. Jennings Peczka stated that the element lacking in the discussion on the Equity Audit is the student's perspective; her perspective, representing the minority population, is that the achievement gap is prominent and any amount of money should be spent and any leap of faith taken to close it. She also stated she would like more information about years 2 and 3.

5. Board of Education

5.a. President's Report

Discussion:

Doreen Richardson reported that the focus of her time and energy has been the Equity Audit. The Board continues its work on goal setting; is in the middle of teacher negotiations and hopes to be in mediation by end of month. The budget process is beginning.

5.b. Disposition of Roger Wolcott School

Discussion:

Ms. Klase recommended that immediate use be looked at, especially the accommodation of Team Paragon and possibly Rec basketball. Also, the condition of the building is such that it should be addressed immediately.

Mr. Williams supports housing Team Paragon at Roger Wolcott, and suggests looking at the possibility of using it for currently outplaced special education students as an in-district location, as well as possibly making space available to surrounding communities at cost.

Ms. Richardson and Dr. Villar will coordinate to determine who on the Board wishes to serve on the subcommittee.

Motion Passed: Motion by Ms. Klase that the Board of Education form a subcommittee charged with studying the various proposals for alternate uses of the facility as recommended by Administration and making a recommendation to the Board in regards to the future disposition of the building. This motion passed with a motion by Ms. Darleen Klase and a second by Mr. Paul Panos.

Mrs. Kristin Ingram Absent
Ms. Darleen Klase Yes
Mr. Leonard Lockhart Yes
Mr. Richard O'Reilly Yes
Mr. Paul Panos Yes
Mrs. Doreen Richardson Yes
Ms. Cristina Santos Yes
Mr. Kenneth Williams Yes

5.c. Discussion and possible action to revise BOE 2013 Meeting Schedule

Discussion:

Ms. Richardson reported that the meeting dates for 2013 had been approved as part of the September 12 consent agenda. Regular meetings are held on the third Tuesday of each month; however, due to space conflicts some had been changed. The recommendation is to change the following dates:

Monday February 11, 2013 to Tuesday, February 12
Thursday, April 11 to Tuesday, April 9
Wednesday, November 13 to Tuesday, November 12
The first meeting of 2014, Monday, January 13 to Tuesday, January 14

Meetings on these dates would be held at L.P. Wilson.

Ms. Santos asked whether meetings held at L.P. Wilson could be televised live or, if not, taped and/or made available for live streaming. Dr. Villar responded they could be taped; he will check on live access. Discussion regarding dates and locations ensued.

Motion Passed: Motion by Ms. Klase to move the previously adopted meeting dates for 2013 to the proposed dates and relocate the meetings to the Board Room at L.P. Wilson. This motion passed with a motion by Ms. Darleen Klase and a second by Mr. Kenneth Williams.

Ms. Pam DiGiore Yes
Mrs. Kristin Ingram Absent
Ms. Darleen Klase Yes
Mr. Leonard Lockhart Yes
Mr. Richard O'Reilly Yes
Mr. Paul Panos No
Mrs. Doreen Richardson Yes
Ms. Cristina Santos Yes
Mr. Kenneth Williams Yes

5.d. Proposal by Dr. Marlon James for working with the district to address system equity (Anticipated Action)

Discussion:

Mr. Lockhart raised a point of order; stated Dr. James had been notified that contract was being entered into, thereby action had been taken.

Dr. Villar stated he had consulted with the Board's attorney and the attorney stated it would not put Windsor in the best light to rescind, however legally there is no signed contract so current motion could be acted upon.

Mr. Lockhart stated if motion were allowed to proceed he would move to appeal ruling of the Chair and ask that a roll call of sitting members be held.

Ms. Richardson affirmed she would allow the motion to move forward.

Mr. Lockhart appealed the ruling of the Chair.

Mr. Panos asks point of clarity: is it simple majority or two-thirds vote to override the ruling of the Chair?

Mr. Lockhart responded a simple majority is required.

Discussion on the Appeal ensued.

Discussion on Motion to Rescind ensued.

Mr. Panos, spoke in favor of the motion.

Mr. O'Reilly spoke in support Dr. James and the decision of the Board to enter into Equity Audit.

Ms. DiGiore spoke in support of the motion to rescind.

Mr. Lockhart spoke in support of Dr. James and the Equity Audit.

Mrs. Santos spoke against the Equity Audit and disapproves of the process it follows, raising question of competitive bid process.

Ms. Klase addressed the use of data and the purchasing practice outlined in the Board of Education By-Laws; spoke in favor of the Equity Audit.

Mr. Williams discussed the lengthy informational process regarding Dr. James' proposal; spoke in favor of the project.

Ms. Richardson addressed issues raised by Board members as it regards ethics, purchasing practice and Dr. James' history with the Town of Windsor; spoke in favor of the Equity Audit.

Motion Failed: Mr. Panos moved to rescind the motion to authorize the Superintendent to enter into contract with Dr. James and Loyola University which was passed at the September 12, 2012 meeting. This motion failed with a motion by Mr. Paul Panos and a second by Ms. Cristina Santos.

6. Superintendent's Report

6.a. Fiscal year 2012--Year End Financial Report

Discussion:

Mr. Williams presented the report on the fiscal year 2012 budget.

Ms. Santos questioned the reason for the overage in Financial Management. Mr. Williams responded that primarily is the result of the pre-purchasing of parent contact software that better interacts with PowerSchool. Ms. Santos questioned Major Maintenance. Mr. Williams responded those costs are primarily building renovation needs for the elementary reorganization and special needs rooms that were added at other schools.

Motion Passed: Motion by Ms. Klase to return \$151,947 to the Town, the final amount being subject to completion of the audit. This motion passed with a motion by Ms. Darleen Klase and a second by Mr. Paul Panos.

6.b. Budget Assumptions (1st Reading)

Discussion:

Mr. Williams presented the first reading of the Budget Assumptions for the fiscal year 2013-2014.

Ms. Klase questioned #9, magnet school tuition and does the district know what's happening with CREC schools regarding the increased number of slots. Dr. Villar stated it is likely to continue to rise as the State is seeking to meet targets established in Scheff v. O'Neill. Mr. Williams stated that this year the number of students in CREC schools increased 29% over last year, as a result of more schools and more slots.

Motion Passed: Motion by Ms. Klase that the Board of Education accept for the first reading of the Budget Assumptions for 2013-2014. This motion passed with a motion by Ms. Darleen Klase and a second by Mr. Kenneth Williams.

7. Committee Reports

7.a. Curriculum Committee

Discussion:

Ms. Santos reported that Sage Park has had success with their reading/math program and Mr. Sills has proposed a similar program at the high school. The Committee is excited with the proposal coming forward of double math and reading on a daily basis. The Committee will be coming before the Board in November for the first reading of the Program of Studies. The Program of Studies must be voted on in December. There is a fabulous kindergarten program coming forward from NEAG on building kindergarten vocabulary; the curriculum is being rewritten on common core.

There is a typo in the agenda: the Curriculum Committee meeting will be Tuesday, November 6 at 4:30.

7.b. Finance Committee

Discussion:

In Ms. Ingram's absence Mr. O'Reilly reported the Committee had worked on the Budget Assumptions presented.

7.c. Technology Committee

Discussion:

Mr. O'Reilly reported that the Committee met with the consultant and Mr. Couture, who was hired to implement the technology vision to discuss strategies on how to get to one student/one computer.

Another meeting will be held toward the end of November, date to be determined.

10. Other Matters/Announcements/Regular BOE Meetings

Discussion:

Curriculum Committee meeting date rescheduled to November 6 at 4:30 p.m.

Ms. Richardson reported the next regular Board of Education meeting will be held Wednesday, November 14, 2012.

Mr. Williams extended his thanks to Dr. Villar for the time and energy he spent to bring him up to speed as a new member of the Board. He recognized the dynamic efforts of the administration and staff of the Windsor Public Schools.

Mr. O'Reilly reported that tomorrow night is the National Junior Honor Society induction at Sage Park.

Mr. Lockhart extended support to Dr. Villar and his administration and all the staff in Windsor, and thanked parents and citizens who came out to the meeting.

Mr. Panos questioned staff performance and encouraged open communication between the Board and the Superintendent.

Ms. Klase stated she is excited about the curriculum changes and other changes taking place.

Ms. DiGiore spoke about the movie Gifted Hands, The Ben Carson Story and how it tied parental involvement and church to student success and overcoming adversity.

Ms. Santos stated the most exciting thing for her as an educator was the State Department of Education acknowledged and recognizes that NCLB is not all it's cracked up to be; that the SPI indicators are better than other scores, the one positive thing the community should hear about they didn't; if having excellence review it should be K-12.

Ms. Richardson expressed thanks to Dr. Villar for his leadership in issues small and large, looks forward to working with him on the initiatives.

1. Call to Order, Pledge of Allegiance, Moment of Silence

Discussion:

The meeting was called to order by Ms. Richardson at: 7:15 pm

Also in attendance: Superintendent Dr. Jeffrey A. Villar, Frank Williams (Director of Business Services), and Jody Lefkowitz (Director of Pupil and Special Education Services).

Following a recommendation from Ms. Klase, the floor was opened to public comment.

Public Comment: George Slate, 74 Ethan Drive. Mr. Slate asked the Board to consider the following: that the Board should make every effort to engage the public at every opportunity; that the Board take into consideration in developing policy that the meaning of the term "achievement" differs amongst families; that the Board run the district as economically as possible. Mr. Slate addressed special education costs and opportunities to broaden the tax base, including hotel taxes and hosting a magnet school.

2. Discussion and possible action on the Board of Education goals with Mike Wasta

Discussion:

Mr. Wasta addressed the work the Board has done in establishing the draft of the Mission Statement and Goals to be reviewed; distributed sample Mission Statements from surrounding towns for comparison purposes. Mr. Wasta noted the Mission Statement is still in draft form, requiring a vote for adoption.

The Board entered into discussion on the goals.

Motion Passed: Ms. Klase moves that the Mission Statement be accepted as written. Motion passed with a motion by Ms. Darleen Klase and a second by Mr. Kenneth Williams.
